# **Chapter 3:** Minnesota Higher Education Options

This chapter profiles 78 degree-offering colleges and universities that enroll at least 200 students and have a physical location in Minnesota. Degree program grids begin on page 84.

## **Public Institutions**

All public postsecondary institutions in Minnesota are either part of the Minnesota State Colleges and Universities system or the University of Minnesota.

## **Minnesota State Colleges and Universities**

The **Minnesota State Colleges and Universities** system is a network of 31 two- and four-year state colleges and universities, serving roughly 250,000 students each year in 47 communities.

**Technical Colleges** offer courses and programs that teach specific knowledge and skills leading to particular jobs. Local employers work closely with each college to make sure they are teaching the skills demanded in today's job market. Technical college programs range in length from three months to two years. The colleges offer associate of applied science degrees, diplomas and certificates in programs that emphasize hands-on learning and practical application.

**Community Colleges** provide students with the first two years of a four-year college education or career-specific training in two years or less. Graduates of community colleges can transfer to other colleges or universities to complete four-year degrees. Community colleges offer general education courses, occupational programs and developmental and college preparatory courses for those who need to brush up on basic skills. Evening and weekend classes offer flexibility for working students.

**Combined Technical and Community Colleges** are two-year colleges that offer a mix of technical college and community college courses and programs.

**Minnesota State Universities** are comprehensive universities that offer courses and programs leading to a bachelor's degree and beyond. Liberal arts and professional education are among the programs offered, and students can earn specialist certificates, undergraduate degrees and graduate degrees up to the master's level.

For more information on the Minnesota State Colleges and Universities system, visit **www.mnscu.edu**.

## University of Minnesota

The five campuses of the **University of Minnesota** offer hundreds of undergraduate programs along with a wide range of graduate and professional degree programs. The Twin Cities campus is a public research university and a Big 10 campus, enrolling about 52,500 students. The Duluth campus is a medium-sized university with over 11,800 students. The Morris campus is a liberal arts college enrolling about 1,700 students. And the Crookston campus offers career-oriented associate and bachelor degrees and enrolls about 2,600 students. A new campus opened in Rochester in 2006. Combined, the University enrolls more than 69,200 undergraduate and graduate students each fall.

For more information on the University of Minnesota, visit www.umn.edu.

## **Private Institutions**

Minnesota also is home to a diverse range of private schools, colleges, and universities.

## Private Career Colleges and Schools (for-profit)

Minnesota has about 100 private business, technical, and cosmetology schools serving over 32,800 students in programs ranging from computer science to medical support training to cosmetology. These schools maintain strong relationships with local employers who look for skill-based workers. Programs range from a few months to two years; some offer associate and bachelor degrees. Most programs offer small classes where students receive personal attention that aids the learning process.

For more information on 14 of Minnesota's private career colleges, visit the Minnesota Career College Association at **www.mncareercolleges.org.** 

### Private Colleges and Universities (non-profit)

There are about 31 private non-profit four-year colleges and universities in Minnesota. Most are liberal arts colleges, emphasizing broad knowledge in arts, sciences, social sciences, and humanities. Many are affiliated with a religious denomination. Nearly half the students go on to earn advanced degrees at graduate or professional schools. Enrollment ranges from several hundred to more than 10,000. Taken together, Minnesota's private colleges and universities enroll about 67,700 undergraduate and graduate students each fall.

For more information on 17 of Minnesota's private colleges and universities, visit the Minnesota Private College Council at **www.mnprivatecolleges.org.** 

Information on most Minnesota colleges and universities can also be found at www.iseek.org.

## **College and University Profiles**

Each entry provides the campus address, general telephone numbers, and the school's website as well as the following information. If the school did not provide the information or the topic is not relevant to the school, then the category has been omitted.

## **Freshmen Admissions Requirements**

- Admission Selectivity. Indicates how selective (open, liberal, traditional, selective, or highly selective) the admission process is at the school.
- Accepted Applications. The admission application form(s) accepted by the school.
- **Application Fee.** The application fee that must be submitted with the admission application. Some schools may elect to waive this fee.
- Application Deadline. The date by which all required materials must be submitted to the school. Some schools will not consider applicants who miss the deadline. "Rolling" means that applications are accepted continuously, and accepted applicants are placed as soon as space becomes available. "Early decision" means students applying to that school by the early decision deadline will be notified of their acceptance or rejection earlier than other applicants. Students use this option for their first choice school because schools expect early decision applicants to enroll if accepted. Applications filed by the "priority" date" are reviewed first, and accepted applicants are assigned the first spaces in the incoming class. Applications received by the final deadline, but after the "priority" deadline, are reviewed next. Applying by the "priority" date may enhance the student's chances of receiving financial aid and enrolling in the classes the student wants.
- Additional Requirements. Indicates whether the school requires a high school diploma or GED, application essay, letters of recommendations, an interview, a minimum grade point average and a high school transcript. Students also should submit transcripts for any satisfactorily completed college coursework. Also indicated are any other admission requirements or possible exceptions if students do not meet the regular requirements.
- **Required Admission Tests.** Indicates whether the ACT or SAT is required by the school.

### **Freshman Profile**

- Total Applicants. The number of students who applied for admission.
- Total Accepted. The number of students who were accepted.
- % Accepted. The percent of students who were accepted.
- Total Who Enrolled. The number of accepted students who enrolled in the fall.
- Average GPA. The average grade point average of students who were accepted.
- % Submitting ACT. The percent of first-year applicants who submitted the ACT and the combined score, if reported.
- % Submitting SAT. The percent of first-year applicants who submitted the SAT and the combined score, if reported.

## **Student Retention & Graduation**

• **3-year Graduation Rate**: The percent of first-time, full-time students in fall 2006 who plan to earn a two-year degree who complete their program within three years at the same institution.

- **Transfer Rate**: The percent of first-time, full-time students who report leaving their institution within three years of first enrolling to enroll in a different institution the following term.
- **3-year Grad Rate + Transfer Rate**: The two rates added together.
- **1st-to-2nd Year Retention**: The percent of first-time, full-time students enrolled in fall 2008 who return to the institution to continue their studies the following fall.
- **6-year Graduation Rate**: The percent of first-time, full-time students in fall 2003 who plan to get a bachelor's degree who complete their degree program within six years at the same institution.
- **Overall Graduation Rate**: Used for institutions offering a mix of awards, varying in length. The percent of students who began their studies as full-time, first-time degree-, diploma or certificate-seeking students who completed their awards within 150 percent of the "normal time" for completion. (For example, for students enrolled in associate degree programs, it measures the percentage of first-time, full-time students who completed within three years.)

## **Estimated Full-Year Cost**

- **Tuition & Fees.** The estimated 2011-2012 tuition and fees. This does not include the cost of books and supplies or living expenses.
- **Room & Board.** The estimated amount to live and eat on campus during the academic year. "Off-Campus Only" indicates that no on-campus housing is available.
- **Books & Supplies.** The estimated amount a student should expect to spend on books and related supplies for the entire academic year.

## **Financial Aid**

- Required Financial Aid Forms. The financial aid form(s) that must be submitted to apply for financial aid. "FAFSA" refers to the *Free Application for Federal Student Aid*. "CSS" refers to The College Board's *CSS/Financial Aid PROFILE*; there is a fee associated with this form. "School" refers to any school-specific form.
- Title IV (FAFSA) School Code. The six-digit school code used on the FAFSA.
- School Scholarship Deadline. The date(s), if any, by which students must submit a financial aid application to be eligible for scholarships awarded by the institution.
- **First-Year Students Receiving Aid.** The percent of first-year students who received financial aid.

### **Campus Profile**

- **Campus Setting.** Indicates the campus setting (urban, suburban or small town/rural, varies).
- Academic Calendar. Indicates the school's academic year (semester, trimester, quarters, 4-1-4, varies or continuous).
- Student/Faculty Ratio. Indicates the ratio of students to faculty members.
- Average Class Size. Indicates the average size of a non-lab class.
- Study Options. Indicates whether the school offers cooperative education, academic honor societies, summer school, evening classes or programs, weekend classes or programs, study abroad options, online classes or programs, remedial classes or programs for working adults.
- **Credit Accepted for Prior Learning.** Indicates whether a school accepts credit earned through Advanced Placement, International Baccalaureate, College in the Schools, the College Level Examination Program or the Postsecondary Enrollment Options program.
- Intercollegiate Sports. Indicates the men's or women's sports offered by the school.

### **Student Profile**

- **Total Fall Enrollment.** The number of undergraduate, graduate, and/or professional students attending the school in fall 2010.
- **Total Undergraduates.** The number of undergraduates attending the school, followed by select student body percentages.

### Affiliation

The regional higher education organization or system with which a school is affiliated.

At Alexandria Technical and Community College, students can graduate in two years or less in one of 50 programs including health, business, office professions, computers, law enforcement, management, manufacturing, marketing and transportation. Students receive personal attention from experienced faculty, and enjoy hands-on learning in a friendly, supportive atmosphere. The college features excellent technology, equipment and facilities and welcomes students from diverse backgrounds. Alexandria Technical and Community College offers degrees that can be applied to a four-year degree as well as online courses and degrees and flex-time courses for students who want to study when it is convenient for them.

## **Curious Fact**

The college has highly regarded art, music and theatre degrees and vibrant student life activities, clubs and events.

Anoka Technical College offers educational options that provide career flexibility. All programs include hands-on, student-centered and experiential learning that stress the application of theory rather than the memorization of concepts. Many of the programs are transferable and apply toward a bachelor's degree. Free job placement assistance, free tutoring, access to industry technologies and financial aid (for those who qualify) are available.

## **Curious Fact**

After winning the homecoming game, the football team (and some enthusiastic fans) jump into Lake Bemidji. Students can also travel across campus without stepping foot outside by using underground tunnels!

**Bethany Lutheran College** is a private residential liberal arts college offering Bachelor of Arts degrees. Students enjoy a low studentto-faculty ratio, which creates a stimulating educational setting with a great deal of interaction with professors and fellow students. At Bethany, high academic standards, student involvement and Christian experiences are emphasized. The college is recognized for its high-quality fine arts, forensics and athletics programs.

## **Curious Fact**

The college started as a women's college in 1911. The campus also once included a high school, which closed in 1969.

**Bethel University** is located 12 minutes from the downtown areas of Minneapolis and St. Paul, and its 230-acre campus is nestled on the shore of a picturesque lake. The university offers 68 undergraduate majors within 85 areas of study, including the arts, reconciliation studies, humanities, natural sciences and social sciences. It is renowned for a highly credentialed faculty dedicated to teaching, integration of faith and learning, and the translation of Christian belief into global service. Two-thirds of the students participate in short-term missions or community volunteer work.

## **Curious Fact**

The university is one of only a handful of colleges in the world to offer a social science and justice program in reconciliation studies.

**Brown College** is a private, career-focused institution accredited by the Accrediting Commission of Career Schools and Colleges of Technology. The college serves the Twin Cities region with two convenient campuses and offers a diverse range of technology and design programs that stress the importance of real world career opportunities for students. Programs are designed to offer busy students attractive schedules such as short days, short weeks and the opportunity to graduate in as little as 18 months for some programs. Most faculty are industry-experienced full-time instructors.

## **Curious Fact**

Century offers a four-year degree in special education through a partnership with Minnesota State University Moorhead.

The **College of Saint Benedict** is a nationally-leading liberal arts college whose unique partnership offers students the educational choices of a large university and the individual attention of a premier small college. The college shares academic programs with Saint John's University, and students attend classes and activities together and have access to the resources of both campuses. This integrated learning experience is enlivened by Catholic and Benedictine traditions of hospitality, stewardship, service and the lively engagement of faith and reason. Ranked nationally among the top baccalaureate institutions for the number of students who study abroad, the college is committed to preparing students for leadership and service in a global society. The college enrolls students from around the world and integrates global citizenship into the curriculum.

## **Curious Fact**

The Benedicta Arts Center is one of the finest performing arts centers in central Minnesota.

The **College of Saint Scholastica** is an independent college founded in the Catholic intellectual tradition and shaped by its Benedictine heritage. The college offers programs in the liberal arts and sciences and professional career fields. The Saint Scholastica community is committed to an educational process that requires students to meet rigorous academic standards, broaden the scope of their knowledge and be accountable to both self and society. The small, friendly community enables students to participate in extracurricular and recreational activities, and a low student-teacher ratio makes it easy to seek individualized help and encouragement. Last year, 97 percent of graduates either secured employment or enrolled in graduate school within six months of graduation. The School of Extended Studies offers students an accelerated degree evening program in Brainerd, Rochester, St. Cloud and St. Paul.

## **Curious Fact**

Dunwoody College's founder, William H. Dunwoody, also founded General Mills.

## Fond du Lac Tribal & Community College\* Cloquet

## Public Two-Year College

Founded in 1987 as the nation's only combined tribal college and state community college, Fond du Lac Tribal and Community College offers two-year associate degrees across a wide range of program areas. Popular programs include law enforcement, nursing, human services, business, liberal arts, American Indian studies and environmental science. Students may also choose to complete credits for transfer to another college. The college's goal is to provide a well-rounded experience for students so they can be successful in their educational endeavors. Classes are offered during the day, evening and on weekends. Intercollegiate athletics teams, student clubs and activities are added bonuses at Fond du Lac. Students can also earn a bachelor's degree in social work through the College of St. Scholastica or a bachelor's degree in business through Bemidji State University.

## **Curious Fact**

Of all 435 NCAA Division III colleges in the country, Gustavus ranks 18th for its overall athletics program and third in the number of Academic All-Americans.

**Hamline University** has been making history since 1854. Today more than 1,900 undergraduate students are developing their intellectual, creative and leadership potential and making their own mark on the world. Students choose from more than 40 areas of study and receive personal attention from faculty members who are at the top in their fields. Outside the classroom, students participate in more than 80 student organizations and 19 Division III athletic teams. All students engage in their local and global communities through internships, service-learning projects or study abroad opportunities. Hamline is the top-ranked and only "Great Schools, Great Prices" university of its class in Minnesota, according to *U.S. News & World Report*. Founded in 1854, Hamline also is Minnesota's first university and among the first coeducational institutions in the nation.

## **Curious Fact**

The institute's students are able to record their own music and produce multimedia content in 10 studios at more than 125 workstations 24 hours a day, seven days a week.

**Inver Hills Community College** offers two-year associate degrees in a wide array of fields. Many graduates transfer to four-year schools to complete bachelor's degrees. Classes are offered days, evenings and some Saturdays, and over 25 percent of courses are available online. Being placed in a small learning community is an option for students, and new programs have been developed to help students of color and first-generation students succeed in college. Inver Hills is a scenic campus with 90 acres of rolling woodlands and wetlands and eight separate buildings with distinctive natural architecture. Many student clubs and organizations are available to help students enjoy the feel of a larger four-year school, but with the added service and attention of smaller liberal arts colleges.

## **Curious Fact**

Leech Lake Tribal College offers courses in Ojibwe language, history and art.

**Macalester College** has been preparing students for world citizenship and providing an integrated international education for over six decades. The college challenges students to consider ideas from multiple perspectives, to be responsible global citizens and to forge solutions to problems that the world faces today and will encounter tomorrow. Macalester students come from every state and 90 countries for an academic program ranked among the top 20 in the nation. Students also benefit from the opportunity to learn in an international community with faculty who love to teach, and a location that offers broad accessible research and internship opportunities, plus a friendly neighborhood. Most students study abroad for a semester, and graduates reap the benefits of a global education in the job market and at the nation's top graduate programs.

The Minneapolis College of Art and Design is a small four-year private college committed to educating individuals to become professional artists and designers, leaders and effective critical thinkers. The college offers rigorous programs focused on studio-based and liberal arts courses and offers Bachelor and Master of Fine Arts degrees with 13 majors in fine arts, media and design as well as the unique Bachelor of Science degree in visualization. Some of our more prominent majors include comic art, web and multimedia environments, graphic design and advertising. State-of-the-art facilities are available 24/7 and students have the opportunity for personal studio space and on-campus living. The college was founded in 1886 and has the highest level of accreditation for a school of its kind.

**Minnesota State Community and Technical College** offers more than 120 academic and career programs on its four campuses and through its online eCampus. Financial aid (including the eCampus) and scholarship opportunities makes it an affordable option for a top-notch education. All campuses are wireless. While all locations offer intramural athletics, the Fergus Falls location offers varsity football, volleyball, basketball, softball, baseball and golf. Affordable housing is near all campuses with the Fergus Falls and Moorhead campuses offering college-operated housing. Some of the most popular and unique programs include electrical line worker, equine science, powersports and dental hygiene. All campuses also offer nursing programs, and the college's most popular program is its Associate of Arts transfer degree. Students can also earn a bachelor's degree in business 4.0 (Fergus Falls campus only) through Minnesota State University Moorhead.

## Public Four-Year University

Just 85 miles south of Minneapolis and St. Paul, Minnesota State University, Mankato is a beautifully landscaped, 300-acre campus overlooking the majestic Minnesota River Valley. The university is among the largest in Minnesota, offering a full college campus experience in an inspiring academic setting. In addition to the popular majors such as business, education and marketing, the university also offers bachelor's degrees in astronomy, athletic training, automotive engineering technology, construction management, civil engineering, computer engineering technology, family consumer science, Scandinavian studies, technical communication, urban planning and regional studies, plus 16 preprofessional programs. The university has \$80 million in scholarships, assistantships, grants, work study and loans available to students.

## **Public Four-Year University**

**Minnesota State University Moorhead** is a comprehensive liberal arts university. The university offers more than 100 areas of study allowing students to earn certificates as well as associate, bachelor's, master's and specialist degrees. The student population is large enough to offer great variety, yet small enough to provide personal attention. The university participates in a Tri-College opportunity that allows students to enroll in courses at Concordia College and North Dakota State University while continuing to pay Minnesota State University Moorhead's low price.

## **Curious Fact**

The university's Dragon mascot originated after a 1930's fire in the Old Main building. A student saw the billowing smoke and thought it looked like a dragon. The mascot was designed by a former student.

Minnesota West Community and Technical College and its five southwestern Minnesota campuses offer more than 60 specialized technical and liberal arts programs. Minnesota West also has learning centers in Fairmont, Luverne, Marshall and Redwood Falls. Students can earn certificates and diplomas as well as associate degrees at all campus locations. Minnesota West is one of the online delivery leaders within the Minnesota State Colleges and Universities system. Students can complete the Minnesota Transfer Curriculum or Associate in Arts degree online and transfer to other colleges or universities to complete a bachelor's degree. Numerous online programs and courses are available to students who need alternative educational options.

## **Curious Fact**

Minnesota West is the only school in the Minnesota State College and University system with its own wind generator. The turbine supplies energy to the Canby campus and is used to train students in the wind energy program.

**National American University** is a private regionally-accredited, multi-campus institution committed to building a learning partnership with students locally, nationally and worldwide. The university provides quality career and professional undergraduate and graduate programs and continuing education to students of diverse backgrounds, interests and abilities. The university offers educational programs that are responsive to the career interests and objectives of its students, to the needs of employers and to society in general through traditional, accelerated and distance delivery methodologies. Most classes meet once per week at convenient times, including Saturdays and online.

## **Curious Fact**

Until 1904, an Ojibwe (Chippewa) village of 40 families was located where Thief River and Red Lake Rivers meet. This is the current site of the Thief River campus.

Northwest Technical College provides a 21st century learning environment, where technology is the foundation of all instruction. The college's unique partnership with Bemidji State University means students can live in the university's residence halls and take advantage of university services and activities. Northwest offers associate degree, diploma, and certificate programs in business, health/human and protective services, industrial technologies, and environment technologies. Industrial model-making and high performance engine machining are two unique programs. Students in the college's nursing program can continue on to complete a Bachelor of Science in nursing from Bemidji State. The college has online majors in nursing, accounting, administrative support, medical administrative secretary, medical office practices, medical coding/insurance and transcription, marketing and management, sales, supervisory management and occupational health and safety. New in 2011 is the emerging computer technologies program.

Rainy River Community College is located in northern Minnesota where, just minutes from campus, you can fish a hot spot on a lake or river, find a wilderness campsite in a world-class national park or visit a Native American museum in Canada. The setting is a small, secure community of about 6,700 people located between a lake, a river, a national park and the Canadian border. The 80-acre campus has an eight-building complex connected with heated walkways enclosing a landscaped courtyard. The grounds feature a softball field, tennis courts, lighted cross-country skiing and hiking trails and three ponds edged by decks and walkways. The adjacent student housing offers furnished apartment-style accommodations.

Saint John's University is a nationally-leading liberal arts college whose unique partnership offers students the educational choices of a large university and the individual attention of a premier small college. The college shares academic programs with the College of Saint Benedict, and students attend classes and activities together and have access to the resources of both campuses. This integrated learning experience is enlivened by Catholic and Benedictine traditions of hospitality, stewardship, service and the lively engagement of faith and reason. Ranked nationally among the top baccalaureate institutions for the number of students who study abroad, the college is committed to preparing students for leadership and service in a global society. The college enrolls students from around the world and integrates global citizenship into the curriculum.

## **Curious Fact**

Founded in 1912 by Bishop Patrick R. Heffron, the university was a men's college until 1969.

Recognized as one of the nation's leading liberal arts colleges, **St. Olaf College** offers an academically rigorous education with a vibrant faith tradition as a college of the Lutheran church. Widely known for its programs in mathematics, natural sciences and music, St. Olaf also provides dynamic opportunities for interdisciplinary study. Committed to global education, 80 percent of St. Olaf students study abroad. Since 1996, St. Olaf has produced seven Rhodes scholars, more than any other liberal arts college in the nation, and 54 Fulbright recipients. St. Olaf ranks eighth overall among baccalaureate colleges in the number of graduates who go on to earn doctoral degrees, placing first in mathematics and statistics, second in education and religion/theology, third in art/music and physical sciences, and fourth in chemistry and foreign language.

In the early 1900s, welding students and faculty members from the college aided in the building of the Cathedral of Saint Paul's roof.

### **Public Two-Year College**

South Central College has a history of academic excellence since 1946 as a technical college. The college now provides an associate degree in liberal arts and sciences that allows students to take the first two years of a bachelor's degree in a small, caring environment along with many career program options. The college has campuses in Faribault and North Mankato.

## **Curious Fact**

South Central offers a full-tuition Presidential Scholarship to high school seniors with a 3.75 or higher GPA who demonstrate leadership skills and school and community involvement.

**Southwest Minnesota State University** is the youngest of Minnesota's state universities and enjoys a strong working relationship with the Marshall community. Southwest provides a quality academic experience in an intimate learning environment, and students enjoy a wide variety of campus activities ranging from one of the nearly 100 clubs and organizations to NCAA Division II athletics to sponsored bands, comedians and speakers. With a strong sense of community, the university offers students the chance to know their faculty as well as their peers. The university campus buildings are completely interconnected by tunnels, skyways and walkways. Construction and improvements totalling more than \$130 million have been completed over the past eight years including a new student center, renovated library, regional event center, Alumni Plaza and residence halls and apartments. Southwest has also invested in the renovation of science labs, culinology kitchens, weight room and fitness center facilities. And, if that's not enough, all students pay in-state tuition.

## **Curious Fact**

Southwest's Bachelor of Science in Culinology is the only four-year degree of its kind in the United States.

Students at the **University of Minnesota-Crookston** earn degrees on an affordable, private campus setting through career-oriented learning, research and top-level technology. With a balance of theory and practical application, the university offers associate and bachelor's degrees in over 25 academic majors with more than 50 concentration areas. The university's size offers students a friendly, personalized learning environment featuring small classes that allow easy access to faculty and staff. The university has developed a technology-rich interactive living and learning community that provides all full-time students with laptop computers (through payment of a technology access fee) to further develop their knowledge and skills.

## **Curious Fact**

The university was originally the Duluth State Teachers College, and its original mascot was the "pedagogue" (or teacher).

The University of Minnesota-Morris is an academically rigorous, public undergraduate liberal arts college. The university's strength as a liberal arts institution comes primarily from three factors: a focused, narrowly defined mission that provides a rigorous liberal arts program; an intellectually gifted student body; and a faculty dedicated to teaching, personal contact with students and research with full student participation. It is a college for intelligent, thoughtful, down-to-earth students who want to be involved members of campus and academic life.

## **Curious Fact**

Each fall, two first-year residence halls have a tug of war with the winner receiving naming rights to the campus ice rink that is used for open skate, intramural hockey and intramural broomball.

The University of Minnesota-Rochester is the newest campus of the University of Minnesota system, formally established in December 2006. With over 30 academic programs available, the Rochester campus provides undergraduate and graduate degrees, conducts research and pursues outreach services focusing on health sciences and biotechnology while continuing its commitment to offer high quality academic programming in business, education, technology, public health and social work. The university strives to collaborate with existing community resources to capitalize on the assets already available in the Rochester area and helps students to network and develop relationships with organizations and individuals throughout their college experience.

### **Public Two-Year College**

Founded in 1922, Vermilion Community College is a two-year residential college located on the edge of the Boundary Waters Canoe Area wilderness. Students enjoy a personal learning environment where relationships with faculty, staff and administration add to the fullness of college life. The college offers unique environmental academic programs for students interested in outdoor careers including programs in taxidermy and professional forest harvester. Field study, hands-on learning and internships are integral to the curriculum. Faculty are experts in their fields with experience in the careers students are pursuing and actively assist students with national job placement after graduation. Job placement rates are excellent. Students can also start a major or complete the foundation for almost any bachelor's degree in the liberal arts and sciences program.
