## About the Minnesota Office of Higher Education

The Minnesota Office of Higher Education is a cabinet-level state agency providing students with financial aid programs and information to help them gain access to postsecondary education. The agency serves as the state's clearinghouse for data, research and analysis on postsecondary enrollment, financial aid, finance and trends.

The Minnesota State Grant Program, which is administered by the agency, is a need-based tuition assistance program for Minnesota students. The agency oversees tuition reciprocity programs, a student loan program, Minnesota's 529 College Savings Program, licensing and an early awareness outreach initiative for youth. Through collaboration with systems and institutions, the agency assists in the development of the state's education technology infrastructure and shared library resources.

# Minnesota Office of Higher Education

## Our Mission

To advance the promise of higher education to all Minnesotans, and to provide the critical information needed to make informed higher education decisions.

## Our Purpose

The Minnesota Office of Higher Education is a state agency providing students with financial aid programs and information to help them gain access to postsecondary education. The agency serves as the state's clearinghouse for data, research and analysis on postsecondary enrollment and financial aid. The Minnesota State Grant program is the largest program administered by the agency, providing need-based tuition assistance to Minnesota students. The agency also oversees tuition reciprocity programs, a student loan program, Minnesota's 529 college savings plan, licensing and an early awareness outreach initiative for youth.

## Agency Functions

- **Financial Aid Programs** – The agency typically awards more than \$155 million each year in need-based state grants, about \$90 million in state loans. The agency also administers state work-study funds, a child care grant, the Minnesota GI Bill and an Indian Scholarship program.
- **Licensing and Registration of Private Colleges** – The agency protects consumers by administering laws to license private not-for profit and private for-profit non-degree granting schools, and register private not-for-profit, private for-profit, and out of state public degree granting schools.
- **Interstate Tuition Reciprocity Programs** – Minnesota has interstate reciprocity agreements with Wisconsin, South Dakota, and North Dakota and the Canadian province of Manitoba. More than 42,000 students take advantage of these agreements each year.
- **The Minnesota College Savings Plan** – The agency has responsibility for the Minnesota College Savings Plan, an Internal Revenue Code Section 529 plan with assets of \$900 million.
- **Data Collection** – The agency is responsible for collecting and maintaining data on enrollments, financial aid and other relevant data. Data include information on both public and private post-secondary education and are used to inform policymakers and the higher education community about trends and issues.
- **Policy and Analysis** – As the executive branch agency for higher education, the agency is charged with developing an accountability system for Minnesota's higher education sector to inform policymakers.
- **Student and Parent Information** – The agency provides students and parents with information about academic and financial preparation, including financial aid. The agency accomplishes this through its Web site, publications, presentations and outreach to students and families.
- **Administration of Federal and State Programs** – The agency administers various federal and state programs targeted at students, parents, teachers and institutions statewide. Funded primarily under a federal GEAR UP grant, the Get Ready Program provides a variety of early college awareness services including: academic advising, tutoring, college awareness curriculum, parent events, college visits and after school programming to low income students and their families in selected urban schools. In addition, the program also provides materials and programming assistance to other schools throughout Minnesota that serve a predominance of low-income students. Another federal program is the Improving Teacher Quality State Grant Program, designed to improve the effectiveness of K-12 classroom instruction, particularly in the areas of mathematics, science, and social studies. The federal College Access Challenge Grant provides services to school counselors, students, and families to increase the number of students who enter and remain in postsecondary education. The state funded Intervention for College Attendance Grant Program provides competitive grants for outreach programs to increase postsecondary access and success for groups traditionally underrepresented in higher education.

SECTION	<b>Common Definitions</b>		DATE July 2012

## **I. Common Definitions**

### **A. Introduction**

This chapter of the manual is intended to provide information about terms and requirements that apply to several state financial aid programs. If a term or requirement applies only to one state financial aid program, it will be defined in that particular chapter.

### **B. Terminology**

#### **1. Academic Year**

A period of time in which a full-time student is expected to complete the equivalent of at least two semesters, two trimesters or three quarters; or at least 30 semester hours or 45 quarter hours; or at least 900 clock hours. For credit-hour programs, an academic year must be at least 30 weeks in duration. For a clock-hour program, an academic year must be at least 26 weeks in duration.

#### **2. Audits/Records Retention**

Schools may arrange for audits of state financial aid awards and tuition reciprocity recipients in conjunction with their audits for federal financial aid programs.

Minnesota Statute 136A.1313 gives schools the ability to decide which agency or firm will conduct the audit of state financial aid programs. The school may opt to continue to have auditors from the Minnesota Office of Higher Education (the Agency) perform audits free of charge or may choose to employ an outside auditing firm to conduct the state audit in conjunction with the federal audit. The auditing firm must be the firm that conducts the school's audit of federal aid programs. Choosing an outside firm is not a free service.

If an outside auditing firm is used, the Office of Higher Education would review each audit and determine the appropriate response to audit exceptions and findings.

The school must make available to auditors all pertinent books, documents, papers and records for audit and examination for three years after the last day of the fiscal year or until

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 2
SECTION	<b>Common Definitions</b>		DATE July 2012

all audit exceptions for the period are resolved. (See chapter on ‘SELF Loan’ for additional records retention requirements for that program.)

### **3. Certificate Program**

A program that is offered by an eligible school; is at least 12 quarter credits or the equivalent, or 300 credit hours for clock hour schools; and is at least eight weeks long.

### **4. Clock Hour**

A clock hour is defined as a period of time consisting of:

- a 50 to 60 minute class, lecture or recitation in a 60 minute period;
- a 50 to 60 minute faculty-supervised laboratory, shop training or internship in a 60 minute period; or
- 60 minutes of preparation in a correspondence course.

If an institution seeks to determine the number of clock hours in an educational program by aggregating the number of minutes in that program, it must divide those minutes by 60.

### **5. Credit Hour**

A credit hour is a basic measure of the amount of student work completed. Credit hour is not defined in state statutes or Agency rules. Typically, accrediting agencies review credit hours assigned by colleges to ensure appropriateness. The definition of credit hour used to determine enrollment level for federal financial aid programs is one classroom hour and two out-of-class work hours over the course of 15 weeks (semester) or 10–12 weeks (quarter), or an equivalent amount of work over a different amount of time. This definition may also be used to determine enrollment level for state financial aid programs, but is not required.

For certain educational programs measured in credit hours, the credit hour value must be determined by applying a conversion formula linked to clock hours of instruction. The following conversion formula must be used:

- a semester or trimester hour must include at least 37.5 clock hours of instruction, and

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 3
SECTION	<b>Common Definitions</b>		DATE July 2012

- a quarter hour must include at least 25 hours of instruction.

For institutions that can demonstrate that a program credit hour meets the new definition of credit hour used for federal financial aid programs and the school's accreditor has identified no deficiencies regarding assignment of credit hours, the following conversion formula must be used:

- a semester or trimester hour must include at least 30 clock hours of instruction, and
- a quarter hour must include at least 20 hours of instruction.

The clock hour to credit hour conversion formula does not apply to a program if:

- the program is at least two academic years in length and provides an associate degree, bachelor's degree or a professional degree; or
- each course within the program is acceptable for full credit toward that institution's degree or professional degree, provided that the institution's degree requires at least two academic years of study and the institution can demonstrate students enroll in and graduate from that degree program.

Public and private non-profit hospital-based nursing schools are exempt from this requirement.

## **6. Dependent Student**

A student who is required to provide parental information on the financial aid application because the student does not meet the criteria for independent student in the Higher Education Act of 1965 as amended. (See definition of "Independent Student" in this section.)

## **7. Director**

The director of the Minnesota Office of Higher Education.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 4
SECTION	<b>Common Definitions</b>		DATE July 2012

## **8. Eligible Institution**

- a. A postsecondary institution is eligible for state student aid under chapter 136A and sections 197.791 and 299A.45 if the institution is located in this state and:
  - 1) is operated by this state or the Board of Regents of the University of Minnesota; or
  - 2) is operated privately and, as determined by the office, meets the requirements of paragraph b.
  
- b. A private institution must:
  - 1) maintain academic standards substantially equivalent to those of comparable institutions operated in this state;
  - 2) be licensed or registered as a postsecondary institution by the office; and
  - 3)
    - i) by July 1, 2010, participate in the federal Pell Grant program under Title IV of the Higher Education Act of 1965, Public Law 89-329, as amended; or
    - ii) if an institution was participating in state student aid programs as of June 30, 2010, and the institution did not participate in the federal Pell Grant program by June 30, 2010, the institution must require every student who enrolls to sign a disclosure form, provided by the office, stating that the institution is not participating in the federal Pell Grant program. (See Appendix 23 in 'State Grant' chapter of this manual).
  
- c. An institution that offers only graduate-level degrees or graduate-level nondegree programs, or that offers only degrees or programs that do not meet the required minimum program length to participate in the federal Pell Grant program, is an eligible institution if the institution is licensed or registered as a postsecondary institution by the office.
  
- d. An eligible institution under paragraph b, clause 3, item ii, that changes ownership as defined in section 136A.63, subdivision 2, must participate in the federal Pell Grant program within four calendar years of the first ownership change to continue eligibility.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 5
SECTION	<b>Common Definitions</b>		DATE July 2012

- e. An institution that loses its eligibility for the federal Pell Grant program is not an eligible institution.

## **9. Eligible Non-Citizen**

Eligible non-citizens are eligible to receive state financial aid if they are:

- a U.S. national; or
- a permanent resident holding an Alien Registration Receipt Card (I-551); or
- a conditional permanent resident (I-551C); or
- other eligible non-citizen holding an Arrival-Departure Record (I-94) showing “Refugee,” “Asylum Granted,” “Parole” (paroled for less than one year and status has not expired), “Cuban Haitian Entrant,” “victim of human trafficking,” or T-Visa holder.

## **10. Expected Family Contribution**

The Expected Family Contribution (EFC) is the amount the family is expected to contribute towards educational costs based on treatment of family income and assets under the federal need analysis. In the case of an independent student, the EFC is the same as the student contribution. For dependent students, the EFC is comprised of the student and parent contributions.

## **11. Financial Need**

Demonstrated need of the applicant for financial assistance to meet the actual costs of attending the eligible institution of choice as determined from financial information on the applicant and, if required, on the applicant’s parents under the federal need analysis formula. For campus-based programs such as State Work Study, financial need is defined as the cost of attendance minus the federal EFC and other financial aid. The Minnesota State Grant program uses the Design for Shared Responsibility formula to determine financial need.

## **12. Fiscal Year**

A state fiscal year begins on July 1 and ends on June 30.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 6
SECTION	<b>Common Definitions</b>		DATE July 2012

### **13. Independent Student**

A student who is not required to provide parental information on the financial aid application because the student meets one of the criteria for independent student in the Higher Education Act of 1965 as amended:

- is 24 years of age or older by December 31 of the award year;
- was an orphan, ward of the court, or in foster care at any time age 13 or older;
- is a veteran of the Armed Forces of the United States;
- is currently serving on active duty in the U.S. Armed Forces for purposes other than training;
- is a graduate or professional student;
- is a married individual;
- has legal dependents (other than children or a spouse) who live with and receive more than half of their support from the student;
- has children who receive more than half of their support from the student;
- is a student for whom a financial aid administrator makes a documented determination of independence by reason of other unusual circumstances;
- is/was an emancipated minor as determined by a court in the student's state of legal residence;
- is/was in legal guardianship as determined by a court in the student's state of legal residence;
- is/was an unaccompanied youth who is/was homeless as determined by a high school or school district homeless liaison or director of an emergency shelter program within the past year; or
- is/was an unaccompanied youth who was homeless or self supporting and at risk of being homeless as determined by a director of a runaway/homeless youth or transitional living program within the past year.

### **14. Institutional Participation Agreement**

The document signed by the appropriate school official(s) and the designated representatives for the Minnesota Office of Higher Education which specifies the rights and

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 7
SECTION	<b>Common Definitions</b>		DATE July 2012

the responsibilities of the school and the Agency as they relate to participation in the specific financial aid program(s) covered by that agreement.

### **15. Leave of Absence (LOA)**

A leave of absence is a period of time approved by the school during which the student is not in attendance but is considered to be enrolled. Each school is required to have a formal leave of absence policy, the student must follow that policy when requesting a leave of absence and the school must have approved the student's request in accordance with its policy. The student's request must be submitted in writing, specifying the reason for the LOA. A student may take multiple leaves of absence from a school within a 12-month period as long as the total number of days in all leaves does not exceed 180 days. A leave of absence need not consist of consecutive days when granted.

Schools participating in financial aid programs must have a written leave of absence policy that meets the definition of leave of absence used for federal financial aid programs, as defined in 34 CFR 668.22(d).

If a student does not return at the expiration of an approved leave of absence, the student is considered to have withdrawn on the day the student began the leave of absence.

State financial aid cannot be disbursed during a leave of absence unless it is for a term the student has already completed. Further, the institution may not assess the student any additional institutional charges, the student's financial need may not increase and the student is not eligible for any additional state financial aid due to a leave of absence.

### **16. Office**

The Minnesota Office of Higher Education.

### **17. Parent Contribution**

The amount parents are expected to contribute towards the student's education according to the federal need analysis formula.

### **18. Postsecondary Institution**

An academic, vocational, proprietary, technical, business, professional, college or university offering educational credentials or offering instruction or educational services (primarily to persons who have completed or terminated their secondary education or who are beyond the age of compulsory attendance) for attainment of educational, professional or vocational objectives. Postsecondary education institutions may be classified as either publicly or privately controlled. The privately controlled group includes two major categories—private nonprofit schools and proprietary schools.

### **19. Professional Judgment**

A procedure introduced under federal Title IV aid programs whereby the financial aid director is given the authority to make adjustments to the student's financial aid application based on unusual circumstances. Examples of unusual circumstances include, but are not limited to: death of a wage earner; divorce; unemployment; loss of benefits or child support; unusual medical expenses; unusually high child care costs; parents enrolled in college; or other changes in a family's income, assets or a student's status. Professional judgment may also be used for a dependency override, whereby the aid administrator changes a student's dependency status from dependent to independent based on documentation of unusual circumstances.

The aid administrator may not extend adjustments to a broad class of students, but must review each student's situation on a case-by-case basis. All adjustments must be documented in the student's file. Any adjustments to the EFC must be based on changing data elements (i.e., income, assets, etc.) used in the need analysis formula as opposed to making a bottom line change to the EFC itself. With the exception of the State Grant budget, the aid administrator is also allowed to adjust the student's cost of attendance based on unusual circumstances.

One example of a professional judgment adjustment is changing the income on a student's application to reflect the income for the current tax year (January 1–December 31) or academic year (July 1–June 30) if the student or parent became unemployed during or after the past tax year.

For further guidance, schools should refer to the section on professional judgment contained in the ‘Application and Verification Guide’ chapter of the *Federal Student Aid Handbook* at [www.ifap.ed.gov](http://www.ifap.ed.gov).

## **20. Refund**

The amount of institutional charges returned to the financial aid programs and/or student after the student withdraws, fails to enroll or changes enrollment status. Policies, procedures and worksheets/spreadsheets for refunds can be found in the ‘State Grant’ chapter of the financial aid manual.

## **21. Resident Student**

A resident student means a student who meets one of the following conditions:

- a dependent or independent student who has resided in Minnesota for 12 consecutive months without being enrolled in a postsecondary school for more than five credits in any term; or
- a dependent student whose parent or legal guardian resides in Minnesota at the time the student applies; or
- an independent or dependent student who graduated from a Minnesota high school if the student was a resident of Minnesota during the student’s period of attendance at the Minnesota high school and, if the student is residing in another state, the student is physically attending a Minnesota postsecondary educational institution; or
- an independent or dependent student who, after residing in the state for a minimum of one year, earned a high school equivalency certificate (GED) in Minnesota; or
- an independent student who was granted residency as a dependent student and has not since left the state of Minnesota; or
- an independent or dependent student who is a member (or spouse/dependent of a member) of the armed forces of the United States stationed in Minnesota on active federal military service as defined in section 190.05, subdivision 5c; or
- a spouse or dependent of a veteran, as defined in Minnesota Statutes 197.447, if the veteran meets the residency definition used for state financial aid programs; or

**a. Residency Exceptions and Clarifications**

Although a student may meet the definition of a resident student, the student is not eligible to receive funds from the State Grant, Work Study or Postsecondary Child Care Grant programs if the student is receiving tuition reciprocity benefits from another state while attending a Minnesota postsecondary institution. (See 'General Eligibility Requirements Chart' in 'Introduction' chapter or individual program chapters for further guidance.)

Incarcerated students must demonstrate the criteria necessary for residency prior to being incarcerated.

A family that physically resides in Minnesota near a bordering state but receives mail at a border state address (e.g., Wisconsin) will be considered to be residing in Minnesota.

A student who completes high school via home-schooling in Minnesota is considered to be the equivalent of a student who graduates from a Minnesota high school while residing in Minnesota.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 14
SECTION	<b>Common Definitions</b>		DATE July 2012

If a student could not graduate from a Minnesota high school because the family resided in another state for purposes of military service, missionary work or postsecondary education, the student will be considered a resident if the parents retain Minnesota as the state of legal residence by filing taxes in Minnesota.

If the only means by which a student can establish Minnesota residency is graduation from a Minnesota high school while residing in Minnesota, the student must be physically attending a Minnesota college campus if currently residing in another state. At least one or more of the student's classes for the term must require physical class attendance (beyond required examinations) at a Minnesota campus in order to be considered a Minnesota resident for the term.

A dependent applicant will be considered a resident if the applicant's parent(s) originally resided in Minnesota but resided in another state at the time of application due to missionary work, military service or postsecondary education but retained Minnesota as the state of legal residence by filing taxes in Minnesota.

An applicant who does not initially reside in Minnesota for 12 consecutive months prior to attending a postsecondary school may later establish residency by remaining in the state of Minnesota for 12 consecutive months without attending a Minnesota postsecondary institution for more than five credits in any term. An applicant who establishes residency by residing in Minnesota for 12 consecutive months will lose residency status by moving from Minnesota for more than one year for purposes other than education, military or missionary service.

An applicant will not be penalized for failure to reside in Minnesota for 12 consecutive months without being enrolled for six or more credits in any term if the student left Minnesota during the 12-month period to serve in the military, provided the student enlisted in Minnesota and continues to file Minnesota taxes.

In the case of legal separation or divorce, “parent” means the parent whose financial information was provided on the application according to the federal Title IV financial aid program guidelines.

## **22. Satisfactory Academic Progress**

To be making satisfactory academic progress, a student is expected to complete a program within a specified time frame and maintain a grade point average consistent with requirements. Schools are required to follow the satisfactory academic progress requirements in state law (Minnesota Statutes 136A.101, Subd.10), which adopts the satisfactory academic progress requirements used for federal student financial aid programs as defined in the Code of Federal Regulations Title 34, Sections 668.32 and 668.34. The federal requirements referred to in the state law define minimum standards for maintaining satisfactory academic progress. A school is allowed to adopt stricter standards.

Schools should rely on Volume 1, Chapter 1 of the Federal Student Aid Handbook, which provides additional details and guidance regarding the federal satisfactory academic progress requirements. The handbook can be accessed at: [www.ifap.ed.gov](http://www.ifap.ed.gov).

According to the federal regulations referred to in the state law, a student is making satisfactory academic progress if:

- by the end of a student’s second academic year of attendance at an institution, the student has at least a cumulative grade point average of C or its equivalent or academic standing consistent with the institution’s graduation requirements; and
- the student will be able to complete the program within a maximum time frame that is no longer than 150 percent of the published program length.

“Academic year” is defined in this chapter as the period of time it takes a full-time student to complete the equivalent of at least two semesters, two trimesters or three quarters, or at least 30 semester hours, 45 quarter hours or 900 clock hours.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 16
SECTION	<b>Common Definitions</b>		DATE July 2012

Satisfactory academic progress should be measured and monitored in the following manner:

- The school must check state satisfactory academic progress using the same increments required for federal aid programs. Federal Title IV regulations require schools to divide a student’s program into equal evaluation periods called increments. For programs that are one academic year or less, schools must evaluate satisfactory academic progress at the end of each payment period. For programs longer than one academic year, schools must evaluate at least annually to correspond to the end of a payment period, but can choose to evaluate at the end of each payment period. For students enrolled on a less than full-time basis at clock hour institutions, increments must be based on the payment periods used for the State Grant program as opposed to payment periods used for federal student aid programs.
- Any time an increment or “check point” falls within the student’s first two academic years, the school must verify the student is meeting the timely completion component in the federal satisfactory academic progress policy. There is no GPA requirement in the federal policy within the student’s first two academic years other than the student meeting any GPA requirements in the school’s own policies.

To determine if the student is meeting the timely completion component of satisfactory academic progress, the school would divide the program length by the maximum time frame set by the school (must be no longer than 150 percent of the program length) to determine the percentage of credits the student must complete. For example, a four-year degree program would typically have a maximum time frame of six years, which would result in a completion percentage of 66.7 percent (4 divided by 6 = .667).

- Any time an increment or “check point” falls after the end of the student’s second academic year, the student must have a GPA of 2.0 (or its equivalent on a grading system) or academic standing consistent with graduation standards to be making satisfactory academic progress. “Consistent with graduation standards” means the student’s GPA can fall below 2.0 if the institution’s graduation requirement is less than

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 17
SECTION	<b>Common Definitions</b>		DATE July 2012

2.0 or the institution has a progressive GPA requirement that gradually progresses throughout the student’s course of study (e.g., 1.50 freshmen, 1.75 sophomore, 1.85 junior, 2.0 senior). The school must also verify the student is meeting the timely completion component in the federal satisfactory academic progress policy.

If a student’s enrollment status is comprised of course work undertaken at two schools during the same term, satisfactory academic progress must be verified by evaluating all course work that was used to determine the student’s enrollment status.

For transfer students, cumulative GPA may be based on course work completed at a previous institution, course work at the current institution or a combination. If the student has not yet completed a term at the current institution when satisfactory academic progress is being checked, the GPA may be based on all the course work completed at the previous institution or on the course work that transferred to the current institution. If the student has completed a term at the current institution, the GPA may be based solely on course work completed at the current institution or in combination with course work completed at or transferred from the previous institution.

The school must choose one method of calculating the cumulative GPA for transfer students and apply this method across all applicable state financial aid programs. When combining grades from the previous and current institutions, the current institution must convert previous credits and grade points onto its own grade point system.

When monitoring the timely completion component of satisfactory academic progress for transfer students, the school must either:

- count all courses that transferred to the current institution; or
- at a minimum, count all courses that will transfer to the student’s program; or
- “reset the clock” at the current institution, whereby the maximum time frame is determined by multiplying the remaining time left in the student’s program at the current institution by 150 percent. For example, if the student, upon transferring to the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 18
SECTION	<b>Common Definitions</b>		DATE July 2012

current institution, had two years remaining in a four-year degree program, maximum time frame would be three years (2 years remaining X 1.5 = 3 years).

With respect to credits attempted/earned under the state's Postsecondary Enrollment Options (PSEO) program, PSEO credits taken at the current institution are treated in the same manner as any other course work taken at the current institution and should be included when determining the student's GPA and monitoring the timely completion component of satisfactory academic progress. PSEO credits taken at a previous institution are treated in the same manner as any other type of course work transferred to the current institution.

If a student is not meeting the standards of satisfactory academic progress, the consequences will be based on how often the school evaluates the student's satisfactory academic progress.

If a school evaluates the student's satisfactory academic progress at the end of each payment period, the school may place a student who does not meet standards on warning status for one payment period during which the student can continue to receive financial aid. A student appeal is not required to be placed on warning status. If, upon completion of the warning period, the student still does not meet standards, the student can continue to receive financial aid for one additional payment period upon a successful appeal of the student to be placed on financial aid probation.

If satisfactory academic progress is evaluated only once per academic year, a student cannot be placed on warning status. Rather, eligibility for financial aid can only be extended upon a successful appeal by the student to be placed on probation for one payment period. After probation, a student must be making satisfactory academic progress or successfully following an academic plan that ensures the student will be able to meet standards by a specific point in time.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 19
SECTION	<b>Common Definitions</b>		DATE July 2012

An appeal by the student must include why the student failed to make satisfactory academic progress and what has changed that will allow the student to make satisfactory academic progress at the next evaluation point. To the extent possible, appeals should be made prior to the end of the term for which the student is requesting probationary status. However, an appeal may be granted retroactively for a term that has been completed, in which case the student would be awarded retroactively based on the enrollment level at the end of the term.

All institutions must have a written satisfactory academic progress policy in compliance with the requirements in for federal financial aid programs, as required in 34 CFR 668.34 and described in Volume 1, Chapter 1 of the Federal Student Aid Handbook.

### **23. Student Contribution**

The student contribution is the amount a student is expected to contribute towards educational costs based on treatment of the student's income and assets under the federal need analysis formula.

### **24. Veteran**

The definition of veteran, as referred to in the definition of Minnesota resident used for state financial aid programs, means a citizen of the United States or a resident alien who has been separated under honorable conditions from any branch of the armed forces of the United States after having served on active duty for 181 consecutive days or by reason of disability incurred while serving on active duty, or who has met the minimum active duty requirement as defined by Code of Federal Regulations, title 38, section 3.12a, or who has active military service certified under section 401, Public Law 95-202. The active military service must be certified by the United States secretary of defense as active military service and a discharge under honorable conditions must be issued by the secretary.

## **25. Withdrawal Date**

For schools participating in federal financial aid programs, withdrawal date is as defined in the Code of Federal Regulations (CFR) 668.22. Schools not participating in federal aid programs are subject to any definition of withdrawal date that exists in state law or, if none exists, institutional policy.

Subd. 2. **Office.** “Office” means the Minnesota Office of Higher Education.

Subd. 3. **Director.** “Director” means the director of the Minnesota Office of Higher Education.

Subd. 4. **Eligible institution.** “Eligible institution” means an institution that meets the eligibility requirements under Section 136A.103.

Subd. 5. **Financial need.** “Financial need” means the demonstrated need of the applicant for financial assistance to meet the recognized costs of attending the eligible institution of choice as determined from financial information on the applicant and, if required, on the applicant's parents, by the federal need analysis.

Subd. 5a. **Assigned family responsibility.** “Assigned family responsibility” means the amount of a family's contribution to a student's cost of attendance, as determined by a federal need analysis. For dependent students, the assigned family responsibility is 96 percent of the parental contribution. For independent students with dependents other than a spouse, the assigned family responsibility is 86 percent of the student contribution. For independent students without dependents other than a spouse, the assigned family responsibility is 68 percent of the student contribution.

Subd. 6.[Repealed, 1989 c 293 s 85]

Subd. 7. **Student.** “Student” means a person who is enrolled for at least three credits per quarter or semester, or the equivalent, in a program or course of study that applies to a degree, diploma, or certificate. Credit equivalencies assigned by an institution that are applicable to federal Pell grant calculations shall be counted as part of a student's credit load.

### **136A.103 INSTITUTION ELIGIBILITY REQUIREMENTS.**

- (a) A postsecondary institution is eligible for state student aid under chapter 136A and sections 197.791 and 299A.45, if the institution is located in this state and:
- (1) is operated by this state or the Board of Regents of the University of Minnesota; or
  - (2) is operated privately and, as determined by the office, meets the requirements of paragraph (b).
- (b) A private institution must:
- (1) maintain academic standards substantially equivalent to those of comparable institutions operated in this state;
  - (2) be licensed or registered as a postsecondary institution by the office; and
  - (3) (i) by July 1, 2010, participate in the federal Pell Grant program under Title IV of the Higher Education Act of 1965, Public Law 89-329, as amended; or
    - (ii) if an institution was participating in state student aid programs as of June 30, 2010, and the institution did not participate in the federal Pell Grant program by June 30, 2010, the institution must require every student who enrolls to sign a disclosure form, provided by the office, stating that the institution is not participating in the federal Pell Grant program.
- (c) An institution that offers only graduate-level degrees or graduate-level nondegree programs, or that offers only degrees or programs that do not meet the required minimum program length to participate in the federal Pell Grant program, is an eligible institution if the institution is licensed or registered as a postsecondary institution by the office.
- (d) An eligible institution under paragraph (b), clause (3), item (ii), that changes ownership as defined in section 136A.63, subdivision 2, must participate in the federal Pell Grant program within four calendar years of the first ownership change to continue eligibility.

(e) An institution that loses its eligibility for the federal Pell Grant program is not an eligible institution.

**136A.1312 FINANCIAL AID ADMINISTRATOR, PROFESSIONAL JUDGMENT.**

Nothing in this chapter or in the office's rules shall be interpreted as limiting the ability of student financial aid administrators, on the basis of adequate documentation, to make necessary adjustments to the cost of attendance and expected family contribution computations to allow for treatment of individual students with special circumstances, with the exception of the cost of attendance defined under section 136A.121, subdivision 6. In addition, nothing in this chapter or in the office's rules shall be interpreted as limiting the ability of the student financial aid administrator to use supplementary information about the financial status of eligible applicants with special circumstances in selecting recipients of state financial aid and determining the amount of awards. Nothing in this section precludes a financial aid administrator from establishing an appeals process for other extenuating circumstances.

**History:** 1996 c 398 s 31

**136A.1313 FINANCIAL AID AUDITS.**

Beginning with audits for fiscal year 1996, in place of the audits provided by the office, public institutions that administer state grants under decentralized delivery may arrange for audits of state financial aid awards and tuition reciprocity recipients in conjunction with their audits for federal financial aid. Audits must be conducted in compliance with guidelines and materials prepared by the office. The office shall develop a review process including procedures for responding to audit exceptions. All other institutions under decentralized delivery may arrange for audits under this section beginning with audits for fiscal year 1997.

**4830.0100 DEFINITIONS FOR HIGHER EDUCATION PROGRAMS.**

Subpart 1. **Scope.** For the purposes of chapters 4800, 4810, and this chapter, the terms defined in this part have the meanings given them unless specifically provided otherwise.

Subp. 1a. **Academic year.** “Academic year” means a period of time in which a full-time student is expected to complete:

- A. the equivalent of at least two semesters, two trimesters, or three quarters at an institution that measures academic progress in credit hours and uses a semester, trimester, or quarter system;
- B. at least 30 semester hours or 45 quarter hours at an institution that measures academic progress in credit hours but does not use a semester, trimester, or quarter system; or
- C. at least 900 clock hours at an institution that measures academic progress in clock hours.

Subp. 2. **Office.** “Office” means the Minnesota Office of Higher Education.

Subp. 2a. **Certificate program.** “Certificate program” means a program that is:

- A. offered by an eligible school as defined in part 4830.0300, subpart 1;
- B. at least 12 quarter credits or the equivalent, or 300 clock hours for clock hour schools; and
- C. at least eight weeks long.

Subp. 3. **Dependent student.** “Dependent student” means a student who is not an independent student.

Subp. 3a. [Repealed, 23 SR 594]

Subp. 4. **Educational costs.** “Educational costs” means tuition, required fees, room and board, books, and miscellaneous expenses.

Subp. 5. **Eligible student.** “Eligible student” means a student who meets, at a minimum, all of the following requirements:

- A. has not earned a baccalaureate degree and has not entered a graduate school program as a full-time graduate student;
- B. is a resident of Minnesota;

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 8
SECTION  <b>Common Definitions</b>	DATE June 2005		

- C. is not receiving tuition reciprocity benefits while attending a Minnesota postsecondary institution;
- D. is enrolled or is intending to enroll as at least a half-time student in an eligible school;
- E. is in good standing and making satisfactory academic progress, as defined in Minnesota Statutes, section 136A.101, subdivision 10;
- F. is a permanent resident of the United States, if the student is not a United States citizen; and
- G. is not in default, as defined under the applicable loan program, of any educational loan, or, if the student is in default, has made satisfactory arrangements to repay the loan.

Subp. 6. **Director.** “Director” means the director of the office, or office staff who perform duties as assigned by the director.

Subp. 7. **Financial need.** “Financial need” means the amount of monetary assistance necessary for a student to meet educational costs after parental and student contributions, determined by the financial need analysis, are subtracted from the student’s educational costs.

Subp. 8. **Financial need analysis.** “Financial need analysis” means a system for analyzing a family’s financial strength to determine the expected parental and student contributions to educational costs. The system is a federally approved system or an equivalent need analysis system adopted each year by the office for the appropriate processing year.

Subp. 8a. **Full-time.** “Full-time” means the enrollment level defined in Minnesota Statutes, section 136A.101, subdivision 7a, except that for purposes of work-study grants administered under parts 4830.2000 to 4830.2600, “full-time” means enrollment in a minimum of 12 credits per quarter or semester, or the equivalent.

Subp. 9. **Independent student.** “Independent student” has the meaning given it in the Higher Education Act of 1965, United States Code, title 20, section 1070a-6, and applicable regulations.

Subp. 10. **Minnesota resident.** “Minnesota resident” means:

- A. a dependent student whose parent or legal guardian resides in Minnesota on the date of application;

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 9
SECTION <b>Common Definitions</b>	DATE June 2005		

- B. a student who has resided in Minnesota for other than educational purposes for at least 12 consecutive months without being enrolled at a postsecondary institution for more than five credits in any term prior to the date of application;
- C. a student who graduated from a Minnesota high school, if the student was a resident of Minnesota during the student's period of attendance at the Minnesota high school;
- D. a student who, after residing in the state for a minimum of one year, earned a high school equivalency certificate in Minnesota; or
- E. an independent student who was initially a Minnesota resident as defined in item A and who has continued to reside in Minnesota.

Subp. 10a. **Determination of student residence.** The residence of the parent whose financial information is reported in the financial need analysis determines the residence of the student.

Subp. 11. **Audit requirements.** Audit requirements means that the school must make available to the office and its authorized representatives all pertinent books, documents, papers, and records for audit and examination for three years after the last day of a fiscal year or until audit exceptions for the period are resolved.

**4830.0195 REINSTATEMENT.**

Subpart 1. **Application.** An institution terminated from participation in a program by the office under part 4830.0140, may request reinstatement to participate in the program. The institution must wait at least 12 consecutive months from the effective date of the termination to submit a request for reinstatement. A request for reinstatement must be in writing and submitted to the director. If the institution is initially denied reinstatement, the institution must wait at least 90 days from the date of denial of reinstatement, as specified in subpart 3, to resubmit a request for reinstatement. If an institution's eligibility is reinstated after the start of the academic term, eligible students shall receive payment retroactively to the beginning of the term when the institution was reinstated.

Subp. 2. **Reinstatement requirements.** An institution's reinstatement request must include:

- A. written documentation of the process used to correct a violation, and how the violation will be prevented in the future;
- B. evidence of full repayment to the office of program funds the institution improperly received, withheld, disbursed, or caused to be disbursed; and
- C. new participation agreements with the office for all programs the institution wishes to participate in.

Subp. 3. **Response to reinstatement request.** Within 60 days of receiving the institution's reinstatement request, the office shall:

- A. grant the request; or
- B. deny the request based on evidence of noncompliance with the requirements in subpart 2.

## **I. Introduction**

This manual is written for schools participating in the Minnesota State Grant program and is subject to all subsequent changes in both federal and Minnesota state laws and regulations governing the Minnesota State Grant program.

The Agency will provide each school with an opportunity to respond to proposed changes to the State Grant program rules and regulations. Within 10 days following the adoption of new or modified program rules or regulations, the Agency will develop and distribute updated written information to schools that will later be included in this manual.

This chapter of the manual is updated on an annual basis. Schools are required to read all email and written correspondence from the Agency to keep informed of current changes during the interim. According to the Institutional Participation Agreement (Appendix 5), policy changes announced during the interim have the full force and effect of the Financial Aid Manual. All participating schools are responsible for designating a State Grant contact on campus and notifying the Agency about changes to the campus contact information; including name, e-mail address and phone number.

## **II. Program Objectives**

The objective of the Minnesota State Grant program is to provide monetary assistance to eligible students who demonstrate financial need, in order to encourage their education at Minnesota postsecondary institutions of their choice.

## **III. Program Overview**

The Minnesota State Grant program provides undergraduate students with assistance in meeting the cost of attendance at eligible Minnesota public and private postsecondary institutions of their choice. Each academic year, the Agency determines which schools will be eligible according to criteria in the program rules. Program funds are allocated to the Agency by the State Legislature.

To receive a State Grant, the student must be enrolled at an eligible Minnesota postsecondary institution for at least three credits per term, demonstrate financial need (as defined in Minnesota

SECTION	<b>State Grant Program</b>		DATE July 2012

Statutes 136A.121, Subd. 5), and meet several other eligibility requirements outlined in the ‘Eligibility Requirements’ section of this chapter. A student may receive a State Grant for any year of undergraduate study unless the student fails to meet the program eligibility requirements.

<p>The following formula is used to calculate the 2012-2013 annual full-time State Grant award:</p> <ul style="list-style-type: none"> <li>Tuition and mandatory general fees (30 semester/45 quarter credits)*</li> <li>+ <u>Living and miscellaneous expense allowance (LME)</u></li> <li>= Award calculation budget</li> <li>- 46% student share</li> <li>- 96% (dependent)</li> <li>- 68% (independent w/o dependents) or 86% (independent w/ dependents) of annual 9-month FM EFC</li> <li>- <u>Full-time annual 9-month Pell Grant</u></li> <li>= State Grant award (\$100 annual minimum, \$50 semester, \$33 quarter)</li> </ul> <p>*Subject to tuition and fee maximums in law.</p> <p>(See also Appendix 8 – Shared Responsibility Formula)</p>
---

Participating schools are responsible for screening applications, calculating awards, award notification, and disbursement of awards at the campus level, and electronically reporting the application and award data to the Agency on a monthly basis to ensure that the school’s award calculations and payments fall within established tolerances.

## **IV. Application Process**

### **A. Original Application**

The student applies for a State Grant by completing the Free Application for Federal Student Aid (FAFSA) which can be obtained from a high school counselor, college financial aid office, or the Agency. However, most students choose to submit an electronic FAFSA on the Web at [www.fafsa.gov](http://www.fafsa.gov). In order to provide an electronic signature on the FAFSA on the Web, the student and parents should apply for a PIN number at [www.pin.ed.gov](http://www.pin.ed.gov) or while completing the FAFSA on the Web.

Once the FAFSA processor receives the student’s FAFSA, the processor calculates the Federal Methodology need analysis results and sends an electronic FAFSA record called the Institutional Student Information Record (ISIR) with results to both the Agency and any

college the student listed on the FAFSA. The student is sent an output document called the Student Aid Report or SAR. If the student provided an email address on the FAFSA, the student will be sent an email containing a link to the electronic version of the SAR.

Only schools participating in federal financial aid programs can receive ISIR records from the federal processor. Therefore, students attending schools that do not participate in federal aid programs must submit their paper SAR to the school.

The processor sends ISIR records to the Agency starting in January of the preceding academic year through the last month of the current academic year. ISIR records are downloaded by the Agency on a nightly basis. Each time the Agency downloads ISIR records, the records are screened to inform schools about possible eligibility problems and data is written to an on-line hold report for each school (see Appendix 3). The school is notified by the Agency via an automated email any time data is changed on its on-line hold report.

## **B. Correcting Applications**

### **1. Correction Methods**

Once a FAFSA is processed, there are several methods a student or school can use to make corrections:

- the student can make corrections on the paper SAR and resubmit the SAR to the FAFSA processor;
- the student can make corrections on the Web at [www.fafsa.ed.gov](http://www.fafsa.ed.gov); or
- if the school participates in federal aid programs, the school can electronically submit corrections to the FAFSA processor.

### **2. Use of Professional Judgment**

The Agency allows data elements on the student's application to be adjusted based on the financial aid administrator exercising professional judgment, as outlined in federal aid regulations and Minnesota Statutes 136A.1312. This occurs when there are documented changes in the family's economic status during the current or previous tax year. Examples of special cases are loss of employment, marriage, divorce, change in number of

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 4
SECTION	<b>State Grant Program</b>		DATE July 2012

dependents, substantial medical expenses, etc. Professional judgment may also be used for a dependency override, whereby the aid administrator makes an otherwise dependent applicant independent based on documentation of unusual circumstances. (Please refer to ‘Professional Judgment’ under ‘Common Definitions’ chapter of this manual for further instructions.)

There must be written documentation of the special situation and the resulting financial impact in the student’s file. Documentation should include a description of the special situation, the effect it will have on the student’s ability to pay for his/her education, the effect on the student’s overall financial condition, and the date the school was informed of the special situation.

Corrections/adjustments based on the financial aid administrator exercising professional judgment must be submitted to the FAFSA processor by the financial aid administrator either electronically or on the student’s paper SAR.

### **3. Institutional Responsibility for Correcting Applications**

Schools are responsible for resolving all conflicting information on the student’s application. Institutions are required to make financial changes to a student’s application if the change will have an impact on the parent contribution, expected family contribution, Pell Grant award, or any other factor affecting the State Grant award calculation.

If a student’s FAFSA application is selected for verification by the FAFSA processor, the institution is responsible for verifying the accuracy of data provided on the student’s application using procedures and tolerances established for federal Title IV financial aid programs, even if the institution does not participate in those programs. The school should obtain a copy of the federal ‘Application and Verification Guide’ for the current aid year for further guidance.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 5
SECTION	<b>State Grant Program</b>		DATE July 2012

## **C. Application and Correction Deadlines**

### **1. Original Application Deadlines**

In order to receive a State Grant award for a term, the student's original FAFSA for the current aid year must be received by the federal central processing system (CPS) no later than 30 calendar days after the term's start date. For example, if fall semester started on September 1, the original FAFSA application receipt date at the CPS must be on or before September 30. There is no requirement that the original FAFSA result in a valid output document as long as the original FAFSA is received by the CPS no later than 30 days after the term's start date.

If the student's original FAFSA was submitted under an incorrect social security number and the student corrects the error by submitting another FAFSA under the correct social security number, the FAFSA receipt date on the original FAFSA will be used to determine if the student meets the State Grant application deadline.

In certain cases, schools with uniform term start and end dates for all students have courses or programs which might start later in the term, or may even overlap terms. In these cases, the State Grant application deadline is 30 calendar days from the beginning of the term, rather than 30 days from the date the particular course or program begins.

Many term-based schools combine multiple mini-sessions into one term. When this occurs, the term start date is considered the first day of the first mini-session in the term and the term end date is considered the last date of the last mini-session in the term, regardless of whether or not the student was enrolled in all mini-sessions.

There are several schools participating in the State Grant program that do not use uniform term start and end dates for all students. This group of schools includes progressive clock hour schools using payment periods instead of terms, credit-based schools that link together sequential credit-based modules to form a "term" for each student equal to a certain number of credits, or credit-based schools with "rolling" term start and end dates

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 6
SECTION	<b>State Grant Program</b>		DATE July 2012

that may have the first fall semester running September 1 through December 15, the second fall semester running September 15 through December 30, and so forth.

For these types of schools, the term start date used to determine the State Grant application deadline will be the first calendar day of the student’s payment period or term. When the Agency processes State Grant DDS batches for these schools, it will not be able to verify the student’s FAFSA was received at the CPS by the application deadline because only one term start and end date can be stored on the State Grant database for each school. Therefore, these schools will need to monitor each student’s term start date on campus and prevent State Grant awards from going to students who missed the application deadline.

If the student’s original FAFSA was received by the CPS after the application deadline for a term, the student cannot receive a State Grant award for that term but may be eligible for subsequent terms during that academic year. For example, if fall term started September 1 and the student’s original FAFSA receipt date at the CPS were October 15, the student could not receive a State Grant for fall term but could be awarded for the subsequent terms of that aid year.

## **2. Correction Deadlines**

The only State Grant application transaction that is subject to the application deadline is the student’s original FAFSA for the aid year in question. If the student’s original FAFSA was received by the deadline, the school may accept any subsequent correction transaction until the school closes out its State Grant activity for the aid year, which it must do no later than August 31. Therefore, schools are allowed to package and adjust the student’s State Grant throughout the aid year, which may involve late or retroactive payment for a term, as long as the original FAFSA was received by the application date. (See ‘Adjusting Payments Due to Revised Award’ and ‘Late/Retroactive Disbursement’ sections for further information.)

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 7
SECTION	<b>State Grant Program</b>		DATE July 2012

#### **D. State Grant Student Eligibility Questionnaire**

Because the FAFSA does not contain all of the information needed to verify State Grant eligibility, the institution must collect and/or review supplemental data to determine each student's history of Minnesota residency and postsecondary attendance. The institution can use the Student Eligibility Questionnaire (see Appendix 2) or include the questions from the Agency's form on its own institutional paper or on-line form as a proxy. If the institution chooses to include these questions on its own form, it is recommended they be included on a financial aid form since many students exclude previous postsecondary attendance on admissions forms if they do not wish to transfer credit.

A school is not required to have each State Grant applicant complete the Student Eligibility Questionnaire (or school's proxy) if the school has sufficient information from other sources (ISIR/SAR, NSLDS system, admissions and registration records, other financial aid records, etc.) that documents the student's eligibility. The following are examples of when state residency or the amount of postsecondary attendance can be documented without using the Student Eligibility Questionnaire (or school's proxy):

- The school has a copy of the student's Minnesota high school diploma or another form the student completed indicating the student graduated from a Minnesota high school (establishes Minnesota residency via graduation from a Minnesota high school).
- A dependent student's SAR/ISIR indicates Minnesota as the parents' state of legal residence (establishes Minnesota residency by documenting parents resided in Minnesota when the FAFSA was completed).
- Student's date of birth on the SAR/ISIR or other records held by the college is such that it would be impossible for the student to have exceeded the limit on postsecondary attendance by continuous enrollment between the date of high school graduation and the current academic year, including summer terms.
- The student has previously completed a Student Eligibility Questionnaire (or the school's proxy) and subsequent information accessed by the school (SAR/ISIR, NSLDS, institutional records, etc.) or supplied by the student does not contradict the student's continued eligibility.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 8
SECTION	<b>State Grant Program</b>		DATE July 2012

Because the NSLDS and State Grant historical databases are not comprehensive sources of previous postsecondary attendance, they cannot be the only method used to initially determine the student's amount of previous postsecondary attendance. However, once the student has provided information about previous postsecondary attendance on the Student Eligibility Questionnaire (or school's proxy), these databases can be used to identify subsequent postsecondary attendance without the student having to complete additional forms. In cases where the amount of previous postsecondary attendance, including attendance at the current school, equals three or more academic years, the school is required to review the student's academic transcripts to determine the precise amount of previous postsecondary attendance.

#### **E. Disclosure Statement Required for Schools Not Participating in the Federal Pell Grant Program**

Private schools not participating in the Federal Pell Grant program must have all students sign the student disclosure statement (Appendix 23) upon enrollment at the school informing them that they will not be eligible to receive a Federal Pell Grant at that particular school.

### **V. Eligibility Requirements**

#### **A. Postsecondary Institutions**

At least annually, the Director of the Minnesota Office of Higher Education adopts a list of schools at which a State Grant may be used. To be eligible, a postsecondary institution must:

- be located in Minnesota;
- offer at least one program that:
  - a) is vocational or academic in nature,
  - b) leads to a certificate or degree,
  - c) is at least eight weeks long, and
  - d) involves at least 12 academic credits or 300 clock hours;
- meet the definition of eligible institution contained in the 'Common Definitions' chapter of this manual (for schools not participating in the Federal Pell Grant program, this requires having all enrolled students sign the student disclosure statement (Appendix 23));
- have the necessary administrative computing capability to administer the program on campus and electronically report student data records to the Agency; and

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 9
SECTION	<b>State Grant Program</b>		DATE July 2012

- provide to the Agency data on student enrollment and federal and state financial aid.

To be approved, the postsecondary institution must also:

- complete the on-line State Grant Budget Questionnaire;
- receive an on-site administrative overview from the supervisor of the Agency’s auditing staff;
- after the administrative review, be approved by the Agency’s Director;
- once approved, sign an Institutional Participation Agreement which can be obtained from the State Grant unit (Appendix 5);
- attend a training session offered by the manager of the State Grant program; and
- purchase or create the software necessary to calculate federal need analysis and Minnesota State Grant awards on campus and electronically report student data records to the Agency.

Schools are also encouraged to become members of the Minnesota Association of Financial Aid Administrators (MAFAA) and subscribe to the MAFAA email listserv at [www.mafaa.org](http://www.mafaa.org).

If a school is approved after the beginning of the academic year, the school will be eligible to disburse awards beginning with the term during which it obtained approval.

## **B. Student Eligibility**

### **1. Comprehensive List of Eligibility Requirements**

To be eligible for a State Grant, a student must:

- be a U.S. citizen or eligible non-citizen;
- be a Minnesota resident as defined in Minnesota Statutes 136A.101, Subd. 8;
- be an undergraduate student who has not received a baccalaureate degree;
- not have attended the equivalent of eight semesters of full-time postsecondary education;

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 10
SECTION	<b>State Grant Program</b>		DATE July 2012

- be a graduate of a secondary school/GED recipient or be 17 years of age or older by June 30 of the academic year (high school students enrolled in postsecondary courses prior to receiving their high school diploma are not eligible for a State Grant);
- not owe the Agency for a State Grant overpayment;
- not be in default on a student educational loan;
- not be more than 30 days in arrears for child support payments owed to a public child support enforcement agency unless the student is complying with a written repayment plan;
- enroll at an eligible Minnesota postsecondary institution for at least three credits (or six clock hours per week at clock hour institutions) while pursuing a program or course of study that applies to a degree, diploma or certificate at any eligible Minnesota postsecondary institution;
- on the date of disbursement, be making satisfactory academic progress; and
- not be receiving tuition reciprocity benefits from another state while attending a Minnesota postsecondary institution.

## **2. Further Information on Selected Eligibility Requirements**

### **a. U.S. Citizenship or Eligible Non-Citizen**

The student applicant must be a U.S. citizen or eligible non-citizen. (See ‘Common Definitions’ chapter for definition of “Eligible Non-Citizen.”) A school is expected to rely on procedures in place for federal Title IV financial aid programs when requesting documentation to verify a student is a U.S. citizen or eligible non-citizen, even if the school does not participate in federal financial aid programs. Schools should refer to the Student Eligibility chapter of the *Federal Student Aid Handbook* at [www.ifap.ed.gov](http://www.ifap.ed.gov) for detailed instructions.

### **b. Minnesota Resident**

A student must be a Minnesota resident to receive a State Grant. (See ‘Common Definitions’ chapter for definition of “Resident Student.”)

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 11
SECTION	<b>State Grant Program</b>		DATE July 2012

**c. Undergraduate Requirement**

A student enrolled in an undergraduate program who has not earned a baccalaureate degree is eligible for a Minnesota State Grant. A comparable four-year postsecondary degree earned in another country, but not officially called a “baccalaureate” degree, will be considered a baccalaureate degree for purposes of the State Grant program. A student enrolled in a graduate program who has not yet earned a baccalaureate degree is not eligible for a State Grant, even if some of the student’s course work is at the undergraduate level. A student enrolled in an undergraduate program is eligible for a Minnesota State Grant, even if some of the student’s courses are at the graduate level. The key to determining eligibility is whether the student is enrolled in an undergraduate (eligible) or graduate (ineligible) program.

**d. Limit on Postsecondary Attendance**

(1) General

An applicant who does not have the equivalent of eight full-time semesters of postsecondary attendance is eligible for a Minnesota State Grant. Attendance is accumulated in units, with 96 units being the equivalent of eight semesters of full-time attendance. Units are assigned as follows:

<b>Units Chart - Course Work Prior to July 1, 1992</b>		
<b>Term Enrollment Status</b>	<b>Units Assigned - Qtr</b>	<b>Units Assigned - Sem</b>
Full-time (12+ credits)	8	12
3/4-time (9-11 credits)	6	9
1/2-time (6-8 credits)	4	6
(1-5 credits)	Bank Credits	Bank Credits

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 12
SECTION <b>State Grant Program</b>		DATE July 2012	

<b>Units Chart - Course Work After July 1, 1992</b>			
<b>Credits Per Term</b>	<b>Clock Hours Per Week</b>	<b>Units for Quarter</b>	<b>Units for Semester</b>
15+	30+	8	12
14	28-29	7.5	11.2
13	26-27	6.9	10.4
12	24-25	6.4	9.6
11	22-23	5.9	8.8
10	20-21	5.3	8.0
9	18-19	4.8	7.2
8	16-17	4.3	6.4
7	14-15	3.7	5.6
6	12-13	3.2	4.8
5	10-11	2.7	4.0
4	8-9	2.1	3.2
3	6-7	1.6	2.4
2	4-5	1.1	1.6
1	2-3	.5	.8

If the student's total credits for a term is not a whole number (e.g., 14.5 credits), the remaining percentage/fraction must be dropped (e.g., assign units based on 14 credits rather than 14.5). If a student has less than one credit per term, it would be considered a term with zero credits.

A student loses eligibility once the student's remaining units of eligibility are less than those assigned for a Level 3 term (three credits) as shown on the 'Course Work After July 1, 1992' chart. For example, if a student attending a quarter institution had accumulated 95 units, the student would not be eligible because the remaining units of eligibility (96 maximum units minus 95 accumulated units = 1 remaining unit) are less than those assigned to a Level 3 quarter (1.6 units). Therefore, a student with more than 94.4 units is no longer eligible for a State Grant at a quarter system institution. A student with more than 93.6 units is no longer eligible for a State Grant at a semester system institution.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 13
SECTION	<b>State Grant Program</b>		DATE July 2012

Institutions that disburse aid on a quarter system may exceed the maximum of 96 units by disbursing up to one more full-time quarter of aid to a student who has not accumulated more than 94.4 units. Institutions that disburse aid on a semester system may exceed the maximum of 96 units by disbursing up to one more full-time semester of aid to a student who has not accumulated more than 93.6 units.

(2) Extra Term of Eligibility for Students Who Withdraw for Active Military Service

If a student had to withdraw from college for active military service after December 31, 2002, course work taken during that term shall not count against the limit on postsecondary education used for the State Grant program. The State Grant Student Eligibility Questionnaire (Appendix 2) has been modified to identify students who may have withdrawn for active military service. If schools do not use this form, it is recommended that they incorporate language to solicit such information into any institutional forms used to determine State Grant eligibility and make arrangements for the school's registrar or VA counselor to notify the financial aid office about such withdrawals. The financial aid administrator should request documentation from the student to verify the student has withdrawn for active military service. Once the financial aid administrator identifies such a student, the administrator should notify the grant unit at the Office of Higher Education so the appropriate adjustments can be made to the State Grant database. There is no restriction against this provision being used for multiple occurrences.

(3) Extra Term of Eligibility for Students Who Withdraw for Major Medical Illness

If a student had to withdraw from college for a major medical illness, while under the care of a medical professional, that substantially limited the student's ability to complete the term, the current institution may exclude that term when determining the amount of previous postsecondary attendance for that student. This exclusion applies regardless of whether the withdrawal took place at the current or a previous institution. The State Grant Student Eligibility Questionnaire (Appendix 2) has been modified to identify students who may have withdrawn for this reason. If schools do not use this form, it is recommended that they

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 14
SECTION	<b>State Grant Program</b>		DATE July 2012

incorporate language to solicit such information into any institutional forms used to determine State Grant eligibility and make arrangements for the school's registrar to notify the financial aid office about such withdrawals. The financial aid administrator should request documentation from the student's medical professional verifying the student had to withdraw for a major medical illness that substantially limited the student's ability to complete the term. Once the financial aid administrator identifies such a student, the administrator should notify the grant unit at the Office of Higher Education so the appropriate adjustments can be made to the State Grant database. There is no restriction against this provision being used for multiple occurrences.

(4) Instructions for Reviewing Academic Transcripts

Because the FAFSA does not contain data required to determine the amount of postsecondary education the student has attempted, the school must have the student complete the State Grant Student Eligibility Questionnaire (Appendix 2) or a similar form designed by the school. If the institution chooses to include these questions on its own form, it is recommended they be included on a financial aid form since many students exclude previous postsecondary attendance on admissions forms if they do not wish to transfer credit. If the documentation the campus collects indicates the student may have attended three or more years of postsecondary education, including attendance at the current institution, the institution must request and evaluate the student's academic transcripts.

When reviewing transcripts to determine a student's units of postsecondary attendance, a separate grade transcript must be obtained from each postsecondary institution the student has attended. It is not sufficient to assign units based on a listing of transfer credits appearing on another institution's transcript because the student may have completed course work that did not transfer to the current institution. Either official transcripts or student copies are acceptable.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 15
SECTION	<b>State Grant Program</b>		DATE July 2012

When reviewing transcripts, units will be assigned differently depending on whether the course work took place before or after July 1, 1992, as shown on the preceding units charts.

When assigning units, all postsecondary education must be counted, including, but not limited to:

- course work taken during military service if it was taken at a postsecondary institution (as opposed to training provided by the military);
- course work taken at colleges in other states or countries;
- independent study courses;
- classes from which the student withdrew (except for active military duty after December 31, 2002, or for a major medical illness), failed, received no credit, repeated or earned an incomplete;
- remedial course credit equivalencies allowed in determining enrollment status; and
- course work during terms for which State Grant awards were not available.

[Note: The school may opt to exclude course work from which the student withdrew if it took place prior to July 1, 1995. However, if the student retained State Grant aid during that term, the Agency will assign units of aid for that term.]

When assigning units, the following course work must be excluded:

- course work completed at a Minnesota postsecondary institution which is not participating in the Minnesota State Grant program and from which the student transferred no credit (a list of all schools that have participated in the State Grant program is available at [www.ohe.state.mn.us](http://www.ohe.state.mn.us), Campus Financial Aid Administrator Resources, Minnesota State Grant Program Administration);
- course work from which the student withdrew after December 31, 2002, for active military service;

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 16
SECTION	<b>State Grant Program</b>		DATE July 2012

- term from which the student withdrew for a major medical illness, while under the care of a medical professional, that substantially limited the student’s ability to complete the term;
- CLEP credits (classes the student “tested out” of without having to attend the class);
- PSEO (Post-Secondary Enrollment Options) course work or other similar programs that allow the student to take college course work while the student is still in high school;
- course work or training assigned CEUs (continuing education units);
- programs under eight weeks in duration (e.g., nursing assistant program);
- course work not offered by postsecondary institutions (e.g., Red Cross first aid training, Salvation Army on-the-job training, military training, etc.) even if it is later granted credit by a postsecondary institution; and
- courses the student audited.

#### TRANSCRIPT REVIEW TOOLS

Schools may use either the Transcript Review Worksheet (Appendix 7) or Transcript Review Spreadsheet to review transcripts and assign units. The spreadsheet tool is available at [www.ohe.state.mn.us](http://www.ohe.state.mn.us), Campus Financial Aid Administrator Resources, Program Forms, Spreadsheets and Instructions. The spreadsheet is designed to automatically assign units based on the attempted credits entered into the spreadsheet for each term. The second page of the spreadsheet will determine units for clock hour course work taken at another school if the user enters total clock hours and total number of weeks in the period of enrollment.

#### ASSIGNING UNITS TO PRE-JULY 1, 1992 COURSE WORK

Assign units to each term in which the student was enrolled on a half-time or more basis according to the pre-July 1, 1992 units chart or transcript review worksheet (Appendix 7). Place all credits from terms that were less than half-time (less than six credits) in a separate quarter or semester “bank,” depending on the system used by

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 17
SECTION	<b>State Grant Program</b>		DATE July 2012

that school. Translate banked credits into units according to the instructions on the worksheet. The transcript review spreadsheet will automatically assign units for credits entered on the spreadsheet. It can be downloaded from [www.ohe.state.mn.us](http://www.ohe.state.mn.us), Financial Aid Administrator Resources, Forms for Financial Aid Administrators.

#### ASSIGNING UNITS TO POST-JULY 1, 1992 COURSE WORK

Assign units to each term based on the exact number of credits as shown on the post-July 1, 1992 units chart or the transcript review worksheet (Appendix 7). Units should be assigned to less than half-time terms instead of banking credits. The transcript review spreadsheet will automatically assign units for credits entered on the spreadsheet. It can be downloaded from [www.ohe.state.mn.us](http://www.ohe.state.mn.us), Campus Financial Aid Administrator Resources, Program Forms, Spreadsheets & Instructions.

#### ASSIGNING UNITS FOR SUMMER 1992 TERMS

If the student was paid a State Grant for summer term 1992, assign units based on the units chart in effect for the academic year from which the funding originated. If the school cannot determine if the student was paid a State Grant for summer term 1992, units should be assigned based on the units chart in effect for the academic year in which the term started. In other words, if the summer term started before July 1, 1992, assign units based on the pre-July 1, 1992 units chart. If the term started on or after July 1, 1992, assign units based on the post-July 1, 1992 units chart.

#### ASSIGNING UNITS WHEN STUDENT ATTENDED MULTIPLE SCHOOLS FOR SAME TERM

If a student attends multiple schools for the same term, the credits appearing on all transcripts should be combined prior to assigning units. For example, if a student took eight semester credits at one school and 10 semester credits at another, the credits would be combined for a total of 18 credits and assigned 12 units for a full-time semester of 15 or more credits. In cases where the student attends both quarter and semester schools, credits should be converted prior to assigning units.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 18
SECTION	<b>State Grant Program</b>		DATE July 2012

Semester credits should be multiplied by 1.5 to convert to quarter credits. Quarter credits should be multiplied by .667 to arrive at semester credits.

#### CREDIT CONVERSIONS FOR PRE-1998-99 MNSCU COURSE WORK

If a school is reviewing a transcript from a MnSCU school (public two-year college or state university) and quarter credits earned for course work completed prior to the 1998-99 academic year have been converted by MnSCU into semester credits, those semester credits must be converted back to quarter credits (in other words, multiplied by 1.5) before the transcript is reviewed for state aid program eligibility.

#### ASSIGNING UNITS FOR INTERIM TERMS

When reviewing transcripts from another school to determine the amount of postsecondary education a student has attended, interim terms should be treated as follows:

- If the student attended an interim term and one or more semesters during the same academic year, the interim term should not be counted as a separate term. Rather, interim term credits should be distributed to the other semester(s) in a manner that would equalize enrollment status for both semesters. Once both semesters have enough credits to be considered full time, distributing additional interim credits to either semester will have no effect on the units assigned to each semester.
- If the total number of interim credits is not an even number, distribute only whole credits to the other two semesters rather than dividing an uneven number by two.
- If a student attended only one semester plus an interim term during the same academic year, all of the interim term credits should be distributed to the one semester.
- If the student only attended an interim term during an academic year, the interim term must be treated as a separate term.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 19
SECTION	<b>State Grant Program</b>		DATE July 2012

However, when assessing previous postsecondary attendance taken at the current school, interim credits should be allocated to adjoining terms as they were to determine enrollment level for awarding purposes.

#### ASSIGNING UNITS WHEN NO CREDITS LISTED FOR GRADE OF W OR F

Certain colleges do not list attempted credits on academic transcripts when a student receives a grade of W or F for the course, or when the course is a remedial course. In such cases, the financial aid administrator must use an assumed value of four credits for these types of courses without having to contact the previous college. If the student wants to appeal that assumption, the student can produce additional documentation to verify the number of actual attempted credits. This assumption should only be applied in the rare instances when no attempted credits appear for certain classes on another college's transcript. Financial aid administrators will still be expected to look up actual attempted credits for classes taken at their own institution.

#### INABILITY TO DECIPHER TRANSCRIPT

If a transcript lacks information needed to accurately determine the amount of postsecondary education attempted (course work not shown by term, no start or end dates, no credits or clock hours associated with classes, etc.), the financial aid administrator should make a good faith effort to assign units of postsecondary attendance. Such cases shall be taken into consideration during audits provided the school documents how the result was determined.

#### INABILITY TO OBTAIN TRANSCRIPTS

Prior to July 1, 2010, cosmetology schools in Minnesota were only required to keep records for five years. If academic transcripts from any type of school are not available (closed school, no records maintained, natural disaster, civil war, etc.), the school may accept a written, signed statement from the student in which the student reconstructs his/her postsecondary period of enrollment and enrollment level. Such a statement cannot be used in lieu of transcripts in cases where the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 20
SECTION	<b>State Grant Program</b>		DATE July 2012

transcript cannot be released due to non-payment of institutional charges.  
However, student copies of transcripts are acceptable.

PROGRESSIVE CLOCK HOUR TRANSCRIPTS

If a transcript from a clock hour school does not separate course work into enrollment periods, the school should first determine the number of weeks in the student's period of enrollment. Assume continuous enrollment without breaks unless the student states otherwise. In rare cases, total clock hours may not appear on a cosmetology transcript. If the student has obtained a license in any of these fields, assume these hours: Cosmetology = 1,550 hours; Barbering = 1,500 hours; Esthiology = 600 hours; Manicuring = 350 hours.

Determine the student's enrollment status by dividing the total number of clock hours completed by the number of weeks in the enrollment period. Once average hours per week are known, assumed enrollment status for the entire enrollment period will be based on the following chart:

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 21

Determine the approximate number of quarters that could have taken place within the enrollment period by dividing the total number of weeks in the enrollment period by 12.

Determine the total units of postsecondary education by applying enrollment status to the number of quarters in the enrollment period and referring to the units charts in this section or Appendix 7. The second page within the OHE Transcript Review Spreadsheet is designed to calculate units if a user enters total clock hours and total weeks enrolled.

<p><b><u>Example of Units for Clock Hour Attendance</u></b>  Period of Enrollment was 9/1/89 to 8/26/90 = 51 weeks  Total Hours Completed = 1550  Average Hours per Week = 1550/51 = 30  Assumed Enrollment Status = Full-time (Level 15)  Number of Quarters in Enrollment Period = 51/12 = 4.25  <b>Number of PSE Units = 4.25 FT quarters x 8 units = 34 units</b></p>

SECTION	<b>State Grant Program</b>		DATE July 2012

**e. State Grant Overpayment**

A student is not eligible to receive a State Grant if the student owes the school or the Agency for a State Grant overpayment. A student is considered to have received an overpayment if the student's total payments exceeded the allowable State Grant award or if the school or the Agency learned the student did not meet one of the program eligibility requirements after the student received a State Grant payment.

The student will become eligible retroactive to the beginning of the current aid year if the student repays the overpayment or maintains a pattern of monthly payments to repay the obligation. The student also has the option of repaying an overpayment from a previous aid year with part or all of the award for the current aid year if the student makes such arrangements with the school or the Agency's Financial Services section.

**f. Student Loan Default**

If a student is considered to be in default on any federal student loan or state SELF Loan, the student is not eligible to receive a State Grant as of the date the school (in the case of federal student loans) or the Agency (in the case of SELF loans) was notified of the default. For example, if the student received a fall term State Grant payment and, following disbursement, defaulted on a student loan, the student would not lose eligibility for fall term, but would lose eligibility for subsequent terms. The student will be considered eligible for a State Grant retroactive to the beginning of the current aid year if the student produces documentation from the guarantor, lender or servicer that the loan has been paid in full or otherwise satisfied (i.e., meets criteria for reinstatement of federal or state financial aid eligibility).

The school must rely upon the student's SAR or ISIR, or the federal NSLDS system to determine if the student has defaulted on a federal student loan. In the case of the state SELF Loan, schools are notified of a student's default status on the State Grant On-Line Hold Report (see 'State Grant On-Line Hold Report' section in this chapter).

SECTION	<b>State Grant Program</b>		DATE July 2012

**g. Child Support Arrears**

Effective January 1, 1992, a student is not eligible to receive a State Grant if the student is more than 30 days in arrears for child support payments owed a public child support enforcement agency unless a student is complying with a written payment agreement or order for arrearages. The State Department of Human Services will run a child support arrears interface on a weekly basis against the State Grant database. A student's State Grant record will be marked with a hold if the student appears in the interface file. The student will lose eligibility for future State Grant payments as of the date the Office of Higher Education is notified of the delinquency.

Schools will be notified of students placed on or released from child support holds on the State Grant On-Line Hold Report (Appendix 3) via automated emails. Schools that do not participate in federal aid programs will need to check student eligibility using the State Grant web access screen (Appendix 4). Schools should prevent future State Grant payments to these students and, in some cases, may be liable for previous payments made to these students (refer to 'Responsibility for Monitoring Eligibility Requirements' section of this chapter).

To regain eligibility for a State Grant, the student must contact the county child support enforcement office and make the necessary arrangements for the worker to release the hold on the Department of Human Service's child support database. Once a student is no longer in arrears for child support payments or is complying with a written repayment agreement or order for arrearages, the student is eligible to receive a State Grant retroactive to the beginning of the current aid year. The hold will be removed from the student's State Grant record once the student shows up as released on the Department of Human Service's interface file.

**h. Enrollment Status at Eligible Institution**

(1) General

To receive consideration for a State Grant, a student must be enrolled at an eligible Minnesota postsecondary institution for at least three credits per term (or

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 24
SECTION	<b>State Grant Program</b>		DATE July 2012

six clock hours per week at clock hour institutions) in a program or course of study that applies to a degree, diploma or certificate.

Schools that disburse aid under the progressive clock hour system must base their enrollment level definitions on the average number of hours completed by the student each week. (See also ‘Determining Enrollment Status Throughout the Academic Year at Progressive Clock Hour Schools’ in the Disbursement section of this manual for further guidance.) Schools that disburse aid under the term-based system must base their enrollment level definitions on the number of credits per term. This includes non-term based schools that combine sequential course modules into a term, whereby the student’s enrollment level is based on credits for all courses combined into one term.

The number of credits per term or average clock hours per week used for the various enrollment levels for the State Grant program are as follows:

<b>State Grant Enrollment Levels</b>		
<b>Credits Per Term</b>	<b>Average Clock Hours Per Week</b>	<b>Enrollment Level</b>
15+	30+	Level 15 (full-time)
14	28-29	Level 14
13	26-27	Level 13
12	24-25	Level 12
11	22-23	Level 11
10	20-21	Level 10
9	18-19	Level 9
8	16-17	Level 8
7	14-15	Level 7
6	12-13	Level 6
5	10-11	Level 5
4	8-9	Level 4
3	6-7	Level 3

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 25
SECTION	<b>State Grant Program</b>		DATE July 2012

If the number of credits per term is not a whole number (e.g., 7.5 credits), the remaining fraction or percentage must be dropped before determining enrollment status. A student enrolled for 7.5 credits would be assigned an enrollment level based on seven credits (Level 7). The same applies to clock hour schools. If a student's average clock hours per week are 13.33, assign an enrollment level based on 13 hours (Level 6).

If a student drops or adds credits during a term in which the State Grant award has already been disbursed, the State Grant may have to be adjusted. For additional information, please refer to 'Adjustments to Award Based on Changes in Enrollment Level' under the 'Award Process and Formula' section of this manual.

(2) Enrollment Level at Non Term-Based Credit-Hour Schools

Non term-based credit-hour schools link sequential course modules together to form a term and determine enrollment level. For example, a school might define its semester as 12 credits based on combining four 3-credit sequential classes.

3 Credits	3 Credits	3 Credits	3 Credits
-----------	-----------	-----------	-----------

There is no requirement that all classes within such terms must be sequential. In the following example, a school defines its semester as 15 credits based on five 3-credit classes, with two classes taken simultaneously at the onset of the term.

3 Credits			
3 Credits	3 Credits	3 Credits	3 Credits

If a student fails a class or classes and continues in the same program, the student will not be able to advance to the next term unless all the credits required for the first term are successfully completed. Thus, the term would be extended to include the credits for the additional class or classes. If the school charges for the additional class(es), the student's award for the extended term would be also be

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 26
SECTION	<b>State Grant Program</b>		DATE July 2012

adjusted for the new enrollment level. Otherwise, the original term award would not be adjusted.

For example, if the student fails the third course module, the term would be extended to include an additional three credits before the student could advance to the next term. If the school charges for the additional class, the student's award would be adjusted from Level 12 to Level 15. If the school doesn't charge for the additional class, the State Grant award would remain at Level 12.

3 Credits Class 1 Grade = B	3 Credits Class 2 Grade = C	3 Credits Class 3 Grade = F	3 Credits Repeat Class 3	3 Credits Class 4
-----------------------------------	-----------------------------------	-----------------------------------	-----------------------------	----------------------

Likewise, if a student withdraws from school during a term, but reenters the same program, the student cannot advance to the next term until all the course modules for the term during which the student withdrew are completed. If the student reenters within the same aid year, any refunds for recalculations and withdrawals during that term can be reversed, provided the student still meets all the program eligibility requirements. However, if the student reenters during the subsequent aid year, refunds during the previous aid year cannot be reversed. Further, the student's enrollment level for that term in the subsequent aid year will be based solely on the credits for the remaining classes of the original term.

For example, the student's semester consists of four 3-credit classes for a total of 12 credits. The student is paid a Level 12 State Grant at the onset of the term. The student withdraws during the third class, the award is recalculated from Level 12 to Level 9 and a withdrawal refund calculation is performed for the Level 9 State Grant. If the student reenters the same program within the same aid year, both the recalculation and withdrawal refund amounts can be reversed since the student is continuing in the same term. Because the student will need to complete 12 credits to advance to the next term, the current term can be extended and enrollment level can be increased to account for both the withdrawn class and the remaining six credits in the term. The student's enrollment level would

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 27
SECTION	<b>State Grant Program</b>		DATE July 2012

increase from Level 12 to Level 15. If the school charges for the additional course module, the State Grant award can be adjusted from Level 12 to Level 15. Otherwise, the student's State Grant award would be based on Level 12.

If the student withdraws during a term but reenters in the subsequent aid year, any refunds for recalculations or withdrawals for the previous aid year cannot be reversed. The student's enrollment level in the subsequent aid year would be determined by the credits remaining in the original term. In the case cited in the preceding paragraph, the student completed six credits and withdrew from three credits in the previous aid year and would have six credits to complete in the subsequent aid year prior to advancing to the next semester. Therefore, the student could receive a Level 6 State Grant payment for the term in the subsequent aid year, *provided the student was charged for both classes in the subsequent aid year*. Otherwise, credits for which the student was not charged would not be included in the student's enrollment level.

**Aid Year One** (Enrollment level recalculated from Level 12 to Level 9 and withdrawal refund calculated for Level 9)

3 Credits Class 1	3 Credits Class 2	3 Credits Class 3 (withdrawal)	3 Credits Class 4 (never started)
----------------------	----------------------	--------------------------------------	---

**Aid Year Two** (Enrollment level based on 6 credits remaining in original term, assuming student charged for both classes)

3 Credits Class 3 repeat	3 Credits Class 4
--------------------------------	----------------------

In no instance can a school disburse a State Grant retroactively for a term during which the student withdrew from school (see also 'Late/Retroactive Disbursement' section in this manual) or for classes from which the student withdrew.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 28
SECTION	<b>State Grant Program</b>		DATE July 2012

(3) Clock-Hour/Credit-Hour Conversion

The school must use a clock-hour to credit-hour conversion formula to determine the student's enrollment unless the student's program:

- is at least two academic years in length and provides an associate, bachelor's or professional degree; or
- each course from the program is acceptable for full-credit towards a degree program offered by the institution and the institution can demonstrate students enroll in and graduate from that degree program.

See 'Credit Hour' definition in the Common Definitions chapter of this manual for further information. Public and private non-profit schools of nursing are exempt from this requirement.

(4) Pursuing Degree, Diploma or Certificate

In order to be eligible for a State Grant, a student must be enrolled in a program leading to a degree, diploma or certificate that is at least eight weeks long and consists of a minimum of 12 credits or 300 clock hours.

There is no requirement that a student must be pursuing a degree, diploma or certificate at the institution awarding the State Grant as long as the student is accepted into a degree, diploma or certificate program at any Minnesota institution eligible to participate in the State Grant program. No consortium agreement is required in these cases. (See exception under 'Awarding State Grant Beyond Associate Degree or Maximum Time Frame at Two-Year College.')

If the student is taking course work at an ineligible school (foreign school, school located outside Minnesota), the student can only receive a State Grant if the student is pursuing a degree, diploma or certificate at an eligible Minnesota school and:

- the student registers and pays for the course work through an eligible Minnesota school; or

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 29
SECTION	<b>State Grant Program</b>		DATE July 2012

- the student registers and pays for the course work through an ineligible school that has a consortium agreement with the eligible Minnesota school administering the State Grant program.

(5) Excluded Course Work

Transfer credits earned during a previous term at another institution, courses that the student audited, credits awarded from placement or CLEP tests, or credits that will not be applied towards the student’s credential may not be counted towards enrollment status. However, the school may opt to have a policy that includes credits for repeated classes in the student’s enrollment level.

High school students enrolled in postsecondary classes prior to receiving a high school diploma are not eligible for a State Grant.

(6) State Grant Versus Pell Grant Enrollment Level

In certain instances, the student’s enrollment level used for the State Grant program may differ from the student’s Federal Pell Grant enrollment level. In such cases, the Pell Grant subtracted in the State Grant award calculation is based on what the Pell Grant would be for the student’s State Grant enrollment level.

A chart comparing State Grant and Pell Grant enrollment levels is provided in the ‘Pell Grant’ section under ‘Shared Responsibility Formula’ in this chapter.

(7) Remedial Course Work

Credits or credit equivalencies assigned for remedial course work may be counted towards the student’s enrollment level if the student has been accepted into a degree, diploma or certificate program and takes remedial course work within that program. A school cannot count non-credit remedial hours in a student’s enrollment status if the course is part of a program that leads to a high school diploma or GED. There is no limit on the total amount of remedial credits that can be used to determine the student’s enrollment level.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 30
SECTION	<b>State Grant Program</b>		DATE July 2012

(8) Awarding State Grant Beyond Associate Degree or Maximum Time Frame at Two-Year College

A student is eligible for a State Grant at a two-year college after earning an associate's degree if the student's course work is required for admission to a four-year degree program at another college or the student is already admitted to the four-year degree program and the course work will be applied to that program. This provision applies even if the student has exceeded the maximum time frame for satisfactory academic progress at the two-year college, since course work transferred to the four-year college will count against the maximum time frame for satisfactory academic progress at the four-year college. In instances where the student has already been accepted into a four-year degree program, the State Grant may be awarded by the two-year college or the four-year college if it is an institution eligible to participate in the State Grant program. If the eligible four-year college acts as the "home" institution, the amount of State Grant awarded must be based on the cost of tuition and fees at the institution the student is actually attending (see Example 8 in Appendix 9 for example award calculation). In instances where the student is not yet admitted into the four-year degree program or the four-year college is not eligible to participate in the State Grant program, only the eligible two-year college may award the student a State Grant.

Whichever college awards the State Grant for this type of course work must have documentation from the student that verifies the course work taken at the two-year college is required for entry into or will be applied to a four-year degree program at the four-year college. Such documentation should include a copy of the catalog or course schedule from the four-year college specifying pre-requisite or required course work needed for the four-year degree program and a statement of intent from the student that the course work is being taken for this purpose. State Grant awards for this type of course work are limited to no more than 30 semester or 45 quarter credits.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 31
SECTION	<b>State Grant Program</b>		DATE July 2012

(9) Attending Multiple Schools for Same Term

A student attending two or more eligible schools for the same term can either:

- receive a separate State Grant at each school for up to a total of 15 credits based on the tuition and fees charged at each school; or
- receive a State Grant at one school based on the cost for the combined credits from all schools attended.

If the student receives a separate State Grant at each school attended, the award at each school would be based on the tuition and fees for the credits attended at that school. However, the student cannot be awarded for more than a total of 15 credits in any term. The school that reports a payment to the Agency which causes the 15 credit limit to be exceeded will have its payment rejected and will need to recalculate the award to a lower enrollment level. (See Example 7 in Appendix 9.)

For example, if School A reports a fall semester payment to the Agency for eight credits and School B reports a fall semester payment for nine credits, for a total of 17 credits, School B's payment will be rejected until School B recalculates the award based on the cost for seven credits and reports the new award to the Agency.

The other option for a student attending multiple eligible schools for the same term is to have one school act as the "home school" and calculate the State Grant term award based on the cost for up to 15 credits attended at all schools. The dollar amount of total tuition and fees cannot exceed the tuition and fee maximum at the "home school" for the student's enrollment level.

The "home school" must develop a procedure that allows the school to verify the student's attendance at all schools attended for the term. If the "home school" determines that the student withdrew or changed enrollment level or tuition and

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 32
SECTION	<b>State Grant Program</b>		DATE July 2012

fee charges at the other schools, the “home school” must adjust the State Grant award accordingly.

For further information about the tuition and fees used to calculate the State Grant award for a student enrolled at multiple schools for the same term, see ‘Tuition, Fees and LME Used for Students Attending Multiple Schools for Same Term’ under the ‘Shared Responsibility Term Award Calculation’ section of this chapter. (See also Example 8 in Appendix 9.)

(10) Use of Interim Term Credits

Schools using a 4-1-4 calendar may use student credits attended during the interim term in determining the student’s enrollment status for State Grants. The credits attended during interim may be counted as part of the fall semester or the spring semester or may be divided between the two terms. Schools may adopt any reasonable method for allocating interim credits and determining the appropriate enrollment status for fall and spring semesters on a student-by-student basis. With respect to students who are also Pell Grant recipients, there is no requirement that interim term credits be allocated to fall and spring semesters in the same manner allocated for the Pell Grant program, as long as the resulting State Grant enrollment level will not cause the incorrect Pell Grant award to be subtracted within the State Grant award calculation.

**Example:**

A student registers for 11 credits in the fall semester, four credits in the interim term and 11 credits for the spring semester. The school’s policy for the Pell Grant program is to attach the interim term to the spring semester, resulting in a 15-credit enrollment level for the Pell Grant program. For the State Grant program, the school must also allocate the four interim term credits to the spring semester, since allocating any interim credits to the fall term would result in a full-time Pell Grant award being subtracted in the State Grant calculation when the student is receiving a three-quarter time Pell Grant award for the fall semester. However, if the student were not a Pell Grant recipient, the interim term credits could be allocated to fall and/or spring semesters in any manner selected by the school.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 33
SECTION	<b>State Grant Program</b>		DATE July 2012

**Example:**

A student registers for 11 credits in the fall semester and four credits in the interim term but does not enroll for spring semester. The school's policy for the Pell Grant program is to attach the interim term to the spring semester, resulting in a four credit less than half-time spring term enrollment level for the Pell Grant program. For the State Grant program, the school must also allocate the four interim term credits to the spring semester, since allocating any interim credits to the fall term would result in an a full-time Pell Grant award being subtracted in the State Grant calculation when the student is receiving a three-quarter time Pell Grant award for the fall semester. However, if the student were not a Pell Grant recipient, the interim term credits could be allocated to fall and/or spring semesters in any manner selected by the school.

**Example:**

A student registers for 13 credits in the fall semester, three credits for the interim term and 14 credits for the spring semester. The school's policy for the Pell Grant program is to attach the interim term to the spring semester, resulting in a 17-credit enrollment level for the Pell Grant program. For the State Grant program, the school may allocate all interim credits to either fall or spring semesters, or allocate two of the interim credits toward the fall term enrollment status and the remaining one credit as part of the spring semester enrollment status, resulting in a Level 15 State Grant award for each semester. Any of these options would be allowable since the correct full-time Pell Grant would still be subtracted within the State Grant award calculation for each term regardless of how interim credits were allocated for the State Grant program.

If a student does not attend the interim term after a State Grant disbursement was made for an enrollment status that included interim term credits, the school must recalculate the State Grant award for that term and return the overpayment to the State Grant program.

(11) For Non-Standard Terms

A student's term enrollment status does not have to be adjusted if the term is shorter than the standard length of 10 weeks per quarter or 15 weeks per semester. To determine the award, refer to the 'Awards for Summer or Non-Standard Terms' section of this chapter.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 34
SECTION	<b>State Grant Program</b>		DATE July 2012

**i. Satisfactory Academic Progress**

To be eligible for a State Grant, the student must be making satisfactory academic progress as described in the ‘Common Definitions’ section of this manual. (See also ‘Awarding State Grant Beyond Associate Degree or Maximum Time Frame at Two-Year College’ in this chapter.)

**j. Tuition Reciprocity Restriction**

A student may not receive a State Grant if the student is receiving tuition reciprocity benefits from another state to attend a Minnesota public postsecondary institution.

**3. State Grant On-Line Hold Report**

The State Grant On-Line Hold Report (Appendix 3) is generated by the Agency and provides information to schools about student eligibility problems. The State Grant on-line hold database is updated each night when the Agency downloads Institutional Student Information Records (ISIR) to the State Grant database. Schools will be notified via email if any student data was added or updated on the State Grant on-line hold database for their campus. The email will contain a link to the screen schools can use to view the data and print a hold report on campus.

The State Grant on-line hold database will only contain data about child support arrears holds, SELF loan default holds, and students whose units of State Grant paid through the current aid year exceed three full-time academic years (> 72 units). The units appearing on the on-line hold database only represent units of State Grant *paid* to the student and do not eliminate the school’s responsibility for reviewing student academic transcripts to determine the amount of postsecondary education the student has *attended* to date.

The Agency will load ISIR records to the State Grant database each night from the federal financial aid application system. Between January and July, the Agency will download ISIRs for two consecutive aid years. After July, the Agency will only download ISIRs for the current aid year.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 35
SECTION	<b>State Grant Program</b>		DATE July 2012

The Agency will store the college codes from the student's three most recent ISIR records for the aid year on the State Grant database as well as the college's position (college choice one through ten) on the ISIR. If a school's code appears in any location on the three most recent ISIRs for the student or if the school has already reported a State Grant DDS record for the student to the Agency for the current aid year, the school will be notified of any holds for that student on the State Grant database.

If the school has not yet submitted a DDS record for the student for the aid year, the 'DDS/ISIR rank' column on the report will reflect on which ISIR record the college code was listed and the position, with the first digit of the code representing which of the three most recent ISIRs contains the college code and the second digit representing the college choice position:

- 14 = most recent ISIR, 4th position
- 23 = 2nd most recent ISIR, 3rd position
- 31 = 3rd most recent ISIR, 1st position

If the school has submitted a DDS record for the student for the aid year, a code of 'DDS' will appear in the 'DDS/ISIR rank' column and ISIR rank data will not be displayed.

The 'DDS/ISIR rank' column was designed to help schools prioritize students. Schools may wish to spend more time reviewing hold data for students with a 'DDS' code in this column since those students are presumably attending the current institution. With respect to ISIR rank codes, the higher the value the less likelihood there is the student will actually attend the institution.

The school's designated State Grant contact will be notified via an automated email when any of the student hold data changes for that school. The email will contain a link to the State Grant on-line hold report. Email notification will occur in the following instances:

- ISIR or DDS record loaded to State Grant database for a student who has a hold problem and has not yet had hold information written to the State Grant on-line hold database for that school; or

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 36
SECTION	<b>State Grant Program</b>		DATE July 2012

- hold information changes after hold information has already been written to the State Grant on-line hold database for that school (e.g., hold is released) regardless of whether or not a new ISIR or DDS record has been received.

**It will be the school's responsibility to notify the Agency's grant unit about any changes to the email address for the designated State Grant contact at the school.**

The school can access the State Grant On-Line Hold Report by logging into the State Grant web access screen. Once logged into the screen, the school can choose to access individual student data (State Grant Student Web Access Screen) or the hold report (State Grant On-Line Hold Report). The same username and password is used for both features. If a school forgets its password, the school should contact the Agency's grant unit for assistance.

Once the school is logged onto the State Grant On-Line Hold Report, the school will choose the date range for the hold report. The default date range will be the first date the on-line hold database was created for the current aid year through the current date, producing a comprehensive cumulative report for the year. If the school would like to produce a report for a narrower date range, the school can adjust the dates accordingly. When the on-line hold report is first operational, schools will want to select a report using the default date range. After that point, schools may want to choose shorter date intervals and review only the most recent information loaded to the on-line hold database.

After the date range is selected, a hold report will be generated displaying all hold data updated during that period. The default sort option produces an alphabetical report by student last name. A school has the option of changing the sort option to SSN, Aid Year, DDS/ISIR rank or Last Transaction date by clicking on those column headings. If a school would like to sort by any other field appearing on the report, the data can be copied from the on-line report and pasted into any spreadsheet software for sorting. Once the data is sorted by the chosen field, the school can print the entire report or select a portion of the report and print that selection. Schools should print using landscape option for all fields to

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 37
SECTION	<b>State Grant Program</b>		DATE July 2012

appear on one page. If printed directly from the on-line report, headers will only appear on the first page. However, schools can copy the data to spreadsheet software, which allows headers on every page.

Because the State Grant On-Line Hold Report is generated from a cumulative on-line hold database, there will be no need for schools to maintain paper printouts of the report throughout the aid year since the data will be available on-line. Once a student appears in the on-line hold database, the student's record will remain on the report.

Many fields appearing on the report will have a 'help' pop-up box schools can access for a description of that field. It is important to note the distinction between the hold **start** date and the hold **notification** date appearing on the report. The hold start date is the date the student becomes ineligible. The notification date is the date the school was notified that the hold data was written to the on-line hold database. For example, a student could have been placed on a child support hold in January 2003 (hold start date) but the hold would not be written to the on-line hold database or the school notified until the first ISIR or DDS record was received for the current aid year (notification date). In such cases, the school must collect all State Grant payments made after the hold start date from the student, but the school is not liable for repaying the first term payment made after the hold start date from its own funds if it was made before the hold notification date.

The hold start date and hold end date will continue to appear on the report regardless of the student's hold status and will represent the most recent date the student was placed on or released from a hold. The hold notification date will always represent the date the student's most recent hold was written to the on-line hold database.

Units appearing in the 'Units' column represent units of State Grant paid to the student up through the current aid year, including the current school. Though the units appearing on the on-line report may change throughout the aid year, the school will only be notified via an automated email when the units exceed or fall below 72 units, which is the equivalent of three full-time academic years. If a school wants to view more detailed units

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 38
SECTION	<b>State Grant Program</b>		DATE July 2012

information for a particular student (units by aid year and campus), the school can click on the student's name and toggle to the State Grant student web access screen and then hit the 'Back' key to go back to the hold report.

It will be common for a student to appear twice on the on-line hold report if the State Grant database has a DDS or ISIR record for the student for both consecutive aid years. In most cases, the hold data appearing for the student will be identical for both years but the amount of units appearing in the 'Units' column may differ by aid year.

If schools would like additional instructions on how to access the State Grant On-Line Hold Report, they can access an audio/video tutorial developed by the Agency at [www.ohe.state.mn.us/mPg.cfm?pageID=346](http://www.ohe.state.mn.us/mPg.cfm?pageID=346) or contact the grant unit for assistance.

#### **4. Use of State Grant Web Access Screen to Determine Hold Status**

The State Grant web access screen allows schools access to student hold data on the State Grant database. The hold data is current as of the time the school is accessing the student's record. Therefore, schools will be able to check hold data on students prior to making a State Grant disbursement.

Schools can access the State Grant web access screen at <https://www.ohe.state.mn.us/SSL/SG/index.cfm>.

Each school participating in the State Grant program will be assigned a username and password to gain access to the State Grant web access screen. To log on to the screen, the user would enter the school's six-digit FAFSA school code for the username on the screen. If the school is not participating in federal financial aid programs, the school would use the six-digit code assigned by the Agency's grant unit. The user would then enter the school's password. If the school has misplaced its password, the user should contact the Agency's grant unit for assistance.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 39
SECTION	<b>State Grant Program</b>		DATE July 2012

The security system for the State Grant web access screen will only allow a school to access a student's record if that school is listed on the student's ISIR for the current aid year. If the school's code is NOT listed on the student's ISIR for the current aid year, the following message will appear:

**“SCHOOL NOT LISTED ON CURRENT YEAR ISIR - CANNOT ACCESS STUDENT RECORD”**

If the Agency does not have the student's ISIR record on file for the current aid year, the school will receive the following error message:

**“NO CURRENT YEAR RECORD ON FILE FOR STUDENT”**

If the school passes the school code clearance and accesses a student's record, information about any existing holds, past history of State Grant units paid (broken out by aid year and college), and the enrollment status and accepted payments for the current aid year will be displayed on the screen. (A sample copy of the State Grant web access screen is provided as Appendix 4).

At the top of the screen, the user will see the date of inquiry and the student's name and social security number.

The top section of the screen will display any holds currently on the student's file. If a student has a SELF default or child support hold, the date the hold was placed on the student's file (that is, the date eligibility was lost) is also displayed. Otherwise, just a description of the hold code is displayed. Holds appearing on this report are controlled by the Agency and require consultation with the grant unit staff if the school believes the data is incorrect. If no holds appear, it means there are currently no holds on the student's record.

The middle section of the screen shows units of State Grant aid paid to the student during previous aid years broken out by aid year and school. The user may encounter the following message under the School Name column: “School Name Not Found. Please

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 40
SECTION	<b>State Grant Program</b>		DATE July 2012

Contact the Grant Unit.” This means the school code on the student’s history record didn’t translate into a school name. Schools should contact the grant unit for assistance in determining the school name.

Historical records for the State Grant system contain information about units of State Grant aid *paid* to the student during previous aid years as opposed to the units of postsecondary *attendance* the student has attempted. Schools are still expected to request and review academic transcripts from students to determine the amount of postsecondary education the student has attended. However, the State Grant web access screen may be a helpful tool for solving discrepancies, particularly for cases when the Agency’s units of State Grant paid to the student are greater than the units of postsecondary education attended derived from the school’s review of academic transcripts.

The bottom section of the screen shows enrollment and accepted payment information at any school that has reported in a DDS record for the student for the current aid year, including the school accessing the record.

Schools may wish to print and save a copy of the student’s State Grant web access screen to document the student’s eligibility at a certain point in time for auditing purposes.

## **5. Liability for Monitoring Eligibility Requirements**

Because the FAFSA does not always contain information needed to verify state residency and the amount of previous postsecondary attendance, the institution must collect supplemental data to determine if the student meets these eligibility requirements unless information supplied on the FAFSA is sufficient or the student has previously completed the State Grant Student Eligibility Questionnaire (or the school’s proxy) and no subsequent information contradicts the student’s continued eligibility (see also ‘Student Eligibility Questionnaire’ section under ‘Original Application’ section of this chapter).

If the institution’s form indicates there is reason to believe the student completed three or more full-time academic years of postsecondary education, the institution must request

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 41
SECTION	<b>State Grant Program</b>		DATE July 2012

and evaluate the student's academic transcript(s) according to the 'Limit on Postsecondary Attendance' section of this chapter.

If funds are withheld either by the school or the Agency because the student owes a State Grant overpayment, is in default on a student loan or is more than 30 days in arrears for child support payments, once the obligation is repaid or otherwise satisfied, the student will be eligible to receive the State Grant retroactive to the beginning of the current aid year.

If the school had documentation on campus that the student did not meet an eligibility requirement and the school disbursed the State Grant award to the student, the school will be responsible for reimbursing the State Grant program from its own funds if it cannot collect the overpayment from the student.

If a school fails to run an eligibility check (child support, past overpayment, four years of aid, SELF default) against the State Grant database prior to disbursing State Grant funds to a student, the school will be liable for repaying rejected payments from its own funds if it cannot collect the overpayment from the student, with the exception of the initial term payment which can be turned over to the Agency as an account receivable at the end of the aid year, after making diligent efforts to bill the student.

## **6. Monitoring Program Eligibility Requirements During the School Year**

All schools are responsible for establishing a procedure to inform the financial aid office of all changes in a student's status that may affect the student's eligibility for a State Grant during an academic term. One means of ensuring this is to have the registrar's office (or its counterpart) routinely inform the financial aid office when any student changes enrollment status, ceases to be making satisfactory academic progress, withdraws from school, produces additional academic transcripts, etc. The Agency strongly recommends that all students be required to contact the financial aid office when dropping to less than full-time status or withdrawing from school.

## **VI. Award Process and Formula**

### **A. Shared Responsibility Formula**

The State Grant is calculated using the Shared Responsibility Formula (see Appendix 8) which assigns responsibility for college costs to the student, family and government. A detailed description of its components follows.

#### **1. State Grant Budget**

The budget used in the Shared Responsibility term award calculation consists of:

- a uniform nine-month living and miscellaneous expense allowance (LME) set by the Legislature each academic year prorated for term length and then for enrollment level; and
- the lesser of:
  - the school’s annual full-time (30 semester credits or 45 quarter credits) average tuition and mandatory fees prorated for term length and then for enrollment level, or
  - the annual nine-month tuition and fee maximum set by the Legislature prorated for term length and then for enrollment level.

##### **a. Living and Miscellaneous Expense Allowance (LME)**

A uniform nine-month annual LME is set by the Legislature for each academic year which represents costs for books, transportation and other living expenses. (See Appendix 8 for current LME.) When calculating the Shared Responsibility term award calculation, the LME is first adjusted for term length by multiplying by .50 for a semester (or a clock hour school with an academic year divided into two payment periods) and by .3333 for a quarter (or a clock hour school with an academic year divided into three payment periods) and rounding the result. If the student is enrolled for fewer than 15 credits, the term LME is then reduced by multiplying the term LME by the number of credits for which the student is enrolled divided by 15. For example, a student enrolled for 12 credits (or 24 clock hours per week) would have the term LME prorated by 12/15ths, or 80 percent, and the result rounded. The term LME is

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 43
SECTION	<b>State Grant Program</b>		DATE July 2012

NOT increased if the student enrolls for more than 15 credits. (For further information, see Appendix 8 Shared Responsibility term award calculation.)

(1) LME for Incarcerated Students

Incarcerated students are eligible to receive a State Grant if they meet the program eligibility requirements. However, according to program statutes, the LME must be set to zero for incarcerated students.

**b. Tuition and Fees**

The tuition and fees used in the Shared Responsibility term award calculation are the lesser of the school's average annual full-time (30 semester or 45 quarter credits) tuition and fees prorated for term length and then for enrollment level or the annual tuition and fee maximum set by the Legislature for each academic year prorated for term length and enrollment level.

(1) Tuition and Fee Maximum

The Legislature sets a separate nine-month annual full-time tuition and fee maximum for students enrolled in a four-year degree program and another for students enrolled in a two-year degree or shorter credential program. (See Appendix 8 for current tuition and fee maximums.) The annual full-time tuition and fee maximum for the program the student is enrolled in for the term must be adjusted for term length by multiplying by .50 for a semester or by .3333 for a quarter and rounding the result. If the student is enrolled for fewer than 15 credits, the term tuition and fee maximum is reduced by multiplying the term maximum by the number of credits for which the student is enrolled divided by 15. For example, a student enrolled for 12 credits would have the term tuition and fee maximum prorated by 12/15ths, or 80 percent, and then rounded. The term tuition and fee maximum is NOT increased if the student enrolls for more than 15 credits. (For further information, see Appendix 8 Shared Responsibility term award calculation.)

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 44
SECTION	<b>State Grant Program</b>		DATE July 2012

If a student is simultaneously enrolled in both a two- and four-year degree program, the tuition and fee maximum used to calculate the State Grant will be based on the nature of the student's program. If the content area for both the two- and four-year program is identical or very similar, where the majority of credits from the two-year program will be applied to the four-year program, the school should use the four-year tuition and fee maximum to calculate the State Grant award for the term. For example, some students may wish to earn an A.A. degree at the midpoint of a B.A. degree program.

If the content area of the two- and four-year degree programs is quite different, where the majority of credits from the two-year program will not be applied to the four-year degree program, the school must either:

- use the two-year tuition and fee maximum until the student completes the two-year program; or
- manually calculate the State Grant so that both the two- and four-year tuition and fee maximums are applied to the credits from each program. If certain credits will count towards both programs, they should be considered two-year program credits. [Note: When reporting the award to the Agency on the DDS system, the school should report a '4' in the field that indicates which tuition and fee maximum was used to calculate the award.] An example of this option follows.
  - EXAMPLE: Jane Doe is enrolled in both a two-year Medical Assistant A.A.S. degree program and a four-year degree completion program for a B.S. in Organizational Management. Jane has eight credits that will apply to the two-year program and seven credits that will apply to the four-year degree program for a total of 15 credits. The applicable tuition and fee maximum for each program would be prorated to the student's enrollment level as follows: Annual full-time two-year tuition maximum  $\$5,808/2 = \$2,904$  for full-time semester  $\times 8/15$ ths or  $.533 = \$1,548$ . Annual full-time four-year tuition maximum  $\$10,488/2 = \$5,244$  for full-time semester  $\times 7/15$ ths or  $.467 = \$2,449$ . The prorated tuition and fee

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 45
SECTION	<b>State Grant Program</b>		DATE July 2012

maximums would then be compared to the tuition and fees charged by the school and the lesser of the two would be added to the full-time LME to construct the State Grant award calculation budget. The tuition and fees charged by the school are the annual full-time tuition and fees reported by the school on the Agency's on-line State Grant Budget Questionnaire, prorated to the student's enrollment level. If the annual full-time tuition and fees were \$10,000, then the amount for eight credits would be  $\$10,000/2 = \$5,000$  for full-time semester  $\times 8/15$ ths or  $.533 = \$2,665$ . The amount for seven credits would be  $\$10,000/2 \times 7/15$ ths or  $.467 = \$2,335$ . Because the tuition and fees charged exceed the tuition and fee maximum for each program, the school would add the eight credit two-year tuition and fee maximum of \$1,548 to the four-year maximum for seven credits, \$2,449, for a combined tuition and fee maximum of \$3,997. This would then be added to the LME of \$3,500 for a full-time semester resulting in a State Grant term award calculation budget of \$7,497.

If a student changes programs between terms, the appropriate tuition and fee maximum must be used to recalculate the award for the subsequent terms of the aid year based on the student's current program. If a student changes programs within a term, the State Grant award for that term must be recalculated using the tuition and fee maximum for the student's current program and any resulting overpayments recovered or additional funds due to the student disbursed.

Schools cannot direct students who would normally enroll in a two-year degree program to enroll in a four-year degree program simply to take advantage of the higher four-year tuition and fee maximum if the students have no intention of completing a four-year degree. Agency auditors may review institutional records to determine if there is a pattern of students changing from a four-year degree program to a two-year program after completing their first two academic years.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 46
SECTION	<b>State Grant Program</b>		DATE July 2012

(2) Average Tuition and Fees

To determine the amount of tuition and fees used to calculate the student's State Grant term award, the school must compare its average annual tuition and fees prorated by term length and the student's enrollment level to the appropriate tuition and fee maximum for the student's degree program prorated by term length and enrollment level and then select the lesser of the two.

The average tuition and fees for the student's enrollment level are derived from the school's annual full-time average tuition and mandatory fees which are then prorated for term length and student enrollment level. The annual full-time average tuition is the weighted average tuition the school charges a student for two full-time (15 credits) semesters, three full-time quarters, or for the number of hours in a clock hour school's definition of academic year. For public colleges, the standard resident tuition rate is used for the annual average tuition. For private schools where tuition rates vary by program, a weighted average is used to determine the annual full-time average tuition as shown in the following example.

Program Name	Cost for Two Full-Time Semesters	x	Percent of Student Population in Program	=	Weighted Tuition
Admin Assistant	\$5,000	x	75%	=	\$3,750
Legal Secretary	\$6,000	x	25%	=	\$1,500
<b>Weighted Average Annual Tuition</b>					<b>\$5,250</b>

Once the annual full-time average amount is known, the school must add on the amount of annual full-time mandatory fees charged to all full-time students. Annual full-time mandatory fees would consist of mandatory fees charged to all full-time students for two full-time (15 credits) semesters, three full-time quarters, or for the number of hours in a clock hour school's definition of academic year.

Mandatory fees charged to all full-time students cannot include mandatory fees for the purchase or rental of books, as book charges are considered a component in

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 47
SECTION	<b>State Grant Program</b>		DATE July 2012

the Living and Miscellaneous Allowance (LME) used in the award calculation. The same applies to mandatory fees for the purchase of equipment and supplies required for all students (such as cosmetology supply kits and computers) in cases where the student retains ownership, as these items also fall under the LME. However, if the school charges a rental fee for equipment and supplies to all students and the school retains ownership, such fees are allowable general fees used in the State Grant calculation.

Using the full-time tuition and fees applies even if students are not enrolled for 15 credits per term since the tuition and fees will later be adjusted within the award calculation for less than full-time enrollment.

The annual full-time average tuition and annual full-time mandatory fees are then prorated for term length by multiplying by .50 (semester) or .3333 (quarter) and the result is rounded. If the student is less than full-time for the term, the tuition and fees are prorated for enrollment level by dividing the student's number of credits by 15. For example, a student taking 12 credits would have the full-time term tuition and fees prorated by 12/15ths, or 80 percent, and the result rounded. The tuition and fees are then compared to the appropriate tuition and fee maximum for the student's program and the lesser of the two are used in the term award calculation. (See award calculation examples in Appendix 9.)

(3) Tuition Waivers

Because a uniform amount of average tuition and mandatory fees is used to calculate State Grants for all students enrolled at the same institution, any tuition waivers applied to individual student tuition and fee charges are not subtracted from the tuition and fees used to calculate the State Grant award for the student, nor are any other types of scholarships or resources applied to tuition and fee charges.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 48
SECTION	<b>State Grant Program</b>		DATE July 2012

(4) Determining Tuition and Fees for Clock Hour Payment Period

To determine the amount of tuition and fees for a clock hour payment period, the school would first divide the total tuition and fees for the program by the number of clock hours in the program to determine the hourly tuition and fee cost. The hourly cost would then be multiplied by the number of hours in the payment period to determine the tuition and fees for the payment period. The payment period tuition and fees would then be compared to the tuition and fee maximum for the term/payment period, prorated for the student’s enrollment level, and the lesser of the two would be used to calculate the State Grant award for the payment period. (See award calculation Examples 9 and 10 in Appendix 9 for further details.)

In cases where the remaining hours in the student’s program are less than the number of hours in the payment period, the school should still calculate the award based on costs for the entire payment period and then prorate the award. (See ‘Adjusting Payments for Clock Hour Programs When Remaining Program Hours are Less Than the Number of Hours in Payment Period’ under the ‘Disbursement Process’ section of this chapter for further information.)

**c. Tuition, Fees and LME Used for Students Attending Multiple Schools for Same Term**

For information on enrollment requirements for students attending multiple schools for the same term, please refer to the ‘Attending Multiple Schools for Same Term’ and ‘Enrollment Status at Eligible Institution’ sections under ‘Student Eligibility’ in this chapter.

If a student opts to receive a separate State Grant at each school attended during a term, each school must calculate the student’s State Grant term award based on the average tuition and mandatory fee costs for the credits taken at that school. The tuition and fee costs would be subject to the tuition and fee maximum for the degree program the student is enrolled in at each school, which would be prorated for the student’s enrollment level if the student enrolled for fewer than 15 credits. The term living and

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 49
SECTION	<b>State Grant Program</b>		DATE July 2012

miscellaneous expense allowance (LME), prorated for the number of credits attended at the school, would be added to the tuition and fees to arrive at the State Grant term award calculation budget. (See award calculation Examples 7 and 8 in Appendix 9 for further details.)

A student cannot be paid for more than a total of 15 credits of tuition and fees and LME when attending multiple schools for the same term. If, for example, School B knows that School A already awarded the student a State Grant for 10 credits, School B should limit the tuition, fees and LME used in its award calculation to five credits. If School B is not aware of the student attending the other school and awards the student for more than five credits, School B's payment will be rejected when reported to the Agency and School B will need to recalculate the student's State Grant so it is based on tuition, fees and LME for no more than five credits. If the school cannot collect the overpayment from the student, the school is NOT liable for repaying the State Grant overpayment from its own funds. Rather, the school would turn over the overpayment case to the Agency at the end of the award year for collection. To avoid overpayments, schools can use the Agency's State Grant web access screen (Appendix 4) to determine if the student has received a State Grant disbursement at another school for the same term.

Another option for a student attending multiple schools for the same term is to have one school act as the "home" school and award the student a State Grant based on the combined costs for the total credits consumed at all schools, not to exceed 15 credits per term. The dollar amount of total tuition and fees used is subject to the tuition and fee maximum for the degree program in which the student is enrolled at the "home school," which is based on 15 credits and is not increased for students taking more than 15 credits. The LME used in the award calculation at the "home school" is based on combined credits but cannot exceed the LME for 15 credits.

In cases where the student is attending multiple schools within the same system (University of Minnesota, Minnesota State Colleges and Universities, private four-

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 50
SECTION	<b>State Grant Program</b>		DATE July 2012

year college, private two-year college), the tuition and fees used in the State Grant calculation shall be the tuition and fees charged by the “home” school for the student’s combined credits from all schools, up to a maximum of 15 credits. For example, if the student were taking 10 credits at a state university (home school) and five credits at a community college, the State Grant would be based on the cost of 15 credits at the state university, since both state universities and community colleges are within the MnSCU system.

Conversely, if the student is attending multiple schools in different systems, the “home” school must calculate the State Grant using the tuition and fees charged by each institution (see award calculation Example 8 in Appendix 9) up to a maximum of 15 credits. Financial aid administrators should use the Multiple School Term Award Calculation Spreadsheet developed by the Agency for this purpose. The spreadsheet is posted on the Agency’s web site ([www.ohe.state.mn.us](http://www.ohe.state.mn.us)) under Campus Financial Aid Administrator Resources, Program Forms, Spreadsheets & Instructions.

## **2. Student Share**

The student is expected to contribute a share of the budget used in the Shared Responsibility term award calculation from the student’s resources, such as employment, savings or private scholarships. If the term budget (tuition, fees plus LME) has been adjusted due to less than full-time enrollment, the student is expected to contribute a share of the adjusted term budget.

The student share of the State Grant budget is shown in Appendix 8. However, the statute gives the Agency the authority to adjust this percentage on a term-by-term basis if awards must be rationed to address a projected funding shortfall. Any such adjustment will be shown in Appendix 8.

## **3. Parent Contribution**

For dependent applicants, the nine-month annual parent contribution, as determined by the Federal Methodology need analysis formula, is used in the State Grant award calculation.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 51
SECTION	<b>State Grant Program</b>		DATE July 2012

The annual contribution is first adjusted for term length by multiplying by .50 (semester) or .3333 (quarter) and rounding the result. The result is then multiplied by .96 and rounded. The resulting parent contribution is not adjusted if the student is enrolled for more or fewer than 15 credits (see Appendices 8 and 9).

In the case of two need analysis results (primary vs. secondary), the lowest parent contribution should be used.

The State Grant statute gives the Agency the authority to add a percentage surcharge to the parent contribution on a term-by-term basis in order to address any projected funding shortfalls. Any such surcharge will be shown in Appendix 8. For example, if a 10.7 percent surcharge were added to the parent contribution for spring semester, the surcharge would be applied in the following manner:

Annual Nine-Month Federal Methodology Parent Contribution	\$1,000
Parent Contribution Prorated to Term Length for Semester	\$ 500
Term Parent Contribution Prorated to 96 Percent	\$ 480
10.7 Percent Surcharge added to Prorated Term Parent Contribution	\$ 531

#### **4. Student Contribution**

The nine-month annual Federal Methodology need analysis student contribution, or EFC, is subtracted as the student contribution in the State Grant award calculation for independent students. No student contribution is subtracted for dependent students. The contribution is first adjusted for term length by multiplying by .50 (semester) or by .3333 (quarter) and rounding the results. Only 68 percent of the term student contribution is subtracted in the State Grant award calculation for independent students without dependents other than a spouse. Only 86 percent of the term student contribution is subtracted in the State Grant award calculation for independent students with dependents other than a spouse. The term contribution is not adjusted if the student enrolls for more or fewer than 15 credits (see Appendices 8 and 9).

<b>FINANCIAL AID MANUAL</b>	NUMBER Section I	PAGE 52
SECTION <b>State Grant Program</b>	DATE July 2012	

When choosing between two state need analysis formula results (primary vs. secondary), the lowest student contribution, or EFC, should be used.

The State Grant statute gives the Agency the authority to add a percentage surcharge to the independent student contribution on a term-by-term basis in order to address any projected funding shortfalls. Any such surcharge will be shown in Appendix 8. For example, if a 10.7 percent surcharge were added to the independent student contribution for spring semester, the surcharge would be applied in the following manner:

Annual Nine-Month Federal Methodology Student Contribution/EFC	\$1,000
Student Contribution Prorated to Term Length for Semester	\$ 500
Term Student Contribution Prorated to 68 Percent*	\$ 340
10.7 Percent Surcharge Added to Prorated Term Student Contribution	\$ 376
*The Student Contribution is prorated to 68 percent for independent students without dependents and 86 percent for independent students with dependents other than a spouse.	

## 5. Pell Grant

The amount of the Federal Pell Grant for which the student would be eligible based on the student's Expected Family Contribution (EFC) and State Grant enrollment status is always subtracted in the State Grant formula, even if the school or program does not participate in the Federal Pell Grant program or the student does not actually receive the Pell Grant (e.g., misses application deadline, does not meet eligibility requirement). The student's actual Federal Pell Grant is determined by the Federal Methodology Expected Family Contribution (EFC) and the student's enrollment level for the Federal Pell Grant program, and is calculated in accordance with the U.S. Department of Education's Federal Pell Grant disbursement schedule. However, when calculating a State Grant, the Pell Grant amount subtracted in the State Grant award calculation will always be based on the student's enrollment status for the State Grant program and how that corresponds to the various enrollment levels for the Federal Pell Grant program as shown in the following table:

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 53
SECTION <b>State Grant Program</b>		DATE July 2012	

<b>State Grant Enrollment Level</b>	<b>Pell Grant Subtracted in State Grant Calculation</b>
15+ credits/30 clock hours per week	Full-time
14 credits/28-29 clock hours per week	Full-time
13 credits/26-27 clock hours per week	Full-time
12 credits/24-25 clock hours per week	Full-time
11 credits/22-23 clock hours per week	3/4-time
10 credits/20-21 clock hours per week	3/4-time
9 credits/18-19 clock hours per week	3/4-time
8 credits/16-17 clock hours per week	1/2-time
7 credits/14-15 clock hours per week	1/2-time
6 credits/12-13 clock hours per week	1/2-time
5 credits/10-11 clock hours per week	Less than 1/2-time
4 credits/8-9 clock hours per week	Less than 1/2-time
3 credits/6-7 clock hours per week	Less than 1/2-time

For example, if a student’s enrollment level for State Grant were 15 credits but the enrollment level for Federal Pell Grant were only 11 credits, the full-time Pell Grant would still be subtracted in the State Grant award calculation even if the student were actually receiving a 3/4-time Pell Grant. (See ‘State Grant Versus Pell Grant Enrollment Level’ in this chapter.)

With respect to awards for crossover terms (start before and end after July 1), the State Grant and Pell Grant must always be based on need analysis results for the same aid year.

To see examples of how the Pell Grant is subtracted in the State Grant award calculation, please see Appendices 8 and 9.

## **B. Definition of Academic Year/Period of Award**

### **1. Definition of Academic Year**

The definition of “academic year” for purposes of award calculations is provided in the ‘Common Definitions’ chapter of this manual. That definition of academic year must be used in all adjustment calculations involving State Grant, such as proration of awards. Although federal financial aid policy allows the institution to use a minimum academic year of 30 weeks (26 weeks for clock hour institutions) in its formulas, if the institution’s

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 54
SECTION	<b>State Grant Program</b>		DATE July 2012

academic year is longer than 30 weeks, the actual number of weeks in the academic year must be used in State Grant adjustment calculations.

## **2. Period of Award / Awards for Fourth Quarter/Third Semester**

Students may receive a State Grant for up to four consecutive full-time quarters or three consecutive full-time semesters within an aid year (July 1–June 30). The term award for the fourth quarter or third semester is calculated in the same manner as for other terms. The decision to award the student for the fourth quarter or third semester within the aid year is not optional.

### **a. Transfer Students**

A student who attends more than one school during the aid year may also receive a State Grant award for the equivalent of four full-time quarters or three full-time semesters.

A student who attends different schools during the aid year may be awarded for up to four full-time quarters (60 quarter credits) or three full-time semesters (45 semester credits) based on the awards calculated at the different schools, even if the award amounts differ. For example, a student could receive two full-time quarter disbursements at School A based on School A’s award calculation and two full-time quarter disbursements at School B based on School B’s award calculation. The same logic applies to a student attending different schools on the semester system. A term in which the student is enrolled for more than 15 credits should count only as 15 credits against the limit.

A student who transfers between schools on the quarter and semester system is also limited to receiving State Grant payments for up to 60 quarter credits or 45 semester credits during the aid year. Credits from the previous school must be translated to credits at the current school as shown in the example below.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 55
SECTION	<b>State Grant Program</b>		DATE July 2012

#### **Determining Eligibility For Transfer Student**

**Example:**

School A awards student for two full-time quarters = 30 quarter credits  
 School B awards student for one full-time semester = 15 semester credits

To determine the award for a second semester at School B, convert quarter credits (30) to semester credits ( $30 \times .67 = 20$ ). Total semester credits awarded = 35. Because a student may not receive funding for more than 45 semester credits during the fiscal year, School B could award the student for up to 10 additional semester credits at School B for the second semester.

Schools may use the Agency's State Grant web access screen to determine whether a student has been paid a State Grant at another school for the same aid year (see Appendix 4). This information also appears on the *Roster of Accepted Payments* or *Roster of Rejected Awards/Payments* (see Appendices 20 and 21).

### **C. Notification of Awards**

Schools are responsible for notifying students about their State Grant eligibility and award amount. The award notice should contain a statement which informs recipients about the impact of enrollment status on the State Grant award. The State Grant award notification may be incorporated into the school's standard financial aid award notice.

Schools are also responsible for providing information to students about all forms of financial aid administered by the institution and the availability of additional State Grant aid for a fourth full-time quarter or third full-time semester during the fiscal year.

### **D. State Grant Award Advisory Roster**

Each time a school submits a batch of DDS records, the Agency checks the accuracy of awards and payments and generates a set of output reports for the school. The *Roster of Rejected Awards/Payments* (Appendix 16) and the *Award Detail Error Roster* (Appendix 17) contain information about awards that fall outside established tolerances. The school is responsible for resolving errors shown on these reports.

## **E. Awards for Summer or Non-Standard Terms**

Students may receive a State Grant award for up to four full-time quarters or three full-time semesters within a fiscal year. The fourth quarter or third semester will often times take place in the summer and overlap fiscal years. Such terms are referred to as “crossover” terms.

If a student is enrolled and eligible for a State Grant during the summer term, the student must be awarded. The school cannot require a separate application beyond the FAFSA and documents used to award for the standard terms of the academic year.

### **1. Origination of Funding**

If a term does not overlap two aid years, it must be paid from the aid year in which it occurs.

When a crossover term overlaps two aid years (begins before and ends after July 1), funding may come from either aid year. The institution may decide from which aid year to draw funds on a student-by-student basis. However, because the student’s State Grant is based on the student’s EFC and Pell Grant award, the same aid year must be selected for both the State Grant and Pell Grant. Once the aid year is selected, the need analysis, laws, rules and policies in place for that aid year must be applied.

For non term-based schools that link sequential course modules together to form a term, if such a term overlaps a fiscal year, it is considered a crossover term and is subject to policies for crossover terms. In the event the student withdraws during a term and subsequently reenters within the same program, enrollment level and the option to reverse refunds should be based on policies described earlier in this manual under ‘Enrollment Level at Non Term-Based Credit-Hour Schools.’

### **2. Defining a Term**

Definition of a term must be done uniformly for all recipients.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 57
SECTION	<b>State Grant Program</b>		DATE July 2012

In order for two or more mini-sessions to be treated as one term, the school must define a student’s enrollment status in terms of the number of credits for which the student is enrolled during all sessions. When multiple mini-sessions are combined to make one term, the term start date is considered the first day of the first session in the term even if the student does not attend the first session. This also applies to non term-based credit-hour schools that combine sequential course modules into one term.

Example: The first summer session starts May 28 and ends June 29 (five weeks) and the second summer session starts July 1 and ends August 3 (five weeks). If these two 5-week sessions are combined into a 10-week term, enrollment status must be based on the total number of credits during the 10-week period. The term start date is May 28.

If the original award disbursed at the onset of the term is based on credits for other sessions or course modules and the student drops those credits without attending the classes, the State Grant must be recalculated. (See ‘Recalculation of Student Award Based on Changes in Enrollment Level.’)

In order for multiple mini-sessions to be treated as separate “mini-terms” at standard term-based schools, the school must define enrollment status separately for each session. This is not an option at non term-based credit-hour schools.

### **3. Determining Credits Needed for Enrollment Status**

Enrollment status for standard and non-standard terms is derived in the same manner; that is, based on the actual number of credits or clock hours for which the student is enrolled. No adjustments are required for non-standard terms.

### **4. Determining Amount of Award**

The calculation of the student’s State Grant term award for a standard or non-standard term is identical. There is no further proration required for non-standard terms. (See Appendix 8 for Shared Responsibility term award calculation.) However, award proration is required when the number of clock hours or weeks remaining in the student’s *program*

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 58
SECTION	<b>State Grant Program</b>		DATE July 2012

is less than the clock hours or weeks in the school's payment period or term. (See items 6 and 7 under 'Institutional Responsibilities Prior to Disbursement' in this chapter.)

## **F. Recalculation of State Grant Awards**

State Grant awards are revised at the campus level. Schools are responsible for informing students about adjustments made to the award.

### **1. Increased Award – Institutional Responsibilities**

If a school learns that a student's State Grant should be increased due to a change in enrollment level, federal need analysis results, the Pell Grant award or the budget used to calculate the State Grant, the school is responsible for recalculating the student's State Grant, notifying the student of the revised award amount and disbursing additional funds to the student. If the term has already started or been completed, policies for late or retroactive disbursement apply. (See 'Late/Retroactive Disbursement' section in this chapter.)

### **2. Decreased Award – Institutional Responsibilities and Liability**

If a school learns a student's award should be reduced or eliminated due to a change in enrollment level, federal need analysis results, Pell Grant or State Grant budget, or a student not meeting the program eligibility requirements, the school is responsible for reducing the student's award, notifying the student of the reduced award and making sure the overpayment is returned to its State Grant fund on campus. The balance of the fund is then returned to the Agency at the end of each academic year.

If the school is unable to collect the overpayment from the student, the school may turn over the student's account receivable to the Agency as part of the balance due the Agency at the end of the year if the school was not liable for repaying the overpayment from its own institutional funds. Otherwise, the school must repay the overpayment from its institutional funds.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 59
SECTION	<b>State Grant Program</b>		DATE July 2012

In general, a school is liable for repaying the overpayment from its own funds if:

- documentation on campus showed the student did not meet a program eligibility requirement at the time of disbursement;
- after the student was paid, an item on the application was corrected that should have been resolved prior to disbursement through resolving conflicting information or the verification process; or
- the school paid the student before checking with the Agency to see if the student had received four years of aid, a previous State Grant overpayment, was in arrears on child support payments or was in default on a SELF loan and, upon checking with the Agency, learned that the student failed to meet one of these eligibility requirements at the time of disbursement. The school would be liable for repaying all funds disbursed to the student with the exception of the payment for the student's initial term.

In collecting overpayments from students, schools must:

- inform the student in writing of the overpayment;
- follow the applicable collection procedures to secure the return of the funds (the specific procedures utilized by the school to accomplish this would be determined by the school); and
- notify the Agency if the student refuses to acknowledge the overpayment or refuses to repay the funds. The Agency will utilize state income tax revenue recapture or may seek the assistance of the Attorney General of the State of Minnesota to recover the overpayment.

If the school is turning over a student's file to the Agency for billing at the end of the aid year, it must include all pertinent documentation such as the SAR or ISIR, copies of billing letters, an explanation of how the overpayment occurred, copies of cashed checks or student account transactions and all other supporting documentation.

### **3. Adjustments to Award Based on Change in Enrollment Level**

State Grant award disbursements must always be based on the student's enrollment level as of the date of disbursement.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 60
SECTION	<b>State Grant Program</b>		DATE July 2012

Unlike the Federal Pell Grant program which allows schools to “freeze” the student’s enrollment level and Pell Grant award at a certain point in time (normally the end of the drop/add period), the State Grant program requires the school to make State Grant adjustments based on changes in enrollment level throughout the entire term.

A student’s attendance will have an impact on how the State Grant is adjusted. If a student drops or withdraws from a class after disbursement of the State Grant and the student never attended the class, the State Grant must be recalculated to the lower enrollment level and the difference refunded to the State Grant program. This also applies to cases where the school grants a retroactive withdrawal for a class backdated to the first day of the term, even if the student attended the class.

After the initial disbursement of the State Grant, if a student withdraws from a class after attending the class and the State Grant award at the revised enrollment level is LESS than the award disbursed for the original enrollment level, the school must complete the Office of Higher Education Refund Calculation Worksheet (Appendix 13b of State Grant manual) and return the lesser of the following to the State Grant program:

- the difference between the State Grant at the original and revised enrollment level; or
- the State Grant proportional share of the institution’s refund of institutional charges (from line I (E) of the Office of Higher Education Refund Calculation Worksheet).

**Example A: No Change in EFC**

Student originally paid \$500 for Level 15 enrollment  
 Student withdraws from three credits to Level 12 enrollment  
 Award at Level 12 is \$300  
 Difference between Level 15 and Level 12 award is \$200  
 Proportional share of refund of institutional charges is \$100  
 \$100 is returned to State Grant program  
 School continues to report Level 15 enrollment to the Agency

In the rare instance when a student withdraws from a class AND the student’s overall State Grant award is decreased based on a change in parent contribution or EFC, the school must first collect the overpayment (difference between the original and new State

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 61
SECTION	<b>State Grant Program</b>		DATE July 2012

Grant award at the original enrollment level) from the student and then return the lesser of the following to the State Grant program:

- the difference between the new State Grant award at the original and revised enrollment level; or
- the State Grant proportional share of the institution's refund of institutional charges (from line I (E) of the Office of Higher Education Refund Calculation Worksheet).

**Example B: Change in EFC**

Student originally paid \$500 for Level 15 enrollment  
 Student withdraws from three credits to Level 12 enrollment  
 Original award for Level 12 is \$300  
 Change in EFC results in revised award of \$400 for Level 15  
 Revised award for Level 12 is \$200  
 School must first recapture \$100 (difference between original and revised award for Level 15)  
 Difference between revised Level 15 (\$400) and Level 12 (\$200) is \$200  
 Refund of institutional charges is \$0  
 \$0 refund due State Grant program  
 School reports Level 15 enrollment to the Agency with payment of \$400

If the student withdraws from a class and the State Grant at the revised enrollment level is MORE than the award disbursed for the original enrollment level (this occurs in some cases for Pell Grant recipients when the withdrawn credits result in a lower Pell Grant enrollment level), the school can only increase the student's State Grant if the school actually reduces the Pell Grant award or if the increase in the State Grant award at the lower enrollment level can be attributed to a change in parent contribution or EFC.

**Example C: No Change in EFC**

Student originally paid \$300 for Level 12 enrollment  
 Student withdraws from one credit to Level 11 enrollment  
 Award at Level 11 is \$400  
 School does not adjust Pell Grant from full-time to 3/4-time  
 State Grant remains at \$300  
 School continues to report Level 12 enrollment to the Agency with payment of \$300

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 62
SECTION	<b>State Grant Program</b>		DATE July 2012

**Example D: Change in EFC**

Student originally paid \$300 for Level 12 enrollment  
 Student withdraws from one credit to Level 11 enrollment  
 Award at Level 11 is \$400 due to drop in Pell enrollment level  
 School does not adjust Pell Grant from full-time to 3/4-time  
 Change in EFC results in \$500 Level 12 and \$600 Level 11  
 Student limited to \$200 increase in State Grant award  
 (\$500 revised Level 12 minus \$300 original Level 12)  
 School continues to report Level 12 enrollment to the Agency with \$500 payment

[Note: Had school actually adjusted Pell to 3/4-time, the student would receive the difference between the original \$300 Level 12 disbursement and the revised \$600 Level 11 award.]

If a student adds credits after the initial disbursement of the State Grant and the award at the revised enrollment level is MORE than the award disbursed for the original enrollment level, the school should disburse additional funds to the student. This applies regardless of whether the increase in the State Grant award is based on an increase in the enrollment level and/or a change in the parent contribution or EFC.

If a student adds credits after the initial disbursement of the State Grant and the award at the revised enrollment level is LESS than the award disbursed for the original enrollment level (this occurs in some cases for Pell Grant recipients), the school is only required to reduce the student's State Grant if the school actually increased the student's Pell Grant award or if the decrease in the State Grant award can be attributed to a change in the student's parent contribution or EFC.

**Example E: No Change in EFC**

Student originally paid \$400 for Level 11 enrollment  
 Student adds one credit for Level 12 enrollment  
 Award at Level 12 is \$300  
 School does not adjust Pell Grant from 3/4-time to full-time  
 State Grant remains at \$400  
 School continues to report Level 11 enrollment to the Agency with payment of \$400

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 63
SECTION	<b>State Grant Program</b>		DATE July 2012

**Example F: Change in EFC**

Student originally paid \$400 for Level 11 enrollment  
 Student adds one credit for Level 12 enrollment  
 Award at Level 12 is \$300  
 School does not adjust Pell Grant from 3/4-time to full-time  
 Change in EFC results in \$200 Level 11 and \$100 Level 12  
 School must recapture \$200 decrease in State Grant award  
 (\$400 original Level 11 minus \$200 revised Level 11)  
 School continues to report Level 11 enrollment to the Agency with payment of \$200

[Note: Had school actually adjusted Pell Grant to full-time, school would need to recapture the \$300 difference between the original \$400 Level 11 disbursement and the revised \$100 Level 12 award.]

State Grant award adjustment policy becomes more complex in cases where the student both withdraws from and adds credits after the initial disbursement of the State Grant award. The school must always use the student's actual enrollment level (original enrollment level minus credits withdrawn or dropped plus credits added) to determine eligibility for a subsequent award. However, whether the revised award results in the disbursement of additional funds or recapturing funds previously disbursed will be based on the student's disbursement history. Additionally, the enrollment level and payment reported to the Agency on the State Grant DDS record may not necessarily match the student's actual revised enrollment level. A flow chart outlining the steps for State Grant award adjustments taking place after the initial disbursement of the State Grant award as well as several examples is provided in Appendix 20.

Appendix 21 outlines the current State Grant disbursement and award adjustment policies in comparison to the policies used for the Federal Pell Grant program.

**a. Adjustment of Awards for Students Attending Non Term-Based Credit-Hour Schools**

This section applies to non term-based credit-hour schools that combine a number of sequential course modules together to define a term. For example, a school may define a semester as 12 credits, comprised of a series of four sequential 3-credit courses that each last a month.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 64
SECTION <b>State Grant Program</b>		DATE July 2012	

12-Credit Semester

3 Credits Class 1	3 Credits Class 2	3 Credits Class 3	3 Credits Class 4
----------------------	----------------------	----------------------	----------------------

If a student withdraws from school during the first course module of the term without attending the course, the entire State Grant disbursement for the term must be refunded.

If the student did attend the first course module before withdrawing, then the school must first recalculate the State Grant for an enrollment level that excludes credits for the remaining course modules and refund the difference between the original and revised State Grant. The school would then complete the Office of Higher Education Refund Calculation Worksheet (Appendix 13) to determine the amount of the refund due the State Grant program from the first module attended.

In the following example, if the school disbursed a Level 12 State Grant at the onset of a semester to cover four 3-credit sequential course modules and the student withdrew from school *during* the first module after attending the course, the school would first recalculate the State Grant term award from Level 12 to Level 3 and refund the difference to the State Grant program. The school would then complete the OHE Refund Calculation Worksheet (Appendix 13a) for the first 3-credit course module the student attended, including only the Level 3 State Grant award amount on the worksheet, as opposed to the original award for 12 credits.

3 Credits Class 1 (attended but withdrew)	3 Credits Class 2 (didn't start)	3 Credits Class 3 (didn't start)	3 Credits Class 4 (didn't start)
--	--	--	--

In the next example, the student completes the first course module and then withdraws before starting the second course module. The original State Grant term award (Level 12) would be recalculated for the lower enrollment level (Level 3) and the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 65
SECTION <b>State Grant Program</b>		DATE July 2012	

difference refunded to the State Grant program. No refund calculation worksheet would be required, since the student did not withdraw during a course module.

↓

3 Credits Class 1 (completed)	3 Credits Class 2 (didn't start)	3 Credits Class 3 (didn't start)	3 Credits Class 4 (didn't start)
-------------------------------------	--	--	--

These same policies apply when the student withdraws later in the term. In the following example, the student withdraws from school *during* the third course module after beginning attendance in that course. The school must first recalculate the State Grant term award to an enrollment level that excludes credits for any remaining modules the student did not attend, and refund the difference between the original (Level 12) and revised (Level 9) State Grant awards to the State Grant program. The school would then complete the Office of Higher Education Refund Calculation Worksheet (Appendix 13a) for the three course modules the student did attend, and list only the Level 9 State Grant award when completing the worksheet.

↓

3 Credits Class 1 (completed)	3 Credits Class 2 (completed)	3 Credits Class 3 (attended then withdrew)	3 Credits Class 4 (didn't start)
-------------------------------------	-------------------------------------	---	--

If a student withdraws during the last course module of a term after beginning attendance in that course, an award recalculation would not be required, since there are no remaining course modules the student did not attend. Rather, the school would complete the OHE Refund Calculation Worksheet (Appendix 13a) for a full withdrawal, using the amount of the original Level 12 State Grant on the worksheet.

↓

3 Credits Class 1 (completed)	3 Credits Class 2 (completed)	3 Credits Class 3 (completed)	3 Credits Class 4 (attended then withdrew)
-------------------------------------	-------------------------------------	-------------------------------------	---

Enrollment levels, award recalculations and withdrawal refunds are determined similarly for students taking courses simultaneously within a semester.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 66
SECTION	<b>State Grant Program</b>		DATE July 2012

In the next example, the student’s original disbursement would be based on 12 credits. If this student withdrew from school *after* completing the first set of simultaneous courses, the award would be recalculated from Level 12 to Level 6 and the difference refunded to the State Grant program. A withdrawal refund calculation would not be required, since the student did not withdraw during a course module.

3 Credits Class 1 (completed)		
3 Credits Class 2 (completed)	3 Credits Class 3 (not started)	3 Credits Class 4 (not started)

If this same student withdrew from school *during* the first set of simultaneous courses, the award would first be recalculated from Level 12 to Level 6 and the difference refunded to the State Grant program. A full withdrawal refund calculation would then be performed using the OHE Refund Calculation Spreadsheet (Appendix 13a) using only the amount of the student’s Level 6 State Grant award.

3 Credits Class 1 (completed)		
3 Credits Class 2 (completed)	3 Credits Class 3 (not started)	3 Credits Class 4 (not started)

If a student withdraws at any point during the term, but subsequently reenrolls in the same program, the student cannot advance to the next term until the remaining courses in the previous term have been completed. To determine the student’s enrollment level for the term in question, and whether recalculation and/or withdrawal refunds for that term can be reversed, see the ‘Enrollment Level at Non Term-Based Credit-Hour Schools’ and ‘Post-Withdrawal Disbursement for Returning Students at Non Term-Based Credit-Hour Schools’ sections of this manual.

If a student withdraws during a module or between modules but continues on in a *different* program, the State Grant for the original term would be recalculated to cover

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 67
SECTION	<b>State Grant Program</b>		DATE July 2012

only the modules the student did complete and a new State Grant would be awarded to cover the next term, which would start with the next course module in which the student enrolled for the new program. For example, if a Level 12 State Grant were disbursed for the initial semester and the student fully completed two 3-credit modules of the first semester and then decided to change programs, the State Grant for the first semester would be recalculated to a Level 6 and the difference between the Level 12 and Level 6 State Grant term awards would be refunded to the State Grant program. The next course module would then be considered the first 3-credit course module of a new semester consisting of four 3-credit modules for the student's new program. A Level 12 State Grant would be disbursed for the new semester.

#### **4. Recalculation of State Grant Award for Student Who Receives All Non-Passing Grades**

If the student receives non-passing grades for all classes taken during a term, the federal financial aid guidelines requiring schools to document attendance in these cases also apply to the State Grant program. If the school determines the student never attended a class or classes, the State Grant award must be recalculated to exclude those credits prior to any refund taking place for withdrawn classes the student did attend. (See 'Award Adjustments and Refunds for All Non-Passing Grades' in the 'Refund Process' section of this chapter.) Non term-based credit-hour schools typically extend the term length to include another course when a student fails a class in which the student began attendance, which may result in an award recalculation. (See 'Enrollment Level at Non Term-Based Credit-Hour Schools for further guidance.)

## **VII. Disbursement Process**

### **A. Disbursing Funds to Schools**

To improve cash management and timely State Grant reporting, the following requirements are used when processing funds advances for the State Grant program.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 68
SECTION	<b>State Grant Program</b>		DATE July 2012

A school's initial advance for funds will not be processed until the school has:

- reported a DDS batch for the new aid year that has been tested and is suitable for production;
- requested funds using the SG web access screen; and
- submitted its final batch and returned its end of year fund balance for the prior aid year.

The amount of funds advanced for the school's initial term of the new aid year is the total amount of awards for that term in the school's first batch for the new aid year. The Agency can limit the amount of funds advances to less than the amount of total term awards in the school's most recent batch if term awards are not yet adjusted for less than full-time enrollment levels. Schools can request additional funds once the initial installment has been disbursed to students.

Subsequent funds requests for the first term must be requested on the SG web access screen and accompanied by an up-to-date batch showing that payments to date have consumed most of the initial installment and that total term awards in the batch support the additional funds request.

Funds advances for subsequent terms must also be requested on the SG web access screen and accompanied by an up-to-date batch showing that payments to date have consumed most of the previous advances. Advance amounts for subsequent terms are based on the amount of awards for that term in the school's most recently submitted DDS batch. Schools can request additional funds once the initial installment has been disbursed to students.

## **B. Disbursing Funds to Students**

In general, State Grant funds may only be used to pay for the student's costs for the current academic year. However, a school may use current-year funds to satisfy prior-year charges for tuition, fees, room or board and, with written authorization, other educationally related charges.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 69
SECTION	<b>State Grant Program</b>		DATE July 2012

The State Grant award must be based on the student’s enrollment level as of the date of disbursement. If a student withdraws from a class prior to disbursement, the student cannot receive a State Grant payment for those credits. (See also ‘Adjustments to Award Based on Change in Enrollment Level’ and Appendices 20 and 21 for further information.)

**1. When Schools May Disburse Funds**

An institution may not make a State Grant payment to a student for a payment period or term until the student has registered for classes. Schools are discouraged from delaying disbursements beyond the end of the drop/add period in attempts to avoid award recalculations or refunds based on changes in enrollment level.

The institution is liable for all State Grant payments that are disbursed to a registered student prior to the start of the enrollment period if that student fails to begin the enrollment period. The institution will have to reimburse State Grant payments disbursed to the student prior to the start of the enrollment period if the institution cannot document that the student did begin attending classes.

If an institution posts a State Grant payment to a student’s account prior to the beginning of the state fiscal year from which it is awarded, the payment must be cancelled or adjusted based on changes in enrollment, eligibility requirements or the award calculation formula that take place prior to receipt of State Grant funds by the institution.

Documentation must exist regarding the date of disbursement of the State Grant payment. The disbursement date is the date that the Agency requires the institution to determine the student’s enrollment level prior to determining the amount of State Grant funds to be disbursed to the student. The Agency and/or the institution’s independent public auditors will use the disbursement date to verify the enrollment level of State Grant program participants. Schools are required to report accurate term disbursement dates on the DDS record for each student (Appendix 12).

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 70
SECTION	<b>State Grant Program</b>		DATE July 2012

The disbursement date of all State Grant payments made prior to the start of the enrollment period will be the first day of required class attendance.

The disbursement date of all State Grant payments disbursed to a student after the start of the enrollment period will be:

- for State Grant payments posted to a student account, the date the funds are posted to the student’s account;
- for State Grant payments that are mailed to the student or transferred by EFT, the date of the check or EFT transaction unless the institution elects to use the previous day as the disbursement date for all students paid using this method; or
- for State Grant payments that are disbursed directly to the student via check, the date the student picks up the check.

**a. Payment Periods**

The Agency designates that schools may have only two or three payment periods during the academic year. The institution specifies on the budget questionnaire it completes each year whether it will disburse aid on a semester (two periods) or quarterly (three periods) basis.

For progressive clock hour schools, the length of a full-time payment period equals the total number of hours in the full-time academic year (e.g., 900 clock hours) divided by the number of payment periods (two or three). Payment periods should be of approximately equal length and the total period covered by the payment periods should equal the entire academic year. For example, if a clock hour school had a 1,200-hour academic year and disbursed aid on a semester basis, each full-time payment period would consist of 600 hours. For students attending less than full-time, the hours in the payment period must be adjusted accordingly. (See ‘Payment Periods for Less Than Full-Time Enrollment at Progressive Clock Hour Schools.’)

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 71
SECTION	<b>State Grant Program</b>		DATE July 2012

## **2. Late/Retroactive Disbursement**

The State Grant disbursed to a student must be based on the student's enrollment status as of the date of disbursement. If a student withdrew from a class prior to disbursement, those credits cannot be included in the student's enrollment level. If a student withdrew from school or dropped below three credits or its equivalent prior to disbursement, the school cannot disburse any State Grant funds to the student for that term. All other grades, including F, NC and I shall be counted when determining the student's enrollment level.

At non term-based credit-hour schools, the State Grant award cannot be disbursed retroactively for a term during which the student withdrew from school, even if one or more sequential course modules were completed. Further, if a term is extended due to the student withdrawing from one or more courses but continuing on at the school, the student's enrollment level for retroactive State Grant disbursements cannot include credits for withdrawn courses.

In cases where a student earns a non-passing grade for every class taken during a term and the Title IV federal financial aid guidelines require the school to verify the student actually attended classes, the results of the verification shall also apply to the State Grant program. That is, if the school determines the student did not attend a class or classes or unofficially withdrew during the term, the school must also calculate a refund for the State Grant program. (See 'Award Adjustments for Refunds for All Non-Passing Grades' in the 'Refund Process' section of this chapter.)

If a school disburses a State Grant to a student who is later determined to have a withdrawal date set prior to the disbursement, the school must complete the OHE Refund Calculation Worksheet (Appendix 13) to determine if a refund is due the State Grant program. This can occur in cases where a school is not required to take attendance and becomes aware of the withdrawal after the date of disbursement.

A student is eligible to receive retroactive payment for a past term, even if the student is not currently enrolled in a subsequent term, provided the student currently meets all of the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 72
SECTION	<b>State Grant Program</b>		DATE July 2012

other program eligibility requirements as of the date of disbursement. If payment is for a term that has already been completed, the disbursement must be based on the student's enrollment status as of the end of the term.

For example, if a student met all the program eligibility requirements throughout fall term but was placed on a child support hold during spring term prior to the school disbursing funds for fall and spring terms, the school cannot disburse funds to the student for either term because the student does not meet all the program eligibility requirements as of the date of disbursement. The same logic applies to a student who is not making satisfactory academic progress (and has exhausted appeals and probationary periods) at the time of disbursement even if the student was making satisfactory progress during a previous term.

### **3. Method of Disbursement to Students**

Each school may disburse funds to students using one or a combination of the following methods. The institution may make State Grant payments:

- to the student's account (preferred method),
- to the student by Electronic Funds Transfer (EFT),
- by institutional check directly to the student, or
- by an institutional check that is mailed to the student.

Whichever methods of disbursement are used, the school must document the date of disbursement and the amount of State Grant payment disbursed to the student. The Agency holds schools liable for improperly disbursed checks.

When disbursing a State Grant check to the student, the institutional representative should request proper identification (preferably a picture ID) and check the student's social security number. Once the check has been signed and cashed, the Agency will not refund or replace it.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 73
SECTION	<b>State Grant Program</b>		DATE July 2012

The institution may exercise the option of mailing the checks to the student. The institution must maintain a record that documents for each student included in each transaction the:

- student's name,
- source and amount of state and other financial aid payments included in the payment to the student,
- number of the institutional check, and
- the date that the check was mailed to the student if different from the date of the check.

The institution is liable for all funds that are lost. The institution will have to reimburse either the student, the Agency or both for any lost State Grant funds.

If the institution credits State Grant funds to the student's account, the institution must document:

- student's name,
- amount and type of charges paid by each transaction in the student's account, and
- source and amount of state and other financial aid payments disbursed to the student's account.

If the institution chooses to disburse State Grant payments to the student by initiating an EFT to the bank account designated by the student, the institution must obtain authorization from the student to disburse by that method.

Each State Grant aid award must be based on the student's enrollment level as of the date the funds are electronically transferred to the student. The following standards apply to EFTs:

- The date of the EFT transaction must be documented. This will be considered the date of disbursement unless the institution elects to take the following option.
- At the institution's option, the date of disbursement may be one business day prior to the date of the EFT transaction.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 74
SECTION	<b>State Grant Program</b>		DATE July 2012

For each EFT transaction, the institution must maintain a dated record that documents for each student included in the transaction the:

- student's name,
- source and amount of state and other financial aid payments included in the EFT,
- the amount of the EFT,
- student's bank account number, and
- name of the bank into which the funds were deposited.

The institution is liable for all funds that are lost. The institution will have to reimburse either the student, the Agency or both for any lost state financial aid funds.

#### **4. Disbursement to Incarcerated Students**

Disbursement of the State Grant for an incarcerated student should be arranged with the education director at the correctional facility. The award may be credited to a student's account at the school or disbursed to the student through the education director.

#### **5. Disbursement to Students Studying Abroad**

If tuition is paid at the Minnesota institution for study abroad, the student's State Grant payment should be credited to the student's account. Any excess funds can be mailed to the student or deposited in the student's bank account via EFT unless the school is authorized by the student to hold a balance in the student's account. If the student must pay tuition at the foreign school, the school may mail the check to the student or deposit the funds in the student's bank account via EFT, if so authorized. However, the student must be registered for credit at an eligible Minnesota school or the eligible Minnesota school must have a consortium agreement with the foreign school.

#### **6. Payment of Unpaid Institutional Charges**

At the time of disbursement, a school may require a student to pay all institutional charges currently due the school. Minnesota financial aid recipients cannot have stricter payment requirements than students who do not receive financial aid.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 75
SECTION	<b>State Grant Program</b>		DATE July 2012

## 7. Student Account Balances

Unless otherwise authorized by the student, whenever an institution applies state financial aid disbursements to a student's account and determines that the amount of those disbursements exceeds or exceeded the amount of allowable charges the institution assessed the student, the institution must pay that balance directly to the student as soon as possible but within 14 days of the later of:

- a. the date that balance occurs,
- b. the first day of classes of a payment period/period of enrollment as applicable, or
- c. the date the student rescinds his or her authorization to hold funds.

This also applies to cases where the institution posts State Grant disbursements to the student's account prior to receipt of State Grant funds from the Agency.

If a school receives authorization to hold excess funds, the school must identify the student or parent and the amount of funds the school holds for the student or parent in a subsidiary ledger account designated for that purpose. The school also must maintain, at all times, cash in its bank account at least equal to the amount the school holds for students.

Because state financial aid funds are awarded to students to pay current year charges, notwithstanding any authorization obtained by a school from a student or parent, the school must pay any remaining state credit balance by:

- the end of the loan period for state loans, and
- the end of the last payment period in the award year for which they were awarded for any other remaining balance of state financial aid disbursements.

If an institution attempts to disburse funds by check or EFT transaction to the student, and the check is returned to the institution or the EFT transaction is rejected, the institution may make additional attempts to disburse the funds to the student, provided those attempts take place within 45 days after the funds were returned or rejected. If no additional attempts to disburse funds are made, the funds must be returned to the program within that

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 76
SECTION	<b>State Grant Program</b>		DATE July 2012

45-day period. If an institution attempts to disburse funds by check to the student and the check is not cashed, the institution must return funds to the program within 240 days of the check being issued.

If a school cannot locate a student to whom a state financial aid credit balance must be paid, the school must return the credit balance to the appropriate state financial aid program. The Agency does not specify how a school should determine which financial aid funds created the credit balance. However, when possible, the Agency encourages schools to return state financial aid fund balances to the SELF Loan program first to reduce the likelihood of default.

The school is permitted to retain any interest earned on the student's credit balance funds.

## **8. Student Authorization**

An institution must obtain from a student written authorization allowing the institution to:

- disburse State Grant payments via EFT;
- hold excess funds in the student's account; or
- apply State Grant payments to prior year charges other than for tuition, fees, room and board.

In obtaining authorization for any of these activities, an institution may not require the student to provide that authorization and must allow the student to rescind that authorization at any time.

The authorization granted to an institution is valid for the award year or the period of enrollment in which the institution obtains that authorization. The initial authorization will continue to be valid provided that the institution notifies the student of the provisions regarding the student's current authorization prior to conducting any of the activities that require authorization for any subsequent award year. The institution's notice to the student must, in a plain and conspicuous manner, explain those provisions including an explanation regarding any interest that the institution earns on the student's funds and

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 77
SECTION	<b>State Grant Program</b>		DATE July 2012

whether the institution will provide that interest to the student. The notice must also provide the student with the opportunity to cancel or modify those provisions.

## **C. Institutional Responsibilities Prior to Disbursement**

### **1. Notification of Students**

Schools are responsible for letting students know when their State Grant payments will be ready for disbursement. Notification may include a letter to the student or announcement of disbursement dates.

### **2. Certification and Monitoring of Student Eligibility**

Prior to disbursement, a school is responsible for certifying that a student meets the program eligibility requirements outlined in the ‘Program Eligibility Requirements’ section of this chapter.

### **3. Federal Verification**

Before disbursing the State Grant award, the school is responsible for verifying the data on the student’s application if it is selected for verification using the verification criteria established by the Department of Education for federal student aid programs. This requirement also applies to schools that do not participate in federal aid programs. Schools should refer to the federal Application and Verification Guide for the aid year in question for detailed instructions. The verification guide and an on-line verification tutorial are available at [www.ifap.ed.gov](http://www.ifap.ed.gov).

If a student’s application was not selected for verification until after the State Grant was disbursed, all future disbursements must be held until verification is performed. If verification corrections result in a reduced award, the school must bill the student for the overpayment and return the overpayment to its State Grant account. If a student fails to produce the required verification documentation, the student should be billed for the entire amount previously disbursed.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 78
SECTION	<b>State Grant Program</b>		DATE July 2012

#### **4. Adjusting Payments Due to Revised Award**

Schools are responsible for adjusting a student’s State Grant payment if a change in federal need analysis results, Pell Grant, or the budget used to calculate the State Grant resulted in a revision to the student’s State Grant award. If a school receives a revised ISIR after the deadline by which it must make Pell Grant adjustments and the ISIR would result in a decreased Pell Grant and an increased State Grant, the school cannot increase the student’s State Grant if it did not decrease the student’s Pell Grant.

#### **5. Adjusting Payments Based on Enrollment Status**

Schools must generate State Grant payments based on the enrollment status as of the disbursement date. Because the amount of the State Grant award varies based on the student’s enrollment status, the school must make certain it is generating a payment for the appropriate enrollment level. (See also ‘Adjustments to Award Based on Change in Enrollment Level’ and Appendices 20 and 21 for further information.)

##### **a. Payment Periods for Less Than Full-Time Enrollment at Progressive Clock Hour Schools**

Schools using progressive clock hour disbursement must reduce the number of clock hours in a student’s payment period if the student attends on a less than full-time (Level 15) basis. Thus, if a full-time (Level 15) payment period is 600 hours for a school with a 1,200-hour academic year split into two payment periods, payment periods for less than full-time (Level 15) enrollment would be reduced proportionately, as shown in the chart in Appendix 15.

For less than full-time students, State Grant payment periods may be different than Pell Grant payment periods due to different enrollment levels for the State Grant and Pell Grant programs. For samples of State Grant payment periods, please refer to Appendix 15.

To arrive at the number of clock hours in a State Grant payment period for less than full-time (Level 15) enrollment, multiply the number of hours in a full-time payment

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 79
SECTION	<b>State Grant Program</b>		DATE July 2012

period by the percentage shown on the following chart. Sample payment period charts are available in Appendix 15.

<b>Determining Number of Clock Hours in Payment Period for Less Than Full-Time Enrollment</b>		
<b>State Grant Level</b>	<b>Average Clock Hours Per Week</b>	<b>Multiply Hours in Full-Time Payment Period by:</b>
Level 15	30+	1.0
Level 14	28-29	.933
Level 13	26-27	.867
Level 12	24-25	.800
Level 11	22-23	.733
Level 10	20-21	.667
Level 9	18-19	.600
Level 8	16-17	.533
Level 7	14-15	.467
Level 6	12-13	.400
Level 5	10-11	.333
Level 4	8-9	.267
Level 3	6-7	.200

**b. Determining Enrollment Status Throughout the Academic Year  
at Progressive Clock Hour Schools**

(1) Determining Average Clock Hours Per Week

To determine the student's average clock hours per week during a period of time, the school would divide the number of clock hours the student attended during the period by the number of scheduled weeks during the period. The number of scheduled weeks is derived by multiplying the number of scheduled days by .20. Scheduled days do not include approved leaves of absences, vacations, school closings, holidays or breaks.

For example, if a student had four days of unexcused absences and completed 336 clock hours during 58 of 62 scheduled days during the period of time, the student would have averaged 27.10 clock hours per week. Sixty-two *scheduled* days

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 80
SECTION	<b>State Grant Program</b>		DATE July 2012

multiplied by .20 = 12.4 weeks. The total clock hours during this period (336) is then divided by 12.4 weeks, resulting in average clock hours of 27.10 per week.

(2) Enrollment Status for Initial Payment Period

When the State Grant award is disbursed within the first two weeks of the student's initial payment period at the school, the amount of the award and the number of hours in the student's payment period should be based on the enrollment level for which the student has contracted or registered.

In cases where the State Grant is disbursed *after* the first two weeks of the student's initial payment period, the enrollment status used to determine the award and hours in the payment period should be based on the average hours per week the student has completed to date.

Payment periods and enrollment levels must also be determined and documented for students who do not financially qualify for an award, in which case the "disbursement date" is the date the school determines the student's enrollment level and payment period.

Since students are not eligible to receive a State Grant during high school, any hours completed before the student finished high school should not be considered when determining the student's enrollment level.

Once the State Grant award has been disbursed for the initial payment period, the disbursement does not have to be subsequently adjusted if the student's average hours per week fall short or exceed the enrollment level used to calculate the original award. However, if the student withdraws from school, then a refund calculation is required. (See 'Total Withdrawal – Progressive Clock Hour Schools' under 'Refund Process' section of the State Grant manual.)

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 81
SECTION	<b>State Grant Program</b>		DATE July 2012

Once the student completes the number of hours in the initial payment period, the school should calculate and disburse the State Grant award for the next payment period. In cases where the student withdraws during a payment period and re-enrolls at a later date, see also ‘Post-Withdrawal Disbursement for Returning Students at Progressive Clock Hour Schools.’

(3) Enrollment Status for Subsequent Payment Periods

When the State Grant award is disbursed within the first two weeks of a subsequent payment period, the enrollment level used to calculate the award and determine the number of hours in the current payment period must be based on the number of hours per week the student actually averaged during the preceding payment period. For example, if the student received a full-time Level 15 State Grant for the initial payment period based on contracting for 30+ hours per week but only averaged 24 hours per week during the initial payment period, the enrollment level used to determine the award and payment period hours for the next payment period would be 24 hours per week, or Level 12.

When the State Grant award is disbursed *after* the first two weeks of a subsequent payment period, the enrollment level used to calculate the award and determine the number of hours in the payment period must be based on the number of hours per week the student actually averaged during the preceding payment period up through the date of disbursement for the current payment period. Thus, if a student completed four weeks of the current payment period prior to State Grant disbursement, the enrollment level used to calculate the award and payment period hours would be based on average hours per week from the beginning of the preceding payment period through the end of the fourth week of the current payment period.

These same rules apply even when a student does not financially qualify for an award.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 82
SECTION	<b>State Grant Program</b>		DATE July 2012

If the student's average hours per week during the previous payment period through the date of disbursement for the current payment period fall below the minimum enrollment level (six clock hours per week), the school must delay calculation and disbursement of the award for the current payment period until the student's average hours per week for the previous payment period through the disbursement date of the current payment period meet or exceed the minimum enrollment level of six hours per week, or Level 3.

**Example of Payment Periods for 1,550 Hour Cosmetology Program

<b>Contracted Hours per Week</b>	Full-time 35 hours	N/A	N/A
<b>Enrollment Level for Payment Period</b>	Level 15 (based on contracted hours)	Level 12 (based on average hours for Payment Period 1)	Level 14 (based on average hours per week during Payment Period 2 through third week of Payment Period 3)
<b>Payment Period Hours</b>	600 hours	480 hours (600 x 12/15ths)	560 hours* (600 x 14/15ths)
<b>Number of Scheduled Days in Period</b>	125	85	75
<b>Number of Weeks in Period</b>	125 x .20 = 25 weeks	85 x .20 = 17 weeks	75 x .20 = 15 weeks
<b>Average Hours per Week for this Period</b>	600/25 = 24 = Level 12	480/17 = 28 = Level 14	
<b>Total Program Hours Completed/ Remaining at End of Payment Period</b>	600 completed 950 remaining	1,080 completed 470 remaining	1,550 completed 0 remaining
*State Grant payments for last payment period must be prorated by 470/560 since there are only 470 remaining hours in the student's program.			

(4) When Disbursement is Substantially Delayed

In cases where the student has attended the institution for a number of months prior to disbursement of the State Grant award, the school may have to determine

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 83
SECTION	<b>State Grant Program</b>		DATE July 2012

the student's enrollment level for multiple payment periods based on the average hours per week to date. For example, if the student started a program in September and the initial disbursement was delayed until March, the school would determine the student's average hours per week from September through March and use that enrollment level to determine the award and payment period hours for multiple payment periods. This same rule applies to students who do not financially qualify for an award.

**Example of Delayed Disbursement at Clock Hour Institution**

<b>Length of Student's Cosmetology Program</b>	1,550 clock hours
<b>School's Definition of Full-Time Academic Year and Payment Period</b>	1,200 clock hours split into two full-time payment periods of 600 clock hours
<b>Period of Student's Enrollment Prior to Disbursement</b>	From September 2006 through February 2007 student completed 750 clock hours in 25.8 weeks
<b>Enrollment Status Used to Calculate Awards and Payment Period</b>	750 clock hours divided by 25.8 weeks = 29.07 hours per week = Level 14
<b>Student's first payment period</b>	560 hours (600 hours X 14/15ths)
<b>Student's second payment period</b>	560 hours (600 hours X 14/15ths)
<b>Student's third payment period</b>	After student completes 1,120 hours, school will average hours per week during the second payment period and base third payment period and award on that enrollment level

**6. Adjusting Payments for Clock Hour Programs When Remaining Program Hours Are Less Than The Number of Hours in Payment Period**

If the number of clock hours remaining in the student's program is less than the number of hours in the payment period, the school must first calculate the State Grant award for the entire payment period and then prorate the award using the following formula:

State Grant Award for Entire Payment Period	X	$\frac{\text{Number of Clock Hours Remaining in Student's Program}}{\text{Number of Hours in Payment Period}}$
---	---	--

For example, a student is enrolled full-time (averaging 30+ clock hours per week) in a 350 hour program at a school with an academic year of 1,200 hours split into two payment

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 84
SECTION	<b>State Grant Program</b>		DATE July 2012

periods. A full-time payment period would be 600 hours. The payment period award would initially be calculated based on costs for a 600 hour period. However, because there are only 350 hours remaining in the student's program, the award would then be prorated by multiplying the award by 350/600 clock hours, or by .583.

## **7. Adjusting Payments for Term-Based Clock/Credit Hour Programs When Program Length Does Not Correspond to Term Length**

**Term-based clock hour schools disburse aid to students based on the amount of time that has passed, not the number of clock hours completed.**

If the length of a student's program does not directly correspond to term length, the State Grant term award must be adjusted to reflect the length of the program.

In cases where program length directly corresponds to term length, the student may receive the standard term payments. For example, if a program consisted of two quarters, the student would be eligible for two standard term payments.

In cases where the entire or remaining program length does not directly correspond to term length, the State Grant term award for the student's enrollment level must be prorated according to the following formula:

<b>Pro-Rating Term Award for Term Based Clock/Credit Hour Program Less Than One Academic Year in Length</b>	
a.	<u>The number of weeks remaining in the student's program</u> The number of weeks in the term
b.	Multiply the student's State Grant term award by the result of (a).

For example, a student is enrolled in a program lasting 18 weeks. The school's semesters are each 15 weeks in length so the student's award for the second semester would be prorated to 3/15, or .20.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 85
SECTION	<b>State Grant Program</b>		DATE July 2012

## **8. Adjusting Payments for Leaves of Absence**

A school cannot disburse State Grant funds to a student who is on a leave of absence. (See definition in ‘Common Definitions’ chapter.)

The hours in a leave of absence are ignored for purposes of averaging hours per week and disbursing aid at clock hour schools. For example, if a student is scheduled to receive a term payment every 517 hours, the leave of absence hours would be excluded as follows:

- Student receives check covering 517 hours
- After completing only 200 hours, student takes a leave of absence
- Payment for second payment period cannot be disbursed until student returns to school and completes the remaining 317 hours of the first payment period.

## **VIII. DDS Reporting Requirements**

### **A. General Description of DDS System**

All participating schools are now required to administer the State Grant program on campus using the Decentralized Delivery System (DDS).

With DDS, the school is responsible for screening the student’s application using the FAFSA record it receives from the FAFSA processor and the Minnesota State Grant program Student Eligibility Questionnaire (Appendix 2). Once the school completes the student’s application, the school then calculates the student’s State Grant award using the Shared Responsibility term award calculation (Appendix 8). The Agency disburses State Grant funds to schools each term to cover anticipated payments. The school then notifies the student about his/her State Grant eligibility via the financial aid award letter and makes disbursements from its State Grant account to the student at the onset of each term. The school reports award and payment activity to the Agency on at least a monthly basis throughout the academic year. Any refunds for students who did not enroll, withdrew or changed enrollment status are deposited back in the school’s State Grant fund, the balance of which must be returned to the Agency at the close of the aid year. The deadline for returning funds to the Agency is August 31.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 86
SECTION	<b>State Grant Program</b>		DATE July 2012

## **B. Requesting State Grant Funds**

Schools must request State Grant funds using the SG web access screen along with submitting an up-to-date DDS batch. The Agency can adjust a school's advance based on previous year spending patterns or the sum of term awards in the school's most recent DDS batch. The Agency can also delay a school's funds disbursement if the school is not meeting the reporting schedule deadlines described below.

## **C. Required Reporting Schedule**

Each school is responsible for submitting a batch containing DDS records for both State Grant recipients and no-need students to the Agency on at least a monthly basis. This is to ensure that the State Grant database contains current information about awards and payments for the fiscal year in question. (See definition of no-need under 'Selection of Student Records for DDS Batches.')

## **D. Reporting Deadlines**

Schools must submit their initial DDS batch to the Agency prior to making any disbursements in order for the Agency to check for hold data and verify accuracy of awards and payments.

While submitting DDS batches to the Agency on at least a monthly basis, schools must incorporate the following reporting deadlines:

- Schools must submit a DDS batch suitable for production prior to receiving their initial funds for the new aid year. For schools who process aid for the leading summer term, the initial batch must be submitted in June. For schools with aid years starting with fall term, the initial batch must be submitted by August 1.
- Schools with payments for the leading summer term must submit a batch reflecting payment activity by July 15.
- Fall term payment activity for terms starting in August or September must be reported no later than October 1. For fall terms starting in early October, fall term payment activity must be reported no later than October 15.
- Winter quarter payment activity must be reported no later than January 15.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 87
SECTION	<b>State Grant Program</b>		DATE July 2012

- Spring term payment activity for terms starting in January or February must be reported no later than March 1. For spring terms starting in March or early April, spring term payment activity must be reported no later than April 15.
- Trailing summer term awards and enrollment levels must be reported as soon as students have enrolled for the trailing summer term. Payment activity must be reported by July 1.
- Schools must submit an error-free final batch to the Agency by August 31 along with a refund of all unused funds from that aid year.

Reporting deadlines are also shown in the ‘Calendar of Financial Aid Events and Reporting Deadlines’ in the introductory section of the Financial Aid Manual.

#### **E. Selection of Student Records for DDS Batches**

DDS batches should be cumulative and increase in volume throughout the year as more students apply and complete their financial aid applications.

Schools must report data for students who meet all the program eligibility requirements such as residency (see ‘Comprehensive List of Eligibility Requirements’ in this chapter), have completed financial aid applications, will enroll at the school for one or more terms of the aid year, and have been evaluated for a State Grant using the Shared Responsibility term award calculation (Appendix 8) and found to either be recipients or no-need students. No-need students are those who meet all the program eligibility requirements but do not show financial need for a State Grant award. It is critical for the Agency to have both recipient and no-need records on its database in order to conduct accurate program expenditure projections and simulations for proposed changes to the award formula. DDS batch selection criteria are illustrated in Appendix 11.

#### **F. The DDS Record Layout**

A description of the DDS Record Layout can be found in Appendix 12.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 88
SECTION	<b>State Grant Program</b>		DATE July 2012

The DDS record is 1200 bytes long and contains fields for most of the data elements collected on the student's FAFSA record as well as need analysis results, enrollment level, term award/payment amounts and accurate term disbursement dates.

The DDS record is identical for both recipients and no-need students, although the school should report zeros for the award and payment fields on the record for no-need students.

### **G. Reporting Student Enrollment Status on the DDS Record**

When a school first reports a student's record to the Agency, the school should report an assumed full-time enrollment status (15 credits) for the student for all terms of the school's standard academic year (fall through spring terms) unless the school is aware of the student's actual enrollment level for those terms. Term enrollment status for the leading and trailing summer terms should not be populated until the student registers for those terms unless the school has a reliable means of knowing the student will enroll for either of those terms.

Throughout the course of the school year the school should be updating term enrollment status on the DDS record for students who do not enroll or end up enrolling less than full-time. Term enrollment status must be updated on both recipient and no-need records.

If a student withdrew or changed enrollment status after the State Grant was disbursed and the full amount of the difference in the awards for the initial and revised enrollment levels was not required to be returned to the State Grant program, the school should continue to report the enrollment level at which the student was initially paid. (See also Appendix 20 for examples.)

### **H. Methods for Submitting DDS Batches**

Schools should submit batches to the Agency using the SG web access screen. Schools may also use an automated SFTP process to transmit DDS batches to the Agency. Schools interested in submitting data via SFTP must contact the grant unit to obtain a username, password and directory. In either case, the Agency will need to know the name of the school sending the batch, the cut-off date for the batch and the balance of funds remaining in the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 89
SECTION	<b>State Grant Program</b>		DATE July 2012

school's State Grant account on campus. Most schools have designed their reporting software to include this information in designated fields on the trailer record for the DDS batch.

## **I. Reviewing DDS Batch Output Reports**

When the Agency processes a batch of DDS records, it checks to make sure the student does not have an eligibility problem by checking for child support holds, SELF default holds, overpayment holds and four years of aid holds on its database. It also uses the data on the school's DDS record to calculate the federal need analysis results and the State Grant award. The Agency's calculation results are then compared to the data submitted by the school and any discrepancies are noted. If discrepancies are outside the established tolerances, the award and payment data for the student is rejected.

Data about eligibility problems, award discrepancies and rejected payments is provided on a series of on-line output reports generated for the school after the DDS batch is processed by the Agency. Reports can either be viewed on-line or downloaded to the school's system.

The output reports generated when a DDS batch is processed are the *Roster of Rejected Awards/Payments* (Appendix 16), the *Award Error Detail Roster* (Appendix 17), the *Roster of Accepted Payments* (Appendix 18) and the *Reconciliation Report* (Appendix 19). Reports are accessed at: <https://www.ohe.state.mn.us/SSL/SG/Index.cfm>.

The school is responsible for reviewing DDS batch output reports and resolving errors prior to the school reporting its next DDS batch. The school should refer to the appropriate appendices for detailed instructions on reviewing these reports and resolving errors.

## **IX. Refund Process**

### **A. General Information and Deadlines**

All refunds should be for an even dollar amount with cents rounded to the nearest dollar.

Any refunds of student State Grant payments must be returned to the school's State Grant account on campus for the given aid year regardless of the dollar amount of the refund.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 90
SECTION	<b>State Grant Program</b>		DATE July 2012

Schools are responsible for calculating the amount of student refunds within a reasonable amount of time and returning funds to the State Grant account in a timely manner. Any remaining balance in the account must be returned to the Agency by the end of year deadline for the DDS system or within ten working days of a written request from the Agency. Failure to meet this deadline will result in the Agency delaying funds advances for the next academic year. After the school has returned the end of year account balance to the Agency, any student refunds discovered after that point should be sent directly to the Agency along with the Refund Return Form (Appendix 22).

### **B. Refunds for Students Who Do Not Attend**

If a student fails to attend any classes for a term or payment period, any State Grant funds disbursed to the student or credited to the student's account must be fully refunded to the school's State Grant account on campus.

### **C. Calculating Refunds for Students Who Change Enrollment Level or Withdraw After State Grant Disbursement**

If, according to the refund policy the school is required to use, there is a refund of institutional charges for a student who withdrew from school or had a change in enrollment, all or a portion of that student's refund may be due to the State Grant program. (See 'Common Definitions' chapter for a definition of "Withdrawal Date.")

Each institution is responsible for refunds of unused institutional charges when a student changes enrollment status or withdraws from school.

The Office of Higher Education Refund Calculation Worksheet (Appendix 13a or 13b) or similar form must be used to document the calculation of refunds to the State Grant program. The appropriate worksheet is for the school's use and is not intended to be sent to the Agency. This worksheet is also available in spreadsheet format on the Agency's web page under Campus Financial Aid Administrator Resources, Program Forms, Spreadsheets & Instructions.

## **1. Change in Enrollment Level**

### **a. Term-Based Credit-Hour Schools**

If, according to the policies described under ‘Adjustments to Awards Based on Change in Enrollment Level,’ the school is required to complete the Agency’s Refund Calculation Worksheet (Appendix 13b) for students who withdrew from a class but were still enrolled for three or more credits for the term, the amount of the refund due the State Grant program will be the lesser of: the difference between the State Grant term award for the original and current enrollment level or a proportional amount of the school’s refund of institutional charges based on the refund policy the school is required to use. If there is no refund of institutional charges based on the institution’s refund policy, the school is not required to return funds to the State Grant program.

The following example illustrates the difference between a case where the Agency’s Refund Calculation Worksheet would be used (Case A) and a case of award recalculation (Case B) which, while requiring a refund, does not necessitate use of the Agency’s Refund Calculation Worksheet. (The Refund Calculation Worksheet is used when a student attends and then withdraws from a class or classes. Recalculation of the award occurs when a student drops a class or classes without having attended the class.)

<b>State Grant Term Awards</b>	<b>Refund Case A</b>	<b>Recalculation Case B</b>
Level 15 \$800 Level 14 \$746 Level 13 \$694 Level 12 \$640 Level 11 \$586 Level 10 \$534 Level 9 \$480 Level 8 \$426 Level 7 \$374 Level 6 \$320 Level 5 \$300 Level 4 \$287 Level 3 \$250	<p>The student initially received a Level 15 State Grant of \$800 for fall quarter after starting classes. The student then withdrew from a two-credit class the student had attended and the enrollment status changed to Level 13. The difference between Level 15 and Level 13 term awards is \$106. Therefore, up to \$106 of the refund is due the State Grant program. The school's refund calculation (Appendix 13b) results in a refund to the State Grant program of \$90.</p> <p>Therefore, only \$90 would be returned to the State Grant program. The school would not have to bill the student for the remainder.</p>	<p>The student initially received a Level 15 State Grant of \$800 for fall quarter but did not begin a two-credit course and dropped those two credits, resulting in an enrollment status change to Level 13. The State Grant must be recalculated and the difference between Level 15 and Level 13 term awards (\$106) must be returned to the State Grant program.</p>

**b. Non Term-Based Credit-Hour Schools**

Non term-based credit-hour schools that combine sequential course modules into a term are not subject to refund calculations for partial withdrawals. Since courses are offered sequentially, student withdrawals are subject to refunds for total withdrawals and/or refunds for award recalculations. (See 'Enrollment Level at Non Term-Based Credit-Hour Schools,' 'Adjustment of Awards for Students Attending Non Term-Based Credit-Hour Schools' and 'Total Withdrawal – Non Term-Based Credit-Hour Schools' sections in this manual for further guidance.)

**2. Total Withdrawal**

**a. Term-Based Credit-Hour Schools**

This policy refers to students who withdraw from school (or below three credits) after attending classes. If a student withdraws without attending classes, the State Grant term award must be recalculated to zero and the State Grant term award disbursement must be returned to the State Grant program. This also applies if the student attends

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 93
SECTION	<b>State Grant Program</b>		DATE July 2012

classes but is granted a withdrawal date retroactively to the first day of the term. (See ‘Backdated Withdrawal Date’ in this section.)

Schools should refer to the definition of “withdrawal date” contained in the ‘Common Definitions’ chapter of this manual to determine the date of withdrawal. If the refund policy the school is required to use results in a refund of institutional charges and, after the institution’s share of any required refund to Title IV programs has been refunded (Unearned Title IV Aid Due from the School, Step 5.O. of Title IV Refund Worksheet), a proportional share of any remaining refund (Line E of Office of Higher Education Refund Calculation Worksheet), not to exceed the amount of the State Grant payment the student initially received for the term, must be returned to the State Grant program. Schools should use the Agency’s Refund Calculation Worksheet (Appendix 13a) to calculate the amount of funds to return to state financial aid programs. The worksheet is also available in spreadsheet format on the Agency’s web site under Campus Financial Aid Administrator Resources, Program Forms, Spreadsheets & Instructions.

If a school disburses a State Grant to a student who is later determined to have a withdrawal date set prior to the disbursement, the school must complete the OHE Refund Calculation Worksheet (Appendix 13) to determine if a refund is due the State Grant program. This can occur in cases where a school is not required to take attendance and becomes aware of the withdrawal after the date of disbursement.

On Line A of the Refund Calculation Worksheet, the school would enter the total amount of all (federal, state, institutional, private) financial aid and cash applied to the original institutional charges for the term or payment period, not to exceed the amount of original institutional charges. In other words, if a student received \$4,000 in financial aid and original institutional charges were only \$3,500, the excess \$500 disbursed to the student for non-institutional expenses would not be reported on Line A.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 94
SECTION	<b>State Grant Program</b>		DATE July 2012

On Line B of the refund worksheet, the school would report the amount of institutional charges it is allowed to retain per its institutional or state-mandated refund policy. Most schools rely on their institutional or accrediting agency's refund policy, but certain proprietary schools are required to use a state-mandated policy, such as cosmetology and barber schools (Minnesota Board of Barbers and Cosmetologist Examiners) and for-profit institutions not offering degrees (Minnesota Statutes Chapter 141).

In the case where a school is first performing an award recalculation prior to a refund for a withdrawal, the amounts on lines A and B should only include amounts for the revised enrollment level. For example, if the school disbursed a Level 15 State Grant to a student who first dropped or withdrew from a three-credit class without attending the class, and later fully withdrew from school, the school would first refund the difference between the Level 15 and Level 12 State Grants and then perform the refund worksheet calculation using the Level 12 State Grant amount.

Line C of the refund worksheet is the gross refund calculated by subtracting Line B from Line A. If the amount on Line C is not greater than zero, there is no refund required for state financial aid programs. If Line C is greater than zero, the school would report the amount of the school's share of any required refund to federal financial aid programs on Line D (from Step 5.O. of the federal refund worksheet), with Line E representing Line C minus Line D.

If the amount on Line E is not greater than zero, no refund to state financial aid programs is required. If the amount on Line E is greater than zero, it must be distributed on a proportional basis to non-Title IV aid programs requiring refunds, not to exceed the actual amount the student received from each program. All Minnesota aid programs (excluding State Work Study) from which the student received funds must receive their proportional share of the remaining refund before the student may receive any portion of the amount listed on Line E.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 95
SECTION	<b>State Grant Program</b>		DATE July 2012

To determine the proportional share of the refund due each non-federal financial aid program, the school would first list all non-federal financial aid programs in Part Two of the Refund Calculation Worksheet (Title IV aid, State Work Study earnings, and payments made by the student should not be included) that require a portion of any refund of institutional charges. For non-Title IV loans, use the total loan divided by the number of attendance periods in the loan period. Institutional aid may also be included. Once the amount of the total non-Title IV aid package is known, divide the student's State Grant for the term by the amount of the term's total non-Title IV aid package to determine what percentage of the total non-Title IV aid package is comprised of State Grant funds. In cases where the original State Grant payment is first recalculated to exclude credits for a course the student didn't attend, if the student subsequently withdraws from school, the revised (i.e., recalculated) State Grant should be listed in Part Two of the Refund Calculation Worksheet. The same would apply to the other state financial aid programs listed in Part Two of the worksheet.

<b>Example of Proportional Distribution of Refund to Non-Federal Aid Programs</b>	
<u>Non-Title IV Aid Package for Fall Term</u>	
State Grant	\$1,000
SELF Loan	\$2,000
YMCA Scholarship	\$ 800

\$1,000 would be refunded to State Grant

**b. Non Term-Based Credit-Hour Schools**

When a student withdraws from a non term-based credit-hour school, the point of withdrawal will determine whether the school must perform an award recalculation or total withdrawal refund, or both. In general, if a student withdraws *between* a completed course and the next course, an award recalculation is performed. If a student withdraws *during* the *last* course of the term after beginning attendance in that course, the school would perform a refund for a total withdrawal using the OHE Refund Calculation Worksheet (Appendix 13a). If a student withdraws *during* a course, and there are remaining courses in the term that will not be attended, the school must first recalculate the State Grant award to exclude credits for the remaining courses, and then perform a total withdrawal refund using the Refund Calculation Worksheet (Appendix 13a) listing the State Grant award amount for the classes the student did attend during the term. For further guidance, see sections ‘Enrollment Level at Non Term-Based Credit-Hour Schools’ and ‘Adjustment of Awards for Students Attending Non Term-Based Credit-Hour Schools’ in this manual.

**(1) Post-Withdrawal Disbursement for Returning Students at Non Term-Based Credit-Hour Schools**

If a student at a non term-based credit-hour school withdraws from school and subsequently reenrolls in the same program during the same aid year, any refunds for award recalculations and withdrawals can be reversed and the original term award reinstated, provided the student still meets all program eligibility requirements. The length of the term would typically be extended and the student’s enrollment level increased to compensate for the additional class. If the student reenrolls in the next aid year, different guidelines apply. For further guidance on both of these scenarios, refer to the sections on ‘Enrollment Level at Non Term-Based Credit-Hour Schools,’ ‘Adjustment of Awards for Students Attending Non Term-Based Credit-Hour Schools,’ and ‘Awards for Summer or Non-Standard Terms’ in this manual.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 97
SECTION	<b>State Grant Program</b>		DATE July 2012

**c. Progressive Clock Hour Schools**

This policy refers to students who withdraw from school (or below six clock hours per week) after attending classes. If a student withdraws without attending classes, the State Grant term award must be recalculated to zero and the State Grant term award disbursement must be returned to the State Grant program.

If a student withdraws and the refund policy used by the school results in a refund of institutional charges, and after the institution's share of any required refund to Title IV programs has been refunded (Unearned Title IV Aid Due from the School, Step 5.O. of Title IV Refund Worksheet), a proportional share of the remaining refund must be returned to the State Grant program based on a percentage determined by dividing the amount of State Grant funds received for the payment period by the total non-Title IV aid received for that payment period or aid year.

Once the percentage is calculated, the refund remaining (Line E of the Office of Higher Education Refund Calculation Worksheet) after federal aid programs have been repaid is multiplied by the percentage and the result, not to exceed the amount of the State Grant payment the student initially received for the State Grant program payment period or aid year, is returned to the State Grant program.

For progressive clock hour schools with institutional refund policies based on the amount of institutional charges that can be retained for a payment period, lines A and B on Part One of the Refund Calculation Worksheet (Appendix 13) should be based on the funds applied and charges retained for the payment period. Determining the percentage of the payment period financial aid package covered by the State Grant can be difficult because the payment period used for State Grant may be different from the payment period used for other non-Title IV financial aid programs.

For purposes of calculating what percentage of the total payment period non-Title IV aid package is comprised of State Grant funds, an hourly rate must be calculated. Divide the State Grant payment for the payment period by the number of hours in the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 98
SECTION	<b>State Grant Program</b>		DATE July 2012

State Grant payment period to determine the amount of State Grant per clock hour. Divide any other non-Title IV aid by the number of hours in the award period, which may consist of more hours than a payment period, as shown in the chart that follows.

<b>Example of Refund Distribution at Clock Hour Institution Where Refund Period Based on Payment Period</b>		
Academic year = 900 hours (300 Clock Hours in Level 15 Payment Period)		
State Grant Level 14 Payment	\$ <u>500</u>	
State Grant Level 14 Payment Period	280 clock hours = \$1.79 (35.0%)	
SELF Loan	\$ <u>2,000</u>	
SELF Loan Award Period	900 clock hours = \$2.22 (43.4%)	
Institutional Scholarship	\$ <u>1,000</u>	
Scholarship Award Period	900 clock hours = \$1.11 (21.6%)	
		\$5.12 (100%) Total Non-Title IV Aid Per Clock Hour
Total Refund of Institutional Charges	\$1,500	
Institutional Share of Title IV Refund	<u>- 767</u>	
Remaining Refund	\$ 733	
\$733 x 35.0% = \$257 State Grant Portion of Remaining Refund \$733 x 43.4% = \$318 SELF Loan Portion of Remaining Refund \$733 x 21.6% = \$158 Institutional Scholarship Portion of Remaining Refund		

(1) Post-Withdrawal Disbursement for Returning Students at Progressive Clock Hour Schools

If a student attending a progressive clock hour school withdraws from school but re-enrolls at the school within 180 days of the withdrawal date, the student is eligible to receive a State Grant for the payment period during which the student withdrew. The school may not impose additional fees for the student to re-enroll or require the student to re-enroll in the same program. If the school performed a refund calculation for the withdrawal, the school may reverse the refunds to financial aid programs as if the student never withdrew. In these cases, the State Grant award is not revised from the award amount at the time of the initial disbursement. If the State Grant for the payment period was not disbursed prior to

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 99
SECTION	<b>State Grant Program</b>		DATE July 2012

the withdrawal, it can be disbursed after the student re-enrolls based on the student's enrollment level from the beginning of the previous payment period to the current date of disbursement. For students who re-enroll in this manner, the State Grant award for the next payment period cannot be disbursed until the student completes the hours in the payment period during which the student withdrew.

If a student attending a progressive clock hour school withdraws from school but re-enrolls at the same school more than 180 days *after* the withdrawal date, the timing of the next State Grant disbursement to the student will be based on the terms of the contract under which the student re-enrolls. If the student re-enrolls under the previous contract without incurring additional charges, the school may not disburse additional State Grant funds to the student until the hours in the payment period during which the student withdrew have been completed. If the student re-enrolls under a new contract subject to additional charges, the student is eligible to receive a State Grant disbursement at the onset of the new period of enrollment as would any other new or transfer student. When students re-enroll more than 180 days after the date of withdrawal, any refunds to state financial aid programs for the student's withdrawal cannot be reversed.

### **3. Total Withdrawal When School's Mandatory Refund Policy Applies to Program Length**

If the institutional refund policy the school is required to use applies to charges assessed and retained for the student's entire program as opposed to a term or payment period, Line A in Part One of the Refund Calculation Worksheet (Appendix 13) should reflect all financial aid and cash applied to institutional charges to date for the aid year, not to exceed the amount of institutional charges. Line B of the worksheet should reflect the amount of institutional charges the institution is allowed to retain for the student's program. Part Two of the worksheet should reflect non-Title IV financial aid disbursed to date for the aid year.

#### 4. Backdated Withdrawal Date

A student who withdraws from a class or classes and is granted a retroactive withdrawal date back to the start date of the term will be treated as if the student never attended the class or classes. The award must be recalculated to exclude credits granted a retroactive withdrawal and the overpayment returned to the State Grant program.

#### 5. Award Adjustment and Refunds for All Non-Passing Grades

If a student receives a non-passing grade in all classes taken during the term, the applicable federal financial aid guidelines requiring schools to document attendance in these cases also apply to the Minnesota State Grant program. If the school determines that the student never attended a class or classes, the State Grant award for the term must be

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 101
SECTION	<b>State Grant Program</b>		DATE July 2012

recalculated to exclude the credits for the classes the student never attended and the overpayment refunded to the State Grant program prior to any refund taking place for other classes the student did attend but did not complete.

For example, a student enrolls and receives a State Grant disbursement for 15 credits at the onset of the term. The student then receives a grade of F in all courses for the term. The school determines the student never attended one 3-credit class, did attend and complete three 3-credit classes and did attend but stopped attending another 3-credit class. In this case, a refund would not be required for the Pell Grant program since the student attended at least one class and, therefore, earned the F grade. However, for Minnesota State Grant, the award must first be recalculated to exclude the 3-credit class the student never attended and any overpayment refunded to the program prior to completing the Refund Calculation Worksheet (Appendix 13) to determine the refund for the one 3-credit class the student attended but did not complete (that is, an unofficial withdrawal).

The state does not impose any stricter requirements upon schools to document attendance in these cases beyond those already in place for federal financial aid programs. In other words, if the school first documents the student did attend at least one class and is, therefore, eligible for the Federal Pell Grant, the state does not require the school to document attendance in all classes for the term.

#### **6. Withdrawal for Military Service or Service-Related Medical Condition**

When a student must withdraw from school for military service, the standard refund policy for withdrawals is used. However, state law provides special options for students whose postsecondary education at a Minnesota school is affected due to military service or a service-related disability. The applicable law can be accessed at [www.leg.state.mn.us](http://www.leg.state.mn.us) by retrieving Statute 192.502.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 102
SECTION	<b>State Grant Program</b>		DATE July 2012

## **X. Accounting and Audit Requirements**

### **A. General**

Each institution must designate an employee(s) as the institutional representative to perform or supervise all financial and accounting activities related to the Minnesota State Grant program. Auditors from the Office of Higher Education will periodically visit each participating school to perform an audit. Schools have the option of hiring a private auditing firm to conduct the audit of state aid programs in conjunction with an audit of federal financial aid programs. (See also 'Audits' under 'Common Definitions' chapter for criteria for hiring an independent auditing firm.)

Each participating school must establish a procedure by which an audit can be conducted by going to no more than three administrative offices within the school. In most cases, these will be the financial aid office, the business office and the registrar's office, but that choice is made by the school.

The school must make available all pertinent books, documents, papers and records for audit and examination for three years after the last day of a fiscal year or until all audit exceptions for the period are resolved.

Upon request by the school, the Agency will supply an updated State Grant program audit guide.

### **B. Documentation of Student Eligibility**

All schools must have written documentation that the student meets all of the program eligibility requirements described in the 'Student Eligibility' section in this chapter.

With respect to written documentation of enrollment status, the actual documentation, such as a fee statement or transcript, need not be kept at the financial aid office but must be readily available at the registrar's office or other responsible department within the school.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 103
SECTION	<b>State Grant Program</b>		DATE July 2012

## **C. Documentation of State Grant Receipts, Disbursements and Refunds**

### **1. General Ledger**

All schools must maintain an audit trail in the form of a general ledger (see Appendix 14 for example) by state fiscal year that tracks the following transactions:

- the date and amount of State Grant funds sent by the Agency to the institution;
- the date and amount of State Grant funds disbursed by the institution to students. The institution should keep supporting documentation for disbursement entries that identifies the amount of State Grant funds disbursed to the student by check or deposited in the student's institutional or bank account by student name and social security number. The institution must reconcile financial aid records to business office records regarding the amount of State Grant paid to each student;
- the date and amount of State Grant refunds or repayments from students deposited back into the institution's State Grant account on campus. The institution should keep supporting documentation for refund entries that identifies the amount of State Grant funds deposited back into the institution's State Grant account for each student by student name and social security number. The school must also keep a copy of the refund calculation worksheet, or the school's facsimile, used to calculate the State Grant refund; and
- the date and amount of State Grant funds returned to the Agency by the institution at the end of each fiscal year.

## **D. Reconciliation**

### **1. Reconciling State Grant Disbursement Records**

At the end of each state fiscal year, the financial aid office must reconcile its record of State Grant disbursements with:

- the Agency's records of State Grant disbursements, and
- the college business office's records of State Grant disbursements.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 104
SECTION	<b>State Grant Program</b>		DATE July 2012

The financial aid office must verify that financial aid records reflect the same disbursement amount for each student as the business office and the Agency. This process includes, but is not always limited to, the following steps:

STEP 1. The institution selects their official record of State Grant disbursements. This must be the record used to submit batches to the Agency and can be maintained by the financial aid office or the business office.

STEP 2. The institution determines that its official record and the Agency records agree by verifying:

- all disbursements of State Grant funds have been submitted to the Agency,
- that there are no outstanding rejected payments, and
- the total amounts disbursed by the institution and the total amount of payments accepted by the Agency agree.

[Note: If the institution is not able to transmit payment data to the Agency due to software errors, the Agency will not grant the school credit for those payments.]

STEP 3. The institution determines that the records of the business office and the financial aid office are in agreement. If appropriate, any differences should be corrected by adjusting the non-official State Grant disbursement record. If the school needs to adjust its official record, the institution must repeat Step 2.

The student must be eligible to receive any increased award payments made to him or her as part of the reconciliation process.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 105
SECTION	<b>State Grant Program</b>		DATE July 2012

This part of the reconciliation must establish that:

- the business office and the financial aid office recorded the same total disbursements, and
- for each student, the business office and the financial aid office recorded the same disbursements.

## **2. Reconciliation Summary Report**

Reconciliation between the school and the Agency occurs each time the school submits a batch of student records reflecting payments to date. The Reconciliation Summary Report generated during batch processing reflects the amount of funds advanced to the school, the amount of payments in the current batch accepted by the Agency, and the remaining balance due the Agency at the end of the academic year. (See Appendix 19 for further information about this report.)

## **3. Return of Excess Funds**

The school must return all excess funds to the Agency no later than August 31. Schools must also honor any requests for return of excess cash balances sent by the Agency throughout the aid year and return the requested amount within 10 days of receiving the request.

## **E. Utilization of State Grant Fund Interest Earnings**

Schools are allowed to utilize any interest earnings on State Grant funds advanced to the institution to offset administrative costs incurred by the financial aid office from administering the State Grant program on a decentralized basis.

## **F. Prohibition Against Charging Student Fees**

The school shall not, under any circumstances, collect from State Grant applicants or recipients any special fees for charges to directly cover the cost of administering the State Grant program.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 106
SECTION	<b>State Grant Program</b>		DATE July 2012

### **G. Student Account Requirement**

A school must maintain a student account for each student. The school must provide the student with an itemized statement of the account at least annually and upon termination of enrollment. (See also ‘Student Authorization’ under ‘Disbursement Process’ section of this chapter.)

### **H. Summary of State Audit Requirements: Institutional Documentation for the Minnesota State Grant Program**

At a minimum, each school must be able to produce the following for auditors:

1. individual student financial aid files for State Grant recipients;
2. documentation that students meet program eligibility requirements as outlined under ‘Student Eligibility’ in this chapter;
3. documentation of the need analysis results used to calculate the student’s State Grant award;
4. documentation of the student’s enrollment level at the time of State Grant disbursement;
5. documentation of the disbursement dates of payments to individual award recipients;
6. written documentation of refund calculations for individual award recipients [e.g., copy of Refund Calculation Worksheet or Spreadsheet (Appendix 13a or 13b)];
7. written documentation of individual student refund amounts and the date these State Grant funds were returned to the school’s State Grant account;
8. written definition of “satisfactory academic progress” and a policy which conforms to both federal and state requirements;
9. written definitions of “full-time student,” “three-quarter time student,” “half-time student,” and “less than half-time student” for purposes of Federal Title IV programs;
10. documentation of the unusual circumstances requiring a professional judgment change of dependency status or adjustment of EFC or cost of attendance; and
11. for private schools not participating in the Federal Pell Grant program, a signed student disclosure statement (Appendix 23) for all enrolled students.

State  
Grant  
Program**

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 1
SECTION	<b>State Grant Program</b>		DATE July 2011

**136A.121 Grants.**

Subdivision 1. [Repealed, 1989 c 293 s 85]

Subd. 2. **Eligibility for grants.** An applicant is eligible to be considered for a grant, regardless of the applicant's sex, creed, race, color, national origin, or ancestry, under sections 136A.095 to 136A.131 if the office finds that the applicant:

- (1) is a resident of the state of Minnesota;
- (2) is a graduate of a secondary school or its equivalent, or is 17 years of age or over, and has met all requirements for admission as a student to an eligible college or technical college of choice as defined in sections 136A.095 to 136A.131;
- (3) has met the financial need criteria established in Minnesota Rules;
- (4) is not in default, as defined by the office, of any federal or state student educational loan; and
- (5) is not more than 30 days in arrears in court-ordered child support that is collected or enforced by the public authority responsible for child support enforcement or, if the applicant is more than 30 days in arrears in court-ordered child support that is collected or enforced by the public authority responsible for child support enforcement, but is complying with a written payment agreement under section 518A.69 or order for arrearages.

Subd. 3. **Allocation.** Grants must be awarded on a funds available basis to those applicants who meet the office's requirements.

Subd. 4. [Repealed, 1989 c 293 s 85]

Subd. 5. **Grant stipends.** The grant stipend shall be based on a sharing of responsibility for covering the recognized cost of attendance by the applicant, the applicant's family, and the government. The amount of a financial stipend must not exceed a grant applicant's recognized cost of attendance, as defined in subdivision 6, after deducting the following:

- (1) the assigned student responsibility of at least 46 percent of the cost of attending the institution of the applicant's choosing;
- (2) the assigned family responsibility as defined in section 136A.101; and

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 2
SECTION	<b>State Grant Program</b>		DATE July 2011

(3) the amount of a federal Pell grant award for which the grant applicant is eligible. The minimum financial stipend is \$100 per academic year.

**Subd. 6. Cost of attendance.**

(a) The recognized cost of attendance consists of:

- (1) an allowance specified in law for living and miscellaneous expenses, and
- (2) an allowance for tuition and fees equal to the lesser of the average tuition and fees charged by the institution, or a tuition and fee maximum if one is established in law. If no tuition and fee maximum is established in law, the allowance for tuition and fees is equal to the lesser of:
  - (1) the average tuition and fees charged by the institution, and
  - (2) for two-year programs, an amount equal to the highest tuition and fees charged at a public two-year institution, or for four-year programs, an amount equal to the highest tuition and fees charged at a public university.

(b) For a student registering for less than full time, the office shall prorate the cost of attendance to the actual number of credits for which the student is enrolled.

The recognized cost of attendance for a student who is confined to a Minnesota correctional institution shall consist of the tuition and fee component in paragraph (a), with no allowance for living and miscellaneous expenses.

For the purpose of this subdivision, “fees” include only those fees that are mandatory and charged to full-time resident students attending the institution. Fees do not include charges for tools, equipment, computers, or other similar materials where the student retains ownership.

Fees include charges for these materials if the institution retains ownership. Fees do not include optional or punitive fees.

**Subd. 7. Insufficient appropriation.** If the amount appropriated is determined by the office to be insufficient to make full awards to applicants under subdivision 5, awards must be reduced by:

- (1) adding a surcharge to the applicant’s assigned family responsibility, as defined in section 136A.101, subdivision 5a; and

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 3
SECTION	<b>State Grant Program</b>		DATE July 2011

(2) a percentage increase in the applicant's assigned student responsibility, as defined in subdivision 5.

The reduction under clauses (1) and (2) must be equal dollar amounts.

Subd. 7a. **Surplus appropriation.** If the amount appropriated is determined by the office to be more than sufficient to fund projected grant demand in the second year of the biennium, the office may increase the living and miscellaneous expense allowance in the second year of the biennium by up to an amount that retains sufficient appropriations to fund the projected grant demand. The adjustment may be made one or more times. In making the determination that there are more than sufficient funds, the office shall balance the need for sufficient resources to meet the projected demand for grants with the goal of fully allocating the appropriation for state grants. An increase in the living and miscellaneous expense allowance under this subdivision does not carry forward into a subsequent biennium.

Subd. 8. [Repealed, 1Sp1985 c 11 s 81]

Subd. 9. **Awards.** An undergraduate student who meets the office's requirements is eligible to apply for and receive a grant in any year of undergraduate study unless the student has obtained a baccalaureate degree or previously has been enrolled full time or the equivalent for eight semesters or the equivalent, excluding courses taken from a Minnesota school or postsecondary institution which is not participating in the state grant program and from which a student transferred no credit. A student who withdraws from enrollment for active military service or for a major illness, while under the care of a medical professional, that substantially limits the student's ability to complete the term is entitled to an additional semester or the equivalent of grant eligibility. A student enrolled in a two-year program at a four-year institution is only eligible for the tuition and fee maximums established by law for two-year institutions.

Subd. 9a. **Full-year grants.** Students may receive state grants for four consecutive quarters or three consecutive semesters during the course of a single fiscal year. In calculating a state grant for the fourth quarter or third semester, the office must use the same calculation as it would for any other term, except that the calculation must subtract any federal Pell grant for which a student would be eligible even if the student has exhausted the Pell grant for that fiscal year.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 4
SECTION	<b>State Grant Program</b>		DATE July 2011

Subd. 9b. **Onetime grant for high school-to-college developmental transition program.**

- (a) A student who enrolls in a program under section 135A.61 is eligible for a onetime grant to help pay expenses to attend the program. The amount of the grant must be determined according to subdivision 5, except as modified by paragraph (b). The requirement in subdivision 9a that subtracts a federal Pell Grant award for which a student would be eligible, even if the student has exhausted the federal Pell Grant award, does not apply to a student who receives a grant under this subdivision in the award year in which the grant is received. The maximum grant under this subdivision must be reduced by the average amount a student would earn working in an on-campus work-study position for ten hours per week during a summer term. The office must determine an amount for student earnings in a summer term, using available data about earnings, before determining the amount awarded under this subdivision.
- (b) For a student with an expected family contribution of zero, the maximum amount of the grant is the cost of attendance under subdivision 6.
- (c) A grant under this subdivision counts as one of the nine semesters of eligibility under subdivision 9. A grant under this subdivision must not be awarded for the same term for which another grant is awarded under this section.

**EFFECTIVE DATE.** This section is effective for students who graduate from high school after December 31, 2009.

Subd. 10. [Repealed, 1Sp1993 c 2 art 2 s 26]

Subd. 11. **Renewal conditions.** Each grant is renewable, contingent on continued residency in Minnesota, satisfactory academic progress, recommendation of the eligible institution currently attended, and evidence of continued need.

Subd. 12. **Annual application.** To continue to receive a grant, the student must apply for renewal each year.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 5
SECTION	<b>State Grant Program</b>		DATE July 2011

Subd. 12a. **Free application for Federal Student Aid (FAFSA) compliance.** All eligible institutions must implement policies and procedures that ensure that applicants are aware that they must annually complete the FAFSA to be eligible for financial aid.

Subd. 13. **Deadline.** The deadline for the office to accept applications for state grants for a term is 30 days after the start of that term.

Subd. 14. [Repealed, 1Sp1985 c 11 s 81]

Subd. 15. [Repealed, 1989 c 293 s 85]

Subd. 16. **How applied; order.** Grants awarded under this section must be applied to educational costs in the following order: tuition, fees, books, supplies, and other expenses. Unpaid portions of the awards revert to the grant account.

Subd. 17. **Independent student information.** The office shall inform students in its financial aid publications about the definition of independent student status and appeals to the financial aid administrator relating to the declaration of the status.

Subd. 18. **Data.**

- (a) An eligible institution must provide to the office data on student enrollment and federal and state financial aid.
- (b) An institution or its agent must provide to the office aggregate and distributional financial or other data as determined by the director that is directly related to the responsibilities of the office under this chapter and chapter 141. The director may only request aggregate and distributional data after establishing and consulting with a data advisory task force to determine the need, content, and detail of the information. Data provided by nonpublic institutions under this paragraph is considered nonpublic data under chapter 13.

Subd. 19. **Reporting.** By November 1 and February 15, the Office of Higher Education must provide, to the committees of the legislature with jurisdiction over higher education finance and policy, updated state grant spending projections taking into account the most current and projected enrollment and tuition and

fee information, economic conditions, and other relevant factors. Before submitting state grant spending projections, the Office of Higher Education must meet and consult with representatives of public and private postsecondary institutions, the Department of Finance, the Governor's Office, legislative staff, and financial aid administrators.

**History:** 1971 c 862 s 4; 1975 c 271 s 6; 1975 c 390 s 5; 1977 c 384 s 2; 1977 c 449 s 16; 1979 c 238 s 1-4; 1981 c 359 s 15,16; 1983 c 258 s 42; 1984 c 654 art 4 s 21; 1Sp1985 c 11 s 30-42; 1987 c 258 s 12; 1987 c 401 s 17,18; 1989 c 246 s 2; 1989 c 293 s 27; 1991 c 292 art 5 s 2; 1991 c 356 art 8 s 6-8; 1992 c 513 art 1 s 13; 1993 c 340 s 1; 1Sp1993 c 2 art 2 s 9,10; 1994 c 532 art 2 s 5; 1995 c 212 art 3 s 22-26,59; 1997 c 183 art 2 s 4,5; 1998 c 384 s 8; 1999 c 214 art 2 s 5; 1Sp2001 c 1 art 2 s 10,11; 2002 c 220 art 5 s 5; 2002 c 374 art 5 s 1; 2003 c 133 art 2 s 9-13; 2005 c 107 art 2 s 17-22; 2005 c 164 s 29; 1Sp2005 c 7 s 28

**NOTE:** The additional semester or the equivalent of grant eligibility under subdivision 9, as amended by Laws 2005, chapter 107, article 2, section 20, applies to any student who withdrew from enrollment in a postsecondary institution after December 31, 2002, because the student was ordered to active military service as defined in section 190.05, subdivision 5b or 5c. Laws 2005, chapter 107, article 2, section 59.

### **136A.131 Accounting and Records.**

Subdivision 1. **Accounts.** The office shall establish and maintain appropriate accounts and related records of each recipient of a grant.

Subd. 2. **Rules, payment and accounting.** The office shall provide by rule the method of payment of the grant awarded and prescribe a system of accounting to be kept by the institution selected by a recipient.

Subd. 3. **Certification to commissioner of finance.** Upon proper verification for payment of a grant, the office shall certify to the commissioner of finance the amount of the current payment to be made to the grant recipient in conformance with the rule of the office governing the method of payment.

Subd. 4. **Recovery of overpayments.** A recipient of a grant must reimburse the office for overpayment. The amount of reimbursement is the difference between the amount received and the amount of actual

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 7
SECTION	<b>State Grant Program</b>		DATE July 2011

entitlement as calculated by the office after it makes its final findings under section 136A.121 and rules implemented under that section. The amount of reimbursement may include any costs or expenses, including reasonable attorney fees, incurred by the agency in collecting the debt. The reimbursement is recoverable from the recipient or the recipient's estate. The agency may institute a civil action, if necessary for recovery.

The recipient must not receive additional awards until the overpayment is recovered or the recipient is making payments under an approved plan. Additional awards for which the recipient is eligible may be used to recover an unreimbursed overpayment.

**History:** 1971 c 862 s 5; 1973 c 492 s 14; 1975 c 271 s 6; 1989 c 293 s 30; 1995 c 212 art 3 s 59

**136A.1311 Cash Flow.**

The Minnesota Office of Higher Education may ask the commissioner of finance to lend general fund money to the grant account to ease cash flow difficulties. The Minnesota Office of Higher Education must first certify to the commissioner that there will be adequate refunds to the account to repay the loan. The commissioner shall use the refunds to make repayment to the general fund of the full amount loaned. Money necessary to meet cash flow difficulties in the state grant program is appropriated to the commissioner of finance for loans to the Minnesota Office of Higher Education.

Subpart 1. **Annual list.** Annually the director shall approve a list of schools at which a state grant may be used. Schools may be added to the list by the director anytime during the school year.

Subp. 2. **Requirements.** To be eligible a school must:

- A. be located in Minnesota;
- B. offer at least one program that:
  - (1) is vocational or academic in nature;
  - (2) leads to a certificate or degree;
  - (3) is at least eight weeks long; and
  - (4) involves at least 12 academic credits or 300 clock hours;
- C. be:
  - (1) accredited by a federally recognized accrediting agency or association;
  - (2) approved to offer degrees or use terms in its name according to part 4840.0500; or
  - (3) licensed by an appropriate state agency;
- D. sign an institutional agreement with the director; and
- E. have the necessary administrative computing capability to administer the program on campus and electronically report student data records to the office.

**4830.0400 APPLICATION DATES AND STUDENT ELIGIBILITY.**

Subpart 1. **Date.** Annually the office shall adopt by resolution a date after February 14, by which all applications must be filed to receive an award.

Subp. 2. [Repealed, 15 SR 1780]

Subp. 2a. **Out-of-state housing.** A student's Minnesota residence is not lost if the student or parent must live outside of Minnesota for purposes of postsecondary education, military service, or missionary work, provided the student or parent continues to claim Minnesota as the state of legal residence for income tax purposes.

Subp. 3. [Repealed, 15 SR 1780]

Subp. 4. **Eligibility for initial grant.** To be eligible for an initial grant a student must be an eligible student, as defined in part 4830.0100, subpart 5, except item D, and:

- A. demonstrate financial need;
- B. if under 17 years old, hold a high school diploma or the equivalent;
- C. pursuing a program or course of study that applies to a degree, diploma, or certificate;
- D. must not have received a previous Minnesota state grant; and
- E. is not more than 30 days in arrears for any child support payments owed to a public agency responsible for child support enforcement or, if the student is more than 30 days in arrears, is complying with a payment plan for arrearages.

Subp. 5. **Renewal awards.** A grant is renewable for a maximum of six semesters, nine quarters, or the equivalent, but must not continue after the first of the following occurrences:

- A. the recipient has obtained a baccalaureate degree; or
- B. the recipient has been enrolled on a full-time basis for eight semesters, 12 quarters, or the equivalent, taking into account the exclusions specified in Minnesota Statutes, section 136A.121, subdivision 9.

To be eligible to renew a grant a student must apply each year and continue to meet the requirements for an initial grant, except for subpart 4, item D. A student must have made satisfactory academic progress as defined in Minnesota Statutes, section 136A.101, subdivision 10.

**4830.0700 METHOD OF PAYMENT.**

Subpart 1. **Payments to schools.** After a grant award is determined, the award amount shall be sent by the director to the school chosen by the recipient or the school shall withdraw the award amount from its state grant account. The school shall apply the award to the recipient's educational costs in the following order: tuition, fees, books, supplies, and other expenses. The costs must be prorated for each term of the academic year. The school shall notify each recipient that the award is ready for disbursement.

Subp. 2. **Refunds.** A grant is awarded for full-time attendance at a specified school for up to four quarters or three semesters within the state fiscal year. If a recipient fails to enroll or reduces enrollment, the school must refund the unused portion of the award. If the director determines that a school has fraudulently handled grant money, the refund of the unused portion of the award is immediately due, and the office may institute a civil action for recovery if necessary. Refunds to the office are determined as follows:

- A. calculate the percentage the state grant award represents of the student's total financial aid package for the applicable term, excluding funds received from federal Title IV programs, United States Code, title 20, sections 1070-1099;
- B. calculate the total tuition refund amount using the refund calculation required of schools participating in federal Title IV programs;
- C. subtract the federal aid programs' refund amount from item B to determine the remaining tuition refund amount; and
- D. multiply the percentage in item A by the amount calculated in item C to determine the amount to be refunded to the state grant program.

Refunded money to the state grant program is available for awards to eligible students.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 13
SECTION <b>State Grant Program</b>	DATE December 2003		

Subp. 3. **School accounting requirements.** Schools shall maintain separate accounts for grant funds. Refunds to the state grant program must be accompanied with a list stating the social security number, name, award type, amount of refund, term, and refund code for each student included in the refund. The refund must be made to the program within 30 days from the end of the academic term, or 30 days from the date the school is notified of a student's withdrawal, whichever is less. Schools must provide evidence, prepared according to generally accepted accounting principles, that all awards have either been distributed or refunded to the program.

Subp. 4. **Recovery of overpayments.** An overpayment occurs when a grant recipient receives more money than the recipient is eligible to receive under the award calculation. A grant recipient shall reimburse the state grant program for overpayment regardless of the cause. The overpayment amount is the difference between the amount received and the calculated award eligibility. The reimbursement amount includes any costs or expenses incurred by the office in collecting the debt, including reasonable attorney fees. The reimbursement is recoverable from the recipient or the recipient's estate. The office may institute a civil action for recovery if necessary.

The recipient must not receive additional awards until the overpayment is recovered or the recipient is making payments under an approved plan. Additional awards for which the recipient is eligible may be used to recover an unreimbursed overpayment.

## **Minnesota State Grant Program Delivery System**

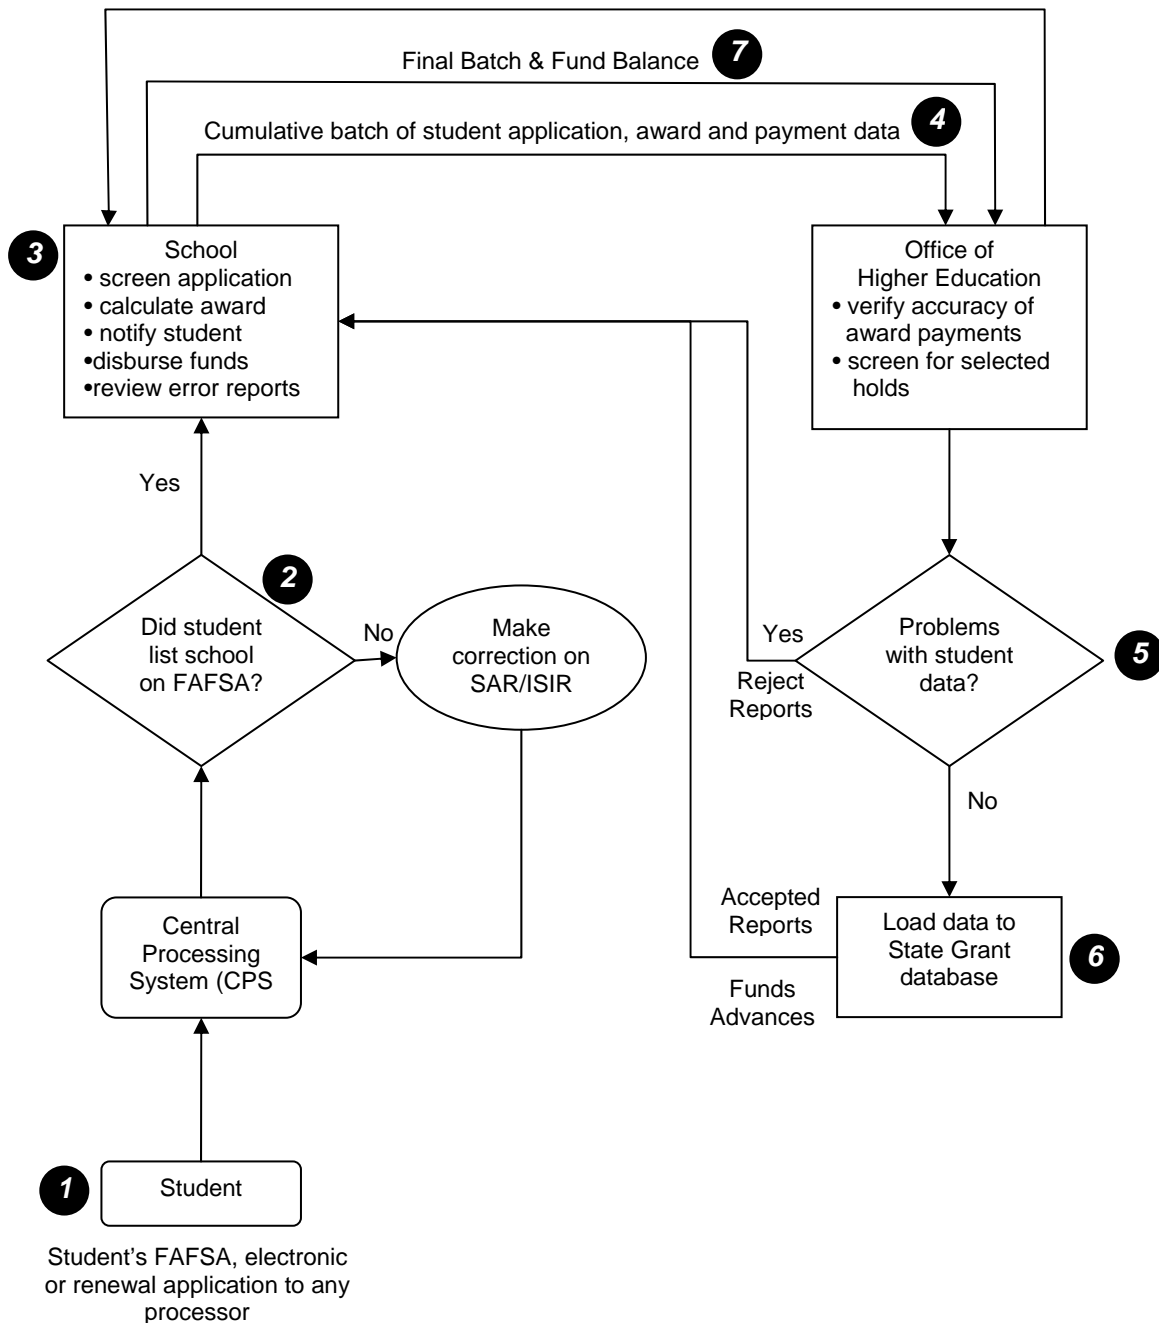

### **Decentralized Delivery System**

- Schools receive student's FAFSA data from federal processor.
- Schools screen applications for program eligibility requirements.
- Schools calculate awards and notify students.
- Schools report DDS records to Office of Higher Education (OHE) each month containing FAFSA, award and payment data.
- The Agency edits for certain eligibility criteria and checks schools' awards and payments for accuracy, generating output reports.
- Upon the school's request, the Agency advances funds to the school to cover awards submitted in the latest DDS batch.
- Schools resolve errors on output reports prior to disbursement.
- Schools disburse funds to students and return excess funds to OHE at close of aid year.
- Communication is between student and school.

All participating schools are now on the Decentralized Delivery System for the Minnesota State Grant program.

INSTITUTIONAL PARTICIPATION AGREEMENT  
MINNESOTA STATE FINANCIAL AID PROGRAMS  
(Excluding SELF Loan Program)

WHEREAS, The Minnesota Office of Higher Education (hereinafter “the Agency”) has been designated as the agency to administer the Minnesota State Grant Program, State Work Study Program, Postsecondary Child Care Grant Program, and Safety Officer’s Survivor Grant Program (hereinafter “Programs”); and

WHEREAS, Program recipients must attend an eligible institution pursuant to Minnesota Statutes 136A.101, Subdivision 4, 136A.121, Subdivision 18, and Agency Rules 4830.0300, Subpart 2, unless Minnesota Statutes and/or Agency Rules governing Programs dictate otherwise; and

WHEREAS, \_\_\_\_\_  
(hereinafter “Institution”) desires to be recognized as an eligible institution for one or more of the above mentioned Programs administered by the Agency; and

WHEREAS, the Agency, upon review of the Institution’s application for eligibility as evidenced by the completion of Section XV of this Agreement and by providing the required signatures in this section, the Agency does recognize the Institution as an eligible institution pursuant to Minnesota Statutes 136A.101, Subdivision 4, and Agency Rules 4830.0300, Subpart 2, but does not recognize such eligibility with respect to Programs where Minnesota Statutes and/or Agency Rules governing the Programs dictate otherwise;

THEREFORE, the parties agree to the following terms and conditions:

I. Designation of Institutional Employee(s)

The Institution must designate an employee(s) as the Institutional Representative(s) to perform or supervise all financial aid and accounting activities.

II. Limitation of Institutional Participation

An Institution is eligible to participate in the Programs subject to program eligibility limitations specified in Minnesota Statutes and Agency Rules governing the Programs.

III. Program Administration

Both parties to this agreement agree to administer the Programs in accordance with all Federal and Minnesota State Statutes and Agency Rules governing the Programs and the Program policies and procedures contained in the most current version of the Agency’s *Minnesota Financial Aid Manual*.

This agreement is subject to all subsequent changes in both Federal and Minnesota State Statutes and Agency Rules governing the Programs, and Program policies and procedures contained in the most current version of the Agency’s *Minnesota Financial Aid Manual*.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section III	PAGE App 5
SECTION <b>State Grant Program</b>	DATE July 2012		

Both parties acknowledge that the pertinent Program chapters of the Agency's *Minnesota Financial Aid Manual* will be updated on an annual basis and that written directives concerning Program policies and procedures issued by the Agency in the interim will have the full force and effect of the Agency's *Minnesota Financial Aid Manual*, until they are so incorporated.

IV. Terms of the Agreement

This Agreement shall be effective July 1, 2012, or upon final execution, whichever is later, and shall remain in force until modified by mutual consent by both parties or terminated as hereafter provided.

V. Modification or Termination of Agreement

The Agreement may be modified at any time upon mutual agreement of both the Agency and the Institution.

The Agency or the Institution may terminate this Agreement at any time with or without cause upon thirty (30) days written advance notice to the other party. Termination shall be effective on the termination date given in the written notice. All requirements of the agreement related to monies received shall remain in effect until resolved.

VI. Assignment

The Institution shall neither assign nor transfer any rights or obligations under this Agreement without the prior written consent of the Agency.

VII. Amendments

Any amendments to this Agreement shall be in writing.

VIII. Audits

The books, records, documents, and accounting procedures, and practices of an outside party, if applicable and relevant to this Agreement, shall be subject to examination by the Agency and the Legislative auditors.

IX. Affirmative Action

When applicable, the Institution must certify that it has received a certificate of compliance from the Commission of Human Rights pursuant to Minnesota Statutes, Section 363.073.

X. Workers' Compensation

In accordance with the provisions of Minnesota Statutes 176.182, the Agency affirms that the Institution has provided acceptable evidence of compliance with the workers' compensation insurance coverage requirement of Minnesota Statutes 176.181, Subdivision 2.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section III	PAGE App 5
SECTION <b>State Grant Program</b>	DATE July 2012		

XI. Antitrust

The Institution hereby assigns to the State of Minnesota any and all claims for overcharges as to goods and/or services provided in connection with this Agreement resulting from antitrust violations which arise under the antitrust laws of the United States and the antitrust laws of the State of Minnesota.

XII. Voter registration

If the Institution is a state agency or a community based public agency or a non-profit corporation, it shall provide non-partisan voter registration services and assistance, using forms provided by the state, to employees of the institution and the public as required by Minnesota Statutes Section 201.162.

XIII. Sexual Harassment and Violence Policy

All eligible institutions, as defined in Minnesota Statutes 136A.101, Subdivision 4, must adopt a Sexual Harassment and Violence Policy, as outlined in Minnesota Statutes 135A.15.

XIV. Data Practices

The Institution, whether public or private, and the Agency, will maintain and handle all confidential, private and non-public data pursuant to the Minnesota Data Practices Act (“Act”) (Minn. Stat. Chapter 13) in the administration of the Programs. The Institution and the Agency agree that each will be responsible for its own acts or omissions relative to compliance with the Act, and the results of such acts or omissions, to the extent authorized by law and shall not be responsible for the acts of the other party and the results thereof.

## Guidelines for Verifying State Grant Eligibility Requirements

Eligibility Requirement	Data Triggering Eligibility Verification* and Suggested Documentation
<b>U.S. Citizen or Eligible Non-Citizen</b>	FAFSA citizenship questions; Federal Homeland Security and SSA cross-check. Verification documentation the same as for Title IV programs.
<b>Undergraduate Program No Baccalaureate Degree</b>	FAFSA degree and grade level questions, school's records. Transcripts or other academic records must prove student does not have a baccalaureate degree and is enrolled in an undergraduate program.
<b>Federal Loan Default</b>	CPS interface with federal loan default data base (NSLDS). Verification documentation the same as for Title IV programs.
<b>Minnesota Residency</b>	FAFSA parent and student state, date of legal residence, high school state, address state; admissions records may possibly hold state of high school graduation or GED and whether student is paying resident tuition other than through a reciprocity agreement; institutional form should be used to obtain data not on FAFSA (state of GED, whether family resided in Minnesota during high school attendance, date student last moved to Minnesota, when student started postsecondary education in Minnesota, purpose for residing in Minnesota). Documentation must verify that student graduated from a Minnesota high school while residing in Minnesota <b>or</b> student earned a GED in Minnesota after living here 12 months <b>or</b> dependent students' parents resided in Minnesota when FAFSA was completed <b>or</b> student lived in Minnesota 12 months without attending college on a half-time basis or more. Twelve month requirement is waived for: students or spouses stationed in MN for active federal military service; students who are a dependent or spouse of a veteran who is a Minnesota resident; students (or spouses of) who relocated to MN from an area declared a presidential disaster area within the 12 months of the disaster declaration, if the disaster interrupted the person's postsecondary education; persons defined as refugees under USC Title 8 who, upon arrival in the U.S., immediately resettled in MN and have continued to reside in MN. (Refer to 'Common Definitions' chapter of this manual for definition and documentation of MN residency.)
<b>Not Receiving Tuition Reciprocity Benefits from Another State</b>	Admissions, business office and registration records.

\*Data triggering selection for eligibility verification is not all inclusive. Schools may have other sources that cause schools to question eligibility.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section III	PAGE App 6
SECTION <b>State Grant Program</b>		DATE July 2012	

<b>Eligibility Requirement</b>	<b>Data Triggering Eligibility Verification* and Suggested Documentation</b>
<b>Limit on Postsecondary Education</b>	FAFSA year in college, degree/certificate and bachelor's degree questions along with date of birth. Institutional form should ask student to list all colleges attended and dates of enrollment. Academic transcripts must be reviewed to determine units of postsecondary education attended if student indicates previous enrollment of three or more years. (Refer to State Grant manual for instructions on reviewing transcripts.) The Agency's State Grant On-Line Hold Report (Appendix 3) shows units of State Grant paid to the student in prior years. Schools can also access this data using the State Grant Web Access Screen (Appendix 4). Federal NSLDS system also shows previous attendance if student received federal financial aid.
<b>17 Years Old or High School Diploma/GED</b> (High school students taking college courses are not eligible for State Grant)	FAFSA date of birth and high school graduation/GED responses are sufficient unless there is conflicting information. Documentation must prove student will be 17 or older by June 30th of the academic year or have high school diploma/GED. Suggested documentation would be high school diploma or GED certificate or birth certificate.
<b>Enrolled 3 Credits or More in Program Leading to Degree, Diploma or Certificate</b>	School's registration records. School must verify coursework is applicable towards degree, diploma or certificate. Pell Grant eligible credit equivalencies should be counted towards enrollment status.
<b>Satisfactory Academic Progress</b>	State adopts federal satisfactory academic progress policy used for Title IV financial aid programs.
<b>State Grant Overpayment</b>	The Agency stores data on its database about students who owe a State Grant overpayment and controls this eligibility criteria by informing schools about students on hold. Students must repay the Agency in full or enter into a repayment plan. School can also access data using State Grant Web Access Screen (Appendix 4) or State Grant On-Line Hold Report (Appendix 3).
<b>SELF Loan Default</b>	The Agency stores this data on its database and controls this eligibility criteria by informing schools about students on hold. Student must repay loan in full or enter into a repayment plan. School can also access data using State Grant Web Access Screen (Appendix 4) or State Grant On-Line Hold Report (Appendix 3).
<b>Child Support Arrears</b>	The Agency loads data from Human Services Department onto its database and controls this eligibility requirement by informing schools about students on hold. School can also access data using State Grant Web Access Screen (Appendix 4) or State Grant On-Line Hold Report (Appendix 3). DHS must send electronic notification to the Agency that student has repaid past due amount or entered into repayment plan.

\*Data triggering selection for eligibility verification is not all inclusive. Schools may have other sources that cause schools to question eligibility.

**2012-2013 STATE GRANT SHARED RESPONSIBILITY TERM AWARD CALCULATION  
Official Parameters – May 14, 2012**

The 2012-2013 State Grant term award calculation is shown below. When prorating/multiplying, results should be rounded up or down to the nearest dollar. (Round up if .50 or higher; down if .49 or lower.)

<p><b>+ Average tuition and fees for term</b></p> <p>(The average tuition and fees for the term is a uniform amount used for all students at an institution and consists of tuition and mandatory fees charged to all full-time students)</p>	<p>Use the lesser of the school's average tuition and fees for 15 credits or the full-time tuition and fee maximum for the term. The four-year full-time tuition and maximum is \$5,244 for a semester and \$3,496 for a quarter. The two-year full-time tuition and fee maximum is \$2,904 for a semester and \$1,936 for a quarter. If the student is enrolled for fewer than 15 credits per term, both the average full-time tuition and fees and the applicable full-time tuition and fee maximum for the term are prorated on a per credit basis for the student's enrollment level (e.g., by 73.3 percent or 11/15ths for a student enrolled for 11 credits) and the lesser of the two is used in the award calculation. The full-time average tuition and fees or the full-time tuition and fee maximum are NOT increased if the student enrolls for more than 15 credits. The tuition and fee maximum used for each student is based on the student's program of study. If the student is enrolled in a four-year degree program, the four-year college tuition and fee maximum is used. If the student is enrolled in a two-year or less program/degree, then the two-year college tuition and fee maximum is used. If the student is paid a State Grant at multiple schools for the same term, the student cannot be paid for more than a total of 15 credits per term. Students enrolled for fewer than three credits per term are not eligible for State Grants.</p>
<p><b>+ Living and Misc Expense Allowance (LME) for Term</b></p>	<p>The 9-month annual full-time LME in statute (<b>\$7,000 + \$326 add-on to spend out projected surplus = \$7,326</b>) is prorated for the term length (\$3,663 for a semester; \$2,442 for a quarter) and then prorated again if the enrollment level is less than 15 credits (e.g., by 73.3 percent or 11/15ths if the student is enrolled for 11 credits). The LME is NOT increased if the student is enrolled for more than 15 credits. If a student is paid a State Grant at multiple schools for the same term, the total amount of LME used in all the award calculations cannot exceed the LME amount for 15 credits. OHE has the authority to increase the LME during the second year of the biennium (2012-2013) to use up any projected surplus of funds.</p>
<p><b>= State Grant Budget for Term</b></p>	<p>Derived by adding the term tuition and fees to the term LME.</p>
<p><b>- Student Share 46%</b></p>	<p>46 percent of the State Grant Budget for Term (OHE has authority to adjust this percentage during the year to address funding shortfalls).</p>
<p><b>- Parent Contribution for Term</b></p>	<p>Subtract only for dependent students. Prorate 100 percent of the 9-month annual Federal Methodology need analysis Parent Contribution by term length (50 percent for semester system; 33.33 percent for quarter system). Multiply the term amount by .96. Subtract the result within the award calculation. Do NOT prorate for less than full-time enrollment. (OHE has the authority to place a percentage surcharge on the PC due to projected funding shortfalls.)</p>
<p><b>- Student Contribution/ EFC for Term</b></p>	<p>Subtract only for independent students. Prorate 100 percent of the 9-month annual Federal Methodology need analysis Expected Family Contribution (EFC) by term length (50 percent for semester system; 33.33 percent for quarter system). Multiply the term amount by .86 for independent students with dependents other than a spouse or by .68 for independent students without dependents other than a spouse. Do NOT prorate for less than full-time enrollment. (OHE has the authority to place a percentage surcharge on the EFC due to projected funding shortfalls.)</p>
<p><b>- Federal Pell Grant Term Award</b> <small>(based on the 2012-2013 Pell Grant Payment Schedule)</small></p>	<p>Subtract Federal Pell Grant award for term based on student's enrollment level used for the State Grant program. Prorate annual Pell Grant award for student's Pell Grant enrollment level by term length (50 percent for semester system; 33.33 percent for quarter system). Pell Grant enrollment levels are: 12+ credits = full-time, 9-11 credits 3/4-time; 6-8 credits 1/2-time; 1-5 credits less than half-time.</p>
<p><b>= State Grant Term Award</b></p>	<p>If less than the minimum award of \$50 per semester or \$33 per quarter, set to zero.</p>

**Example 7:** State Grant awards for dependent student taking 10 credits at 2-year public college and 7 credits at a private 4-year college both on semester system for the same term. Award calculated and disbursed separately at both schools. Public college was first to report award to OHE for 10 credits, so private 4-year college is limited to using 5 credits of actual tuition and fees, tuition and fee maximum and LME. Student has 9-month annual Federal Methodology Parent Contribution of \$0 and 9-Month Federal Methodology EFC of \$0.

Annual Full-Time Tuition at Public College: \$160 per credit X 30 Semester Credits = \$4,800  
Tuition for Full-Time (15 Credits) Semester = \$4,800 X .50 = \$2,400  
Tuition for 10 Credit Semester = \$2,400 X 10/15ths or 66.7% = \$1,601

Annual mandatory fees\* charged to all students for 30 semester credits = \$600  
Fees for Full-Time (15 credits) Semester = \$600 X .50 = \$300  
Fees for 10 Credit Semester = \$300 X 10/15ths or 66.7% = \$200

Tuition and Fee Maximum for 2-Year College = \$5,808 X .50 = \$2,904

Using Individualized Tuition and Fees**

**Example 8:** State Grant award for dependent student enrolled in 4-year degree program taking 10 credits at a 4-year private college and 10 credits at a 2-year public college both on semester system. Credits and costs are combined and the award is calculated and disbursed at the 4-year private college. In this case, average tuition and mandatory fees for 15 credits combined from both schools are compared to the 4-year private college tuition and fee maximum for the student's combined credits. Student has 9-month annual State Parent Contribution of \$0 and 9-Month Federal EFC of \$0.

Annual Full-Time Average Tuition at Private College: \$1,133.33 per credit X 30 credits = \$34,000

Full-Time Tuition for Semester = \$34,000 X .50 = \$17,000

Tuition for 10 Credits = \$17,000 X 10/15ths or 66.7% = \$11,339

Annual mandatory fees\* charged to all students for 30 semester credits = \$600

Fees for Full-Time (15 credits) Semester = \$600 X .50 = \$300

Fees for 10 Credits = \$300 X 10/15ths or 66.7% = \$200

Annual Full-Time Average Tuition at 2-Year Public College: \$160 per credit X 30 credits = \$4,800

Full-Time Tuition for Semester = \$4,800 X .50 = \$2,400

Tuition for 5 Remaining Credits of Eligibility = \$2,400 X 5/15ths or 33.3% = \$799

Annual mandatory fees charged to all students for 30 semester credits = \$600

Fees for Full-Time (15 credits) Semester = \$600 X .50 = \$300

Fees for 5 Credits of Remaining Eligibility = \$300 X 5/15ths or 33.3% = \$100

### DDS Processing Cycle

	<ol style="list-style-type: none"> <li>1. The DDS institution submits a batch of DDS records to the Agency via SG web access upload or automated SFTP process.</li> <li>2. School also requests funds using SG web access screen.</li> </ol>
	The Office of Higher Education provides an initial funds advance for first term payments no sooner than 14 days in advance of the first term's start date, based on historical payment data for the institution and the sum of term awards in the institution's most recent batch.
	The Agency compares the institution's trailer record totals with its own computation of totals. If a discrepancy is found, the Agency will not process the DDS transmittal and will ask the school to correct and resubmit its transmittal.
	The <i>Roster of Rejected Awards/Payments</i> displays rejected payments for students with award or payment calculation errors. The roster also includes warning edits for awards that are below the Agency's calculated award and discrepancies in the EFC and PC.
	The <i>Award Error Detail Roster</i> displays data on all award errors occurring within the batch and compares the institution's need analysis and State Grant awards to the results calculated by the Agency.
	The <i>Roster of Accepted Payments</i> displays all students in the DDS batch with accepted payments and total accepted payments by term.
	A <i>Reconciliation Report</i> is generated to enable the Agency and the institution to reconcile amounts for advances, accepted payments, rejected payments and cash balances on hand.

SECTION <b>State Grant Program</b>	DATE July 2012		

	The Agency places output reports in the institution's directory on the SG web access screen. Schools log on to SG web access screen to view, print or download output reports.
	The institution reviews the reports and makes any necessary corrections to its student and accounting records. The cycle is repeated on a monthly basis until the end of the year with close attention paid to the reporting deadlines listed under 'Reporting Deadlines' in the State Grant Manual.
	The school returns all excess funds and submits an error-free final batch by the end of year deadlines listed under 'Reporting Deadlines' in the State Grant manual.

DDS Element Name	Description	Federal ISIR Position	DDS Record Position	Size/ Format	OHE Database
------------------	-------------	--------------------------	------------------------	-----------------	--------------

If Size/Format column contains a "#", it means a numeric field may be populated with spaces if the corresponding field on the ISIR record contained spaces.

**Notes for Programmers**

Instructions for programmers are provided below, as well as within the field description on the DDS record format. If you have questions, please contact Ginny Dodds at (651) 355-0610 or Ginny.Dodds@state.mn.us.

1. Records should be sent in ASCII and submitted via the Office of Higher Education's SG Web Access screen or via FTP for schools using an automated FTP process.
2. Alpha values (e.g., student's name) should be left-justified in the field. For example, the field for last name holds 16 characters. If the student's last name is only 10 characters, the name is followed by 6 spaces.
3. Numeric values should be right-justified and zero-filled (unless spaces are a valid value). For example, if a numeric field holds 4 digits and you want to send a value of zero, fill the entire field with zeros - 0000. If you want to report \$20, send 0020; \$159 would be 0159; \$2,500 would be 2500, and so forth. Fields designated as numeric (9) should always contain positive numeric values, unless designated as a signed field. There are certain numeric fields for which spaces are acceptable if the student left the item blank on the application. When sending spaces in a numeric field, send all spaces; don't ever send a mixture of spaces and numbers. These fields are marked with a # sign on the DDS record format.
4. Signed numeric fields (shown as S9 on layout) are for values that could either be negative or positive. Signed numeric values should also be right-justified and zero-filled (unless spaces are a valid value). Do not use a minus or plus sign to identify whether the value is negative or positive. Rather, the last digit in the number should be send as an alpha value according to the following key:

<u>Last Digit Is:</u>	<u>Send this if positive:</u>	<u>Send this if negative:</u>
0	{,.,? or 0	{,., or !
1	A or 1	J
2	B or 2	K
3	C or 3	L
4	D or 4	M
5	E or 5	N
6	F or 6	O
7	G or 7	P
8	H or 8	Q
9	I or 9	R

Example: If field is S9(5) and you want to report -\$4,912, send 0491K.

## MN Office of Higher Education Refund Calculation Worksheet

**USE FOR FULL WITHDRAWAL (or drop below minimum enrollment level)**

This form is available in spreadsheet format at: [www.ohs.state.mn.us](http://www.ohs.state.mn.us), Campus Financial Aid Administrator Resources, Program Forms, Spreadsheets & Instructions.

This form should be used to calculate refunds for all state financial aid programs when a student completely withdraws from school or, for the MN State Grant and SELF Loan programs, if the student drops below minimum enrollment level for those programs. (Note: Refunds are never required for the State Work Study program.)

**Student Name:**

**SSN:**

**Did student totally withdraw from school? (enter Yes/No)**

**Date of student withdrawal or change in enrollment level:**

### PART I – DETERMINING AMOUNT OF NET REFUND OF INSTITUTIONAL CHARGES

- A. Amount of funds (financial aid, cash) applied to the original institutional charges for the period\*, including any post-withdrawal disbursements of Title IV financial aid applied to institutional charges. Include cents. If funds exceed the original institutional charges, enter the amount of original institutional charges only. (The state adopts the definition of institutional charges used for federal Title IV aid programs under 484B of the Higher Education Act of 1965 as amended and 34 CFR 668.22.) A
  
- B. Subtract amount of original institutional charges the school can retain per its institutional or State-mandated refund policy.\* B
  
- C. **= GROSS REFUND OF INSTITUTIONAL CHARGES**  
If gross refund is less than or equal to zero, then no refund is due state financial aid programs. C
  
- D. Subtract amount of institutional share of any required refund for Title IV financial aid programs from Step 5 Box O) of Return of Title IV Funds Refund Worksheet. Enter 0 if no Title IV refund is due. D
  
- E. **= NET REFUND OF INSTITUTIONAL CHARGES**  
If net refund is less than or equal to zero, then no refund is due state financial aid programs. E

\*If the institution's refund policy is based on the amount of institutional charges the school can retain for the student's entire program, then the amount entered in Box A should be the amount of funds applied to institutional charges to date for the ENTIRE AID YEAR. Otherwise, the amounts in Boxes A and B should represent funds applied and charges retained for the term or payment period.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section III	PAGE App 13a
SECTION <b>State Grant Program</b>		DATE July 2012	

**PART II – DETERMINING PROPORTIONAL SHARE OF NON-TITLE IV FINANCIAL AID PACKAGE FOR REFUND**

List all non-Title IV financial aid disbursed to the student for the term/payment period (if school charges by term or payment period) or to date for the aid year (if school charges for entire program). Include only programs requiring refunds when a student withdraws from school or drops below minimum enrollment level. For SELF Loans, use the total loan divided by the number of attendance periods in the loan period. Do NOT include work study awards. Clock hour schools should refer to the program manual to calculate an hourly rate for aid disbursed.

**Report Name** **Roster of Rejected Awards/Payments**

---

<b>Program Origin</b>	One of four State Grant Decentralized Delivery System (DDS) Output Reports
<b>Distribution</b>	DDS School (1); Office of Higher Education (1).
<b>Frequency</b>	This output report is generated each time the Office of Higher Education processes a DDS batch containing errors. This report will not be generated if there were no award or payment errors in the school's DDS batch.
<b>Purpose</b>	The error edits performed during DDS batch processing inform schools about possible overpayments and prevent erroneous data from being loaded to the Agency's State Grant database. This output report provides information to DDS schools so that errors can be corrected prior to the next DDS batch submission. The total of rejected payments on this roster also appears on the <i>Reconciliation Report</i> , another output report displaying accounting totals for the school's DDS batch. Schools can review and print this report on-line by logging into the SG Web Access Screen the day after submitting a DDS batch to the Agency. The data can also be copied from the report into another format, such as Word or Excel.
<b>General Description</b>	This report displays data on all errors that occurred during processing of the school's DDS batch. Most errors result in rejection of awards or payments, but some errors are merely warnings that do not result in award or payment rejection. The school is responsible for recovering any funds disbursed to students appearing on this report with rejected payments, unless data can be corrected that will allow payments to be accepted in the next DDS batch submission. A small number of error messages are warnings that do not result in rejected payments. Further detail on some of the award and payment errors appearing on this report appears on the <i>Award Error Detail Roster</i> .
<b>Data Description</b>	A description of the data appearing on this roster is provided below by column heading:
• <b>Name</b>	Student's reported name
• <b>Soc Sec</b>	Student's reported social security number
• <b>Date of Birth</b>	Student's reported date of birth
• <b>Total Paid</b>	Total rejected payments for student for all terms
• <b>Summer 1</b>	Student's rejected payment for leading summer term
• <b>Fall</b>	Student's rejected payment for fall term
• <b>Winter</b>	Student's rejected payment for winter term (quarter schools only)
• <b>Spring</b>	Student's rejected payment for spring term
• <b>Summer 2</b>	Student's rejected payment for trailing summer term 2
<b>Message</b>	A description of error messages and their corresponding 'Action Steps' is provided below.
<b>Date of Birth is Blank or Invalid</b>	Appears when the date of birth on the student's incoming DDS record is blank or invalid and results in all reported payments being rejected. The school should correct the student's date of birth prior to the next DDS batch submission.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section III	PAGE App 16
SECTION	<b>State Grant Program</b>		DATE July 2012

- SSN is Non-Numeric**      Appears when the social security number on the student’s incoming DDS record contains a non-numeric value and results in all reported payments being rejected. The school should correct the student’s social security number prior to the next DDS batch submission.
- School’s Name/DOB Do Not Match the Agency’s Name/DOB**      Appears when both the student’s name and date of birth on the incoming DDS record for a given social security number do not match the name and date of birth associated with the corresponding social security number on the Agency’s existing State Grant database. This error results in all reported payments being rejected. The school should check the student’s social security number, name and date of birth and make any necessary changes prior to the next DDS batch submission. If the school determines the Agency’s data is in error, the school should notify the Agency’s grant unit via email or fax.
- Invalid Aid Year on DDS Record**      Appears when the aid year value on the student’s incoming DDS record is not for the current year being processed and results in all reported payments being rejected. The school should correct the aid year value on the student’s record prior to the next DDS batch submission.
- Term Award is Non-Numeric**      Appears when any of the reported term awards contains a non-numeric value other than spaces. The name of all affected terms will be included in the error message and reported payments for all affected terms will be rejected. The school should correct the term award values prior to the next DDS batch submission.
- Term Enrollment is Blank or > 30**      Appears when any of the reported term enrollment values is blank or greater than 30 credits in cases where there is a reported payment for that term. The name of all affected terms will be included in the error message and reported payments for all affected terms will be rejected. The school should correct the term enrollment values prior to the next DDS batch submission.
- Child Support Hold Before Term Disbursement**      Appears when a child support hold existed on the Agency’s State Grant database prior to the date of disbursement reported by the school for the term. The name of all affected terms will be included in the error message and reported payments for all affected terms will be rejected. If a student is on hold for being 30+ days in arrears on child support payments, the school must withhold all future State Grant payments for the student until the student is no longer in arrears. Rejected payments should be recovered from the student and returned to the school’s State Grant account. The school does not have liability for repayment of overpayments from its own institutional funds unless the school disbursed State Grant funds after the school was notified by the Agency, via the on-line hold report or a previous DDS batch output report, of the student being placed on hold.
- SELF Default Hold Before Term Disbursement**      Appears when a SELF default hold existed on the Agency’s State Grant database prior to the date of disbursement reported by the school for the term. The name of all affected terms will be included in the error message and reported payments for all affected terms will be rejected. If a student is on hold for defaulting on a SELF loan, the school must withhold all future State Grant payments for the student until the student is no longer in default or has made six consecutive monthly payments to regain eligibility for State Grant. Rejected payments should be recovered from the student and returned to the school’s State Grant account. The school does not have liability for repayment of overpayments from its own institutional funds unless the school disbursed State Grant funds after the school was notified by the Agency, via the on-line hold report or a previous DDS batch output report, of the student being placed on hold.

**Total Units in Prior Aid Years Exceed Limit**

Appears when the student has accumulated the maximum number of units of State Grant paid in previous aid years and results in all reported payments being rejected. A student loses eligibility for State Grant once the student has attended or received State Grant payments for 96 units, which is the equivalent of eight full-time semesters or 12 full-time quarters. The actual cut-off point is >94.4 units for a student attending a quarter school and 93.6 units for a student attending a semester school. A school can use the SG Web Access screen to query the student and review historical State Grant payment data. All rejected payments for the current year must be recovered from the student and returned to the school's State Grant account.

**Total Units Prior to Term Exceed Limit**

Appears when the student has accumulated the maximum number of units of State Grant paid prior to the term embedded in the error message. Any reported payments for the affected and subsequent terms will be rejected and must be recovered from the student and returned to the school's State Grant account. A student loses eligibility for State Grant once the student has attended or received State Grant payments for 96 units, which is the equivalent of eight full-time semesters or 12 full-time quarters. The actual cut-off point is >94.4 units for a student attending a quarter school and 93.6 units for a student attending a semester school. A school can use the SG Web Access screen to query the student and review historical State Grant payment data. All rejected payments for the current year must be recovered from the student and returned to the school's State Grant account.

**Term Payment > Term Award**

Appears when a reported payment for a term exceeds that term's reported award by more than \$1. The affected term will be embedded in the error message and the corresponding term payment will be rejected. The school should adjust the term payment and return any overpayments to its State Grant account prior to the next DDS batch submission.

**Multiple Term Payments > 15 Credits**

Appears when another school has already paid the student for the term(s) in question and the current school's reported term payment results in the student being paid for more than 15 credits. The name of the affected term will be embedded in the error message and the corresponding term payment will be rejected. The current school should adjust the student's State Grant payment to an acceptable level and return any overpayments to its State Grant account prior to the next DDS batch submission.

**Annual Units Limit Exceeded**

Appears when the student is paid for more than three full-time semesters (36 units) or four full-time quarters (32 units) during the current aid year. The name of the affected term will be embedded in the error message and the corresponding term payment will be rejected. The current school should either cancel or adjust the student's State Grant payment for the affected term and return any overpayments to its State Grant account prior to the next DDS batch submission.

**Applied After Cutoff for Term**

Appears when the student missed the State Grant application deadline for the term in question. The name of the affected term(s) will be embedded in the error message and all reported payments for the affected terms will be rejected. In order to meet the application deadline, the student's original FAFSA application must be received by the federal application processor within 30 days of the term start date. The Agency makes this determination by comparing the student's FAFSA receipt date on the ISIR to the school's term start dates collected on the annual State Grant budget questionnaire. If the school believes the student's original FAFSA receipt date was within 30 days of the term start date, the school should contact the Grant Unit for assistance at (651) 642-0567. If the student did apply after the term deadline date, the school should cancel the student's award for that term(s) and return any rejected State Grant payments to its State Grant account.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section III	PAGE App 16
SECTION	<b>State Grant Program</b>		DATE July 2012

**No ISIR Record on File**

Appears when the Agency does not have an ISIR record for the student for the current aid year and is, therefore, unable to verify whether the student met the State Grant application deadline. The school should make sure the student submits a FAFSA. If the student has submitted a FAFSA, the school should contact the Agency's State Grant unit for assistance.

**Term Award Too High for Enrolled Credits**

Appears when the reported award for the term in question is more than \$2 higher than the Agency's calculated award for the term, based on the student's reported enrollment level. The name of the affected term is embedded in the error message and the corresponding term payment is rejected. A detailed comparison of term awards is provided on the accompanying *Award Error Detail Roster* for the current DDS batch. The school should adjust the term award and return any overpayments to its State Grant account. In cases where the award appears too high because the school reported an incorrect enrollment value, the school should correct the enrollment value prior to the next DDS batch submission.

**Term Award Too Low for Enrolled Credits**

Appears when the reported award for the term in question is more than \$2 lower than the Agency's calculated award for the term, based on the student's reported enrollment level. The name of the affected term is embedded in the error message but the corresponding term payment is NOT rejected. A detailed comparison of term awards is provided on the accompanying *Award Error Detail Roster* for the current DDS batch. If necessary, the school should adjust the term award. In cases where the award appears too low because the school reported an incorrect enrollment value, the school should correct the enrollment value prior to the next DDS batch submission.

**Federal Reject**

Appears when the Agency could not perform the Federal Methodology need analysis formula and State Grant award calculation due to the student's application data meeting one or more of the several Federal Methodology reject edits. All reported term payments for the current year will be rejected. The precise federal reject code and detailed description will appear on the accompanying *Award Error Detail Roster* for the current DDS batch. The school should correct the application data creating the federal reject prior to the next DDS batch submission.

**School's EFC Not Equal to the Agency's EFC**

Appears when the school's reported Expected Family Contribution (EFC) for the student does not match the EFC calculated by the Agency using the data supplied on the DDS record for the student. This is a warning message only and does not result in rejected payments. In most cases, discrepancies occur because the school's EFC is based on Federal Methodology assumptions and the Agency's EFC is not, or vice versa. The school should check the value it sent in the MHESO-ORIGIN-TYPE field on the DDS record to make sure it sent the correct value. A value of 'O' means the Agency should use assumptions when calculating the EFC. A value of 'R' or spaces means the Agency should not use assumptions when calculating the EFC.

**School's PC Not Equal to the Agency's PC**

Appears when the school's reported Parent Contribution (PC) for the student does not match the PC calculated by the Agency using the data supplied on the DDS record for the student. This is a warning message only and does not result in rejected payments. In most cases, discrepancies occur because the school's PC is based on Federal Methodology assumptions and the Agency's PC is not, or vice versa. The school should check the value it sent in the MHESO-ORIGIN-TYPE field on the DDS record to make sure it sent the correct value. A value of 'O' means the Agency should use assumptions when calculating the PC. A value of 'R' or spaces means the Agency should not use assumptions when calculating the PC.

**Report Name**                      **Award Error Detail Roster**

---

- Program Origin**                      One of four State Grant Decentralized Delivery System (DDS) Output Reports.
- Distribution**                              DDS School (1); Office of Higher Education (1).
- Frequency**                                This output report is generated each time the Office of Higher Education processes a DDS batch containing need analysis or award errors. This report will not be generated if there were no award or payment errors in the school's DDS batch.
- Purpose**                                        The error edits performed during DDS batch processing prevent erroneous data from being loaded to the Agency's State Grant database. This output report provides further detail on need analysis and award calculation errors so they can be corrected prior to the next DDS batch submission. Schools can review and print this report on-line by logging into the SG Web Access Screen the day after submitting a DDS batch to the Agency. The data can also be copied from the report into another format, such as Word or Excel.
- General Description**                      This report provides further detail for need analysis and award calculation errors appearing on the *Roster of Rejected Awards/Payments*. Most errors result in rejection of awards or payments, but some errors are merely warnings that do not result in award or payment rejection.
- Data Description**                        A description of the data appearing on this roster is provided below by column heading:
- **Name**                                        Student's reported name.
  - **Soc Sec**                                      Student's reported social security number.
  - **Tuition**                                      Term tuition reported by school appears if term award is flagged for error
  - **Fees**                                         Term fees reported by school appears if term award is flagged for error
  - **Cap**                                         Term tuition and fee maximum for student's degree program (two- or four-year) reported by school appears if term award is flagged for error
  - **Dep Status**                                Student's dependency status as reported by school (D=dependent; I=independent)
  - **Federal PC**                                Federal Methodology parent contribution calculated by the Agency using data supplied by school appears under 'State Award' column. School's reported Federal Methodology parent contribution appears under 'Inst Award' column.
  - **State PC**                                 State need analysis parent contribution calculated by the Agency using data supplied by school appears under 'State Award' column. School's reported state need analysis parent contribution appears under 'Inst Award' column. (Note: Data in this field is only used if state need analysis differs from federal need analysis. Currently, the state adopts the federal need analysis.)

School’s reported state need analysis parent contribution appears under ‘Inst Award’ column. (Note: Data in this field is only used if state need analysis differs from federal need analysis. Currently, the state adopts the federal need analysis.)
- **Federal EFC**                      Federal Methodology expected family contribution calculated by the Agency using data supplied by school appears under ‘State Award’ column. School’s reported Federal Methodology expected family contribution appears under ‘Inst Award’ column.
- **FT Pell Award**                      The full-time Federal Pell Grant award calculated by the agency appears under ‘State Award’ column. School’s reported full-time Federal Pell Grant award appears under ‘Inst Award’ column.
- **3Q Pell Award**                      The three-quarter time Federal Pell Grant award calculated by the Agency appears under ‘State Award’ column. School’s reported three quarter-time Federal Pell Grant award appears under ‘Inst Award’ column.
- **HT Pell Award**                      The half-time Federal Pell Grant award calculated by the Agency appears under ‘State Award’ column. School’s reported half-time Federal Pell Grant award appears under ‘Inst Award’ column.
- **PT Pell Award**                      The less than half-time Federal Pell Grant award calculated by the Agency appears under ‘State Award’ column. School’s reported less than half-time Federal Pell Grant award appears under ‘Inst Award’ column.
- **Summer 1**                      State Grant award for leading summer term calculated by the Agency using data supplied by school appears under ‘State Award’ column. School’s reported award for leading summer term appears under ‘Inst Award’ column. Any difference between leading summer term awards is displayed in the ‘Award Diff’ column.
- **Fall**                      State Grant award for fall term calculated by the Agency using data supplied by school appears under ‘State Award’ column. School’s reported award for fall term appears under ‘Inst Award’ column. Any difference between fall term awards is displayed in the ‘Award Diff’ column.
- **Winter**                      State Grant award for winter quarter calculated by the Agency using data supplied by school appears under ‘State Award’ column. School’s reported award for winter quarter appears under ‘Inst Award’ column. Any difference between winter quarter awards is displayed in the ‘Award Diff’ column. (Note: Semester schools reporting winter quarter term awards will see errors and award differences since there is no winter quarter on a semester system.)
- **Spring**                      State Grant award for spring term calculated by the Agency using data supplied by school appears under ‘State Award’ column. School’s reported award for spring term appears under ‘Inst Award’ column. Any difference between spring term awards is displayed in the ‘Award Diff’ column.

• **Summer 2**

State Grant award for trailing summer term calculated by the Agency using data supplied by school appears under ‘State Award’ column. School’s reported award for trailing summer term appears under ‘Inst Award’ column. Any difference between trailing summer term awards is displayed in the ‘Award Diff’ column.

**Message**

A description of error messages and their corresponding ‘Action Steps’ is provided below.

**Term Award Too High for Enrolled Credits**

Appears when the reported award for the term in question is more than \$2 higher than the Agency’s calculated award for the term, based on the student’s reported enrollment level. The name of the affected term is embedded in the error message and the corresponding term payment is rejected. The school should adjust the term award and return any overpayments to its State Grant account. In cases where the award appears too high because the school reported an incorrect enrollment value, the school should correct the enrollment value prior to the next DDS batch submission.

**Term Award Too Low for Enrolled Credits**

Appears when the reported award for the term in question is more than \$2 lower than the Agency’s calculated award for the term, based on the student’s reported enrollment level. The name of the affected term is embedded in the error message but the corresponding term payment is NOT rejected. If necessary, the school should adjust the term award. In cases where the award appears too low because the school reported an incorrect enrollment value, the school should correct the enrollment value prior to the next DDS batch submission. If there is a valid reason the award appears too low (e.g., proration of award at clock hour school), no action is required by the school.

- Program Origin** One of four State Grant Decentralized Delivery System (DDS) Output Reports.
- Distribution** DDS School (1); Office of Higher Education (1).
- Frequency** This output report is generated each time the Office of Higher Education processes a DDS batch containing payments that were not flagged for errors. This report is not generated if there were no accepted payments in the school's DDS batch.
- Purpose** The error edits performed during DDS batch processing prevent erroneous data from being loaded to the Agency's State Grant database. If a term payment passes through the error edits, it is displayed on this report as accepted. It is possible for a student to appear on this roster, as well as the *Roster of Rejected Awards/Payments*, if one term's payment is rejected and another's is accepted. The total of accepted payments on this roster also appears on the *Reconciliation Report*, another output report displaying accounting totals for the school's DDS batch. Schools can review and print this report on-line by logging into the SG Web Access Screen the day after submitting a DDS batch to the Agency. The data can also be copied from the report into another format, such as Word or Excel.
- General Description** This report displays data on all accepted term payments within the school's most recent DDS batch. Data is provided by student in alphabetical order, with accepted term payments appearing under the applicable term headings.
- Data Description** A description of the data appearing on this roster is provided below by column heading:
- **Name** Student's reported name.
  - **Soc Sec** Student's reported social security number.
  - **Total Paid** Student's total accepted payments for all terms.

<b>Program Origin</b>	One of four State Grant Decentralized Delivery System (DDS) Output Reports
<b>Distribution</b>	DDS School (1); Office of Higher Education (1).
<b>Frequency</b>	The <i>Reconciliation Report</i> is generated each time the Office of Higher Education processes a DDS submitted by the institution.
<b>Purpose</b>	The report is produced in order for the Agency and the institution to reconcile accounting records with respect to cash advances to date, accepted net payments to date, rejected net payments to date and cash balances on hand at the institution. Schools can review and print this report on-line by logging into the SG Web Access Screen the day after submitting a DDS batch to the Agency. The data can also be copied from the report into another format, such as Word or Excel.
<b>General Description</b>	The report provides a comparison of the Agency's and the institution's data in order to reconcile accounting records and cash flow figures. Totals are taken from a variety of sources such as the institution's trailer record for its DDS batch, the Agency's records of cash advances to date, and the total accepted and rejected payments from the <i>Roster of Rejected Awards/Payments</i> and the <i>Roster of Accepted Payments</i> .
<b>Data Description</b>	A description of the data appearing on this roster is provided below by column heading:
• <b>School</b>	Name of school submitting DDS batch
• <b>School Code</b>	School's 6-digit school code used for federal financial aid programs
• <b>Label ID</b>	10-character optional identifier supplied by school submitting DDS batch
• <b>Cutoff Date</b>	School's cutoff date for data supplied in DDS batch
• <b>Date Received</b>	Date DDS batch received by the Agency
• <b>Date Processed</b>	Date DDS batch processed by the Agency
• <b>Number of Records</b>	Number of student records in DDS batch as counted by the Agency (OHE column) and school (School column)
• <b>Amount Net Payments</b>	Total amount of payments in DDS batch as calculated by the Agency (OHE column) and school (School column)
• <b>Total Advances</b>	Total funds advanced to school by the Agency to date, with detail of individual advances appearing below total
• <b>Total Payments Accepted</b>	Total payments accepted in current batch from the <i>Roster of Accepted Payments</i>
• <b>Balance on Hand</b>	Total funds advanced to school by the Agency minus total of accepted payments

- Total Rejected Payments**                      Total payments rejected in current batch from the *Roster of Rejected Awards/Payments*
- Unidentified School Difference**                      This amount should always be '0.' If it is necessary for the Agency to "plug" an amount on this line to reconcile, it is an indication that the institution has not reconciled its computer records with its business office accounting records prior to submitting DDS records to the Agency. This figure is derived by subtracting the total rejected payments from the difference between the school's balance on hand and the Agency's balance on hand.
- Balance Payable to the OHE**                      Total funds advanced to school by the Agency minus total of accepted payments. Balance must be returned to the Agency no later than August 1 at the end of each aid year.

### **Student Disclosure Statement Required for Schools Not Participating in the Federal Pell Grant Program**

As a postsecondary educational institution that is not participating in the Federal Pell Grant program, we are required by Minnesota Statutes 136A.103 to inform you that, by choosing to attend this institution, you will not be eligible to receive a Federal Pell Grant.

For the 2012-2013 academic year (July 1, 2012 to June 30, 2013), Federal Pell Grants range from \$575 to \$5,550 per year and are available to students who:

1. have an expected family contribution (EFC) less than \$4,996,
2. are U.S. citizens or eligible non-citizens,
3. are enrolled in an eligible undergraduate program at a participating postsecondary institution,
4. are making satisfactory academic progress,
5. are not in default status on a federal student loan, and
6. have not have been convicted of the sale of illegal drugs while receiving federal financial aid.

By signing below, I am confirming that I have read the above disclosure statement and understand that I will not be receiving a Pell Grant at this institution.

## **I. State Work Study Program**

### **A. Program Objectives**

To provide monetary assistance to students with financial need who are pursuing a postsecondary education, to provide students with valuable work experiences and to provide non-profit service agencies, disabled persons and persons over 65 with low cost student assistance.

### **B. Program Overview**

The Minnesota State Work Study program provides students at public and private postsecondary institutions in Minnesota with monetary assistance to meet their educational expenses through employment either on or off campus. In addition to working on campus, students may work off campus for non-profit service agencies, disabled persons or persons over 65 years old. A student may also work as an intern in the for-profit sector in a position directly related to the student's field of study. Program funds are allocated to the Office of Higher Education (the Agency) by the state legislature.

In order to participate in the State Work Study program, the institutional representative (normally the financial aid administrator) must complete the Institutional Request for Participation form sent to the school in February and provide an estimate of the amount of funds necessary to meet the financial need of their students for the next fiscal year (July 1– June 30). Based upon the allocation formula (see 'Calculation and Distribution of Institutional Allocation'), the Agency will calculate each school's allocation. If the school's estimate of need for State Work Study funds is less than the allocation formula amount, the school will receive its requested amount. If the school's estimate exceeds the allocation formula amount which has been adjusted for the prior year's utilization rate, the school receives the amount produced by the allocation formula.

Fifteen percent of the total State Work Study funds appropriated by the state legislature will be disbursed to participating schools in July. If the school satisfactorily completes and submits all required reports, program information and refunds for the previous fiscal year by the first working day after August 9, the Agency will disburse 35 percent of the school's current year

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 2
SECTION	<b>State Work Study Program</b>		DATE July 2012

adjusted allocation amount in September and the remaining 50 percent in December. In November, schools will be able to adjust their scheduled December installment amount. If the scheduled December installment exceeds the school's need for funds, the school can request a reduction in the scheduled December disbursement. If schools reduce the scheduled December disbursements, those funds will be reallocated to schools that need additional funding. Reallocations are also scheduled if funds are available in January, March, May and June.

The student must be a Minnesota resident attending a Minnesota school for at least six credits per term. The student must also meet all of the other program eligibility requirements.

The amount a student earns is determined by the hourly wage and the number of hours worked. The federal and state minimum wage laws apply. Although most students earn less than \$2,500 per year and work about 15 hours per week, financial aid administrators are not limited in the number of hours worked each week by the student as long as the award amount is within the student's financial need.

A school may use up to 30 percent of its initial allocation to fund student internship positions in the for-profit sector if the position is directly related to the student's field of study and will enhance the student's knowledge and skills in that field.

Each school designs its own application materials subject to program laws and agency rules. The school arranges both on and off-campus work assignments. Each school is responsible for selecting eligible students, disbursing funds and administering the program to comply with state law and agency rules and regulations. The percentage of the student's wages paid by the employer and State Work Study funds is determined by the Agency.

Though the State Work Study program is modeled after the Federal Work Study program, the programs are not identical. For a chart showing similarities and differences for both programs, please refer to Appendix 6.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 3
SECTION	<b>State Work Study Program</b>		DATE July 2012

Accurate and current records for every State Work Study student must be maintained at the school. These records are subject to state audit and review.

The financial aid administrator should contact appropriate financial aid division staff at the Agency for guidance in handling a situation which is not addressed in this manual when State Work Study funds are involved.

### **C. Eligibility to Participate**

#### **1. Postsecondary Institutions**

Any postsecondary institution that is eligible to participate in the Minnesota State Grant program may participate in the State Work Study program. (See Minnesota Statutes 136A.101, Subd. 4 and Agency Rules 4830.0300.)

#### **2. Employers**

Under the Minnesota State Work Study program, the following are eligible employers:

- eligible postsecondary institution as defined above;
- any non-profit, non-sectarian agency located in Minnesota;
- a private, for-profit employer employing a student as an intern in a position directly related to the student's field of study that will enhance the student's skills in that field;
- any disabled person who has a physical or mental impairment which substantially limits one or more life activities and who could benefit from student assistance in or about the home residence (this includes providing student employees to disabled people who are themselves students and require assistance on campus); and
- any person over 65 years of age who could benefit from student assistance in or about the home residence (this includes providing student employees to students who are themselves over 65 years of age and require assistance on campus).

#### **3. Students**

##### **a. Enrollment Status**

The student must be enrolled or accepted for enrollment on at least a half-time basis in a degree, diploma or certificate program at an eligible Minnesota institution of

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 4
SECTION	<b>State Work Study Program</b>		DATE July 2012

postsecondary education. Half-time for undergraduate students is defined in Section 136A.101, Subd. 7.b. as a minimum of six credits per quarter or semester or the equivalent. Half-time for graduate students is defined by the institution. Students cannot drop below half-time enrollment. When awarding Work Study to students, priority must be given to students enrolled for at least 12 credits or the equivalent.

Interim term credits should be allocated to adjoining terms in the same manner described under ‘Use of Interim Credits’ in the ‘State Grant’ chapter of this manual.

Students may be employed in State Work Study positions during one term of non-enrollment or less than half-time enrollment per aid year provided they meet the conditions specified in the ‘Work Performed During Term of Non-Enrollment or Less Than Half-Time Enrollment’ section of this chapter.

There is no requirement that a student be accepted into a program or course of study leading to a degree, diploma or certificate at the eligible Minnesota institution awarding State Work Study funds as long as the school can confirm that the student is accepted into a program or course of study leading to these credentials at an eligible Minnesota postsecondary institution.

Credit equivalencies assigned by the institution that are applicable for the Federal Pell Grant program award calculations shall be counted as part of the student’s credit load.

Credits for remedial course work may be counted towards the student’s enrollment level if the student has been accepted into a degree, diploma or certificate program and takes remedial course work within that program. A school cannot count non-credit remedial hours in a student’s enrollment status if the course is part of a program that leads to a high school diploma or GED. There is no limit on the amount of remedial course work that can be counted towards the student’s enrollment level.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 5
SECTION	<b>State Work Study Program</b>		DATE July 2012

The school may have a policy allowing repeated classes to be counted towards the student's enrollment level.

Transfer credits earned during a previous enrollment period at another institution or courses the student audited must not be counted for enrollment status.

Each institution must have written definitions of "full-time" and "part-time" to aid in program administration, avoid confusion and satisfy state audit requirements.

Students may be required to produce evidence such as a fee statement or registration form to verify half-time status.

**b. Undergraduate/Graduate Status**

Schools may award State Work Study funds to students enrolled in undergraduate or graduate programs. A graduate student is a student enrolled in a graduate program of study even if some of the student's courses are at the undergraduate level. The percentage of the school's allocation assigned to graduate students cannot exceed the percentage of graduate students in the total enrollment at the institution.

**c. U.S. Citizenship or Eligible Non-Citizen**

The student applicant must be a citizen or eligible non-citizen of the United States as defined in the 'Common Definitions' section of this manual.

**d. Minnesota Resident**

To be eligible for State Work Study funds, a student must be a "resident student" as defined in the 'Common Definitions' chapter of this manual.

**e. Tuition Reciprocity Restriction**

A student cannot receive State Work Study funds if the student is receiving tuition reciprocity benefits from another state to attend a Minnesota postsecondary institution.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 6
SECTION	<b>State Work Study Program</b>		DATE July 2012

**f. Satisfactory Academic Progress/Good Standing**

The student must be making satisfactory academic progress as defined in the ‘Common Definitions’ chapter of this manual.

**4. Monitoring Student Eligibility**

The financial aid administrator must monitor each State Work Study recipient’s continued program eligibility and communicate with appropriate employers regarding changes in status as necessary.

**D. Setting Up Employment Positions**

**1. I-9/W-4 Form**

Under the Immigration Reform and Control Act of 1986, all new employees must complete and sign the verification form designated by the Department of Homeland Security and provide the employer with the documentation required by this form. This law applies to State Work Study employers and employees. The financial aid administrator must verify that all State Work Study recipients have completed the I-9/W-4 form.

**2. Child Support Reporting Requirement**

Minnesota Statute 256.998 requires all employers doing business in Minnesota to report to the Human Services Department the hiring or re-hiring of any employee who resides or works in Minnesota to whom the employer anticipates paying earnings within 20 days of the date of hiring the employee. Employers are not required to report the hiring of any person who will be employed for less than two months’ duration or who will have gross earnings less than \$250 per month. Employers are responsible for honoring court orders for child support or spousal maintenance withholding.

**3. Locating Employment Positions**

Schools must make a reasonable effort to place State Work Study students in eligible off-campus employment. The school must document in writing its efforts to secure eligible off-campus employers. This documentation must be available for a state audit review. Examples of suitable documentation include copies of correspondence or emails with

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 7
SECTION	<b>State Work Study Program</b>		DATE July 2012

eligible potential off-campus employers and notes of telephone conversations with eligible employers including the name of the person contacted and the date the call took place.

#### **4. Eligible Employment Positions**

Each position offered by the employer should be reviewed by the financial aid administrator. To the extent possible, State Work Study positions should relate to the student's educational plans and career interests. In determining allowable positions, schools must rely on the state's definition of eligible employer (refer to previous 'Employers' section in this chapter). The financial aid administrator must also rely on Federal Work Study guidelines for determining allowable positions for work on campus, work for proprietary schools, and work off campus for non-profit or government agencies (refer to the Federal Work Study program chapter of the *Federal Student Aid Handbook* for further information).

##### **a. Internship Positions**

Internship positions are allowed in both the non-profit and for-profit sectors. There is no requirement that a student earn credit for an internship. However, the student must meet the requirements shown under the 'Enrollment Status' section of this chapter unless the student meets the requirements shown under the 'Work Performed During Periods of Non-Enrollment' section. A State Work Study position with a private, for-profit employer must be an internship in a position directly related to the student's field of study that will enhance the student's knowledge and skills in that field. The direct relationship of the internship position to the student's field of study must be documented in the employment contract as well as how the position will enhance the student's skills in that field.

##### **b. Tutoring Positions With Local K-12 Schools**

Each campus using the State Work Study program is encouraged to cooperate with its local public elementary and secondary schools to place State Work Study students in activities in the schools such as tutoring. Students must be placed in meaningful activities that directly assist students in kindergarten through grade 12 in meeting

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 8
SECTION	<b>State Work Study Program</b>		DATE July 2012

graduation standards. College students shall work under direct supervision of K-12 instructional or administrative personnel; therefore, school hiring authorities are not required to request criminal background checks on these students under Section 123B.03.

**c. Restriction Against Replacement of Permanent Employee in Public Sector**

A public employer other than the institution may not terminate, layoff or reduce the working hours of a permanent employee for the purpose of hiring a State Work Study student or replace a permanent employee who is on layoff from the same or substantially same job by hiring a State Work Study student.

**5. Rate of Compensation**

Student earnings are determined by an hourly wage and the number of hours worked. There is no predetermined minimum or maximum number of hours which a student may work. The financial aid administrator must use discretion in determining the number of hours a student can reasonably work and handle his/her academic work load. Students are paid only for hours actually worked. The hourly wage must at least meet federal or state minimum wage laws, whichever is higher. The federal minimum wage is \$7.25 per hour as of July 24, 2009. Therefore, all State Work Study positions must pay at least \$7.25 per hour during the 2011-2012 fiscal year.

State Work Study wages are subject to federal and state income tax withholding and, in some cases, FICA withholding if the student is classified as an employee. (See applicable FICA regulations.) Students employed under the State Work Study program are ineligible for unemployment compensation and cannot be paid for sick leave, vacation pay or holiday pay.

**6. State Share of Student Compensation**

The percent of the state share of compensation paid students employed under the State Work Study program is determined by the Agency. The match is currently 75 percent state share and 25 percent employer share for all State Work Study positions, including

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 9
SECTION	<b>State Work Study Program</b>		DATE July 2012

internships within the for-profit sector. The state share of the State Work Study award cannot exceed the established percentage amount. However, the employer can provide more than its established percent of the student's compensation thus reducing the state share.

**7. Employer Share of Student Compensation**

The employer must pay at least 25 percent of the student's gross compensation and, in addition, must contribute to FICA (social security), worker's compensation or any other insurance programs when required by the applicable laws in place for those programs.

**8. Hours of Employment**

The State Work Study program adopts many of the Federal Work Study program guidelines related to hours of employment. There are no limitations on the hours per week a student may be employed. Students may be paid overtime with State Work Study funds. Students are not allowed to volunteer hours without receiving compensation. Students can be paid for a reasonable amount of training hours. Students in community service positions can also be paid for a reasonable amount of travel time to and from community service jobs.

**9. Supervision of Employment**

The school and the employer must develop a program of supervision consistent with the nature of the assignment and the needs of the individual student. Students employed at local public K-12 schools must work under direct supervision of K-12 instructional or administrative personnel.

**10. Off-Campus Employer Contract**

When a school determines that an employer is eligible to participate and before a student begins work, a written contract must be entered into between the school and the prospective eligible off-campus employer. In the contract, the employer agrees to abide by the rules and regulations of the State Work Study program and affirms its eligibility as a State Work Study program employer. The work contract documents the nature of the work

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 10
SECTION	<b>State Work Study Program</b>		DATE July 2012

(description of the position), the hourly wage, the percentage of earnings which the employer will pay and the maximum payment to be paid by the employer. Also, the work contract must incorporate provisions for work supervision, time records, payroll and worker's compensation. A work contract for an internship position in the for-profit sector must also document the direct relationship between the position and the student's field of study as well as how the position will enhance the student's skills in that field of study.

Each school is responsible for designing its own State Work Study employer contract. Work contracts must be on file in the financial aid office and are subject to state audit reviews. A sample contract is provided in Appendix 4.

#### **11. On-Campus Employer Contract**

The Agency strongly recommends, but does not require, that a contract should be used for on-campus employment. The work contract should be signed by the student and the school before the student begins work. If used, a copy of the work contract must be kept in the student's financial aid file and is subject to state audit reviews. A sample on-campus employment contract is provided in Appendix 5.

### **E. Amount of State Work Study Award**

#### **1. Need-Based Packaging Model**

The State Work Study award amount is derived by subtracting the nine-month Federal Methodology Expected Family Contribution (EFC) and other financial aid and resources (excluding federal veterans' benefits) the student is receiving from the cost of attendance as defined in Title IV, Section 472 of the Higher Education Act. When determining the amount of financial aid and resources to subtract from the cost of attendance, only that portion of non-need based loans which exceeds the EFC must be subtracted. The school must also subtract any State Work Study earnings the student earns during a term of non-enrollment. (See 'Work Performed During Term of Non-Enrollment.')

The following is an example of a State Work Study award using the need-based packaging model.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 11
SECTION	<b>State Work Study Program</b>		DATE July 2012

<p>Cost of Attendance</p> <ul style="list-style-type: none"> <li>- Federal EFC</li> <li>- Grants, Scholarships, Need-Based Loans</li> <li>- Portion of NonNeed-Based Loans Exceeding EFC</li> <li>- Other Resources as Defined in Title IV Guidelines (excludes federal veterans' benefits)</li> <li>- <u>Earnings from Term of Non-Enrollment (minus allowable work-related expenses)</u></li> </ul> <p>= Maximum State Work Study Award for Aid Year</p>
--

This is the same need-based packaging model used by the Federal Work Study program. Therefore, the school is expected to follow all applicable federal campus-based packaging guidelines. There is a \$300 annual overaward tolerance for UNINTENTIONAL overawards. The financial aid administrator cannot include the \$300 tolerance when initially packaging the student's State Work Study award. It is extremely important that the financial aid administrator monitor the student's earnings and make any adjustments in order to avoid an overaward situation.

The EFC used in the calculation of the State Work Study award must be the Federal Methodology (FM) EFC and must be documented by a valid SAR or ISIR, or a FM need analysis worksheet used to manually calculate the FM EFC, or the results of financial aid software used by the school to calculate the FM EFC on campus. The school may use professional judgment to adjust the cost of attendance or any of the data elements used to calculate the Federal Methodology EFC. (See 'Professional Judgment' in the 'Common Definitions' chapter.)

**2. Work Performed During Term of Non-Enrollment or Less Than Half-Time Enrollment**

A student may work during a term of non-enrollment (zero credits) or less than half-time enrollment (one to five credits) once per aid year if the student signs a statement of intent to enroll as at least a half-time student the next academic term or provides proof of registration for the next academic term. However, students are not allowed to earn State Work Study funds during a leave of absence. The financial aid administrator is expected to take earnings during a term of non-enrollment into consideration when determining State Work Study eligibility for subsequent award periods. However, the financial aid

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 12
SECTION	<b>State Work Study Program</b>		DATE July 2012

administrator may subtract allowable work related expenses as outlined for the Federal Work Study program when determining the amount of earnings available during the subsequent enrollment period.

When the school calculates State Work Study eligibility for the current aid year, the school should subtract any earnings from a term of non-enrollment (minus allowable work-related expenses) as a financial aid or resource in the award calculation. For example, if the student worked during the summer term of non-enrollment, the amount the student earned would be subtracted as a resource in the award calculation for the subsequent aid year.

## **F. Disbursement**

### **1. Disbursing Funds to Students**

It is preferable that more than one responsible official at the school sign student paychecks. The person who initiates the payment transmittal should not be the party responsible for signing paychecks. Each check or transaction should be identified as originating from the State Work Study program if a separate checking account is not maintained. The check is to be made payable to the student and must reflect the amount indicated on the payroll voucher. The sum of all payroll vouchers must be reconcilable with the general ledger control account.

If the student provides written authorization to do so, the school may apply all or a portion of the student's State Work Study earnings to the student's account via payroll deduction or to the student's bank account via electronic funds transfer (EFT). The school must be able to document the date, amount and funding source of each transaction.

### **2. Student Account Balances**

Unless otherwise authorized by the student, whenever an institution applies state financial aid disbursements to a student's account and determines that the amount of those disbursements exceeds or exceeded the amount of allowable charges the institution assessed the student, the institution must pay that balance directly to the student as soon as possible, but within 14 days of the later of:

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 13
SECTION	<b>State Work Study Program</b>		DATE July 2012

- the date that balance occurs,
- the first day of classes of a payment period/period of enrollment as applicable, or
- the date the student rescinds his or her authorization.

This also applies to cases where the school posts State Work Study disbursements to the student's account prior to receipt of State Work Study funds from the Agency.

If a school receives authorization to hold excess funds, the school must identify the student or parent and the amount of funds the school holds for the student or parent in a subsidiary ledger account designated for that purpose. The school also must maintain, at all times, cash in its bank account at least equal to the amount the school holds for students.

Because state financial aid funds are awarded to students to pay current year charges, notwithstanding any authorization obtained by a school from a student or parent, the school must pay:

- any remaining balance on state loan funds by the end of the loan period, and
- any other remaining balance on state financial aid program funds by the end of the last payment period in the award year for which they were awarded.

If an institution attempts to disburse a State Work Study payroll check or EFT transaction to the student, and the check is returned to the institution or the EFT transaction is rejected, the institution may make additional attempts to disburse the funds to the student. If the payroll check or EFT transaction is not claimed by the student within one year of the date it was issued, it can be presumed to be abandoned and must be reported and turned over as abandoned property in compliance with Minnesota Statutes 345.39 Subd. 3 and 345.41. (The institution should become familiar with abandoned property reporting requirements described in Minnesota Statutes 345.41 which require an additional attempt to locate the owner if the property has a value of \$100 or more.) If the student cannot be located and the student's State Work Study payroll check or EFT transaction is reported and turned over to the Minnesota Department of Commerce as abandoned property, the funds will remain in the state's general fund if they are not claimed by the student.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 14
SECTION	<b>State Work Study Program</b>		DATE July 2012

If a school cannot locate a student to whom a state financial aid credit balance must be paid, the school must return the credit balance to the appropriate program at the Agency. The Agency does not specify how a school should determine which financial aid funds created the credit balance. However, when possible, the Agency encourages schools to return state financial aid fund balances to the SELF loan program first to reduce the likelihood of default.

The school is permitted to retain any interest earned on the student's credit balance funds.

### **3. Required Payroll Records**

Each payment to a student must be supported by time sheets signed by the student's employment supervisor. An electronic signature is acceptable if it meets the electronic certification requirements in place for the Federal Work Study program. Time sheets should record the actual number of hours worked on a specific date, the starting and ending times, whether the hours took place in the morning (a.m.) or afternoon/evening (p.m.), the department number and the student's ID number. The supervisor should personally sign each time sheet. (A facsimile or signature stamp should not be used on time sheets.) By signing these time sheets, the student's supervisor is attesting that the hours indicated on the time sheet reflect the actual hours worked by the student. The student is not to be compensated for sick leave, vacation pay or holiday pay. The student's individual payment record must agree with the amounts on the W-2 form.

### **4. Withholding Tax and Student Compensation**

Payments made to students under the State Work Study program are subject to both federal and state income taxes. The employer must also contribute to FICA, worker's compensation or any other insurance programs when required by the applicable laws for those programs.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 15
SECTION	<b>State Work Study Program</b>		DATE July 2012

**5. Garnishment of State Work Study Wages**

State Work Study wages are considered income and, therefore, are subject to garnishment. Court ordered child support that is withheld from the student’s wages cannot be reduced because of garnishment from other creditors.

**6. Work Prohibited During Leave of Absence**

Because schools cannot disburse state financial aid during a leave of absence, a student cannot earn State Work Study funds during a leave of absence.

**7. Student Refunds**

If a student withdraws or reduces enrollment status below half-time enrollment after disbursement of State Work Study earnings, there is no refund due the State Work Study program. However, the school must cancel any future State Work Study earnings for the remainder of the term.

**G. Allocation of Funds to Institution**

**1. Calculation and Distribution of Institutional Allocation**

In February preceding the academic year, the University of Minnesota, MnSCU system office and private schools are requested to submit their total Minnesota resident enrollment figures for the prior year. The institution must have signed an Institutional Participation Agreement with the Minnesota Office of Higher Education (the Agency) which specifies the responsibilities of the postsecondary institution and the Agency (see Appendix 5 of ‘State Grant’ chapter). The institution must complete the Institutional Request for Participation form (see Appendix 1 of this chapter) on an annual basis.

In March, the list of participating schools for the coming academic year will be finalized. Each campus’s estimated initial allocation will be calculated based on that campus’s share of the total resident full-year equivalent (FYE) students for all participating campuses. Any campus requesting less than the allocated amount will have its initial allocation reduced to the requested amount and excess funds will be available for reallocation to

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 16
SECTION	<b>State Work Study Program</b>		DATE July 2012

other campuses in September. In July, 15 percent of each school's initial allocation will be disbursed to the campus to cover funding for the summer term.

In September, after final reports for the previous aid year have been submitted, the initial allocations calculated in March are reduced for campuses with prior year utilization rates less than 100 percent. For example, if a school utilized only 90 percent of available funds in the previous aid year, its initial allocation for the coming year is reduced by 10 percent. Once initial allocations are adjusted, an additional installment is disbursed to campuses for fall term. The amount of the fall term disbursement is 50 percent of the adjusted initial allocation minus the 15 percent of the initial allocation disbursed in July. The remaining 50 percent installment of the adjusted initial allocation takes place in December. The allocation and utilization formulas are provided below.

<b>Allocation Formula</b>	
a.	$\frac{\text{School MN Resident FYE}}{\text{Total MN Resident FYE for all participating schools}} = \text{School's \% of Total MN Resident FYE}$ <p style="text-align: right;">(FYE = Full Year Equivalent)</p>
b.	$\text{School's FYE \%} \times \text{Total Work Study FY Appropriation} = \text{School's Possible Allocation}$
c.	$\frac{\text{Prior Year Total Expenditures}}{\text{Prior Year Total Funds Available}} = \text{Utilization Rate \%}$
d.	$\text{School's Possible Allocation (result in item b)} \times \text{Utilization Rate (result in item c)} = \text{Schools Adjusted Allocation/Initial Allocation. (If the school's estimate is less than this amount, the school receives its estimated amount.)}$

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 17
SECTION	<b>State Work Study Program</b>		DATE July 2012

### Utilization Rate

$$= \frac{\text{Total State Work Study Expenditures for Student Awards Current Fiscal Year}}{\text{Total Expenditures}}$$

- Current Year Initial Allocation (funds disbursed in July, September and December)
  - + Current Year Reallocated Funds
  - + Funds Carried Forward from Previous Fiscal Year
  - + Funds Carried Back from Next Fiscal Year\*
  - Funds Carried Forward to Next Fiscal Year
  - Funds Carried Back to Previous Fiscal Year\*
  - Refunds Returned to the Agency Before March 1
- Total Funds Available**

$$\frac{\text{Total Expenditures}}{\text{Total Funds Available}} = \text{Utilization Rate}$$

\*In certain years, carry back is not allowed. See 'Carry Forward, Carry Back' section.

Throughout the academic year, unused funds are requested from campuses and reallocated to other campuses. The first reallocation/refund request is emailed to schools prior to the fall installment of the initial allocation (Appendix 3). Schools are generally given two weeks to respond to the request and return any unused funds to the Agency. In November, schools also have the option of reducing their scheduled December installment amount if it exceeds the school's need for funds. If schools reduce the scheduled December disbursement, those funds will be reallocated to schools requesting additional funding. Schools requesting reallocations are notified via email of the amount of reallocated funds available, with disbursement taking place within two weeks of notification.

A school's utilization rate will not be adversely affected if unused funds are returned to the Agency by March 1. In no case should unused funds be returned to the Agency later than July 31. Each school's final report spreadsheet must be submitted to the Agency no later than the first working day after August 9.

SECTION	<b>State Work Study Program</b>		DATE July 2012

**2. Use of 30 Percent of Allocation for Internships in For-Profit Sector**

A school may use up to 30 percent of its initial State Work Study allocation for student internships with eligible, for-profit employers as defined under the ‘Employers’ section of this chapter.

**3. Use of Allocation for Awards to Graduate Students**

The percentage of the institution’s State Work Study allocation awarded to graduate students cannot exceed the percentage of graduate students in the total enrollment at the institution.

**4. Carry Forward, Carry Back of Funds**

An institution is allowed to carry forward to the next fiscal year or carry back to the previous fiscal year up to 10 percent of the current year’s initial allocation (i.e., July, September and December allocation disbursements). As shown in the chart below, schools may NOT carry back funds from the first year of one biennium to the last year of the previous biennium but may always carry forward funds across bienniums. Schools may always carry forward and back between the two fiscal years within a biennium. Funds carried forward or back to another fiscal year will not adversely impact the current fiscal year’s utilization rate. However, they will be considered funds available in the other fiscal year and impact its utilization rate. (See ‘Calculation and Distribution of Institutional Allocation.’)

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 19
SECTION	<b>State Work Study Program</b>		DATE July 2012

### **5. Administrative Expense Allowance**

There is currently no administrative expense allowance for the State Work Study program that allows institutions to use a portion of their annual allocation to cover administrative costs incurred by the institution.

### **6. Monitoring Spending Throughout Aid Year**

Each school must monitor individual student award amounts and actual earnings so that the total amount of all awards (earnings) does not exceed the amount of the school's State Work Study allocation plus the employer match. After each pay period, the school must monitor the aggregate total of each student's award and must determine the aggregate total of all students' earnings to avoid spending more than the allocated amount. When switching a student from Federal or institution Work Study to State Work Study, or vice-versa, make sure the student is not receiving both.

The school is strongly encouraged to notify the student when the student is close to earning the approved award amount.

## **H. Funds Management and Reporting Requirement**

### **1. Accountability for Funds**

Each participating school is accountable for all State Work Study funds allocated by the Agency and for implementing acceptable procedures and controls to ensure proper accountability. It is preferable that State Work Study funds be deposited in a separate account. If the State Work Study funds are combined with other institutional funds, a fund source number must be traceable to all activity involving the State Work Study account, thus ensuring that State Work Study funds are used only for State Work Study awards.

### **2. Refunds of Excess Funds**

Excess funds are those funds that will not be expended on State Work Study awards or carried forward/back to a contiguous fiscal year.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 20
SECTION	<b>State Work Study Program</b>		DATE July 2012

The business office must keep the financial aid office regularly informed (monthly reports are recommended) of the balance in the account so the financial aid administrator can determine whether the State Work Study allocation will be used during the current aid year. The Agency will periodically send refund/reallocation requests to schools regarding the use of funds during the fiscal year. Excess funds should be returned to the Agency by the date shown on the reallocation/refund request.

Refunds received after March 1 will have an adverse impact on the school's utilization rate used to determine the allocation for the next aid year. At the end of the fiscal year, excess funds must be returned to the Agency no later than July 31.

To ensure proper credit to the school's records at the Agency, the State Work Study Manager should be informed in writing that the refund is coming and the dollar amount of the refund. The refund check or funds transfer must indicate that the refund belongs to the State Work Study program and the fiscal year for which the refund should be credited.

Refunds are reallocated normally in November, January, March, May and June to those schools requesting additional program funds for that fiscal year.

### **3. State Reports/Forms**

Schools participating in the State Work Study program must correctly complete and submit the following forms and reports on a timely basis. The Agency may issue some of the reports in electronic format.

- Institutional Request for Participation and FYE Reporting form (Appendix 1),
- Reallocation/Refund Requests (Appendix 3),
- Final Report (Appendix 2),
- Student Data Sheets (Appendix 2a),
- Monthly Spending (reported on-line), and
- other supporting documentation upon request from the Agency.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 21
SECTION	<b>State Work Study Program</b>		DATE July 2012

## **I. State Audits**

State auditors will periodically visit each participating school to perform an audit. The school also has the option of hiring an outside auditing firm to conduct its state audits in conjunction with its audits of federal aid programs. (See ‘Audits’ in the ‘Common Definitions’ chapter for further information.)

Each participating school must establish a procedure by which an auditor can conduct an audit by going to no more than three administrative offices within the school. In most cases, these will be the financial aid office, the business office and the registrar’s office, but that choice is made by the school.

The school must make available all pertinent books, documents, papers and records for audit and examination for three years after the last day of a fiscal year or until all audit exceptions for the period are resolved.

### **1. Student Eligibility**

The school must have written documentation to support the student’s eligibility, including the following:

- that at least half-time status was established and noted for a particular student. The actual documentation, such as a fee statement or transcript, need not be kept at the audit location but must be readily available at the Registrar’s Office or other responsible department within the school;
- that the student continued to make satisfactory academic progress as defined under ‘Common Definitions’ during the time in which the student received State Work Study funding;
- that the Federal Methodology needs analysis was used in determining the student’s amount of financial need;
- if professional judgment was used in adjusting the student’s EFC or cost of attendance, the appropriate documentation must be included in the student’s file;
- that the student has a reasonable cost of attendance which is documented;

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 22
SECTION	<b>State Work Study Program</b>		DATE July 2012

- that the student is an eligible resident of Minnesota as defined under the ‘Common Definitions’ chapter of this manual;
- that the student was a U.S. citizen or eligible non-citizen; and
- that the student was not receiving tuition reciprocity benefits from another state.

## **2. Award Amount/Time Sheets/Payroll**

The school must be able to produce written documentation of the following:

- that a specific amount was awarded to the student based on his/her financial need as determined through Federal Methodology needs analysis;
- that payroll records verify the amount of each student’s wages;
- that time sheets, signed by the student’s supervisor, support the total hours worked; and
- that the total amount of the student’s wages did not exceed his/her allowable award.

## **3. Employer Contracts**

During the audit, the school must be able to produce employer contracts as described under ‘Off-Campus Employer Contract’ and ‘On-Campus Employer Contract’ in the ‘Setting Up Employment Positions’ section of this chapter.

## **4. Contacts With Off-Campus Employers**

The school must provide written documentation of its reasonable efforts to place students in eligible off-campus employment. Documentation of its efforts should include items such as:

- a) copies of correspondence or emails with eligible employers, and
- b) notes of telephone contact with eligible employers, including the name of the person contacted and the date the contact was made.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 23
SECTION	<b>State Work Study Program</b>		DATE July 2012

## **5. Matching of State Work Study Funds**

The school must be able to show:

- that, if the school/employer agrees to pay more than its required 25 percent share of student wages, State Work Study funds cannot exceed the remaining share of student wages;
- that the compensation shares for students under the State Work Study program were in the proper proportion; and
- that, for students employed on campus, the school or department matched the state share with at least the established employer match amount and that the school's share was provided from other than State Work Study funds allocated to the school.

## **J. Summary of State Audit Requirements: Institutional Documentation for State Work Study**

Each institution must be able to produce the following for auditors:

1. individual student financial aid files for State Work Study participants;
2. copy of a valid FAFSA output document or a needs analysis/hand calculation form for each State Work Study student;
3. documentation if professional judgment was used in determining financial need;
4. documentation of how the student's State Work Study award was calculated;
5. documentation that the correct employer and state share of compensation were used to fund the student's State Work Study award;
6. copies of State Work Study final reports and Student Data Sheets submitted to the Agency;
7. copies of Off-Campus Employer Contracts between the institution and the employer;
8. copies of On-Campus Employer Contracts signed by the student and the school, if used;
9. descriptions of supervision provided for State Work Study students;
10. copies of student's time sheets signed by the supervisor;
11. payroll records, W-2 forms;
12. payroll vouchers, general ledger and student account or EFT transactions; and
13. written documentation of attempts by the institution to locate off-campus employers.

**136A.231 EDUCATION; POSTSECONDARY STUDENTS; WORK-STUDY PROGRAMS.**

The legislature has found and hereby declares that a state work-study program is in the best interests of the state in that such a program can

- (1) assist in meeting the financial needs of students
- (2) provide the opportunity for students to obtain valuable learning service experiences and
- (3) assist governmental and nonprofit service agencies by providing student assistance at low cost.

**History:** 1973 c 682 s 1; 1975 c 430 s 1

**136A.232 ADMINISTRATION; AGREEMENTS WITH EDUCATIONAL FACILITIES.**

The Minnesota Office of Higher Education shall develop and administer a work-study program. The office shall enter into agreements with institutions of postsecondary education.

**History:** 1973 c 682 s 2; 1975 c 271 s 6; 1975 c 430 s 2; 1995 c 212 art 3 s 59; 2005 c 107 art 2 s 60

**136A.233 WORK-STUDY GRANTS.**

Subdivision 1. **Allocation to institutions.** The Minnesota Office of Higher Education shall allocate work-study money to eligible postsecondary institutions according to the resident full-time equivalent enrollment of all eligible postsecondary institutions that apply to participate in the program, and the amount of the allocation that an institution spent during the previous academic year. Each institution wishing to participate in the work-study program must submit, in accordance with policies and procedures established by the office, an estimate of the amount of funds needed by the institution. Any funds allocated to an institution that exceed the actual need of the institution shall be reallocated by the office to other institutions. An institution may carry forward or backward the same percentage of its initial allocation that is authorized under federal work-study provisions.

Subd. 2. **Definitions.** For purposes of sections 136A.231 to 136A.233, the words defined in this subdivision have the meanings ascribed to them.

- (a) “Eligible student” means a Minnesota resident enrolled or intending to enroll at least half time in a degree, diploma, or certificate program in a Minnesota postsecondary institution.
- (b) “Minnesota resident” means a student who meets the conditions in section 136A.101, subdivision 8.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 2
SECTION	<b>Minnesota State Work Study Program</b>		DATE May 2007

- (c) “Financial need” means the need for financial assistance in order to attend a postsecondary institution as determined by a postsecondary institution according to guidelines established by the Minnesota Office of Higher Education.
- (d) “Eligible employer” means any eligible postsecondary institution, any nonprofit, nonsectarian agency or state institution located in the state of Minnesota, a disabled person or a person over 65 who employs a student to provide personal services in or about the person's residence, or a private, for-profit employer employing a student as an intern in a position directly related to the student's field of study that will enhance the student's knowledge and skills in that field.
- (e) “Eligible postsecondary institution” means any postsecondary institution eligible for participation in the Minnesota state grant program as specified in section 136A.101, subdivision 4.
- (f) “Independent student” has the meaning given it in the Higher Education Act of 1965, United States Code, title 20, section 1070a-6, and applicable regulations.
- (g) “Half-time” for undergraduates has the meaning given in section 136A.101, subdivision 7b , and for graduate students is defined by the institution.

Subd. 3. **Payments.** Work-study payments shall be made to eligible students by postsecondary institutions as provided in this subdivision.

- (a) Students shall be selected for participation in the program by the postsecondary institution on the basis of student financial need.
- (b) In selecting students for participation, priority must be given to students enrolled for at least 12 credits.
- (c) Students will be paid for hours actually worked and the maximum hourly rate of pay shall not exceed the maximum hourly rate of pay permitted under the federal college work-study program.
- (d) Minimum pay rates will be determined by an applicable federal or state law.
- (e) The office shall annually establish a minimum percentage rate of student compensation to be paid by an eligible employer.
- (f) Each postsecondary institution receiving money for state work-study grants shall make a reasonable effort to place work-study students in employment with eligible employers outside the institution. However, a public employer other than the institution may not terminate, lay off, or reduce the working hours of a permanent employee for the purpose of hiring a work-study student, or replace a permanent employee who is on layoff from the same or substantially the same job by hiring a work-study student.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 3
SECTION	<b>Minnesota State Work Study Program</b>		DATE May 2007

- (g) The percent of the institution's work-study allocation provided to graduate students shall not exceed the percent of graduate student enrollment at the participating institution.
- (h) An institution may use up to 30 percent of its allocation for student internships with private, for-profit employers.

Subd. 4. **Cooperation with local schools.** Each campus using the state work study program is encouraged to cooperate with its local public elementary and secondary schools to place college work study students in activities in the schools, such as tutoring. Students must be placed in meaningful activities that directly assist students in kindergarten through grade 12 in meeting graduation standards including the profiles of learning. College students shall work under direct supervision; therefore, school hiring authorities are not required to request criminal background checks on these students under section 123B.03.

**4830.2200 APPLICATION AND DISTRIBUTION OF FUNDS FOR GRANTS.**

Subpart 1. **Application by schools.** A school desiring funds for work-study grants must request funds by June 30 each year. The school must submit its estimate of the amount needed to meet eligible student needs for the following school year.

Subp. 2. **Allocation formula.** Funds shall be allocated to each school according to the following formula:

- A. resident full-time equivalent enrollment of each school, divided by the total resident full-time equivalent enrollment of all participating eligible schools;
- B. multiplied by the current fiscal year's appropriation for work-study grants; and
- C. multiplied by the percent of funds for work-study grants actually used by that school during the prior school year.

“Resident full-time equivalent enrollment” means the Minnesota resident full-year enrollment for the year prior to the academic year for which work-study funds are allocated.

Subp. 3. **Modification of allocations.** The director shall allocate funds equal to a school's estimated need if the estimated need is less than the amount determined by the allocation formula.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 6
SECTION	<b>Minnesota State Work Study Program</b>		DATE May 2000

Subp. 4. **Accountability.** Each participating school shall be accountable for any funds disbursed to students for work-study grants. Funds may be used only during the fiscal year of disbursement. The school must document its efforts to place students with off-campus employers. The percent of the school's allocation provided to graduate students shall not exceed the percent of graduate students in the total enrollment at the participating school.

Subp. 5. **Unused funds.** The school must return funds which the school determines will not be used within 30 days from the date of a request by the director. The director shall reallocate the funds to other participating schools requesting additional funds.

Subp. 6. **Reallocation.** The director shall reallocate funds using the formula specified in subpart 2, items A and B.

#### **4830.2300 WORK-STUDY GRANTS.**

A school shall determine if a student is eligible for a work-study grant. To be eligible a student must meet the requirements of part 4830.0100, subpart 5, items B, C, D (as defined in Minnesota Statutes, section 136A.101, subdivision 7b), E, and F. Priority must be given to students enrolled for at least 12 credits. A student employed during periods of nonenrollment must sign a statement of intent to enroll at least half-time for the next term or provide proof of registration for the next term.

**Hist:** 8 SR 196; 10 SR 2319; 15 SR 1780; 16 SR 1822; 18 SR 1849; 20 SR 2572

#### **4830.2400 EMPLOYMENT TERMS; AMOUNT OF GRANTS.**

Subpart 1. **Eligible employers.** A work-study grant recipient may be employed on-campus by the school or off-campus by any of the following:

- A. a nonprofit, nonsectarian agency located in Minnesota;
- B. a private, for-profit employer employing a student as an intern in a position directly related to the student's field of study that will enhance the student's knowledge and skills in that field;

SECTION	<b>Minnesota State Work Study Program</b>		DATE May 2000

- C. a person who has a physical or mental impairment which substantially limits at least one life activity and who could benefit from student assistance in or about the home; or
- D. a person over 65 years old who could benefit from student assistance in or about the home.

Subp. 2. **Amount.** The maximum a student may earn through a work-study grant is the amount of the student's financial need.

Subp. 3. **Hourly wages.** Beginning July 1, 1993, not less than 25 percent of the amount earned by a student shall be paid by the employer, with the actual percentage determined by the school in consultation with the employer. A student shall be paid for hours actually worked at an hourly rate agreed to by the employer and the student, with the approval of the school. However, the student must be paid at least the state minimum wage, if the federal minimum wage is not applicable. Student earnings must be paid according to federal regulations governing payment of student earnings under the federal work-study program.

Subp. 4. **Replacement of permanent employee.** A public employer other than the institution may not terminate, lay off, or reduce the working hours of a permanent employee to hire a work-study student, or replace a permanent employee who is laid off from the same or substantially the same job by hiring a work-study student.

**Stat Auth:** MS s 136A.01; 136A.04; 136A.111; 136A.16; 136A.121; 136A.132; 136A.141; 136A.233; 136A.70

**Hist:** 8 SR 196; 16 SR 1822; 18 SR 1849; 23 SR 594

**4830.2500 CONTRACTS WITH EMPLOYERS.**

Subpart 1. **Off-campus employer contract.** Before a student begins work, the school and off-campus employer shall sign a contract affirming the eligibility of the employer and agreeing to abide by applicable law and rules.

Subp. 2. **Contents of work contract.** The student, school, and employer shall sign a contract setting forth the nature of the work, number of hours of employment, hourly rate of pay, percentage of earnings to be

SECTION	<b>Minnesota State Work Study Program</b>		DATE May 2000

paid by the employer, maximum payment by the employer, pay and time records, payroll, and workers' compensation. Time records must be signed by the student and the employment supervisor.

Subp. 3. **Review and comment.** All contracts signed by the school and employers are subject to review and comment by the director.

Subp. 4. **Supervision.** The school, with the employer, must develop for each work-study assignment a program of supervision consistent with the nature of the assignment and the needs of the individual student. Upon request, the school must submit the program of supervision to the director for review and comment.

Subp. 5. **Reasonable effort.** An institution must make a reasonable effort to place a student in eligible off-campus employment. The institution must document its efforts with documents such as:

- A. copies of correspondence with eligible employers; and
- B. notes of telephone contact with eligible employers. This shall include name of person contacted and date.

**Stat Auth:** MS s 136A.01; 136A.04; 136A.111 subd 2; 136A.16; 136A.234; 136A.70; 147.30

**Hist:** 8 SR 196; 10 SR 2319; 15 SR 1780; 20 SR 2572

#### **4830.2600 REPORTS BY SCHOOL.**

The school must collect demographic and program activity data as specified by the director. The school shall provide the director with individual student data upon request.

End of year program activity and student data reports are required by the director. The school must correctly complete and submit these reports and any applicable refunds to the director by the first working day after August 9. The director shall withhold the school's subsequent year's allocation if the above deadline date is not met.

Subject: MN State Work Study Program – July Refund/Reallocation

We are now requesting refund/reallocation information for the **MN State Work Study Program**. OHE has created a web-based reporting mechanism for this purpose. You can access the reporting screen at: [www.getreadyforcollege.org/surveys/refRealloc/ws.cfm](http://www.getreadyforcollege.org/surveys/refRealloc/ws.cfm).

In order to be considered in the 2011-2012 MN State Work Study Program reallocation process, you must report at the above web-site no later than **July 13, 2012**. Please report if you will be sending a refund or need additional MN State Work Study funds.

**If I receive refunds by the deadline date of July 13, 2012, I will process one more reallocation for the 2011-2012 aid year.** However, if you still require additional funds for the 2011-2012 aid year, this is a year where carry-back is allowed. You can carry-back 2012-2013 funds to 2011-2012 which is limited to ten percent of your 2011-2012 initial allocation. Schools would need to use institutional funds until disbursement is processed for the 2012-2013 aid year. To reduce a late penalty, you are also allowed to carry forward up to ten percent of your 2011-2012 initial allocation. You are allowed to carry-back or carry-forward up to ten percent of your 2011-2012 initial allocation (July, September and December disbursements).

**Please return refunds promptly, no later than July 13, 2012. Reallocations cannot be processed until refunds are received by OHE.** All refunds/checks should be accompanied by the OHE refund return form to ensure the funds are credited appropriately. The refund return form can be found at [www.ohe.state.mn.us/mPg.cfm?pageID=1538](http://www.ohe.state.mn.us/mPg.cfm?pageID=1538). Please check with your business office to ensure the refunds are being processed to meet this deadline. Refunds should be returned to:

**MN Office of Higher Education  
PO Box 64449  
St. Paul, MN 55164-0449**

**Any program funds returned to OHE after March 1, 2012, will have an adverse affect on next year's allocation.**

## Minnesota State Work Study Program Off-Campus Employment Agreement

---

This agreement is entered into between \_\_\_\_\_ (hereafter called Institution) and \_\_\_\_\_ (hereafter called Employer) for the purpose of providing work to students eligible to participate in the Minnesota State Work-Study Program (hereafter called Program).

- I. All terms used in this Agreement shall be interpreted in accordance with any definitions contained in Minnesota Statutes 136A.231–136A.233, and Agency Rules 4830.2000–4830.2600 governing the State Work-Study Program.
- II. The Institution maintains the exclusive right to control and direct this Program. The Institution shall:
  1. Establish appropriate policies with respect to project and Employer eligibility and set forth these policies in writing.
  2. Determine the total number of students to be employed by the Employer at any given time.
  3. Approve the rate of pay each student will receive and supply the total number of hours per week each student may work for the Employer.
  4. Establish specific starting and ending dates for a student's term of employment and set forth any standard under which that term of employment may be terminated.
  5. Determine the amount of the work award for each student and set forth this amount as the maximum gross earnings limit for a student's term of employment.
- III. The Employer certifies that it is a public/or private (circle one) organization eligible to participate in this Program and that the work performed by the students under this Program shall:
  1. Not result in the displacement of the Employer's employed workers or impair the existing contracts for services; and
  2. Be governed by such conditions of employment as will be appropriate and reasonable in light of such factors as type of work performed, geographical location, and educational level and proficiency of the student and any applicable federal, state or local legislation; and
  3. Not involve the construction, operation, or maintenance of so much of any facility as it is to be used or is used for sectarian instruction or as a place of religious worship; and
  4. Not involve any partisan or nonpartisan political activity associated with a candidate, or contending faction or group, in an election for public party office; and
  5. Not involve any lobbying on the federal, state, or local level; and
  6. Not be primarily for the benefit of the membership of a limited membership organization (such as a credit union or fraternal order) other than public; and
  7. Not represent a conflict of interest for any of the parties to this agreement or the federal or state government or any of their political sub-divisions; and

<b>FINANCIAL AID MANUAL</b>		NUMBER Section III	PAGE App 4
SECTION <b>State Work Study Program</b>	DATE July 2012		

8. Not be work for which the political support, affiliation, or affinity of the student is a prerequisite or consideration for employment; and
9. Not be work to be performed for an elected official other than as a part of the regular administration of federal, state, or local government.

IV. It is agreed that the Employer shall:

1. Provide orientation to the student with respect to hours of duty, place of duties, working conditions, briefing on safety, standards of conduct and a familiarization with the Employer's procedures. Such orientation shall be designed to aid the student in adjusting to the job situation.
2. Provide the student with an explanation of his or her duties, performance requirements in terms of quality, quantity, methods and priorities, and the necessary basic corrective and progressive training.
3. Provide on-site supervision of the employment activities of the students. Students employed by public K-12 schools performing meaningful activities that directly assist students in K-12 in meeting graduation requirements shall work under direct supervision at all times.
4. Maintain time records for each student and complete the student's payroll time sheets. The time sheets are to be sent to the Institution by payroll due dates established by the Institution. No compensation can be paid to a student without properly authenticated payroll time sheets.
5. Not permit any student to perform work or any project under this Program for more than 40 hours in any week. The Employer shall assume responsibility for payment of compensation to students for hours worked in excess of such maximum limitations. Student eligibility for State Work-Study funds will be reduced by such excess earnings.
6. Not permit any student to work beyond the date specified by the Institution as the ending date of the student's term of employment or exceed his or her gross earnings limit. The Employer shall assume responsibility for payment of compensation to students for hours worked beyond these limits.

- V. Students will be made available to the Employer by the Institution for performance of specific work assignments. Students may be removed from work on a particular assignment or from the Employer by the Institution, either on its own initiative or at the request of the Employer.

The Employer agrees that no student shall be denied work or subjected to different treatment under this Agreement on the basis of race, national origin, religion, sex, age or handicap, and that it will comply with the provisions of the Civil Rights Act of 1964 and Amendments, the Regulations of the Department of Health, Education and Welfare which implement that act, and the Minnesota Human Rights Act.

- VI. The Employer shall be deemed the employer for all purposes of this Agreement, except for the purposes of employer compliance with federal social security laws and worker's compensation laws for which purposes the Institution shall be deemed the employer. The Employer has the right to control and direct the services of the student, not only as to the results to be accomplished, but also as to the means by which the result is to be accomplished. The Institution shall be limited to determining that the students meet the eligibility requirements for employment under the State Work-Study Program, and to determine that the students do perform their work in fact.
- VII. The Employer agrees to pay the Institution an amount calculated to cover the Employer share which is 25% of the student's gross earnings for students employed under this agreement. Failure by the Employer to pay its share of the compensation to the Institution within 60 days of billing may result in the cancellation of this Agreement.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section III	PAGE App 4
SECTION <b>State Work Study Program</b>	DATE July 2012		

- VIII. All payments due as an employer's contribution under any applicable laws (except payments under the Federal Social Security Laws) shall be made directly by the Employer, and the Employer shall furnish to the institution evidence of such payments as requested to do so.
- IX. The Employer shall furnish to the Institution for each payroll period, for review and retention, time reports indicating period of work, name of student, rate per hour, total hours worked during the pay period, the actual number of hours worked on a specific date, the starting and ending times, including an indication of AM or PM, and the supervisor's certification as to the accuracy of the hours reported and of satisfactory performance on the part of the student.
- X. Compensation of students for work performed under this Agreement will be disbursed by the Institution.
- XI. Since State resources are the primary source of funding for this program, the Institution reserves the right to terminate a student's position in the event that available funds have been depleted. The Institution will give the Employer an option of retaining the student worker in the event that either (a) the Employer is willing to pay the student worker's full wages or (b) the student is willing to volunteer his or her time for the Employer. Verbal notification to the Employer by the Institution, with a follow-up written confirmation that the funds have been depleted, shall serve as termination of the student's position, as of the date of the verbal notice.
- XII. The Work-Study Referral/Salary Authorization presented to the Employer shall contain specifics of the provisions set forth in Paragraph II of this Agreement.
- XIII. This Agreement may be canceled at any time by mutual consent of both parties or by written notice of thirty (30) days by either party.
- XIV. The Employer agrees that Students employed in internship positions in the for-profit sector shall perform duties directly related to their field of study. The direct relationship shall be documented within the job description.

## **11. Postsecondary Child Care Grant Program**

### **A. Program Objective**

To provide financial assistance to postsecondary students with financial need who require child care assistance for their dependent children and do not receive funds from the Minnesota Family Investment Program (MFIP).

### **B. Eligibility to Participate**

#### **1. Postsecondary Institutions**

A Minnesota public postsecondary institution, a Minnesota private baccalaureate degree granting college or university, or a Minnesota nonprofit two-year vocational technical school granting associate degrees is eligible to participate in the Postsecondary Child Care Grant program. The institution must also meet the definition of eligible institution in Minnesota Statutes 136A.103, as defined in the ‘Common Definitions’ section of the manual. The institution must have signed an Institutional Participation Agreement with the Minnesota Office of Higher Education (the Agency) which specifies the responsibilities of the postsecondary institution and the Agency (see Appendix 5 of ‘State Grant’ chapter). The institution must complete the Institutional Request for Participation form (see Appendix 1 of this chapter) on an annual basis.

#### **2. Student Eligibility**

Each participating school must maintain accurate and updated records for every student receiving Postsecondary Child Care Grant funds. The financial aid administrator must verify through the appropriate administrative office at the school that the student is enrolled and pursuing eligible course work to receive Postsecondary Child Care Grant funds. The student must complete the Free Application for Federal Student Aid (FAFSA) along with the program application.

Also, the financial aid administrator must continually verify that the student meets the program eligibility requirements that follow. Each institution must establish a procedure to

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 2
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

inform the financial aid office (or other appropriate office) of all changes in a student's status which may affect his/her eligibility for a Postsecondary Child Care Grant.

**a. U.S. Citizenship or Eligible Non-Citizen**

A student who receives a Postsecondary Child Care Grant must be a citizen or eligible non-citizen of the United States as defined in the 'Common Definitions' chapter of this manual.

**b. Minnesota Resident**

The student must also be a Minnesota resident as defined in the 'Common Definitions' chapter of this manual. The financial aid administrator should request documentation from the student to verify residency in questionable cases. Documentation could include such items as an apartment lease or copies of income tax returns.

**c. Satisfactory Academic Progress/Good Academic Standing**

The student must be in good academic standing and be making satisfactory academic progress as defined in both federal student aid regulations and Minnesota Statutes 136A.101, Subd.10. (See 'Common Definitions' chapter of this manual.)

**d. Enrollment Status**

The student must be enrolled as at least a half-time student. For purposes of this program, the student must be enrolled for a minimum of six credits per term at a term-based school or averaging 12 clock hours per week at a clock hour program.

Interim term credits should be allocated to adjoining terms in the manner described under 'Use of Interim Term Credits' in the 'State Grant' chapter of this manual.

Credit equivalencies assigned by an institution that are applicable to Federal Pell Grant calculations shall be counted as part of the student's credit load. The school may have a policy allowing repeated classes to be counted towards the student's enrollment level.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 3
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

Transfer credits earned for previous course work at another institution or courses the student audited must not be counted towards enrollment status.

Credits for remedial course work may be counted towards the student's enrollment level if the student has been accepted into a degree, diploma or certificate program and takes remedial course work within that program. A school cannot count non-credit remedial hours in a student's enrollment status if the course is part of a program that leads to a high school diploma or GED. There is no limit on the amount of remedial course work that can be counted towards the student's enrollment level.

**e. Undergraduate Program/Baccalaureate Degree**

The student must be enrolled in an undergraduate program and must not have earned a baccalaureate degree.

**f. Four Years of Postsecondary Education**

The student must not have attended the equivalent of four full-time years of postsecondary education. (Please refer to the 'State Grant' chapter of this manual for instructions on reviewing transcripts to assess the amount of previous postsecondary education.) Attendance is accumulated in units, with 96 units being the equivalent of four academic years of full-time attendance.

A student loses eligibility once the student's remaining units of eligibility are less than those assigned for a Level 3 term (three credits) as shown on the 'Course Work After July 1, 1992' chart in the 'State Grant' chapter of this manual. For example, if a student attending a quarter institution had accumulated 95 units, the student would not be eligible because the remaining units of eligibility (96 maximum units minus 95 accumulated units = 1 remaining unit) are less than those assigned to a Level 3 quarter (1.6 units). Therefore, a student with more than 94.4 units is no longer eligible for a Postsecondary Child Care Grant at a quarter system institution. A student with more than 93.6 units is no longer eligible for a Postsecondary Child Care Grant at a semester system institution.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 4
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

Institutions that disburse aid on a quarter system may exceed the maximum of 96 units by disbursing up to one more full-time quarter of aid to a student who has not accumulated more than 94.4 units. Institutions that disburse aid on a semester system may exceed the maximum of 96 units by disbursing up to one more full-time semester of aid to a student who has not accumulated more than 93.6 units.

Terms during which a student withdrew for activity military service after December 31, 2002, shall not count against the limit on postsecondary education.

**g. Reciprocity Status**

The student must not be receiving tuition reciprocity benefits from another state to attend a Minnesota postsecondary school.

**h. Course of Study**

The student must be pursuing a nonsectarian program or course of study that applies to an undergraduate degree, diploma or certificate at the postsecondary level. This includes prevocational/remedial programs. (Nonsectarian program is defined in the rules section of this chapter.)

There is no requirement that a student be accepted into a program or course of study leading to a degree, diploma or certificate at the eligible Minnesota postsecondary institution awarding a Postsecondary Child Care Grant as long as the school can confirm that the student is accepted into a program or course of study leading to these credentials at a Minnesota postsecondary institution eligible to participate in the Postsecondary Child Care Grant program.

**i. Eligible Child**

The student must have a child 12 years of age or younger, or 14 years of age or younger who has a disability as defined in Minnesota Statute section 125A.02, and who is or will be receiving care on a regular basis from a licensed or legal non-licensed care giver. If

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 5
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

the child meets this requirement at the beginning of the term, the child is eligible for the entire term.

“Child with a disability” means a child who has a hearing impairment, blindness, visual disability, speech or language impairment, physical disability, other health impairment, mental disability, emotional/behavioral disorder, specific learning disability, autism, traumatic brain injury, multiple disabilities, or deaf/blind disability and needs special instruction and services, as determined by the rules of the commissioner. In addition, a child under age three, and at local district discretion from age three to age seven, who needs special instruction and services, as determined by the rules of the commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development, is a child with a disability.

To be eligible for an award, the applicant’s child must meet the requirements for inclusion in the student’s (independent applicant) or parents’ (dependent applicant) household size in accordance with regulations in place for federal Title IV financial aid programs. A foster child does not meet the federal requirements for inclusion in the household size.

**j. Dependency Status**

Both independent and dependent applicants are eligible to participate in this program provided they meet the program eligibility requirements. Dependency status must be consistent across financial aid programs and is defined in the ‘Common Definitions’ chapter of this manual.

**k. MFIP and Other Public Assistance**

The student must not be receiving benefits from the Minnesota Family Investment Program (MFIP). Students receiving General Assistance (GA) are eligible for the Postsecondary Child Care Grant program.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 6
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

If the student is excluded from receiving MFIP benefits, the student is eligible to receive a Postsecondary Child Care Grant even if the student's children are the recipients of MFIP benefits. The financial aid office must collect documentation from the county proving the student is excluded from receiving MFIP benefits.

Students can receive MinnesotaCare, Medical Assistance, Food Stamps or Diversionary Work Program (DWP) and still be eligible for aid from the Postsecondary Child Care Grant program if those benefits are not under the MFIP program.

Students under DWP are eligible for child care assistance through the DWP, so those benefits would be subtracted from actual child care costs used in the Postsecondary Child Care Grant award calculation. The DWP is a program families are referred to for four months prior to going on MFIP.

If a student's MFIP status changes mid-term, please refer to 'Prorating Awards When Eligibility Limited to Partial Term.'

**l. Default Status**

A student cannot receive a Postsecondary Child Care Grant if the student is in default on any educational loan unless the student produces documentation from the guarantor, lender or servicer that the loan has been paid in full or otherwise satisfied (i.e., meets criteria for reinstatement of Title IV aid eligibility). Once the student regains eligibility for financial aid, the student may be retroactively awarded for the current aid year. This is the same criteria as for the State Grant program.

**m. Ten-Day Reporting Requirement**

Per Agency program rules, the student must report any changes to data reported on the Postsecondary Child Care Grant application within 10 days of the change occurring. The student is notified of this requirement in the student certification section of the application. It is left to the discretion of the financial aid administrator to determine whether the student's failure to report changes was an unintentional oversight or an

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 7
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

intentional withholding of information from the school. The school must use the new information provided by the student to determine eligibility, recalculate the award, if required, and collect any overpayments from prior disbursements. If the school determines the student intentionally withheld information, the school must also cancel the award for the remainder of the academic year, since the student does not meet program eligibility requirements (see also ‘Change in Student’s Application Information’ and ‘Denial/Termination Procedures’ sections in this chapter for further information).

### **3. Eligible Child Care Provider**

An eligible child care provider under the Postsecondary Child Care Grant program is:

- a licensed child care provider;
- a “legal non-licensed care giver.” A “legal non-licensed care giver” is a person who is at least 18 years old and 1) is related to the student OR 2) takes care of the child(ren) from only one other family besides his/her own. There is no requirement that the care giver have children of his/her own; or
- other programs excluded from state licensure under Minnesota Statutes 245A.03, Subd 2 ([www.leg.state.mn.us](http://www.leg.state.mn.us)).

The following persons are NOT eligible child care providers:

- The child’s other parent or legal guardian.
- The child’s natural parent, adoptive parent or stepparent.
- The following individuals if they live with the student’s children and the student does not reside in the same household: legal custodian or guardian, grandparents, brother, sister, half-brother, half-sister, stepbrother, stepsister, uncle, aunt, first cousin, first cousin once removed, nephew, niece, person of preceding generation as denoted by prefixes of “great,” “great-great,” or “great-great-great,” or a spouse of any person named above even after the marriage ends by death or divorce.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 8
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

There is no requirement that a child care provider be located or licensed in Minnesota. However, the provider's information must be verified by the school. (See 'Provider Verification' section of this chapter.)

## **C. Application Process**

### **1. Postsecondary Child Care Grant Application**

Each participating institution must either use the "Postsecondary Child Care Grant Program Application" form (Appendix 2a) provided by the Agency or design a comparable application form which contains all of the questions shown in Appendix 2a.

All information on the application form must be completed prior to finalizing a student's award. If the student and provider cannot supply all information at the time of application, they must supply this information prior to receiving any program funds. If a school awards a Postsecondary Child Care Grant based upon an incomplete application, the Agency will require the school to repay the funds to the Postsecondary Child Care Grant program. (See also 'School Liability for Overpayments' section in this chapter.)

In addition to federal verification and provider verification, the school is also responsible for verifying that the total income and household size reported on the student's child care application are consistent with the total income and household size defined in Federal Methodology and used to determine eligibility for other financial aid programs.

Each institution must maintain a copy of each student's Postsecondary Child Care Grant application in the student's financial aid file. An institution may maintain electronic records for the fiscal year file instead of paper copies so long as the records will be available to state auditors.

### **2. Provider Verification**

Prior to awarding the student each academic year, the school must verify the information supplied by the child care provider in the provider section of the program application. (The student is notified of this in the student certification section of the application.)

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 9
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

Appendix 11 is a cover letter that can be sent to the provider along with a copy of the provider section of the student's application with the student's name and school ID blacked out. The school has the option of modifying the cover letter or sending a blank provider section of the application in lieu of the provider section from the student's completed application. Information can be sent to and/or received from the provider via mail, email, fax or telephone. If verification is conducted over the phone, the school should date and document the content of the phone call and keep such records for auditing purposes. Provider verification is required at least once per academic year, but the school may choose to perform provider verification more frequently.

### **3. Application Deadlines**

All student applications must be dated with the date of receipt in the financial aid office. The school must establish a deadline date by which applications for initial and renewal awards must be received to be considered in the initial prioritization of applications. Applications filed after those deadlines may be accepted until the deadline for submission of the End of Year Report which is the first working date after August 9.

### **4. Prioritizing Applicants/Renewal Applications**

Schools may accept applications for Postsecondary Child Care Grant awards until the school's established deadline date and then award students according to the school's written priority policy. All Postsecondary Child Care Grant applicants who need child care assistance must be considered in the priority ranking. Schools must first award students who received a Postsecondary Child Care Grant award in the immediately preceding fiscal year, have had continuing enrollment at the same school, and submitted applications before the deadline date established for the prioritization of applications.

A school may have a policy assigning lowest priority among renewal applicants to an applicant who received an award disbursement and provided fraudulent information on the application during the prior academic year. If such a student did not receive an award disbursement or repaid the disbursement during the prior academic year, the student would

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 10
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

not be considered a renewal applicant. Thus, the school’s awarding policy could assign lowest priority to such students among all applicants.

“Continuing enrollment” means that a student has not had an interruption in enrollment at the institution in which the student is currently enrolled for more than one academic term or 60 days of the immediately preceding academic year, whichever is longer. A student may miss one academic term and summer school and not lose continuing enrollment status. Students whose postsecondary enrollment was interrupted for active military duty after December 31, 2002, shall be treated as though they were continuously enrolled.

#### **5. Change in Student’s Application Information**

Per Agency program rules, the student must report any changes to data reported on the Postsecondary Child Care Grant application within 10 days of the change occurring. The student is notified of this requirement in the student certification section of the application. The child care provider is also notified in the provider certification section of the program application that any changes to information in that section must be immediately reported to the school’s financial aid office.

It is left to the discretion of the financial aid administrator to determine whether any failure to report changes was an unintentional oversight or an intentional withholding of information from the school. The school must use the new information provided by the student and/or provider to re-determine eligibility, recalculate the award and, if required, collect any overpayments from prior disbursements. If the school determines the student intentionally withheld information, the school must also cancel the award for the remainder of the academic year, since the student does not meet program eligibility requirements. (See ‘Denial/Termination Procedures’ section in this chapter for termination requirements.) If the school determines the provider intentionally withheld information without the student’s knowledge, the school must require the student to use another provider and make any necessary revisions to the student’s award after verifying the new provider’s information.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 11
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

If the school has reason to believe the student and/or provider intentionally reported fraudulent information on the program application, the school should recalculate the award, collect any overpayments and cancel the award for the remainder of the academic year. The school should report the case of fraud to the Agency and take any necessary actions against the student and/or provider, such as student disciplinary proceedings and/or reporting the fraud to the local police or district attorney's office.

With respect to eligibility in future academic years, the program's statute requires schools to give top priority to renewal applicants who apply before the school's priority deadline. However, the school may have a policy of prioritizing renewal applications such that students previously found to engage in fraud are assigned the lowest priority among renewal applications. Further, if the fraud was discovered *prior* to the student receiving an award disbursement, or the award disbursement was repaid by the student, the student would not technically be a renewal applicant the following year and could be assigned the lowest priority in the school's award policy. (See also 'Written Award Policy' section in this chapter.)

## **6. Conflicting Information and Federal Verification**

Prior to awarding the student, schools are responsible for resolving all conflicting information on the student's application. Institutions are required to make financial changes to the FAFSA or the student's Postsecondary Child Care Grant application if the change will have an impact on the student's award.

If a student's application is selected for federal verification by the FAFSA processor, the institution is responsible for verifying the accuracy of data provided on the student's application using procedures and tolerances established for federal Title IV financial aid programs, even if the institution does not participate in those programs. The school should obtain a copy of the federal 'Application and Verification Guide' for the current aid year at [www.ifap.ed.gov](http://www.ifap.ed.gov) for further guidance.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 12
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

The Agency has created a “Conflicting Information Form” to assist you when the student has reported day care costs that cannot be supported by the reported income (Appendix 10).

## **D. Award Process and Calculation**

### **1. Written Award Policy**

The school must have a written Postsecondary Child Care Grant award policy with the effective date for implementation. **Prior to drafting this policy, the school should review the Minnesota Statutes governing this program and Agency rules applicable to this program to be sure that the school’s policy is in accordance with these statutes and rules (see statutes and rules following procedures section of this chapter).** The policy must be signed and dated by the director of financial aid. This policy must include the following:

- a. the institution’s method of prioritizing Postsecondary Child Care Grant applications;
- b. the deadline date for receipt of applications at the financial aid office in order to be included in the initial prioritization of Postsecondary Child Care Grant applications;
- c. the deadline date to resubmit an application for continuing a Postsecondary Child Care Grant;
- d. the standard method of award disbursement to the student or child care provider (i.e., by term or by month) with the reason(s) for deviation from this disbursement policy documented in a student’s financial aid file;
- e. the method used to create and maintain a waiting list if sufficient Postsecondary Child Care Grant monies are not available to award all eligible applicants; and
- f. any other institutional policies used to determine which students receive Postsecondary Child Care Grant awards and how individual student award amounts are determined, such as retroactive awards.

The institution’s method of prioritizing applications may assign the lowest priority to applicants who previously failed to report changes or provided fraudulent information on the application. (See also ‘Change in Student’s Application Information’ in this chapter.)

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 13
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

The above suggestions are made to protect the institution in dealing with applicants to the Postsecondary Child Care Grant program and to provide for the equitable treatment of program applicants.

## **2. Period of Award**

A Postsecondary Child Care Grant award must be made for the nine-month academic year. Schools are responsible for assuring that funds are available to cover eligible child care costs for each student awarded a Postsecondary Child Care Grant. The school can award for fewer terms if the student will only attend for part of the year, the student will run out of eligibility due to previous postsecondary attendance, the award is being made later in the academic year (the school can choose not to award retroactively to past terms) or the remaining funds will not cover the full year. The award for each term must be revised to reflect the student's actual child care costs and enrollment status for that term. Applications may be approved or student eligibility extended beyond the allocation amount if funds from other sources are used. If funds are available, you are encouraged to award students for the entire academic year.

In cases where the award is not finalized until later in the academic year, the school has the option of awarding (but is not required to award) retroactively for prior terms of the academic year provided the student was enrolled and incurred child care costs. (See also 'Waiting Lists/Retroactive Awards' and 'Late/Retroactive Disbursement' sections of this chapter.)

If funds are available, the student is also eligible to receive a Postsecondary Child Care Grant for the summer term beyond the amount awarded for the nine-month academic year. The award for the summer term would be calculated in the same manner as for other terms during the academic year.

A student could receive a Postsecondary Child Care Grant for the nine-month academic year and both a leading and trailing summer term provided both summer terms were crossover terms (started before and ended after July 1) and the total dollar amount awarded to the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 14
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

student for all terms did not exceed 150 percent (semester school) or 133 percent (quarter school) of the annual maximum award for the student's income and household size.

### **3. Award Calculation**

**All** documents relating to a student's Postsecondary Child Care Grant award, whether produced or received by the financial aid office, must be dated with the date the document is produced and/or received.

The institution is responsible for calculation of each student's Postsecondary Child Care Grant award. The calculation must be documented for each child for each term.

Although the Postsecondary Child Care Grant award may initially be calculated for the nine-month academic year based on assumed actual costs and enrollment status, the award must be revised at the onset of each term to reflect actual costs and enrollment status for that term. The student is also eligible to receive the grant for the summer term beyond the nine-month academic year. The award for the summer term would be calculated in the same manner as for other terms during the academic year.

In cases where the student is not receiving the Postsecondary Child Care Grant for the entire term, the actual costs and maximum award used to calculate the award must be prorated.

(See 'Prorating Awards When Eligibility Limited to Partial Term.')

The total Postsecondary Child Care Grant awarded to the student each term is the sum of Postsecondary Child Care Grant awards for each of the student's eligible children. The term award for each eligible child is the lesser of:

- the student's actual (reported) child care costs for that child during the term, or
- the maximum annual award per eligible child on the Postsecondary Child Care Grant table divided by three (quarter) or two (semester) and adjusted for enrollment status.

(See 'Adjustment to Maximum Award Table for Infant Care.')

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 15
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

The student's total Postsecondary Child Care Grant award may not exceed the student's financial need which is derived by subtracting the EFC and other financial aid and resources (excluding federal veterans' benefits) from the cost of attendance in accordance with packaging guidelines used for Federal Title IV campus-based programs. However, the school may add the student's total actual child care costs to the cost of attendance before computing financial need.

The minimum Child Care Grant award is \$50 per semester or \$33 per quarter.

For an example of a Postsecondary Child Care Grant award calculation, please refer to Appendix 4. Schools may also use the Child Care Grant award calculation spreadsheet posted on the Agency's web page to calculate awards. The spreadsheet can be downloaded from: [www.ohe.state.mn.us](http://www.ohe.state.mn.us), Financial Aid Administrator Resources, Forms for Financial Aid Administrators.

**a. Actual Child Care Costs**

The child care provider reports actual hourly and weekly child care costs per eligible child for the period of award on the Postsecondary Child Care Grant Application. When calculating actual child care costs for each term, the school may include child care costs for breaks during a term or for breaks between two terms for which the student will be enrolled. Child care costs incurred during a break between two terms must be split evenly between terms. For example, if a student's break is a 5-day week between two 15-week semesters, actual costs for each semester would be based on 15.5 weeks. Prior to awarding the student, the school must verify actual costs with the provider. (See 'Provider Verification' section of this chapter.)

The maximum rate payable to an eligible provider is \$5.00 per hour for non-center care and \$10.00 per hour for center care, for a maximum of 40 hours per week per eligible child. All day kindergarten, preschool and latch-key programs are considered an eligible child care provider if the student is charged for these services. The \$10.00 maximum would apply. Providers may charge students in advance of services rendered. Child care

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 16
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

providers may not charge Postsecondary Child Care Grant recipients a higher rate than private pay clients are charged.

If the application or other documentation indicates that actual child care costs are being defrayed by other child care assistance funds (e.g., Basic Sliding Fee child care funds, spouse receiving Postsecondary Child Care Grant, employer-subsidized child care assistance, etc.), those funds must be subtracted when determining actual costs for the Postsecondary Child Care Grant award. An example of an award calculation for a student receiving funds from both the Basic Sliding Fee and Postsecondary Child Care Grant programs is provided in Appendix 4a.

The school must also decrease actual costs by the amount of any court-ordered (e.g., divorce settlement) child care assistance paid to the provider by the other parent if it is not considered child support already included in the student's AGI or untaxed income on the FAFSA.

**b. Maximum Award Table**

The table in Appendix 3 shows the maximum Postsecondary Child Care Grant available for the nine-month standard academic year per eligible child. The amount shown for the student's income and family size is divided by two (semester) or three (quarter) to determine the maximum term award per eligible child for a full-time student. The maximum term award must be pro-rated on a per credit basis for students taking fewer than 15 credits (e.g., term award is multiplied by 13/15 for a student enrolled for 13 credits).

If the student is enrolled for the summer term, the student may receive one additional term award above and beyond the maximum annual award shown on the chart for the student's total income and household size. For example, if the maximum annual award for the student's income and household size were \$2,800, the student could receive up to \$1,400 for fall semester, \$1,400 for spring semester and an additional \$1,400 for summer semester.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 17
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

A student could receive a Postsecondary Child Care Grant for the nine-month academic year and both a leading and trailing summer term provided both summer terms were crossover terms (started before and ended after July 1) and the total dollar amount awarded to the student for all terms did not exceed 150 percent (semester school) or 133 percent (quarter school) of the annual maximum award for the student’s income and household size.

(1) Student’s Total Income and Household Size

The school must verify that the total income and household size reported on the child care application are those defined in Federal Methodology and used to determine eligibility for other financial aid programs. Schools must have written documentation in the student’s file to support the accuracy of the family size and total income reported on the Postsecondary Child Care Grant application (e.g., SAR, ISIR, intermediate value, total FISAP income, income tax statements, verification worksheet, etc.).

<b>Total Income:</b>	
<b>Total Taxable Income from 2011-2012 FAFSA</b>	(adjusted gross income if tax filer, #35 if independent or #83 if dependent; total wages if non-filer, #38 and #39 if independent or #86 and #87 if dependent)
<b>+ Total Untaxed Income from 2011-2012 FAFSA</b>	(untaxed income, #44 a–j if independent or #92 a–i if dependent)
<b>- <u>Income Exclusions from 2011-2012 FAFSA</u></b>	(additional financial information, #43 a–f if independent or #91 a–f if dependent)
<b>= Total Family Income</b>	

The school is required to rely on federal aid regulations regarding the correction or updating of household size, total income or marital status. The school is also required to perform federal verification if the student’s FAFSA is selected for verification, even if the school does not participate in federal student financial aid programs. The financial aid administrator may use “professional judgment” to alter

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 18
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

the data elements used in Federal Methodology but must document the reason(s) the adjustment(s) was made. (See definition of “professional judgment” in the ‘Common Definitions’ chapter of this manual.) Such professional judgment adjustments must apply to all financial aid programs from which the student is receiving an award and not be solely limited to the Postsecondary Child Care Grant program.

In the case of a dependent student, the parents’ total income and household size must be those used to calculate eligibility for other financial aid programs.

(2) Adjustment to Maximum Award Table for Infant Care

The amount shown on the maximum award table for a particular student’s income and household size may be increased by 10 percent to compensate for higher infant care costs charged to the student. The institution is granted permission by the Agency to make the adjustment if the institution requests this authority on its annual Institutional Request for Participation form (Appendix 1). The student must document that his/her child care provider charges a higher rate for infant care than is charged for children in other age classifications by having the provider complete the Request for Infant Care Adjustment form (Appendix 9). The term “infant” is defined by the provider up to a maximum age of 18 months.

Once the financial aid office receives the completed Request for Infant Care Adjustment form documenting that the student pays a higher cost for infant care, the amount shown on the maximum award table may be increased by 10 percent. The Postsecondary Child Care Grant award would then be calculated and would be the lesser of the adjusted maximum award, actual costs or financial need. While the student’s initial Postsecondary Child Care Grant might be calculated on an annual full-time basis, the award must be recalculated each term to reflect the student’s enrollment status or a change in infant status for the student’s child if the initial annual award was based on the amount on the maximum award table. (See example.)

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 19
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

**Example:**

The amount on the maximum award table for Mary Smith's household size and total income level is \$2,800.

Mary Smith has an infant child and has documented higher infant care costs by completing the Request for Infant Care Adjustment form. The financial aid office may then increase the amount on the maximum annual award table by 10 percent, for a result of \$3,360. The adjusted amount of \$3,360 is then compared to actual costs (\$3,700 for this example) and financial need (\$5,000 for this example) and is chosen as the annual award amount because it is the lesser of the three.

Mary Smith is enrolled for 15 credits first semester and her child is classified as an infant by the provider at the onset of the semester, so her first semester award would be \$1,540. Mary then dropped to 12 credits for second semester and her child was no longer classified as an infant at the onset of that semester, so her award would then be \$1,120, which is derived by multiplying the maximum term award amount of \$1,400 (no 10 percent adjustment) by 80 percent (12/15).

If the child care provider is providing day care for only the student's infant, the 10 percent adjustment to the amount on the maximum award table would not be made because there is no means of documenting the provider charges higher costs for infant care because the provider does not care for children in other age classifications. The student could appeal this decision to the financial aid administrator who could then make a 10 percent adjustment to the amount on the maximum award table if the provider's infant care rate is above the average market rate for infant care in the provider's county, as per provider cost data collected by the Department of Human Services. This provider cost table will be provided by the Agency to schools at the beginning of each aid year.

**c. Financial Need Minus Other Financial Aid and Resources**

The student's Postsecondary Child Care Grant cannot exceed the student's financial need (Title IV cost of attendance minus Expected Family Contribution minus other financial aid and resources) as defined for the Federal Title IV campus-based programs. Federal veterans' benefits are no longer considered resources that must be subtracted when determining financial need. The school may add the student's actual child care costs (as defined in this section) to the cost of attendance. The school may also use

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 20
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

professional judgment as described in the ‘Common Definitions’ chapter of this manual to adjust the cost of attendance or any of the data elements used in the Federal Methodology need analysis formula. Such adjustments must apply to all financial aid programs and not be solely limited to the Postsecondary Child Care Grant program. Additional packaging instructions can be found in the campus-based programs volume of the *Federal Student Aid Handbook*.

#### **4. Notification of Postsecondary Child Care Grant Award**

Each institution must maintain a copy of each student’s Postsecondary Child Care Grant award or denial letter. The school may substitute electronic records as long as they will be available to auditors.

The school must give each student receiving a Postsecondary Child Care Grant award written notification of the annual award amount including the names of the children covered by the award. This award notice should be used by the student as proof of an award. If the provider wants information about the student’s award, the student can make a copy of the award notification.

#### **5. Waiting List/Retroactive Awards**

If schools do not have adequate Postsecondary Child Care Grant funds to award all eligible students, students should be placed on a waiting list.

Schools should encourage eligible students to apply even if no funds are currently available for Postsecondary Child Care Grant awards. Such data from waiting lists will establish a data base for the Agency to use in formulating future appropriation requests.

If additional funds become available, a student should be awarded for the current and future terms of the academic year or be awarded a Postsecondary Child Care Grant retroactive to the beginning of the current academic year. A student may receive a retroactive award even if the student was not on the waiting list or did not previously submit an application. Priority

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 21
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

should go to next student in line and, if funds are available, you are encouraged to award the student for the entire academic year.

## **6. Award Adjustments/Overpayments**

The amount of the student's Postsecondary Child Care Grant may change due to changes in or corrections to the student's household size, total income, actual child care costs, MFIP status, enrollment status, provider information or other factors affecting the award.

If the student or provider provide information to the school which would increase the student's Postsecondary Child Care Grant award after the initial award has been disbursed, the award should be increased only if funds are available. The new award calculation must be documented in the student's file.

Changes may sometimes result in a reduction of the student's Postsecondary Child Care Grant award. If the revised award is less than what has been disbursed to the student for the term in question, the school must either collect the overpayment from the student or reduce the student's award for subsequent terms to compensate for the overpayment.

If the award reduction is based on the EFC, financial aid and resources exceeding the cost of attendance based on receipt of additional financial aid or resources after the award was disbursed, the Federal Title IV campus-based overaward threshold applies. The overaward threshold is only intended for unintentional overawards.

Changes to the student's enrollment status may result in a revision of the student's Postsecondary Child Care Grant if the student's award was based on the maximum award chart. This is because the amount derived from the maximum award chart is based on the student's enrollment level. If a student withdraws from a course after attending classes, the school must return the lesser of the following to the Postsecondary Child Care Grant program:

1. the difference between the original and revised Child Care Grant, or

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 22
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

2. a proportion of any refund of institutional charges. (See ‘Withdrawal or Reduced Enrollment Status’ under the ‘Refund Process’ section of this chapter.)

If a student drops/withdraws credits without ever having attended the class(es), the award must be recalculated to the lesser of the student’s actual child care costs or the award on the maximum award chart for the student’s revised enrollment level. (See also ‘Withdrawal or Reduced Enrollment Status’ in this chapter.)

If a student adds credits after disbursement, the school should recalculate and increase the student’s Postsecondary Child Care Grant award if funds are available.

**a. School Liability for Overpayments**

If the school cannot collect a Postsecondary Child Care Grant overpayment from the student, the school is liable for repaying the overpayment from its own funds if the school disbursed funds to the student prior to provider verification or any required federal verification taking place. The school is also liable for the overpayment if it had documentation that the student was not eligible at the time of disbursement or had conflicting information that was not resolved prior to disbursement.

The school is not liable for overpayments resulting from award calculations or cancellations taking place *after* federal verification, provider verification or resolution of conflicting information has been performed. If the school cannot collect the overpayment from the student after **diligent billing attempts**, the school may turn the overpayment over to the Agency at the end of the year as an account receivable, along with all supporting documentation.

**7. Summer/Non-Standard Term Awards**

As stated in the ‘Award Calculation’ section, a student may receive a Postsecondary Child Care Grant for a summer term. The award for the summer term is calculated in the same manner as the award for other terms.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 23
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

In calculating a Postsecondary Child Care Grant for a summer term, schools must rely on the guidelines provided under ‘Awards for Summer/Non-Standard Terms’ section in the ‘State Grant’ chapter of this manual. That section will also provide guidelines for defining the term and determining the fiscal year from which the funds should originate.

A student could receive a Postsecondary Child Care Grant for the nine-month academic year and both a leading and trailing summer term provided both summer terms were crossover terms (started before and ended after July 1) and the total dollar amount awarded to the student for all terms did not exceed 150 percent (semester school) or 133 percent (quarter school) of the annual maximum award for the student’s income and household size.

If a term is shorter than 10 weeks (quarter) or 15 weeks (semester), it is considered a non-standard term. However, the award for the non-standard term is calculated in the same manner as the award for standard terms. Although the actual child care costs may be less for a shorter time period, the amount on the maximum award chart is not adjusted.

### **8. Prorating Awards When Eligibility Limited to Partial Term**

If a student is receiving MFIP benefits for a portion of a term, the student may receive a prorated Postsecondary Child Care Grant for the portion of the term the student was not receiving MFIP benefits. This also applies to any other cases where the student eligibility is limited to a portion of the term (e.g., Basic Sliding Fee assistance covered full costs for a portion of the term). The award amount for the term would be the lesser of the following:

- the actual child care costs for the weeks during the term that the student is eligible; or
- the term award derived from the maximum award chart prorated by the number of weeks the student is eligible during the term divided by the number of weeks in the term.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 24
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

**Example:**

Mary Jones is enrolled for 12 credits during fall quarter 2012. Fall quarter is 10 weeks long. She was dropped from the MFIP program five weeks into the term. Therefore, she can receive a child care grant for the remaining five weeks of the term.

Mary's actual child care costs must be determined for the five weeks she is not on MFIP. For this example, we will estimate her actual costs to be \$500 for five weeks for one child.

Mary's income is low enough to qualify for the maximum annual Postsecondary Child Care Grant of \$2,800. The maximum amount for one quarter would be \$933, which is then reduced to \$746 (pro-rated by 80 percent) because Mary is only enrolled for 12 credits. Before comparing this amount to actual costs, it must first be prorated by 50 percent (five weeks without MFIP divided by 10 weeks in the term) for a result of \$373.

Mary would be awarded a \$373 Postsecondary Child Care Grant for the remaining five weeks of fall term, since the prorated award from the maximum award chart is less than actual child care costs.

## **9. Child Care Grant Awards Affected By Subsequent MFIP Payments**

If a student receives a Postsecondary Child Care Grant disbursement for a term and subsequently becomes eligible for MFIP benefits during the same term, the school should cancel the student's award for the remainder of the academic year or until such time as the student notifies the school she/he no longer qualifies for MFIP benefits. The school should then recalculate the student's Postsecondary Child Care Grant award for the term according to the method described under the 'Prorating Awards When Eligibility Limited to Partial Term' section of this chapter. The school should also inform the county human services agency that the student received a Postsecondary Child Care Grant award during the term (the student gives the school permission to share information with the county by signing the student certification section of the application).

If the award recalculation results in an overpayment, the school must collect the overpayment from the student. If the student reported the MFIP eligibility to the school within the required 10-day reporting period for the Postsecondary Child Care Grant program, the student's eligibility and priority are retained for subsequent terms of the academic year should the student lose eligibility for MFIP benefits. If the student did not report the MFIP eligibility to the school within the 10-day reporting period, the policies

SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

described under ‘Change in Student’s Application Information,’ ‘Prioritizing Applications/Renewal Applicants,’ and ‘Denial/Termination Procedures’ would apply.

## **E. Disbursement Process**

### **1. Payment to Student or Provider**

The school is allowed to disburse the Postsecondary Child Care Grant to the student or directly to the provider.

### **2. When Funds May Be Disbursed**

A student’s total Postsecondary Child Care Grant award is to be disbursed by academic term unless the school chooses to disburse more frequently. An institution may not make a payment to a student or provider for a payment period or period of enrollment, as applicable, until the student is enrolled for classes for that period.

The institution must return to the Postsecondary Child Care Grant program any funds paid to a student or to a provider for the student who, before the first day of classes:

- officially or unofficially withdraws, or
- is expelled.

The institution is liable for all Postsecondary Child Care Grant funds that are disbursed to an enrolled student or a provider prior to the start of class if that student fails to begin the enrollment period. The institution will have to reimburse program funds disbursed to an enrolled student prior to the start of class if the institution cannot document that the student did begin attending classes.

If an institution makes a Postsecondary Child Care Grant payment to a student or provider prior to the beginning of the state fiscal year from which it is awarded, the payment must be cancelled or adjusted based on changes in enrollment, eligibility requirements or the award calculation formula that take place prior to receipt of Postsecondary Child Care Grant funds by the institution.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 26
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

Documentation must exist regarding the date of disbursement of the Postsecondary Child Care Grant payment. The disbursement date is the date that the Agency requires the institution to determine the student's enrollment level prior to determining the amount of Postsecondary Child Care Grant funds to be disbursed to the student. State and/or the institution's independent public auditors will use the disbursement date to verify the enrollment level of program participants.

The disbursement date of all Postsecondary Child Care Grant funds disbursed for a student prior to the start of the enrollment period will be the first day of required class attendance.

The disbursement date of all Postsecondary Child Care Grant funds disbursed to a student after the start of the enrollment period will be:

- for grant funds paid to a student/provider account, the date the funds are disbursed to the student's account or applied to tuition charges;
- for grant funds that are mailed to the student/provider or transferred by EFT, the date of the check or EFT transaction, unless the institution elects to use the previous day as the disbursement date for all students paid using this method; or
- for grant funds that are disbursed directly to the student/provider, the date the student/provider picks up the check.

### **3. Method of Disbursement**

Each school may disburse funds to students using one or a combination of the following methods. The institution may disburse Postsecondary Child Care Grant funds:

- by institutional check directly to the student or provider,
- by an institutional check that is mailed to the student or provider,
- to the student's account, or
- to the student or provider by Electronic Funds Transfer (EFT).

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 27
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

Whichever methods of disbursement are used, the school must document the date of disbursement and the amount of Postsecondary Child Care Grant funds disbursed to the student or provider. The Agency holds schools liable for improperly disbursed checks.

If the school disburses the Postsecondary Child Care Grant payment directly to the student or provider, the student or provider must be paid by check. When disbursing a check to the student or provider, the institutional representative should request proper identification (preferably a picture I.D.) and check the student's social security number. Once the check has been signed and cashed, the Agency will not refund or replace it.

The institution may exercise the option of mailing the checks to the student or provider. The institution must maintain a record that documents for each student included in each transaction, the:

- student's or provider's name,
- amount and types of charges paid by the transaction,
- source and amount of state and other financial aid funds included in the payment to the student,
- number of the institutional check, and
- the date that the check was mailed to the student or provider if different from the date of the check.

If the institution credits Postsecondary Child Care Grant funds to the student's account, the institution must document the:

- student's name,
- amount and type of charges paid by each transaction in the student's account, and
- source and amount of Postsecondary Child Care Grant and other financial aid funds disbursed to the student's account.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 28
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

If the institution chooses to disburse Postsecondary Child Care Grant funds to the student by initiating an EFT to the bank account designated by the student, the institution must obtain authorization from the student to disburse by that method.

Each Postsecondary Child Care Grant award must be based on the student's enrollment level as of the date the funds are electronically transferred to the student. The following standards apply to EFTs:

- The date of the EFT transaction must be documented and this will be considered the date of disbursement, unless the institution elects to take the following option.
- At the institution's option, the date of disbursement may be one business day prior to the date of the EFT transaction.

For each EFT transaction, the institution must maintain a dated record that documents for each student included in the transaction, the:

- student's name,
- amount of charges paid by the transaction,
- source and amount of state and other financial aid funds included in the EFT,
- the amount of EFT,
- student's bank account number, and
- name of the bank into which the funds were deposited.

The institution is liable for all funds that are lost. The institution will have to reimburse either the student, the Agency or both for any lost state financial aid funds.

#### **4. Late/Retroactive Disbursement**

A school may make a late or retroactive Postsecondary Child Care Grant payment to a student or provider if the student did not withdraw from school or drop below six credits for the term in question before the school disburses the payment. A late payment occurs after the term has started and must be based on the student's enrollment status for that term as of

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 29
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

the date of disbursement. Courses from which the student withdrew before disbursement shall not be counted as credits earned.

A retroactive payment can be processed for a term within the same aid year from which funds are drawn. A retroactive payment may be made even if the student is not currently enrolled in a subsequent term provided the student currently meets all of the other program eligibility requirements. A retroactive payment is made after the term has been completed and must be based on the student's enrollment status as of the end of that term.

A non-passing grade shall be counted as if credits were earned. In cases where a student earns non-passing grades for every class taken during a term and the Title IV federal financial aid guidelines require the school to verify the student actually attended classes, the results of the verification shall also apply to the Postsecondary Child Care Grant program. That is, if the school determines the student did not attend classes or unofficially withdrew during the term, the school must also calculate a refund or recalculate the award for the Postsecondary Child Care Grant program. Courses from which the student withdrew shall not be counted as credits earned.

### **5. Adjusting Payments for Leave of Absence**

Students who plan to leave school for a limited period of time **must** be granted a leave of absence (as defined in the 'Common Definitions' chapter of this manual) in order to continue receiving Postsecondary Child Care Grant funds upon returning to school. Postsecondary Child Care Grant funds **must not** be disbursed while the student is on a leave of absence.

If a student does not return from an approved leave of absence, the student will be considered to have withdrawn on the last day of actual attendance and the applicable refund requirements apply.

If a student stops attending classes without receiving a leave of absence, the school may cancel the remainder of that student's Postsecondary Child Care Grant award and use the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 30
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

funds for another eligible student. (See ‘Procedures for Denial, Termination or Appeal’ in this chapter.) The school is not required to wait for an entire academic term or payment period to expire before awarding these funds to another student.

## **6. Student Account Balances**

Unless otherwise authorized by the student, whenever an institution applies state financial aid disbursements to a student’s account and determines that the amount of those disbursements exceeds or exceeded the amount of allowable charges the institution assessed the student, the institution must pay that balance directly to the student as soon as possible, but within 14 days of the later of:

- the date that balance occurs,
- the first day of classes of a payment period or period of enrollment, as applicable, or
- the date the student rescinds his or her authorization.

This also applies to cases where the institution posts Postsecondary Child Care Grant disbursements to the student’s account prior to receipt of Postsecondary Child Care Grant funds from the Agency.

If a school receives authorization to hold excess funds, the school must identify the student or parent and the amount of funds the school holds for the student or parent in a subsidiary ledger account designated for that purpose. The school also must maintain, at all times, cash in its bank account at least equal to the amount the school holds for students.

Because state financial aid funds are awarded to students to pay current year charges, notwithstanding any authorization obtained by a school from a student or parent, the school must pay:

- any remaining balance on state loan funds by the end of the loan period, and
- any other remaining balance on state financial aid program funds by the end of the last payment period in the award year for which they were awarded.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 31
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

If an institution attempts to disburse funds by check or EFT transaction to the student or provider and the check is returned to the institution or the EFT transaction is rejected, the institution may make additional attempts to disburse the funds to the student or provider, provided those attempts take place within 45 days after the funds were returned or rejected. If no additional attempts to disburse funds are made, the funds must be returned to the program within that 45-day period. If an institution attempts to disburse funds by check to the student or provider and the check is not cashed, the institution must return funds to the program within 240 days of the check being issued.

If a school cannot locate a student to whom a state financial aid credit balance must be paid, the school must return the credit balance to the appropriate program at the Agency. The Agency does not specify how a school should determine which financial aid funds created the credit balance. However, when possible, the Agency encourages schools to return state financial aid fund balances to the SELF loan program first to reduce the likelihood of default.

The school is permitted to retain any interest earned on the student's credit balance funds.

## **7. Student Authorization**

An institution must obtain from a student written authorization allowing the institution to disburse Child Care Grant funds by initiating an EFT, as provided for in these procedures, or to hold excess student funds in the student's institutional account.

In obtaining authorization for any of these activities, an institution may not require the student to provide that authorization and must allow the student to rescind that authorization at any time.

The authorization granted to an institution is valid for the award year or the period of enrollment in which the institution obtains that authorization. The initial authorization will continue to be valid provided that the institution notifies the student of the provisions regarding the student's current authorization prior to conducting any of the activities that

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 32
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

require authorization for any subsequent award year. The institution's notice to the student must, in a plain and conspicuous manner, explain those provisions, including an explanation regarding any interest that the institution earns on the student's funds and whether the institution will provide that interest to the student. The notice must also provide the student with the opportunity to cancel or modify those provisions.

## **F. Refund Process**

### **1. Withdrawal or Reduced Enrollment Status**

If a student totally withdraws from school without having attended classes, the entire Child Care Grant for the term must be refunded to the program. This also applies to cases where the student's withdrawal date is back-dated to the first day of the term. If a student withdraws from school after attending classes, the school should use the Agency's Refund Calculation Worksheet (Appendix 13 of 'State Grant' chapter) to determine the amount of any refund due the Postsecondary Child Care Grant program. The school may also use the Agency's refund calculation spreadsheet posted on its web page.

If a student drops/withdraws from credits without having attended the class(es), the Child Care Grant award must be recalculated to the lesser of the student's actual child care costs for the term or the award amount on the maximum award chart for the student's revised enrollment level.

If a student withdraws or drops credits after attending the class(es), the school must return the lesser of the following to the Postsecondary Child Care Grant program:

- a. the difference between the original and revised Child Care Grant; or
- b. a proportional amount of any refund of institutional charges (use the Refund Calculation Worksheet in Appendix 13 of 'State Grant' chapter to determine this amount).

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 33
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

**Example:**

The student's actual child care costs for a semester are \$1,800. The student is taking 15 credits. The amount on the maximum award chart for the student's income and household size is \$2,200 per year, or \$1,100 per semester for full-time enrollment. The student's Child Care Grant is the lesser of the two, or \$1,100. The student then withdraws from a three-credit class.

If the student never attended the class, the student's award would be revised to \$880, which is the lesser of the student's actual child care costs (\$1,800) and the award from the maximum award chart prorated for 12 credits ( $\$1,100 \times 12/15 = \$880$ ). The difference between the \$1,100 and \$880 awards would be refunded to the program.

If the student withdrew after attending the class, the refund due the program would be the lesser of the difference between the original and revised award (in this case  $\$1,100 - \$880 = \$220$ ) or a proportional amount of any refund of institutional charges would be refunded to the program. If the school's refund of charges were \$150, and the student received a \$1,500 State Grant (57.7% of non-Title IV aid package) and a \$1,100 Child Care Grant (42.3%), 42.3% of the refund, or \$64, would be distributed to the Child Care Grant program. Because \$64 is less than the difference between the original and revised award, \$220, only \$64 would be refunded to the Child Care Grant program.

## **G. Procedures for Denial, Termination or Appeal**

### **1. Denial/Termination Procedures**

The school must terminate a student's Postsecondary Child Care Grant award if the student ceases to meet the program eligibility requirements. The institution must allow the student to meet with the financial aid administrator to discuss the termination and to provide documentation as to why the termination should not occur.

A school must perform the following procedures listed in items a to d when denying or terminating a Postsecondary Child Care Grant award, except in cases where the denial is due to lack of program funds.

- a. The school shall notify a student, in writing, of denial or termination of a Postsecondary Child Care Grant award. The notice must state the reason(s) the assistance is being denied or terminated. The notice shall inform the student of the right to contest the adverse action and procedure for doing so.
- b. Valid reasons for cancellation or denial of Postsecondary Child Care Grant funds include, but are not limited to: failure of the recipient to provide required information or

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 34
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

documentation, failure to report status changes, misrepresentation of child care costs, failure to meet any of the program eligibility requirements, and extended absences without an approved leave of absence.

- c. Postsecondary Child Care Grant payments shall be terminated pending the results of the appeal process described in Section G2. If the appeal results in the continuation of Postsecondary Child Care Grant payments to the student, payments shall be made retroactively to the extent allocated funds are available.
- d. If the Postsecondary Child Care Grant award is made by vendor payment, the school shall inform the child care provider of the notice of termination pending the results of the appeal process.

## **2. Appeal Procedures**

An applicant or recipient of a Postsecondary Child Care Grant award adversely affected by a school's action may file a written request for an appeal.

Students must follow the normal appeal process established by the school to handle complaints about financial aid program decisions. If the student is not satisfied with the result of the appeal, the student may ask the school to forward the results to the director of the Minnesota Office of Higher Education for review. The director shall review the decision and accompanying documentation and shall make a decision according to Minnesota Statutes, Section 136A.125, and agency rules 4830.7000 to 4830.7900. The student and school shall be advised in writing of the director's decision. The director's decision is final.

## **H. Allocation of Postsecondary Child Care Grant Funds**

### **1. Initial Allocation**

Child Care Grant funds appropriated to the Agency by the state legislature are allocated to each participating postsecondary institution based upon the lesser of the institution's request or the result of the following formula:

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 35
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

<b>Initial Allocation</b>			
<u>The Institution's Share</u>		Postsecondary Child Care Grant	
Sum of Participating Institutions' Shares	X	Legislative Appropriation for Fiscal Year	X
			Prior Year Utilization Rate

“Institution’s share” is the number of students enrolled at the institution during the prior academic year who reported children on the Free Application for Federal Student Aid (FAFSA).

The Agency distributes 50 percent of the school’s initial allocation in August and the remaining 50 percent in December. Schools with a leading summer term may contact the Agency to receive their August installment in July. In November, schools will be able to adjust their scheduled December disbursement amount. If the scheduled December disbursement exceeds the school’s need for funds, they can reduce the scheduled December disbursement. If schools reduce the scheduled December disbursement, those funds will be reallocated to schools that need additional funding.

## 2. Utilization Rate

An institution’s utilization rate is derived by dividing the institution’s total expenditures by the total funds available. Total expenditures and funds available are calculated as follows:

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 36
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

**Utilization Rate**

Total Student Postsecondary Child Care Grant Awards for Current Fiscal Year  
+ Administrative Expense Allowance for Current Fiscal Year  
= **Total Expenditures**

Current Year Initial Allocation (funds disbursed in July, August and December)  
+ Current Year Reallocated Funds  
+ Funds Carried Forward from Previous Fiscal Year  
+ Funds Carried Back from Next Fiscal Year\*  
B Funds Carried Forward to Next Fiscal Year  
B Funds Carried Back to Previous Fiscal Year\*  
B Current Year Refunds Returned to the Agency Before March 1  
**Total Funds Available**

\*In certain years, carry back is not allowed. See 'Carry Forward, Carry Back' section.

**Total Expenditures = Utilization Rate**  
**Total Funds Available**

### 3. Carry Forward, Carry Back

An institution is allowed to carry forward to the next fiscal year or carry back to the previous fiscal year up to 10 percent of the current year's initial allocation (i.e., July, August and December allocation disbursements). Schools may NOT carry back funds from the first year of the biennium to the last year of the previous biennium but can always carry forward funds across bienniums. Schools may always carry forward and back between the two fiscal years within a biennium. Funds carried forward or back to another fiscal year will not adversely impact the current fiscal year's utilization rate. However, they will be considered funds available in the other fiscal year and impact the utilization rate for that year.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 37
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

#### 4. Reallocation Process

The institution may request additional funds if the initial allocation does not cover its anticipated need for the current fiscal year. In November, schools will be able to adjust their scheduled December disbursement amount if it exceeds their need for funds. If schools reduce the scheduled December disbursement, those funds will be reallocated to schools who need additional funding. Additionally, reallocation/refund notifications are emailed to schools in January, March, May and June each fiscal year.

An institution's reallocation amount is calculated as follows:

<b>Reallocation Formula</b>		
The Institution's Share	X	Amount of Postsecondary Child Care Grant Funds Available
Sum of Shares of Institutions Requesting Additional Funds		

The minimum reallocation amount that the Agency will send to institutions is \$100. If the calculated reallocation amount is less than \$100, the school will not receive a reallocation. The monies will be redistributed among schools with a calculated reallocation amount of \$100 or more.

### I. Management of Funds

#### 1. Accountability for Funds

Each participating school is accountable for all Postsecondary Child Care Grant funds disbursed to students or providers. Funds may be used only during the fiscal year of allocation with the exception of any amount carried forward or back from a contiguous fiscal year. The school must implement procedures and controls to ensure proper accountability. The school may subcontract for the administration of the program, but this does not relieve the school's responsibility for proper administration.

When Postsecondary Child Care Grant funds are received from the Agency, the school may either deposit the funds in a separate account or combine the funds with other institutional

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 38
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

funds. **A separate account is preferable.** If combined with other institutional funds, a fund source number must be traceable to all activity within the account.

A manual or computerized record of Postsecondary Child Care Grant recipients and corresponding check and account numbers must be maintained in order to track disbursements back through the activity account to the internal requisition form. If disbursed directly, all checks should be signed by more than one responsible party at the institution other than the person who initiates payment transmittal.

Each school must institute control procedures, such as the establishment of new account numbers at the beginning of a new fiscal year, to ensure that funds from one fiscal year are not carried over to the next fiscal year and that a deficit is not covered by funds from a following fiscal year, with the exception of the allowable 10 percent carry forward/back from a contiguous fiscal year. (See ‘Carry Forward, Carry Back’ section of this chapter.)

## **2. Administrative Expense Allowance**

Schools may use a portion of their Postsecondary Child Care Grant allocation/reallocation(s) funds to offset the expense of administering the program. The administrative expense allowance is currently five percent of the total funds expended for Postsecondary Child Care Grant awards at that school within a given fiscal year. It is recommended that schools set aside an estimated administrative expense allowance based on last year’s expenditures so that the entire allocation for the current fiscal year is not disbursed to students.

For state audit purposes, institutions must be able to verify that administrative allowance monies were used for the administration of the Postsecondary Child Care Grant program.

## **3. Excess Funds**

Excess funds are those funds that will not be expended on student awards, the administrative expense allowance, or carried forward/back to a contiguous fiscal year.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 39
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

The business office must keep the financial aid office regularly informed (monthly or bi-monthly reports are recommended) of the balance in the account so the financial aid administrator can determine whether Postsecondary Child Care Grant spending is expected to exceed or fall short of the amount of funds allocated to the institution. The Agency will periodically request information regarding the use of funds during the fiscal year. Excess funds shall be returned to the Agency within 30 days of the refund/reallocation request. Returned funds will be used to reallocate funds to other eligible institutions. Any excess funds returned to the Agency after March 1 will have an adverse impact on the institution's utilization rate. (See 'Utilization Rate' section in this chapter.)

At the end of the fiscal year, excess funds must be returned to the Agency no later than July 31.

#### **4. State Reports and Data Collection**

Schools participating in the Postsecondary Child Care Grant program must correctly complete and submit the following forms and reports by the applicable deadline dates:

- Institutional Request for Participation,
- Reallocation/Refund Request,
- End of Year Report and Supplements, and
- Monthly Spending (reported on-line).

Each school must maintain accurate and current records for every participating student. In order to evaluate the effectiveness of the program in meeting the financial needs of Postsecondary Child Care Grant recipients, the school must collect demographic, educational and financial data specified by the Agency from eligible students requesting Postsecondary Child Care Grant funds.

Upon request, the school must also report information about students who received awards, students who are on the waiting list, and students who were denied awards, including the institution's methods of prioritizing applicants if insufficient funds are available.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 40
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

End of Year Reports and applicable supplements are to be completed correctly and submitted to the Agency no later than the first working day after August 9. An institution's allocation for the next aid year shall be withheld if the deadline date is not met or if the report is incomplete or incorrectly completed and must be returned to the school for correction and re-submission to the Agency.

## **J. State Audit Requirements**

### **1. Records Available for Auditors**

State auditors will periodically visit each participating school to perform an audit.

The school also has the option of hiring an outside auditing firm to conduct its state audits in conjunction with its audits of federal aid programs. (See 'Audits' under 'Common Definitions' chapter for further information.)

Each participating school must establish a procedure by which an audit can be conducted by going to no more than three administrative offices within the school. In most cases, these will be the financial aid office, the business office and the registrar's office, but that choice is made by the school.

Each institution must maintain and make available to auditors individual student financial aid files for Postsecondary Child Care Grant recipients and a Postsecondary Child Care Grant fiscal year file.

Historical records and documentation must be kept on file for three years after the last day of the fiscal year or until all audit exceptions for the period are resolved.

### **2. Student Program Eligibility Documentation**

The school must have written documentation that verifies the student meets all of the requirements listed under the 'Student Eligibility' section of this chapter.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 41
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE July 2012

### **3. Program Documentation**

The school must have written documentation to show:

- an auditable trail from the application, through the account, to the disbursement of Postsecondary Child Care Grant funds to the student or child care provider;
- the calculation of applicable refund amounts for students who withdraw or reduce enrollment status;
- that funds were used in the fiscal year in which they were allocated, with the exception of carry forward/back from a contiguous fiscal year;
- each student’s award calculation, including supporting income documentation and any recalculations;
- documentation of the required provider verification and/or federal verification;
- copy of the Postsecondary Child Care Grant Program End of Year Report and applicable supplements (in either paper or electronic version); and
- definition of “satisfactory academic progress” based on federal aid program regulations and Minnesota Statutes 136A.101, Subd. 10.

### **4. Filing and Date Stamping Requirements**

All student applications must be dated with the date of receipt in the financial aid office.

Each institution must maintain a copy of each student’s Postsecondary Child Care Grant application in the student’s financial aid file. Each institution must also maintain a copy of each student’s Postsecondary Child Care Grant denial or award letter in the student’s financial aid file. An institution may maintain electronic records instead of paper copies if such records will be available to auditors.

All financial changes reported to the school must be dated with the date of receipt by the financial aid office. All documents relating to a student’s Postsecondary Child Care Grant award, whether produced or received by the financial aid office, must be dated with the date the document is produced and/or received.

**125A.02 CHILD WITH A DISABILITY DEFINED.**

Subdivision 1. **Child with a disability.** “Child with a disability” means a child identified under federal and state special education law as deaf or hard of hearing, blind or visually impaired, deafblind, or having a speech or language impairment, a physical impairment, other health disability, developmental cognitive disability, an emotional or behavioral disorder, specific learning disability, autism spectrum disorder, traumatic brain injury, or severe multiple impairments, and who needs special education and related services, as determined by the rules of the commissioner. A licensed physician, an advanced practice nurse, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability.

Subd. 1a. **Children ages three through seven experiencing developmental delays.** In addition, every child under age three, and at local district discretion from age three to age seven, who needs special instruction and services, as determined by the rules of the commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability.

Subd. 2. **Not a child with a disability.** A child with a short-term or temporary physical or emotional illness or disability, as determined by the rules of the commissioner, is not a child with a disability.

**History:** Ex1959 c 71 art 1 s 3; 1969 c 981 s 1; 1975 c 432 s 7; 1981 c 358 art 3 s 1; 1Sp1985 c 12 art 3 s 1; 1987 c 398 art 3 s 1; 1991 c 265 art 3 s 38; 1998 c 397 art 2 s 164; 1998 c 398 art 2 s 1; art 5 s 55; 2005 c 56 s 1; 2006 c 263 art 2 s 18; 2008 c 326 art 1 s 1; 2009 c 96 art 3 s 5; 1Sp2011 c 11 art 3 s 1

**136A.125 CHILD CARE GRANTS.**

Subdivision 1. **Establishment.** A child care grant program is established under the supervision of the Minnesota Office of Higher Education. The program makes money available to eligible students to reduce the costs of child care while attending an eligible postsecondary institution. The office shall develop policies and adopt rules as necessary to implement and administer the program.

Subd. 2. **Eligible students.**

(a) An applicant is eligible for a child care grant if the applicant:

(1) is a resident of the state of Minnesota;

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 2
SECTION <b>Postsecondary Child Care Grant Program</b>	DATE May 2011		

- (2) has a child 12 years of age or younger, or 14 years of age or younger who is disabled as defined in section 125A.02, and who is receiving or will receive care on a regular basis from a licensed or legal, nonlicensed caregiver;
- (3) is income eligible as determined by the office's policies and rules, but is not a recipient of assistance from the Minnesota family investment program;
- (4) has not earned a baccalaureate degree and has been enrolled full time less than eight semesters or the equivalent;
- (5) is pursuing a nonsectarian program or course of study that applies to an undergraduate degree, diploma, or certificate;
- (6) is enrolled at least half time in an eligible institution; and
- (7) is in good academic standing and making satisfactory academic progress.

(b) A student who withdraws from enrollment for active military service is entitled to an additional semester or the equivalent of grant eligibility and will be considered to be in continuing enrollment status upon return.

**[See Note.]**

Subd. 3. **Eligible institution.** A Minnesota public postsecondary institution, a Minnesota private, baccalaureate degree granting college or university, or a Minnesota nonprofit two-year vocational technical school granting associate degrees is eligible to receive child care funds from the office and disburse them to eligible students.

Subd. 4. **Amount and length of grants.**

- (a) The amount of a child care grant must be based on:
  - (1) the income of the applicant and the applicant's spouse;
  - (2) the number in the applicant's family, as defined by the office; and
  - (3) the number of eligible children in the applicant's family.
  
- (b) The maximum award to the applicant shall be \$2,600 for each eligible child per academic year, except that the campus financial aid officer may apply to the office for approval to increase grants by up to ten percent to compensate for higher market charges for infant care in

a community. The office shall develop policies to determine community market costs and review institutional requests for compensatory grant increases to ensure need and equal treatment. The office shall prepare a chart to show the amount of a grant that will be awarded per child based on the factors in this subdivision. The chart shall include a range of income and family size.

Subd. 4a. **Rates charged.** Child care providers may not charge students receiving grants under this section a rate that is higher than the rate charged to private paying clients.

Subd. 4b. **Additional grants.** An additional child care grant may be awarded to an applicant attending classes outside of the regular academic year who meets the requirements in subdivisions 2 and 4.

Subd. 4c. **Unexpended balance.** Any unexpended appropriation in the child care grant program in the first year of a biennium shall be used to augment the maximum award in subdivision 4 in the second year of the biennium.

Subd. 5. [Repealed, 1995 c 212 art 3 s 60]

Subd. 6. **Yearly allocations to institutions.** The office shall base yearly allocations on the need for funds using relevant factors as determined by the office in consultation with the institutions. Up to five percent of the money spent on students' child care awards, as determined by the office, may be used for an institution's administrative expenses related to the child care grant program. Any money designated, but not used, for this purpose must be reallocated to child care grants. An institution may carry forward or backward ten percent of its annual allocation to be used for awards in the previous or subsequent academic year.

Subd. 7. **Monitoring and reallocation.** The office shall establish procedures to (1) continually monitor the use of funds throughout the year; (2) identify areas of unmet need for grants; and (3) redistribute available funds in a timely manner to meet the needs of eligible recipients.

Subd. 8. **Information.** The office shall develop and provide information about the program to eligible postsecondary institutions, human service agencies, and potential applicants.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 4
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE May 2011

Subd. 9. **Report.** Institutions must submit reports, when requested by the office, on program activity including the number of students served, the child care costs, and the number of students on a waiting list for available funds. The reports must also include the institution's method of prioritizing applicants if insufficient funds are available.

**History:** 1989 c 293 s 28; 1991 c 356 art 8 s 9-13; 1994 c 532 art 2 s 6-9; 1994 c 647 art 8 s 26; 1995 c 212 art 3 s 27,28,59; 1997 c 85 art 4 s 4; 1997 c 183 art 2 s 6; 1998 c 397 art 11 s 3; 1999 c 159 s 25; 1999 c 214 art 2 s 7; 2000 c 489 art 11 s 4; 1Sp2001 c 1 art 2 s 13,14; 2003 c 133 art 2 s 14,15; 2005 c 56 s 1; 2005 c 107 art 2 s 23,24,60; 2007 c 144 art 2 s 21,22

**NOTE:** The additional semester or the equivalent of grant eligibility under subdivision 2, as amended by Laws 2005, chapter 107, article 2, section 23, applies to any student who withdrew from enrollment in a postsecondary institution after December 31, 2002, because the student was ordered to active military service as defined in section 190.05, subdivision 5b or 5c. SECTION <b>Postsecondary Child Care Grant Program</b>	DATE June 2008		

**4830.7000 SCOPE.**

Parts 4830.7000 to 4830.7900 govern state assistance to institutions to reduce the cost of child care for eligible students attending eligible postsecondary institutions.

**Stat Auth:** MS s 136A.04; 136A.125

**Hist:** 14 SR 2789

**4830.7100 DEFINITIONS.**

Subpart 1. **Scope.** The definitions in this part apply for the purposes of parts 4830.7000 to 4830.7900.

Subp. 2. **Continuing enrollment.** “Continuing enrollment” means that a student has not had an interruption in enrollment at the institution in which the student is currently enrolled for more than one academic term or 60 days of the immediately preceding academic year, whichever is longer. A student may miss one academic term and summer school and not lose continuing enrollment status.

Subp. 2a. **Eligible child.** “Eligible child” means a child who is 12 years of age or younger, or 14 years of age or younger who is disabled as defined in Minnesota Statutes, section 125A.02, and who is receiving or will receive care on a regular basis from a provider of child care services as those terms are defined in Minnesota Statutes, section 119B.011, subdivisions 5 and 19.

Subp. 3. [Repealed, 19 SR 1636]

Subp. 4. [Repealed, 19 SR 1636]

Subp. 5. **Eligible student.** “Eligible student” means a student who:

- A. has a child 12 years of age or younger, or 14 years of age or younger with a disability as defined in Minnesota Statutes, section 125A.02, and who is receiving or will receive care on a regular basis from a provider of child care services as those terms are defined in Minnesota Statutes, section 119B.011, subdivisions 5 and 19, after the grant is received;
- B. is a resident of Minnesota as defined in part 4830.0100, subpart 10;
- C. is not receiving tuition reciprocity;
- D. is not a recipient of the Minnesota family investment program (MFIP);

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 6
SECTION <b>Postsecondary Child Care Grant Program</b>	DATE June 2008		

- E. has not earned a baccalaureate degree or has not been enrolled full time in any postsecondary institution more than eight semesters, 12 quarters, or the equivalent;
- F. is pursuing a nonsectarian program or course of study that applies to an undergraduate degree, diploma, or certificate;
- G. is enrolled at least half time in an eligible institution for the term for which an award is received;
- H. is in good academic standing and making satisfactory academic progress, as defined by the institution according to federal requirements;
- I. reports any changes to data reported on the child care application within ten days of the change; and
- J. is not in default, as defined under the applicable loan program, of any educational loan, or, if the student is in default, has made satisfactory arrangements to repay the loan with the holder of the note.

Subp. 5a. **Family income and family size.** “Family income and family size” means the income and family size used to determine an award from the state grant program under parts 4830.0200 to 4830.0700.

Subp. 6. **Nonsectarian program.** “Nonsectarian program” means a program of study that is not specifically designed to prepare students to become ministers of religion, to enter some other religious vocation, or to prepare them to teach theological subjects. A nonsectarian program may provide for the scholarly study of religion as a discipline of knowledge in a manner similar to that provided for any other field of study, but must not require its students to take courses that are based on a particular set of religious beliefs, to receive instruction intended to propagate or promote any religious beliefs, to participate in religious activities, to maintain affiliation with a particular church or religious organization, or to attest to any particular religious beliefs.

Subp. 7. **Institution’s share.** “Institution’s share” means the number of students in an eligible institution who have applied for the state grant program under parts 4830.0200 to 4830.0700 for the most recent academic year available and who have reported dependent children.

**4830.7200 ELIGIBLE INSTITUTIONS.**

Institutions eligible for child care grants are Minnesota public postsecondary institutions and Minnesota private baccalaureate degree granting colleges or universities or Minnesota nonprofit two-year vocational technical schools granting associate degrees that have signed a child care grant program agreement with the office.

**Stat Auth:** MS s 14.388; 136A.01; 136A.04; 136A.125

**4830.7300 STUDENT PRIORITY.**

A student who has received a grant from the program in the immediately preceding academic year and who has had continuing enrollment at that institution since the time that the child care grant was given must be given a child care grant for the next academic year if the student remains eligible and funds are available. A student shall apply for a continuation of funds by the deadline date established by the school or lose priority ranking for the funds over students who did not apply for a continuation of funds by the established deadline and eligible students applying for a child care grant for the first time.

**Stat Auth:** MS s 14.388; 136A.04; 136A.125

**Hist:** 14 SR 2789; 19 SR 1636; 28 SR 889

**4830.7400 APPLICATION AND DISTRIBUTION OF FUNDS FOR GRANTS.**

Subpart 1. **Initial allocation formula.** Funds shall be allocated to each eligible institution according to the following formula:

- A. the institution's share divided by the sum of participating institutions' shares; and
- B. multiplied by the current fiscal year's appropriation for child care grants.

Subp. 2. **Yearly allocation to institutions.** Funds shall be allocated to each eligible institution according to the following formula:

- A. the institution's share divided by the sum of participating institutions' shares;
- B. multiplied by the current fiscal year's appropriation for child care grants;

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 8
SECTION <b>Postsecondary Child Care Grant Program</b>	DATE June 2008		

C. multiplied by the percent of funds for child care grants actually used by the institution during the prior academic year.

Subp. 3. **Reallocation.** The office shall reallocate available funds at least twice during the academic year to institutions requesting additional child care grant funds according to the following formula:

- A. the institution's share divided by the sum of the shares of institutions requesting additional funds; and
- B. multiplied by the amount of child care grant funds available for reallocation.

Subp. 4. **Administrative expense.** By July 1 of each year, the office shall set the percentage of awarded child care grant funds that may be used for administration of the child care grant program by the office and the institution. The percent of funds taken for the administration of the child care grant program shall be based on the net amount spent on child care grant awards for that fiscal year.

Subp. 5. **Notification.** The office shall notify each participating institution in writing of allocation and reallocation amounts.

Subp. 6. **Accountability.** Each participating institution shall be accountable for any funds disbursed to students for child care grants. Funds may be used only during the fiscal year of disbursement. If a student does not use a grant because the student does not enroll or withdraws from the institution, the institution may use the funds for other eligible students or return them to the office.

Subp. 7. **Unused funds.** An institution shall return funds that the institution determines will not be used within 30 days from the date of a request by the office. The office shall reallocate unused funds to other participating institutions requesting additional funds.

Subp. 8. [Repealed, 19 SR 1636]

**Stat Auth:** MS s 14.388; 136A.01; 136A.04; 136A.125; 136A.16; 136A.234

**4830.7500 AMOUNT AND TERM OF GRANTS.**

Subpart 1. [Repealed, 19 SR 1636]

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 9
SECTION <b>Postsecondary Child Care Grant Program</b>	DATE June 2008		

Subp. 2. **Amount.** The amount of a grant must be based on:

- A. the cost of child care for each child 12 years old or younger, or 14 years old or younger if the child is disabled as defined in Minnesota Statutes, section 120.03;
- B. the provider's charge up to a maximum rate established each year by the office;
- C. the student's enrollment status; and
- D. the award chart prepared by the office.

The institution shall estimate the amount of child care needed for the academic year and summer terms, and may add an amount up to that estimated cost to the institution's normal student budget used to calculate the student's financial need. The child care grant and other forms of financial aid may be used to pay for the child care if the expense is not covered by other funds.

Subp. 2a. **Academic year grant.** Beginning with the 2001-2002 academic year, the maximum grant per eligible child for the academic year is the amount specified in Minnesota Statutes, section 136A.125, subdivision 4, minus a student expectation based on family income.

The formula used to calculate the child care grant is as follows: the statutory maximum child care grant amount minus ((family income minus 130 percent of the federal poverty level for the student's family size) multiplied by ten percent) equals the child care grant. If the formulaic result is less than zero, the grant is set to zero. If the formulaic result is greater than the maximum statutory grant, the grant amount is the statutory maximum grant.

Subp. 2b. **Award disbursements.** The academic year award amount must be disbursed by academic term using the following formula:

- A. the academic year amount described in subpart 2a;
- B. divided by the number of terms in the academic year;
- C. divided by 15; and
- D. multiplied by the number of credits for which the student is enrolled that academic term, up to 15 credits.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 10
SECTION	<b>Postsecondary Child Care Grant Program</b>		DATE June 2008

Payments shall be made each academic term to the student or to the child care provider, as determined by the institution. Institutions may make payments more than once within the academic term.

Subp. 2c. **Summer term grant.** Students attending summer school may receive an additional grant per eligible child up to one-third of the academic year grant described in subpart 2a for quarter-based schools and up to one-half the academic year grant described in subpart 2a for semester-based schools.

Subp. 3. [Repealed, 19 SR 1636]

Subp. 3a. **Annual grant amount.** The annual maximum grant per eligible child must not exceed the calculated amount in subpart 2a plus the amount in subpart 2c, or the student's estimated annual child care cost for not more than 40 hours per week per eligible child, whichever is less.

4830.7700 [Repealed, 19 SR 1636]

**4830.7710 PROCEDURES FOR DENIAL OR TERMINATION OF A CHILD CARE GRANT.**

Subpart 1. **Applicability.** Students meeting the eligibility requirements in part 4830.7100, subpart 5, but denied a child care grant due to an institution's lack of program funds, shall be placed at the student's request on the institution's waiting list pending the availability of program funds. Subpart 2 and part 4830.7720 are not applicable to students who are denied child care grants due to lack of program funds.

Subp. 2. **Termination.** When terminating a student's child care grant, a school must follow its normal procedures used to terminate other financial aid awarded. If the child care grant is made by vendor payment, the school shall inform the child care provider of the notice of termination.

**4830.7720 APPEAL PROCESS.**

Subpart 1. **Appeal request.** An applicant or recipient of a child care grant adversely affected by a school's action may file a written request for an appeal with the school.

Subp. 2. [Repealed, 19 SR 1636]

Subp. 3. **Appeal process.** Students must follow the normal appeal process established by the school to handle complaints about financial aid program decisions. If the student is not satisfied with the result of the appeal, the student may ask the school to forward the results to the director of the Minnesota Office of Higher Education for review. The director shall review the decision and accompanying documentation, and shall make a decision according to Minnesota Statutes, section 136A.125, and parts 4830.7000 to 4830.7900. The student and school shall be advised in writing of the director's decision. The director's decision is final.

**4830.7800 REFUNDS.**

If a recipient fails to enroll or reduces enrollment, the school must refund the unused portion of the grant to the child care grant program. If the director determines that a school has fraudulently handled grant money, the refund of the unused portion of the grant is immediately due to the office, and the office may institute a civil action for recovery if necessary. Refunds to the child care grant program are determined as follows:

- A. calculate the percentage that the child care grant represents of the student's total financial aid package for the applicable term; excluding funds received from federal Title IV programs, United States Code, title 20, chapter 28, sections 1070 to 1099c-1;
- B. calculate the total tuition refund amount using the refund calculation required of schools participating in federal Title IV programs, United States Code, title 20, chapter 28, sections 1070 to 1099C-1;

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 12
SECTION <b>Postsecondary Child Care Grant Program</b>	DATE June 2008		

- C. subtract the federal aid programs' refund amount from item B to determine the remaining tuition refund amount; and
- D. multiply the percentage in item A by the amount calculated in item C to determine the amount to be refunded to the child care grant program.

Refunded money to the child care grant program is available for grants to eligible students.

**4830.7900 REPORTS OF DATA.**

Institutions must:

- A. collect demographic, educational, and financial data specified by the office from eligible students requesting child care grants;
- B. provide the office with individual student data upon request;
- C. upon the request of the office, report information about students who receive awards, students who are on the waiting list, and students who were denied awards, including the institution's methods of prioritizing applicants if insufficient funds are available; and
- D. submit fiscal year program activity reports and student data reports to the office.

Fiscal year program activity reports and student data reports are required by the office.

Institutions shall correctly complete and submit all required reports and any applicable refunds to the office by the first working day after August 9. The office shall withhold an institution's subsequent year's allocation if the deadline date is not met.

## 2012-2013 Postsecondary Child Care Grant Program Application Instructions

**IMPORTANT: Read instructions before completing application. Incomplete applications will not be processed.**

**Step 1 - Student completes Section A and gives form to child care provider.**

**Step 2 - Child care provider completes Section B and returns form to student.**

**Step 3 - Student submits application to financial aid office at institution student attends.**

**Step 4 - Financial aid administrator determines student award amount and notifies student of award.**

The maximum full-time Postsecondary Child Care Grant award for a full-time student (15 credits per term) is \$2,800 for each eligible child per academic year. Assistance may cover up to 40 hours of child care per week for each eligible child, for a maximum home care cost of \$5 an hour and a maximum center care cost of \$10 an hour. The institution may increase the amount shown on the maximum award chart by ten percent to compensate for higher infant care rates charged by some providers. Annual awards will be divided evenly into term installments and disbursed to recipients each quarter or semester, depending upon the type of school the student attends. The amount of the full-time term award will be decreased for students taking 6–14 credits. The school may choose to make payments more frequently or to pay the provider directly. Office of Higher Education staff or the college financial aid administrator will contact child care providers to verify the information provided on the application.

**In order to be eligible, a recipient must:**

1. be a Minnesota resident (see definition below);
2. be a U.S. citizen or eligible non-citizen (see definition below);
3. not be receiving benefits from the Minnesota Family Investment Program (MFIP);
4. must be income eligible (your college financial aid office has a chart showing qualifying income guidelines);
5. be pursuing a non-sectarian program or course of study that applies to an undergraduate degree, diploma or certificate;
6. have a child 12 years of age or younger, or 14 years of age or younger with a disability, needing child care service on a regular basis;
7. be enrolled at least half-time, taking at least six credits per quarter, semester, or the equivalent;
8. be in good standing and making satisfactory academic progress;
9. not be receiving tuition reciprocity;
10. not be in default on a student loan or, if in default, have made satisfactory arrangements to repay the loan with the holder of the note;
11. not have earned a baccalaureate degree; and
12. not have attended the equivalent of more than eight full-time semesters or twelve full-time quarters of postsecondary education. If you withdrew from college during a term because you were called up for active military service after December 31, 2002, please provide the necessary documentation to your college financial aid administrator.

**Question #10 on application – Minnesota resident is:**

1. a student who has resided in Minnesota for purposes other than postsecondary education for at least 12 consecutive months without being enrolled at a postsecondary institution for more than five credits in any term; or
2. a dependent student whose parent or legal guardian resided in Minnesota at the time the 2012-2013 FAFSA was completed; or
3. a student who graduated from a Minnesota high school, if the student was a resident of Minnesota during the student's period of attendance at the Minnesota high school and the student is physically attending a Minnesota campus; or
4. a student who, after residing in the State of Minnesota for a minimum of one year, earned a high school equivalency certificate in Minnesota; or
5. a student who is a member (or spouse/dependent of a member) of the armed forces of the United States stationed in Minnesota on active federal military service as defined in section 190.05, subdivision 5c; or
6. a spouse or dependent of a veteran, as defined in section 197.447, if the veteran is a Minnesota resident; or
7. a student (or spouse of) who relocated to Minnesota from an area that is declared a presidential disaster area within 12 months of the disaster declaration, if the disaster interrupted the person's postsecondary education; or
8. a student defined as a refugee under United States Code, title 8, section 1101(a)(42) who, upon arrival in the United States, moved to Minnesota and has continued to reside in Minnesota.

**Question #14 on application – Number of persons in family is:** The number of persons in the household reported on the 2012-2013 FAFSA.

**Question #16 on application – Child with a disability is:** Every child who has a hearing impairment, blindness, visual disability, speech or language impairment, physical disability, other health impairment, mental disability, emotional/behavioral disorder, specific learning disability, autism, traumatic brain injury, multiple disabilities, or deaf/blind disability and needs special instruction and services, as determined by the standards of the commissioner, is a child with a disability. In addition, a child under age three, and at local district discretion from age three to age seven, who needs special instruction and services, as determined by the standards of the commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability.

**Not a child with a disability is:** A child with a short-term or temporary physical or emotional illness or disability, as determined by the standards of the commissioner, is not a child with a disability.

**Question #17b on application – Other sources of child care funding:** Answer “yes” if you are receiving child care funding from another source. Examples are: the child’s other parent is receiving the Postsecondary Child Care Grant, your employer is helping to pay your child care costs, you receive Basic Sliding Fee child care assistance from the county, your ex-spouse is required to cover a portion of child care costs per a divorce decree, etc.

### NOTICE TO APPLICANTS

Section 7(b) of the Federal Privacy Act of 1974 (5 U.S.C. 552a) requires that when any federal, state, or local government agency asks you to disclose your Social Security Account Number, you must be advised whether that disclosure is mandatory or voluntary, by what statutory or other authority the number is solicited, and what uses will be made of it. Accordingly, you are being advised that disclosure of your Social Security number is voluntary.

The Social Security number will be used to verify your identity, and as an identifier of your file in order to record necessary data accurately. As an identifier, the Social Security number is used in the Postsecondary Child Care Grant Program for such purposes as processing the application form, program evaluation, and reporting and notification of program eligibility and award amount to your postsecondary institution.

Pursuant to Minnesota Statutes, Sec. 13.04, subd. 2 (2006), you are hereby informed that the information supplied in this application may be used as follows: (1) in the processing and verification of the data supplied to determine your eligibility for this program; (2) for compilation and analysis of summary data relative to this program; and (3) for dissemination of information to the school. You are not required to provide the information supplied in this application. However, failure to submit requested data may prevent further processing of this application. The information supplied in this application may be shared with other public and private individuals and entities in order to use the information for the purposes specified above.

The Office of Higher Education does not discriminate on the basis of disability in the admission or access to, or treatment or employment, in its programs or activities. This document can be made available in an alternative format to individuals by calling (651) 642-0567.

- I understand and accept the obligation to provide a written report to the school of any changes in information provided on this application within 10 days of the change. Changes may include, but are not limited to, my enrollment, family size, family income, receipt of MFIP or Basic Sliding Fee benefits, hours of child care, changes in provider or provider rates, etc. I understand that failure to report any changes within 10 days will result in cancellation and possible repayment of any Postsecondary Child Care Grant.
- I understand that the Postsecondary Child Care Grant must be used to pay my child care provider and that the award is subject to repayment and/or cancellation if used for other purposes. I agree to furnish receipts from my child care provider if requested by the school or Office of Higher Education staff.
- I give permission to the school and the Office of Higher Education to share information regarding the Postsecondary Child Care grant with my child care provider(s) and to verify the information provided on this application. I also give my provider permission to verify the information in the Provider's Section when contacted by the school or Office of Higher Education staff and understand that my application will be on hold until the provider information has been verified.
- I give permission to the county social service agency to release to the school or the Office of Higher Education the amount and terms of any MFIP or Basic Sliding Fee child care benefits I receive from July 1, 2012 to September 30, 2013. I give permission to the school and the Office of Higher Education to report my child care award to my county social service agency if I receive MFIP benefits or Basic Sliding Fee child care assistance during this academic school year.
- I declare that the other parent or legal guardian of my child/children is not capable or available to care for my child/children during the hours for which I have requested an award from the Postsecondary Child Care Grant Program.
- I understand that, if I withdraw from school after receiving a Postsecondary Child Care Grant, all or a portion of the grant will need to be repaid to my college.
- I certify that the information on this application is true and correct and I promise to provide additional documentation if requested. I understand that this form is used to establish eligibility for the Postsecondary Child Care Grant Program and that if I purposely give false or misleading information on this form, I may be subject to a fine, a prison sentence, or both, and such action may result in the forfeiture or repayment of future awards from this program.

 - Income Exclusions from 2012-2013 FAFSA (additional financial information, #43 a-f independent, #91 a-f dependent)  
 = Total Family Income

\*Family Size = Household size derived from FAFSA and used for other financial aid programs.  
 \*\*For Family Size greater than 13, contact OHE for instructions

In some instances, the maximum award shown can be increased by 10% to compensate for higher infant care costs. See instructions under 'Adjustments to Maximum Award Table for Infant Care' in the Postsecondary Child Care Grant section of the MN Office of Higher Education Financial Aid Manual.

To determine maximum award per eligible child for comparison to actual costs per eligible child each term, divide the appropriate annual award above by two (semesters) or three (quarters) and prorate the results on a per-credit basis for students enrolled for fewer than 15 credits. For example, the maximum award for a student with an income of \$22,500 and family size of 2 enrolled for 13 semester credits would be \$2,467 annual / 2 semesters = 1,234 x 13/15 = \$1,070.

<b>Child's Name and Term Calculated:</b> <small>(An award calculation form will be completed for each child)</small>

This spreadsheet can be used to calculate the term award for the Postsecondary Child Care Grant. The school is responsible for entering the correct values in all of the yellow boxes. The award for the term will be the lesser of the student's net actual child care costs or the maximum annual award for the student's income and household size after it has been adjusted for term length and enrollment level. The actual child care costs entered on this spreadsheet should represent net costs after other child care assistance (Basic Sliding Fee Program, court-ordered child care payments from the child's other parent, Postsecondary Child Care Grant received by the child's other parent) has been subtracted from gross child care charges. Because program policy caps actual child care charges at \$5 per hour for home day care or \$10 per hour for center day care and no more than 40 hours per week, this spreadsheet will cap those variables accordingly in determining the award based on **what the user enters in cell D22**.

<b>Number of Terms/Payment Periods in School's Academic Year =</b> Enter '2' for semester, '3' for quarter

<b>2012-2013 Postsecondary Child Care Grant Program Award Notice</b>
--

Student Name	Student ID Number

Congratulations. You have been awarded a Postsecondary Child Care Grant for the 2012-2013 academic year.

**Please read this notice carefully. It is your responsibility to inform the designated office at your institution within 10 days if any of the following changes should occur:**

- change of provider;
- change of provider rates;
- change of child care hours needed;
- receipt or loss of MFIP or Basic Sliding Fee or Transition Year benefits;
- change of family income;
- change of family size;
- change of enrollment level;
- if a parent or legal guardian becomes available to provide child care; and/or
- any changes in your status which may affect your eligibility.

A copy of this award notice along with the provider section of the program application may be sent to the day care provider. It is the institution's option to disburse funds to either the student or the child care provider. The grant cannot be disbursed until the student is registered for the term. The child care provider may ask for payment before service is given, if that is the business arrangement between the student and the provider.

Subject: Postsecondary Child Care Grant Program – July Refund/Reallocation

We are now requesting refund/reallocation information for the **Postsecondary Child Care Grant Program**. OHE has created a web-based reporting mechanism for this purpose. You can access the reporting screen at: [www.getreadyforcollege.org/surveys/refRealloc/ccg.cfm](http://www.getreadyforcollege.org/surveys/refRealloc/ccg.cfm)

In order to be considered in the 2011-2012 Postsecondary Child Care Grant Program reallocation process, you must report at the above web site no later than **July 13, 2012**. Please report if you will be sending a refund or need additional Postsecondary Child Care funds.

**I currently have funds available for reallocation.** I encourage you to award eligible students a summer award. A school may also make a late or retroactive payment to the student provided the student did not withdraw from school or drop below six credits during the term in question. Payment must be based on the student's enrollment level as of the date of disbursement. Credits for courses from which the student withdrew shall not be counted towards enrollment level. Credits with a grade of "F" or "NC" should be counted as credits earned. Since we have a surplus of funds, no one should be left on a waiting list.

This is a year where carry-back is allowed. However, since I still have \$273,859 available for the 2011-2012 aid year if you need additional funds, please request those funds from the 2011-2012 aid year rather than using the carry-back option. If you do use the carry-back provision, institutions would need to use institutional funds until disbursement is processed for the 2012-2013 aid year.

Institutions are also allowed to carry-forward up to ten percent of your 2011-2012 initial allocation (August, September and December disbursements). Institutions are also allowed to keep up to five percent of your total student awards as an administrative expense allowance.

All refunds/checks should be accompanied by the OHE refund return form to ensure the funds are credited appropriately. The refund return form can be found at: [www.ohe.state.mn.us/mPg.cfm?pageID=1538](http://www.ohe.state.mn.us/mPg.cfm?pageID=1538). Please check with your business office to ensure the refunds are being processed to meet this deadline. Refunds should be returned to:

## **I. Public Safety Officer's Survivor (SOS) Grant Program**

### **A. Program Objective**

To provide financial assistance to students pursuing postsecondary education who are spouses or dependent children of public safety officers killed in the line of duty.

### **B. Program Overview**

The Minnesota Office of Higher Education (the Agency) administers the education benefit portion of the Public Safety Officer's Survivor Benefits. Up to \$100,000 is available for awards. Dependent children less than 23 years of age and the surviving spouse of a public safety officer killed in the line of duty on or after January 1, 1973, are eligible to receive education benefits. The age limit is extended to less than 30 years for a dependent child who has served on active military duty 181 consecutive days or more and has been honorably discharged or released to the dependent child's reserve or National Guard unit.

In order to be eligible to receive a grant from this program, a student must be enrolled in an undergraduate or graduate degree or certificate program and not have received the maximum duration of 10 semesters or 15 quarters.

The grant award is the lesser of:

- the school's average tuition and mandatory fees for the term; or
- the applicable tuition and fee maximum established in law (for students in a four-year degree program, \$5,244 semester/\$3,496 quarter; for students in a two-year or less program, \$2,904 semester/\$1,936 quarter).

The student applies for a Safety Officer's Survivor Grant at the institution. Each institution is responsible for attaching a copy of the student's "Benefit Fund Certificate" received from the Commissioner of Public Safety and forwarding it to the Agency along with the original application for processing. The institution is also responsible for disbursing program funds to the student and administering the program in compliance with Minnesota statutes, agency rules and procedures.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 2
SECTION	<b>Public Safety Officer's Survivor Grant Program</b>		DATE July 2012

The school must maintain accurate and current records for each student receiving a Safety Officer's Survivor Grant. These records are subject to state audit and review.

### **C. Administration Overview**

1. The student secures the "Public Safety Officer's Benefit Fund Certificate" from the Commissioner of Public Safety (Appendix 1).
2. The student completes the student portion of the application form followed by the institution completing the bottom portion. A copy of the student's "Benefit Fund Certificate" must be attached to the student's application form if the student is applying for the first time (Appendix 2).
3. The institution forwards the student application to the Agency for processing. **(Each student's application must be submitted each quarter/semester in order to receive funds.)**
4. The institution receives a copy of the payment roster which lists students receiving awards from this program and the award amounts (Appendix 3).
5. The Agency disburses funds to the college via EFT to cover all students on the payment roster.
6. The institution must verify the student's enrollment and eligibility status before disbursing the funds or applying the funds to the student's account.
7. The payment roster (or a photocopy) is to be returned to the Agency with any refunds for individual students who were paid on that particular payment roster.

### **D. Eligibility to Participate**

#### **1. Postsecondary Institutions**

Minnesota public or private postsecondary institutions eligible to participate in the State Grant program (Minnesota Statutes 136A.101, Subd. 4) are eligible to participate in the Public Safety Officer's Survivor Grant program.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 3
SECTION	<b>Public Safety Officer's Survivor Grant Program</b>		DATE July 2012

## **2. Students**

### **a. Enrolled in Eligible Program**

The student must be enrolled in an undergraduate or graduate program leading to a degree or certificate at an eligible Minnesota institution.

### **b. Baccalaureate Degree/Five Years of Postsecondary Education**

The student must be enrolled in an undergraduate or graduate degree or certification program. Each award is given the first academic year and is renewable for a maximum of eight semesters or the equivalent.

### **c. Public Safety Certificate**

The student must possess a “Public Safety Officer’s Benefit Fund Certificate” issued by the Commissioner of Public Safety. The certificate must be presented to the financial aid office at the time of application so a copy of the certificate can be attached to the original application form.

### **d. Age Limitation**

A dependent child of a public safety officer killed in the line of duty must be under 23 years of age on the first day of the academic year for which education benefits are requested. The age limit is extended to less than 30 years for a dependent child who has served on active military duty 181 consecutive days or more and has been honorably discharged or released to the dependent child’s reserve or National Guard unit.

## **E. Terms of the Awards**

### **1. Award Amount**

The amount of the award is the lesser of:

- a. the annual average full-time tuition and mandatory fees charged by the institution, prorated for term length and enrollment level; or
- b. the applicable tuition and fee maximum established in law for the State Grant program, prorated for term length and enrollment level.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 4
SECTION	<b>Public Safety Officer's Survivor Grant Program</b>		DATE July 2012

The annual full-time tuition and fee maximums are \$10,488 for students in a four-year degree program and \$5,808 for students in a two-year degree program.

Both the annual average full-time tuition and mandatory fees and the tuition and fee maximum must be prorated for term length and enrollment level. For example, for a student enrolled for 12 credits at a school on the semester system, the annual tuition and fees and the applicable tuition and fee maximum are multiplied by 50 percent and then by 80 percent (12/15ths).

## **2. Renewals**

Each award is given for one academic year but is renewable for a maximum of eight semesters, 12 quarters or the equivalent. The student must reapply for a grant each term in order to receive the funds. An award will not be renewed if the student is a dependent child who has reached the age limitations described under 'Age Limitations.'

## **3. State Grant Eligibility**

An award from the Public Safety Officer's Survivor Grant program must not affect a recipient's eligibility for a State Grant.

## **4. Deadline Date for Submission of Application**

A student's application must be received by the Agency no later than the last day of classes for the academic year for which grant funds are being requested.

## **5. Refunds**

If a recipient fails to enroll or reduces enrollment, the institution must refund the unused portion of the award to the Agency. To determine the correct refund amount, refer to the Refund Calculation Worksheet in the 'State Grant' chapter, Appendix 13.

Funds returned to the Agency are available for awards to other eligible students.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 5
SECTION	<b>Public Safety Officer's Survivor Grant Program</b>		DATE July 2012

## 6. Arrival of Awards at Institution

The Agency shall send a student's grant award to the institution within 30 days of the receipt of the student's application for the academic term but not before July 1 of the academic year for which the award is intended.

## 7. Withholding an Award

The Agency shall withhold payment for a student until all information on the application is complete and the student's eligibility is verified.

## F. Institutional Responsibilities

### 1. Monitoring Student Eligibility

Each eligible institution with award recipients must maintain accurate and updated records for every student receiving a Public Safety Officer's Survivor Grant. The financial aid administrator must verify through the appropriate administrative office at the institution that the student continues to meet the student eligibility requirements throughout the student's course of study.

Each institution must establish a procedure to inform the financial aid office (or other appropriate office) of all changes in a student's status which may affect his/her eligibility for a Public Safety Officer's Survivor Grant.

### 2. Public Safety Officer's Survivor Grant Application

The institution must complete the "school section" of the student's application and submit an application to the Agency for the student for each academic term of the academic year.

**The first time a student submits an application for an award, the institution must attach a copy of the student's "Public Safety Officer's Benefit Fund Certificate" received from the Commissioner of Public Safety to the application form prior to submitting it to the Agency for processing.**

### 3. Disbursement of Awards

Institutions are responsible for notifying their students that Public Safety Officer's Survivor funds have been received from the Agency.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 6
SECTION	<b>Public Safety Officer's Survivor Grant Program</b>		DATE July 2012

Awards must be disbursed in a manner consistent with the requirements provided in the 'Disbursement Process' section of the 'State Grant' chapter of this manual.

**a. Certifying Student Eligibility**

At the time of disbursement, the school must verify that the student meets all of the program eligibility requirements.

**G. State Audits**

State auditors will periodically visit each institution to perform an audit. Schools also have the option of hiring an independent audit firm to conduct state audits in conjunction with audits of federal aid programs. (See 'Audits' under 'Common Definitions' chapter of this manual.)

Each institution must establish a procedure by which an audit can be conducted by going to no more than three administrative offices within the school. In most cases, these will be the financial aid office, the business office and the registrar's office, but that choice is made by the institution.

The institution must make available all pertinent books, documents, papers and records for audit and examination for three years after the last day of a fiscal year or until all audit exceptions for the period are resolved.

**1. Student Eligibility**

The school must have written documentation to support the student's eligibility including, but not limited to, the following:

- a. the student's enrollment level in an eligible program at the time of the award disbursement. The actual documentation, such as a fee statement or transcript, need not be kept at the audit location but must be readily available at the Registrar's Office or other responsible department within the school; and
- b. that the student met the other program eligibility requirements described in the 'Eligibility to Participate' section of this chapter.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 7
SECTION	<b>Public Safety Officer's Survivor Grant Program</b>		DATE July 2012

A photocopy of the student's "Public Safety Officer's Benefit Fund Certificate" received from the Commissioner of Public Safety should be kept in the student's file.

## **2. Documentation of Refunds**

Written documentation supporting individual student refunds to the Public Safety Officer's Survivor Grant program must be retained at the school (i.e., a copy of the calculation worksheet used to calculate the refund).

## **3. Return of Funds**

Public Safety Officer's Survivor Grant funds not issued to students must be returned to the Agency within 30 days of the beginning of the academic term or 30 days from the receipt of the funds at the school, whichever is later. The funds must be returned with the applicable payment roster or a copy of that roster. Documentation of such refunds must be retained at the school.

Schools may retain funds more than 30 days if the school has proof that they have contacted the student and that the student will start the applicable term later. Schools must be able to identify the date on which the funds were disbursed to the student and the corresponding dollar amount.

Amounts returned to the program must also be documented for individual students (copy of the payment roster with refunds indicated).

## **H. Summary of State Audit Requirements: Institutional Documentation**

Each institution must be able to produce the following for auditors:

1. individual student financial aid files for Public Safety Officer's Survivor Grant recipients;
2. documentation of enrollment level in eligible program for each recipient;
3. documentation of the disbursement dates and amounts to individual award recipients;
4. written documentation of refund calculations for individual award recipients (i.e., copy of refund calculation worksheet); and
5. written documentation of individual student refund amounts and the date these Public Safety Officer's Survivor Grant funds were returned to the Agency.

**299A.41 DEFINITIONS.**

Subdivision 1. **Scope.** The definitions used in this section apply to sections 299A.41 to 299A.46.

Subd. 2. **Dependent child.** A “dependent child” means a person who is unmarried and who was either living with or was receiving support contributions from the public safety officer at the time of death, including a child by birth, a stepchild, an adopted child, or a posthumous child, and who is:

- (1) under 18 years of age;
- (2) over 18 years of age and incapable of self-support because of physical or mental disability; or
- (3) over 18 years of age and a student as defined by United States Code, title 5, section 8101.

Subd. 3. **Killed in the line of duty.** “Killed in the line of duty” does not include deaths from natural causes. In the case of a peace officer, “killed in the line of duty” includes the death of an officer caused by accidental means while the peace officer is acting in the course and scope of duties as a peace officer.

Subd. 4. **Public safety officer.** “Public safety officer” includes:

- (1) a peace officer defined in section 626.84, subdivision 1, paragraph (c) or (d);
- (2) a correction officer employed at a correctional facility and charged with maintaining the safety, security, discipline, and custody of inmates at the facility;
- (3) an individual employed on a full-time basis by the state or by a fire department of a governmental subdivision of the state, who is engaged in any of the following duties:
  - (i) fire fighting;
  - (ii) emergency motor vehicle operation;
  - (iii) investigation into the cause and origin of fires;
  - (iv) the provision of emergency medical services; or
  - (v) hazardous material responder;
- (4) a legally enrolled member of a volunteer fire department or member of an independent nonprofit fire-fighting corporation who is engaged in the hazards of fire fighting;
- (5) a good samaritan while complying with the request or direction of a public safety officer to assist the officer;
- (6) a reserve police officer or a reserve deputy sheriff while acting under the supervision and authority of a political subdivision;

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 2
SECTION <b>Public Safety Officer's Survivor Grant Program</b>		DATE July 2012	

- (7) a driver or attendant with a licensed basic or advanced life support transportation service who is engaged in providing emergency care;
- (8) a first responder who is certified by the emergency medical services regulatory board to perform basic emergency skills before the arrival of a licensed ambulance service and who is a member of an organized service recognized by a local political subdivision to respond to medical emergencies to provide initial medical care before the arrival of an ambulance; and
- (9) a person, other than a state trooper, employed by the commissioner of public safety and assigned to the State Patrol, whose primary employment is the enforcement of commercial motor vehicle laws and regulations.

Subd. 5. **Spouse.** "Spouse" means a person legally married to the decedent at the time of the decedent's death.

**History:** 1990 c 591 art 5 s 1; 1991 c 199 art 1 s 66; 1992 c 523 s 1,2; 1992 c 553 s 1; 1Sp2001 c 8 art 2 s 66; 2005 c 10 art 2 s 4

**299A.42 PUBLIC SAFETY OFFICER'S BENEFIT ACCOUNT.**

The public safety officer's benefit account is created in the state treasury. Money in the account consists of money transferred and appropriated to that account. Money in the account that is not expended in the fiscal year in which it is transferred or appropriated does not revert to the general fund until claims for reimbursement under section 299A.465 that are submitted in that fiscal year are either paid or denied.

**History:** 1990 c 591 art 5 s 2; 1Sp2003 c 2 art 4 s 2

**299A.43 ELIGIBILITY DETERMINATION; CONTESTED CASE.**

A challenge to a determination of eligibility by the commissioner of public safety must be heard as a contested case, except that the decision of the administrative law judge is binding on the parties to the proceeding. The order of the administrative law judge is the final decision of the commissioner. The hearing must be conducted according to sections 14.56 to 14.62 and is subject to appeal according to sections 14.63 to 14.68.

**History:** 1990 c 591 art 5 s 3

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 3
SECTION <b>Public Safety Officer's Survivor Grant Program</b>		DATE July 2012	

**299A.44 DEATH BENEFIT.**

Subdivision 1. **Payment required.**

- (a) On certification to the governor by the commissioner of public safety that a public safety officer employed within this state has been killed in the line of duty, the commissioner of finance shall pay \$100,000 from the public safety officer's benefit account, as follows:
- (1) if there is no dependent child, to the spouse;
  - (2) if there is no spouse, to the dependent child or children in equal shares;
  - (3) if there are both a spouse and one or more dependent children, one-half to the spouse and one-half to the child or children, in equal shares;
  - (4) if there is no surviving spouse or dependent child or children, to the parent or parents dependent for support on the decedent, in equal shares; or
  - (5) if there is no surviving spouse, dependent child, or dependent parent, to the public safety officer's estate.
- (b) If there are both a spouse and one or more dependent children under age 18, the spouse, at the spouse's discretion, may spend a maximum of one-third of a child's share on medical or dental treatment for the child or the child's education. Expenditures under this paragraph on behalf of a child do not diminish the shares of any other children. In addition, a spouse, at the spouse's discretion, may expend money from a child's share to pay state and federal taxes on any interest accrued on the share.

Subd. 2. **Adjustment of benefit.** On October 1 of each year beginning after July 1, 1995, the commissioner of public safety shall adjust the level of the benefit payable immediately before October 1 under subdivision 1, to reflect the annual percentage change in the Consumer Price Index for all urban consumers, published by the federal Bureau of Labor Statistics, occurring in the one-year period ending on June 1 immediately preceding such October 1.

**History:** 1990 c 591 art 5 s 4; 1995 c 133 s 1; 1995 c 226 art 2 s 4; 1995 c 265 art 2 s 26; 1Sp2003 c 2 art 4 s 3

**299A.45 EDUCATION BENEFIT.**

Subdivision 1. **Eligibility.** A person is eligible to receive educational benefits under this section if the person:

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 4
SECTION <b>Public Safety Officer's Survivor Grant Program</b>	DATE July 2012		

- (1) is certified under section 299A.44 and in compliance with this section and rules of the commissioner of public safety and the Minnesota Office of Higher Education;
- (2) is enrolled in an undergraduate degree or certificate program after June 30, 1990, or a graduate degree or certificate program after June 30, 2011, at an eligible Minnesota institution as provided in section 136A.101, subdivision 4;
- (3) has not received benefits for the maximum duration specified in subdivision 4; and
- (4) is related in one of the following ways to a public safety officer killed in the line of duty on or after January 1, 1973:
  - (i) as a dependent child less than 23 years of age;
  - (ii) as a surviving spouse; or
  - (iii) as a dependent child less than 30 years of age who has served on active military duty 181 consecutive days or more and has been honorably discharged or released to the dependent child's reserve or National Guard unit.

**EFFECTIVE DATE.** This section is effective retroactively from July 1, 2011.

**Subd. 2. Award amount.**

- (a) The amount of the award is the lesser of:
  - (1) the average tuition and fees charged by the institution; or
  - (2) the tuition maximums established by law for the state grant program under section 136A.121. The tuition maximum for graduate study is the maximum established by law for the state grant program for four-year programs.
- (b) An award under this subdivision must not affect a recipient's eligibility for a state grant under section 136A.121.
- (c) For the purposes of this subdivision, "fees" include only those fees that are mandatory and charged to all students attending the institution.
- (d) For the purpose of benefits awarded under this section, "full time" for a graduate program is eight or more credits per term or the equivalent.

**EFFECTIVE DATE.** This section is effective retroactively from July 1, 2011.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 5
SECTION <b>Public Safety Officer's Survivor Grant Program</b>	DATE July 2012		

Subd. 3. **Payment.** On proof of eligibility for this program, an eligible institution, on behalf of the student, shall request payment of the award from the Minnesota Office of Higher Education. An institution must not request payment unless the student is enrolled in or has completed the term for which the payment is intended.

Subd. 4. **Renewal.** Each award must be given for one academic year and is renewable for a maximum of eight semesters or the equivalent. A student who withdraws from enrollment for active military service is entitled to an additional semester or the equivalent of grant eligibility. An award must not be given to a dependent child who is 23 years of age or older on the first day of the academic year.

**History:** 1990 c 591 art 5 s 5; 1991 c 356 art 8 s 22; 1995 c 212 art 3 s 59; 1Sp2001 c 1 art 2 s 20,21; 2003 c 133 art 3 s 26; 2005 c 107 art 2 s 53,54,60

NOTE: The additional semester or the equivalent of grant eligibility under subdivisions 1 and 4, as amended by Laws 2005, chapter 107, article 2, sections 53 and 54 respectively, applies to any student who withdrew from enrollment in a postsecondary institution after December 31, 2002, because the student was ordered to active military service as defined in section 190.05, subdivision 5b or 5c. Laws 2005, chapter 107, article 2, section 59.

**299A.46 RULES.**

The commissioner of public safety may adopt rules under chapter 14 to implement, coordinate, and administer sections 299A.41 to 299A.44. The Minnesota Office of Higher Education may adopt rules to implement, coordinate, and administer section 299A.45.

**History:** 1990 c 591 art 5 s 6; 1995 c 212 art 3 s 59; 1995 c 233 art 2 s 56; 2005 c 107 art 2 s 60

<b>2012-2013 Public Safety Officer's Survivor Grant Program Application Instructions</b>
--

YOU MUST ATTACH A COPY OF YOUR CERTIFICATION FROM THE COMMISSIONER OF PUBLIC SAFETY TO THE APPLICATION.

Read instructions before completing the application. Incomplete applications will not be processed. Students applying to the Public Safety Officer's Survivor Grant Program must complete this application and return it to the financial aid office at the school you are/will be attending. Applications must be completed in ink or typed.

To be eligible to receive a Public Safety Officer's Survivor Grant, a student must:

1. be a dependent child less than 23 years of age (or 30 years of age for a public safety officer's surviving dependent child who has served on active military duty 181 consecutive days or more and has been honorable discharged or released to the surviving dependent child's reserve or National Guard unit) or the surviving spouse of a public safety officer killed in the line of duty on or after January 1, 1973;
2. be enrolled in an undergraduate or graduate degree or certificate program after June 30, 2011, at an eligible Minnesota institution;
3. not have received benefits for the maximum of 10 full-time semesters or 15 full-time quarters (a student who withdraws from enrollment for active military service is entitled to an additional semester of grant eligibility); and
4. attach a copy of the certification of eligibility received from the Commissioner of Public Safety to the application.

The award amount is the lesser of:

- a. the annual average full-time tuition and mandatory fees charged by the institution, prorated for term length and enrollment level; or
- b. the applicable tuition and fee maximum established in law prorated for term length and enrollment level. The annual full-time tuition and fee maximums for the 2012-2013 academic year are \$10,488 for students in a 4-year degree or graduate program and \$5,808 for students in a 2-year degree program.

#### NOTICE TO APPLICANTS

Section 7(b) of the Federal Privacy Act of 1974 (5 U.S.C. 552a) requires that when any federal, state, or local government agency asks you to disclose your Social Security Account Number, you must be advised whether that disclosure is mandatory or voluntary, by what statutory or other authority the number is solicited, and what uses will be made of it. Accordingly, you are being advised that disclosure of your Social Security number is voluntary.

The Social Security number will be used to verify your identity, and as an identifier of your file in order to record necessary data accurately. As an identifier, the Social Security number is used in the Public Safety Officer's Survivor Grant Program for such purposes as processing the application form, program evaluation and reporting, and notification of program eligibility and award amount to your postsecondary institution.

Pursuant to Minnesota Statutes, Sec. 13.04, subd. 2 (2004), you are hereby informed that the information supplied in this application may be used as follows: (1) in the processing and verification of the data supplied to determine your eligibility for this program; (2) for compilation and analysis of summary data relative to this program; and (3) for dissemination of information to the school. You are not required to provide the information supplied in this application. However, failure to submit requested data may prevent further processing of this application. The information supplied in this application may be shared with other public and private individuals and entities in order to use the information for the purposes specified above.

The Office of Higher Education does not discriminate on the basis of disability in the admission or access to, or treatment or employment, in its programs or activities. This document can be made available in an alternative format to individuals by calling (651) 642-0567.

## **I. SELF Loan Program**

### **A. Program Objective**

To provide educational loans to Minnesota postsecondary students who are unable to obtain sufficient funds from other non-loan financial aid programs to meet their financial need.

### **B. Program Overview**

The SELF Loan program is intended to help Minnesota residents and students attending Minnesota schools in financing their education. The SELF Loan program is intended to be an additional source of assistance. The Minnesota Office of Higher Education (the Agency) does require that students seek other sources of federal, state, institutional and private aid before incurring debt.

The student must either be enrolled in an eligible Minnesota school or be a Minnesota resident enrolled in an eligible school in another state. The student must be enrolled at least half-time and non-Minnesota residents must be enrolled for a minimum of one course of at least 30 days in length during the academic year that requires physical attendance at an eligible institution located in Minnesota. Under the SELF V program, maximum loan amounts are according to type of program in which the student is enrolled as follows:

- \$10,000 per year for students enrolled in bachelor’s degree programs, post-baccalaureate, or graduate programs; subject to a cumulative maximum of \$50,000 for undergraduate and \$70,000 for graduate; and
- \$7,500 per year for students enrolled in all other programs; subject to a maximum of \$37,500.

The minimum loan amount is \$500. Each time the student applies for a SELF Loan, he/she must secure a “credit-worthy” co-signer as defined by the SELF requirements.

The Phase V program offers students a fixed and variable rate option to choose from. With the variable rate option, the interest rate changes quarterly. With both the variable and fixed rate options, the borrower must pay interest on a quarterly basis while in school (in-school period) and interest payments start within 90 days from the date of the first disbursement of the loan.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 2
SECTION	<b>SELF Loan Program</b>		DATE February 2012

The borrower makes monthly interest payments during the first 12 months after graduation or termination of study (transition period). Monthly payments of principal and interest start on the 13th month after graduation or termination of study (repayment period). There is no penalty for prepaying loans. An Extended Interest Plan providing up to three years of interest only payments is also available.

The student must be making satisfactory academic progress and be enrolled on at least a half-time basis when each disbursement of the loan is made.

An online application is available at [www.selfloan.org](http://www.selfloan.org). Schools must sign up through the Firstmark School Hotline in order for students to apply using the online process. Paper application forms are also available or schools can use a combination paper application with an electronic certification. Applications are accepted at any time before and during the loan period. Federal regulations require additional steps and mailing and cancellation periods which has increased the average processing time to four weeks from application to disbursement.

Schools may certify SELF Loans after the end of the loan period. However, in order to ensure compliance with the SELF Rules requiring that the student receive the funds within 45 calendar days from the end of the loan period, deadlines have been established for the acceptance of applications. Applications will be accepted through the last day of the loan period without restrictions. If an application is received after the last day of the loan period and the application is incomplete or the co-signer is not credit-worthy, the application will be denied.

**Note: For the purpose of this manual, the terms “educational institution,” “postsecondary school,” “institution,” and “school” are used interchangeably. Although technical differences do exist between the terms, clarity in references to statute, Agency Rules and program descriptions necessitates the reader’s acceptance of their interchangeability in this manual.**

**The terms “students” and “borrowers” are used interchangeably in this manual.**

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 3
SECTION	<b>SELF Loan Program</b>		DATE February 2012

**The Servicer for the SELF Loan program is Firstmark Services. Refer to Appendix 2 for Servicer contact information.**

### **C. Administration Overview**

- School signs SELF Participation Agreement with the Agency.
- In order to use the online application or the combination electronic/paper application, the school needs to contact the Firstmark School Hotline.
- The school must certify that the applicant is accepted for enrollment or is currently enrolled, is making satisfactory progress, has met the Maximum Effort Test, and has educational expenses less other sources of financial aid or educational loans that are greater than or equal to the amount of the requested loan. The financial aid administrator should also review the information on the application/promissory note for accuracy and completeness. SELF Loan Checklists are included in Appendix 17 to help schools, borrowers and co-signers ensure that applications are complete before sending them to the Agency.
- An automated review of the co-signer's credit is performed to see if the credit meets the SELF requirements. If the credit is unsatisfactory or insufficient credit exists, the loan will be denied. If the requirements of the program are met in terms of co-signer credit, loan limit restrictions, and there is a need based on the cost of attendance less financial aid then the loan is approved and forwarded to the Servicer for disbursement.
- The Servicer is an agent of the SELF Loan program and services all SELF Loans. All billings to students and payments made by students on their SELF Loans are handled by the Servicer. After the student has completely repaid a SELF Loan, including interest, the Servicer will notify the borrower that the loan is paid in full.
- The SELF staff at the Agency may return an incomplete or incorrect application/promissory note for correction to the student, co-signer or school with a letter listing the action needed.
- If the SELF Loan is disbursed by check, the check will be mailed to the school and made jointly payable to the student and the school.
- If the school wishes to have funds disbursed or returned via Electronic Funds Transfer (EFT), the school must sign a separate agreement with the Agency and abide by the EFT

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 4
SECTION	<b>SELF Loan Program</b>		DATE February 2012

Policy adopted by the Agency. Schools interested in the EFT option should contact the Agency for more information. Sample EFT and check return forms are included in Appendices 14 and 15.

- Prior to disbursing the SELF funds to the student, a representative of the institution must verify that the student's enrollment is at least half-time and that he/she is maintaining satisfactory progress. Included in Appendix 19 is a Disbursement Checklist to assist schools.
- An application/promissory note which is rejected will have an Adverse Action letter sent to the borrower, co-signer and school explaining the reason for denial.
- Those applicants who are approved for loans, but not for the amount requested by the school or student, will be sent a letter indicating the reason for the reduced amount.
- The school official certifying the application cannot be the same person who notarizes the co-signer's signature.

## **D. Eligibility to Participate**

### **1. Postsecondary Institutions**

An eligible institution for the SELF Loan program means a postsecondary institution that:

- is operated or regulated by the State of Minnesota or the Board of Regents of the University of Minnesota;
- is operated publicly or privately in another state, is approved by the U.S. Department of Education and, as determined by the Agency, maintains academic standards substantially equal to those of comparable institutions operated in Minnesota;
- is licensed or registered as a postsecondary institution by the Agency;
- is participating in the federal Pell Grant program under Title IV of the Higher Education Act of 1965, as amended (refer to exception below);
- is in agreement with and has had the Chief Executive Officer of the school sign the SELF Participation Agreement, agreeing to perform certain administrative procedures in loan processing and counseling of students; and
- provides data to the Agency on student enrollment and federal and state financial aid.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 5
SECTION	<b>SELF Loan Program</b>		DATE February 2012

**Exception:** Schools that participated in state financial aid programs by July 1, 2010, do not need to participate in the federal Pell Grant program; however, their students need to sign the disclosure form included in Appendix 20. If the school changes ownership, the school must participate in the federal Pell Grant program within four calendar years from the ownership change.

The SELF Participation Agreement will remain in effect until amended by mutual consent of both parties or until terminated. The agreement can be terminated by either the Agency or the school, with or without cause, upon 30 days written notice to the other party. All obligations of the school under the agreement will continue in full force and effect with respect to all SELF Loans then outstanding to students of the school. A new SELF Participation Agreement will need to be signed if a school legally changes its name or ownership.

The Agency may terminate an agreement with an institution to originate SELF Loans upon determining that the school is not in compliance with SELF Rules 4850.0010–4850.0018.

## **2. Eligible Program**

An eligible program is an academic or vocational program of at least 12 quarter credits, 12 semester credits or 300 clock hours which ends with a degree or a certification. For clock hour programs that are at the minimum 300 hours in length, those hours need to represent actual teaching hours excluding lunches, holidays and other closed days.

A student who has earned a degree and is pursuing an additional major is eligible for funding from the SELF Loan program even though another degree will not be awarded upon completion of the additional major. The borrower must be pursuing an additional major to be eligible for the SELF Loan, a minor does not qualify. To be eligible for the SELF Loan, the student needs to have declared the additional major. The student will still be subject to grade level and cumulative SELF Loan limits based on the new major.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 6
SECTION	<b>SELF Loan Program</b>		DATE February 2012

A student who has earned a degree and decides to retake courses in order to improve his/her grade point average is not eligible for funding under the SELF Loan program since no degree or major is being pursued.

A student who is taking pre-requisite course work prior to being admitted to a graduate program is not eligible.

Credits or credit equivalencies assigned for remedial course work may be counted towards the student's enrollment level if the student has been accepted into a degree, diploma or certificate program and takes remedial course work within that program. A school cannot count non-credit remedial hours in a student's enrollment status if the course is part of a program that leads to a high school diploma or GED. There is no limit on the total amount of remedial credits that can be used to determine the student's enrollment level.

A student taking courses leading to licensure is eligible if the courses ultimately lead to a certificate.

### **3. Student**

#### **a. Residency**

The student must either be enrolled in an eligible institution in Minnesota or be a Minnesota resident enrolled in an eligible school in another state, or a student who graduated from a Minnesota high school and has not since established residence in another state and is enrolled in an eligible school in Minnesota or another state.

High school students taking a college course under the Postsecondary Enrollment Options Program are not eligible for a SELF Loan.

#### **b. Enrollment Status**

The borrower must be enrolled at least half-time in an eligible program leading to a certificate, associate, baccalaureate, masters, doctorate or other professional degree. Refer to the previous section on 'Eligible Program' for additional information on

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 7
SECTION	<b>SELF Loan Program</b>		DATE February 2012

acceptable programs. Each institution must have written definitions of “full-time” and “half-time” to aid in program administration, avoid confusion and satisfy state audit requirements. Written definitions must be provided to school staff who are responsible for certifying SELF applications and disbursing SELF funds. Agency auditors do verify that the school has written definitions for half-time and full-time and do cite schools that are not in compliance with this requirement. According to the SELF Rules, a half-time student must carry at least one-half the workload of a full-time student. All schools, whether or not they participate in federal aid programs, should use the federal definitions of full-time and half-time status. A full-time definition would be at least 12 credits or 24 clock hours per week and a half-time definition would be at least 6 undergraduate semester/quarter hours or the equivalent of 12 clock hours per week.

In order to be eligible for a SELF Loan, the student must be enrolled in courses that will be credited toward the student’s degree. If a student chooses to take courses at another institution and those courses will not be credited to his/her degree, the school cannot include the cost of those courses in the cost of attendance.

For students enrolled in two schools, each school can certify a loan if the student is enrolled at least half-time at both schools and the courses will all be credited toward a degree or certificate. The combined loans are subject to the annual grade level maximums of \$7,500 or \$10,000 and the cumulative limits.

**c. Satisfactory Academic Progress**

The borrower must be making satisfactory academic progress at the time of disbursement. It is recommended that the school utilize the federal definitions for satisfactory progress which are found in the Code of Federal Regulations Title 34, Sections 668.16(e), 668.32(f) and 668.34. The school should base the satisfactory progress determination on the last review done prior to the current term. If the funds arrive at the school after the current term has ended and the school has already done the satisfactory progress review for this term and determined the student is not making satisfactory progress, the school should still disburse the SELF Loan as long as the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 8
SECTION	<b>SELF Loan Program</b>		DATE February 2012

student completed the term and would have been considered eligible at the beginning of the term. Based on the unsatisfactory progress determination, the student may not be eligible for a SELF Loan for the next term.

The financial aid administrator must check the satisfactory academic progress requirement when completing the School Section of the SELF application/promissory note and prior to disbursement of the loan funds to the student.

**d. Minnesota Resident Student**

Minnesota Resident Student is a student who meets one of the following conditions:

- a student who has resided in Minnesota for purposes other than postsecondary education for at least 12 months;
- a dependent student whose parent or legal guardian resides in Minnesota at the time the student applies;
- a student who graduated from a Minnesota high school, if the student was a resident of Minnesota during the student’s period of attendance at the Minnesota high school; or
- a student who, after residing in the state for a minimum of one year, earned a high school equivalency certificate in Minnesota.

**e. Nonresidents**

To be eligible to participate in the SELF Loan program, students who are not Minnesota residents must be enrolled on at least a half-time basis and must have a minimum of one course of at least 30 days in length during the academic year that requires physical attendance at an eligible institution located in Minnesota.

Nonresidents cannot be attending an out-of-state branch of a Minnesota school.

**f. Foreign Students or Undocumented Students**

Foreign students on student visas or undocumented students attending an eligible Minnesota school located in Minnesota are eligible to apply for SELF Loans. The student is required to have a credit-worthy co-signer who is a U.S. citizen or a

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 9
SECTION	<b>SELF Loan Program</b>		DATE February 2012

permanent resident. The co-signer must be prepared to provide proof of citizenship or permanent residency.

Foreign or undocumented students are not required to complete the Free Application for Federal Student Aid (FAFSA). This should be documented in the student's file.

When a foreign student is applying for a SELF Loan without a social security number, the school should use the alien id number as the social security number. If the alien id number has not been issued or the student is undocumented, the school can contact the Agency to obtain an identifying number to use.

**g. Financial Eligibility**

Students applying for SELF Loans must demonstrate financial eligibility by meeting the Maximum Effort Test. To meet the Maximum Effort Test, the student must complete the FAFSA and the institution must have awarded all available federal, state, institutional and outside grant aid prior to the student applying for the SELF Loan. Students are not required to apply for other loans or work study before applying for SELF. It is up to the school's discretion on how to handle veteran's benefits in determining SELF eligibility.

Included in Appendix 5 is a copy of the Waiver of SELF Maximum Effort Test. This waiver can be utilized if the student has previously applied for financial aid and was found to demonstrate little or no financial need and things have not changed significantly since applying for financial aid. Utilizing the waiver, the borrower can request a SELF Loan without performing the Maximum Effort Test in the current year. This waiver cannot be utilized for first year students who have never applied for financial aid or if parents refuse to provide financial information. If a parent refuses to provide information to complete the FAFSA, the student will not be eligible for the SELF Loan.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 10
SECTION	<b>SELF Loan Program</b>		DATE February 2012

It is not necessary for students to complete the FAFSA if it is known the student would not qualify for aid for reasons such as: the school does not participate in federal or state aid programs, or the student is a foreign or graduate student. The reason for not completing the FAFSA should be documented in the student's file.

The SELF Loan is not subject to child support holds.

**h. Default**

The borrower must not be currently in default, as defined by each program, of any student educational loan [e.g., FFEL, Direct Loan, FISL, Federal Perkins (NDSL), HPL, HEAL, Federal SLS, SELF or other state supplemental loan program, institutional loan program or any private educational loan program, etc.] at the current or any previous school. A student loan discharged in bankruptcy is, for purposes of the SELF Loan program, considered to be currently in default. If the student has paid the defaulted loan(s) in full and can provide written documentation from the lender or note holder, then the SELF Loan program may consider the applicant for a loan.

**i. Delinquency**

The borrower or co-signer must not be currently delinquent in payment of interest or principal on any outstanding SELF Loan. There is a 30 day window for any delinquent accounts to be brought current and have the loan reinstated. Delinquent loans are reviewed at least weekly by the Agency for reinstatement. Subsequent disbursements will be canceled if any SELF Loans are delinquent on the scheduled disbursement date. Firstmark weekly reviews accounts and if the loan is brought current within 30 days, the disbursement will be reinstated. Students will need to reapply after the 30 days.

**j. Co-Signer**

The borrower must have a credit-worthy co-signer as defined by SELF Rules. The SELF Loan does not permit the substitution of co-signers.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 11
SECTION	<b>SELF Loan Program</b>		DATE February 2012

**k. Release of Consumer Credit Information: Borrower**

The borrower must agree to the release of information to a consumer credit bureau reporting agency as specified in SELF Rules 4850.0012, subpart 4.

**l. Registration for Selective Service**

If students do not register for Selective Service, they are still eligible for a SELF Loan.

**4. Co-Signer**

**a. Citizenship/Residency/Eligibility**

The co-signer must be either a U.S. citizen or permanent resident, be at least 24 years old (18 years old if a sibling of the borrower) and must reside in the U.S. If the co-signer is in the U.S. military and is temporarily assigned outside the U.S., a U.S. address must be provided where mail can be sent to the co-signer.

**b. Credit-Worthy**

A credit-worthy co-signer is one who, based on credit information available to the Agency, has:

- no account balances discharged through bankruptcy;
- no garnishments, attachments, foreclosures, repossessions or suits;
- no more than \$300 combined total in unsatisfied credit or unsatisfied payment obligations including, but not limited to, charged-off loans, credit, medical, utility accounts, collection items and tax or mechanics liens; and
- no more than five percent of total credit bureau balances past due, unless the amount past due is \$300 or less.

**c. Responsibility**

The co-signer is jointly and separately responsible for making loan payments (principal, interest and other charges). The co-signer is relieved of this financial responsibility **only** in the event of death or total and permanent disability of the borrower.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 12
SECTION	<b>SELF Loan Program</b>		DATE February 2012

**d. Release of Consumer Credit Information: Co-Signer**

The co-signer must agree to the release of information to a consumer credit bureau reporting agency as specified in SELF Rules 4850.0012, subpart 4.

**E. Postsecondary Institutions Participating in the SELF Loan Program**

**1. Institutional Responsibilities**

The financial aid administrator at each postsecondary institution participating in the SELF Loan program is responsible for seeing that the following requirements are carried out.

**a. Certification**

Each school participating in the SELF Loan program agrees to perform the certification function for all SELF Loans. Certification means that the school verifies and documents the borrower's identity, eligible enrollment, satisfactory academic progress and cost of attendance; verifies the Maximum Effort Test; and calculates the maximum allowable SELF Loan eligibility. Cost of attendance includes:

- tuition and fees charged for the loan period;
- room and board charged for the loan period or a reasonable allowance as determined by the school for off-campus living;
- child care expenses;
- technology fees assessed by the institution; and
- reasonable allowance for books, supplies, transportation and personal expenses.

Cost of attendance can include origination or guarantee fees for other student loans. The **gross** amount (the amount borrowed including origination and/or guarantee fees) of other student loans should be included as financial aid for the period.

With the Maximum Effort Test, the student must complete the FAFSA and the institution must have awarded all available federal, state, institutional and outside grant aid prior to the student applying for the SELF Loan. Students are not required to apply for loans or work study before applying for SELF. It is not necessary for foreign, undocumented or graduate students to complete the FAFSA.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 13
SECTION	<b>SELF Loan Program</b>		DATE February 2012

The school is also expected to determine whether or not the student is in default of previous student loans by:

- checking loan history at the school;
- checking an available national student data base; and
- using any other information reasonably available to the school about the student’s prior student loan history—written, verbal (this includes asking the student) or electronic.

**b. Unused Federal Eligibility**

The school needs to determine the amount of federal loan eligibility not utilized by the borrower. This would include Direct Loans (both subsidized and unsubsidized) and Perkins Loans. Schools that originate 25 or fewer loans per year are exempt from providing this information. If the borrower has no unused eligibility, zero must be reported. A blank field indicates the school has not calculated the amount. The number is based on information at the time the SELF Loan is certified. If the borrower later takes out additional federal loans, the school is not required to notify the Agency.

**c. Institutional Representative**

Each school must designate one school official as the SELF Loan program representative to supervise the following activities related to the program.

The school will:

- counsel students about their responsibilities as borrowers in the SELF Loan program. Counseling options can include meeting individually or in a group with the school’s students who apply for a SELF Loan or utilizing Internet counseling sessions. Meeting with an individual student is preferable; however, when other counseling tools are used, a school official must be willing to meet with students who have questions. The school can decide whether to require counseling only when the first SELF Loan is taken out by a student or to require counseling for each SELF Loan, even for students that use SELF Loans every year. There is no specific requirement that the counseling be entrance or exit;

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 14
SECTION	<b>SELF Loan Program</b>		DATE February 2012

- implement procedures that indicate counseling is done regarding a SELF borrower’s responsibilities (SELF Counseling Forms in Appendices 6, 7 and 8 or online counseling available at [www.selfloan.org](http://www.selfloan.org) can be used to assist with counseling);
- verify and document Minnesota residency if the student is attending an eligible school not located in Minnesota;
- provide assistance to the student in the proper completion of the SELF application/promissory note. (Schools using the paper application complete the School Section of the application/promissory note after reviewing the Borrower’s completed section);
- disburse the loan check or credit the EFT to the borrower’s account if he/she is determined eligible;
- document in writing the disbursement date and disbursement amount of the borrower’s loan check or electronically transferred funds amount (refer to Appendix 19 for Disbursement Checklist that may be used);
- for schools that do not participate in the National Student Clearinghouse (Clearinghouse), within 30 days notify the Servicer when a borrower reduces enrollment below a half-time status or discontinues enrollment. The school should not wait for enrollment verifications;
- for schools that do not participate in the Clearinghouse, complete and maintain copies of the periodic Enrollment Verification Reports produced by the Servicer for the SELF Loan program and return reports to the Servicer within two weeks of receipt;
- ensure that all refunds of school charges due the SELF Loan program (i.e., tuition, room and board) are paid in a timely manner (within 30 days of the student’s official date of withdrawal) according to SELF Rules;
- withhold disbursement of the loan funds to the student if the institutional representative knows at the time of delivery of the loan funds to the school that legal proceedings have begun which will affect a student’s enrollment status or academic progress. If the problem is not resolved within 30 days of the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 15
SECTION	<b>SELF Loan Program</b>		DATE February 2012

disbursement date, the funds must be returned to the Servicer with a brief explanation of why the loan was not disbursed;

- provide suggested disbursement dates that coincide with the beginning of the term dates but are not earlier than 10 days before the start of the term. The Agency will reschedule disbursement dates that are more than 10 days before the start of the first term;
- maintain documentation related to each borrower which will explain the SELF Loan amount recommended by the school (SELF Loan Worksheet in Appendix 4 can be used for schools that use paper applications); and
- exercise care and diligence in all SELF Loan program required activities.

The school will not collect from borrowers or applicants any additional fees or charges to cover the cost of originating loans under the SELF Loan program.

**d. SELFApp (Online Application)**

For schools using the SELFApp process, the student applies online at [www.selfloan.org](http://www.selfloan.org). The school either certifies the loan using their school based software or certifies online. The borrower can choose to electronically sign the application or hand sign the application. If the borrower electronically signs the application, the co-signer will have the option to either electronically sign or hand sign. In order to electronically sign, the co-signer will need to pass an authentication examination by answering three or four questions based on the co-signer's credit and demographic information. If the note needs to be hand signed by any party, the co-signer will print the promissory note after the borrower and co-signer sections have been completed online. After any hand signatures are done, the application needs to be mailed to the Agency. The Agency matches up the electronic certification with the promissory note for processing. E-mails are sent throughout the application process to remind the borrower and co-signer when action is required. Appendix 21 has a list of loan statuses to assist in determining where the loan is in the process.

The school must contact the Firstmark School Hotline to utilize the online application.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 16
SECTION	<b>SELF Loan Program</b>		DATE February 2012

There are three primary advantages to the online application:

- a co-signer knows immediately if they qualify; if they do not qualify, the student can apply with another co-signer;
- it relieves the school from having to manually complete paper applications; and
- it gives the Agency cleaner data, reducing the number of applications returned to students for missing or incomplete information.

**e. Combination Electronic/Paper Application**

With the combination electronic/paper application, the school has the borrower and co-signer complete a paper application. The school transmits the electronic information and mails the paper application to the Agency at the same time. This option is utilized by schools that want to maintain control of applications being returned to the Agency and/or want the processing time reduced by having all information returned to the Agency at the same time. The auditors look for documentation in the student's file on how the recommended loan amount was calculated.

The school should contact Sheila Price or Marilyn Kosir (refer to Appendix 3) for information on the combination electronic/paper application process.

**f. Paper Applications**

The school receives a supply of paper applications from the Agency (see Appendix 13 to order applications). The student completes the Borrower Section, the co-signer completes the Co-Signer Section and the school completes the School Section. The school mails the Office of Higher Education copy to the Agency and keeps the School, Borrower and Co-signer copies. If the borrower or co-signer requests their copies, the school can provide them.

Included as Appendix 4 is the SELF V Loan Worksheet. This optional worksheet can be used to help you complete the School Section of the SELF Loan application. If you have developed your own form, you may use that. The auditors look for documentation in the student's file on how the recommended loan amount was calculated.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 17
SECTION	<b>SELF Loan Program</b>		DATE February 2012

**g. Electronic Funds Transfer (EFT)**

Electronic Funds Transfer (EFT) is available for the SELF Loan program. Funds are transferred in one lump sum to the school’s designated bank account. Rosters will be sent electronically or can be accessed at [www.firstmarkservices.com](http://www.firstmarkservices.com). If the school needs to have a check for a particular borrower, the school can request that the Agency schedule a check instead of EFT. This should be clearly requested in a separate note sent with the application or the school can call the Agency after the application has been submitted. Funds can be returned electronically for refunds and cancellations. Agreements must be signed with the Agency for the EFT transfer and return of funds. If you are interested in EFT, please contact Sheila Price or Marilyn Kosir (refer to Appendix 3).

**h. Disbursement of the Loan Funds**

Each SELF check is made jointly payable to the student and the eligible school. If the loan period covers more than one term and the application is submitted with enough processing time, up to four disbursements can be made. The student’s loan check(s) or EFT amount(s) will be sent or wired to the school on the scheduled disbursement date(s).

If a student decides within 30 days after disbursement that he/she does not want the loan, he/she can return the funds and send a letter to Firstmark requesting cancellation of the loan. All interest charges within the 30 days will be waived.

If the student is no longer enrolled on at least a half-time basis when the loan funds are received by the school and the loan period covers more than one term, the school can disburse a portion of the loan proceeds to cover prior term(s) within the loan period. The school can disburse the funds as long as the borrower maintained at least half-time enrollment as defined by the Agency during the entire previous term(s) and was making satisfactory progress. The school should only disburse funds to cover amounts owed to the school for completed terms and requested living and miscellaneous

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 18
SECTION	<b>SELF Loan Program</b>		DATE February 2012

expenses for the completed terms. Refer to the example in this section under ‘Disbursement After the Borrower Withdraws.’

All SELF funds must be disbursed to the student or the student’s account within 30 days of the date of the check or the date of the funds transfer or the funds need to be returned to the Servicer. Interest will be billed to the student if funds are returned after 40 days.

**i. Return of Loan Funds**

Refer to Appendix 2 for the Servicer’s address to return SELF Loan funds. When returning funds to the Servicer, please include information on why funds are being returned since this can affect action that will be taken on the loan. Listed below are some of the common reasons to return funds and actions that will result:

- **Withdrawal** – account will be taken out of in-school status and put in the grace status. Future disbursements will be canceled.
- **Borrower does not want the funds** – account will remain in the in-school status. Future disbursements will not be canceled unless requested by the school or the borrower.
- **Enrollment has dropped below half-time** – account will be taken out of in-school status and put in the grace status. Future disbursements will be canceled.
- **Not making satisfactory progress** – account will remain in the in-school status. Future disbursements will not be canceled unless requested by the school or the borrower.

Sample EFT and check return forms are included in Appendices 14 and 15.

**j. Disbursement When Funds Arrive Before the Loan Period**

SELF Loan funds cannot be requested earlier than 10 days before the start of the loan period. If the school disburses funds directly to the student before the start of the loan period and the student officially withdraws before the start of the loan period, the school will be responsible for returning the entire SELF disbursement to the Servicer

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 19
SECTION	<b>SELF Loan Program</b>		DATE February 2012

within 30 days. The school must verify that the student is enrolled at least half-time and making satisfactory academic progress. A jointly payable check must be endorsed by both the student and the school. The school must subtract from the proceeds the amount owed for the payment period and make arrangements with the student for the use of any remaining funds. The remaining funds will be returned to the student in a timely manner or retained on account with the permission of the student. The school may not keep on account any more money than it charges for the payment period without the written permission of the student. If the student does not sign the SELF check within 30 days of the date on the check, the SELF disbursement must be returned to the Servicer.

All SELF funds must be disbursed to the student or the student's account within 30 days of the date of the check or the date of the funds transfer or the funds need to be returned to the Servicer.

**k. Disbursement When Funds Arrive During the Loan Period**

When SELF Loan funds arrive during the loan period, the school must verify the student's enrollment and satisfactory academic progress; endorse the check along with the student, if a check is used, and subtract from the proceeds the amount owed the school for the payment period and make arrangements with the student for the use of any remaining funds. The student must be attending at least half-time at the time of disbursement. The student has the same options for receiving any remaining funds as described in the section of this manual entitled 'Disbursement When Funds Arrive Before the Loan Period.' If the student is on a school approved leave of absence when the funds arrive and is due to return to school within 30 days from the date on the check or receipt of EFT funds, the school may hold the funds until the student returns. If the student fails to return, the funds must be returned to the Servicer within 30 days from the date on the check, if a check is used, or the date of the funds transfer, if EFT is used. The school may keep funds for any completed terms included in the disbursement. If the student does not sign the check within 30 days of the date of the SELF check, the check must be returned to the Servicer.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 20
SECTION	<b>SELF Loan Program</b>		DATE February 2012

If the check or EFT payment is for two or more terms within the loan period, the school can only disburse funds for completed terms and the current term the student is enrolled in after satisfactory progress has been verified. The remaining balance can be held for up to 30 days or returned to the Servicer.

All SELF funds must be disbursed to the student or the student's account within 30 days of the date of the check or the date of the funds transfer or the funds need to be returned to the Servicer.

**I. Disbursement When Funds Arrive After the Loan Period**

When SELF Loan funds arrive after the loan period, the school must verify that the student was enrolled at least half-time and making satisfactory academic progress. The funds must be disbursed within 45 days from the end of the loan period. The school will subtract from the proceeds that amount owed to the school for the payment period and make arrangements with the student for use of any remaining funds. The student has the same options for receiving any remaining funds as described in the section of this manual entitled 'Disbursement When Funds Arrive Before the Loan Period.' If the funds arrive at the school more than 45 days after the end of the loan period, the school must return the funds to the Servicer.

Schools can disburse SELF Loan funds to students who have graduated as long as the funds are disbursed within 45 days from the end of the loan period and the date of graduation.

While funds may be disbursed within 45 days from the end of the loan period, schools have only 30 days from the date of the check or the date of the funds transfer to disburse SELF funds to the student or the student's account or the funds must be returned to the Servicer.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 21
SECTION	<b>SELF Loan Program</b>		DATE February 2012

**m. Disbursement When Borrower Not Available to Personally Endorse the SELF Check: Power of Attorney**

If a check is used to disburse loan funds, the SELF Loan check is made jointly payable to the school and the borrower. Both parties must endorse the check. If the borrower is in an approved off-campus program and is not available to personally endorse the check, the school may mail the check to the student to obtain his/her signature or the borrower may prearrange to provide the school with a notarized power of attorney form. The power of attorney authorization empowers some individual (e.g., the co-signer, parent or spouse) to sign the SELF check on behalf of the borrower so that the check can then be endorsed by the school and cashed.

The signature of the borrower on the Power of Attorney form must be notarized and copies must be made for:

- each check involved,
- the borrower, and
- the person to whom the power is given.

A copy of the Power of Attorney Form must be stapled to each check when it is sent by the school to the bank for payment. The original of the form should be filed in the financial aid office and be available to an Agency auditor upon request. A sample power of attorney form for endorsing SELF checks is included in Appendix 9.

**n. Leave of Absence**

A leave of absence is a period of time approved by the school during which the student is not in attendance but is considered to be enrolled. Each school is required to have a formal leave of absence policy. It is recommended that the school follow the definition used for federal financial aid programs as defined in 34 CFR 668.22(d). The student must follow that policy when requesting a leave of absence and the school must have approved the student's request in accordance with its policy. A student may take a leave of absence from a school for not more than a total of 180 days in any 12-month period.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 22
SECTION	<b>SELF Loan Program</b>		DATE February 2012

One subsequent leave of absence may be granted if (1) the subsequent leave does not exceed 30 days, (2) the institution determines that the subsequent leave of absence is necessary due to unforeseen circumstances and (3) the total number of days of all leaves of absence does not exceed 180 days in any 12-month period.

Subsequent leaves of absence may be granted for documented jury duty, military reasons or circumstances covered under the Family and Medical Leave Act of 1993, provided that the total number of days of all leaves of absence does not exceed 180 days in any 12-month period.

**Note:** A leave of absence need not consist of consecutive days when granted.

If a student does not return at the expiration of an approved leave of absence, the student is considered to have withdrawn on the day the student began the leave of absence.

Disbursements cannot be made while the student is on a leave of absence. If the student is on a school approved leave of absence when the funds arrive and is due to return to school within 30 days from the date on the check or receipt of EFT funds, the school may hold the funds until the student returns. Refer to the section on ‘Disbursement When Funds Arrive During the Loan Period’ for additional information.

For purposes of maintaining in-school repayment status while on an approved leave of absence, the Agency assumes students on approved leaves of absence to be eligible for in-school repayment status. Borrowers not in an approved leave of absence will be moved to the Transition Phase of repayment effective the date their enrollment ceased to be half-time or more.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 23
SECTION	<b>SELF Loan Program</b>		DATE February 2012

**o. Non-Enrollment**

If a student fails to enroll, the school must return the funds to the Servicer within 30 days of the date on the check, if a check is used, or the date of the funds transfer, if EFT is used.

**p. Withdrawal and Transfer to Another Eligible School**

If the student fails to complete the loan period at the school where the application was certified and transfers to another eligible school, any pending loan disbursements to the student must be canceled. Schools not participating in the Clearinghouse must notify the Servicer within 30 days of any borrower who withdraws for any purpose. If there is a refund due the student, the school should return funds to the Servicer in accordance with the Office of Higher Education Refund Calculation Worksheet (a copy is included in Appendix 10). If adequate time and minimum loan eligibility (\$500) remains, the borrower may apply for a new loan at the new school if the new school participates in the SELF Loan program.

In order for the student's "in-school" payment period to continue, the new school must participate in the SELF Loan program. A list of participating SELF schools is available at [www.selfloan.org](http://www.selfloan.org). If the borrower transferred to a school which does not participate in the SELF Loan program, the borrower must enter the "transition period." During the 12-month "transition period," the borrower must make monthly rather than quarterly interest payments.

**q. Disbursement After the Borrower Withdraws**

If the student is no longer enrolled on at least a half-time basis when the loan funds are received and the loan period covers more than one term, the school can disburse a portion of the loan proceeds to cover prior term(s) within the loan period as long as the borrower maintained at least half-time enrollment during the entire previous term(s) and was making satisfactory progress. The school should only disburse funds to cover amounts owed to the school for completed terms and requested living and miscellaneous expenses for the completed terms.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 24
SECTION	<b>SELF Loan Program</b>		DATE February 2012

If one check or EFT transfer is received that covers more than one term, the funds received divided by the number of terms is the maximum amount the school can disburse per term completed. The school cannot use the full disbursed amount to cover one term. For example, a borrower who was enrolled at least half-time in a semester school submits an application on February 10, 2012, with a loan period from September 1, 2011, to May 31, 2012, and the second semester started January 25, 2012. The funds arrive at the school on February 14, 2012, and still have not been disbursed when the student withdraws on February 18, 2012. The school can disburse funds up to half of the disbursed amount, since there are two terms, to cover amounts owed to the school from the first semester. However, no funds can be kept for charges for the second semester. If the borrower requests funds to cover miscellaneous living expenses for the first semester, those funds can be disbursed to the student. It is in the best interest of the student to minimize the amount borrowed.

If the SELF check or EFT covers only the one term from which the student withdrew, the school cannot disburse the funds and must return the SELF check or EFT to the Servicer.

**r. Reinstatement of a Canceled Loan**

A reinstatement of a canceled loan can occur as long as the borrower still qualifies for the loan. The school should contact the Firstmark School Hotline at 888-756-0075 to request the reinstatement. If the cost of attendance, financial aid received or the loan period changed, new information must be provided to Firstmark. Upon the school's request for reinstatement of the loan, Firstmark will reinstate the loan if it is within 90 days of the original loan period end date. If it is beyond 90 days, approval should be requested from the Agency. The Agency may request authorization from the co-signer in order to ensure that the co-signer is still willing to be responsible for the loan.

**2. Monitoring of SELF Borrowers**

**a. Enrollment Verification Reports**

Schools that do not participate in the Clearinghouse must complete and return the periodic SELF Enrollment Verification Reports (EVR) issued by the Servicer. These

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 25
SECTION	<b>SELF Loan Program</b>		DATE February 2012

reports request information on borrowers' enrollment status and expected graduation date. These reports must be returned to the Servicer within two weeks of receipt. The school should maintain copies of the EVR reports for audit purposes. The SELF Loan program may suspend a school from the program if it fails to complete these reports.

**b. Servicer Notification**

Schools that do not participate in the Clearinghouse must notify the Servicer within 30 days when it becomes aware of any changes in the student's status that may affect his/her program eligibility. Examples of student status changes affecting SELF eligibility include dropping below half-time status, withdrawal from school or graduation. Refer to Appendix 16 for a sample enrollment form.

Schools that do not participate in the Clearinghouse must establish a method of informing the financial aid office of all student status changes affecting SELF eligibility. This requirement can be ensured if the financial aid office is routinely notified by the registrar's office when any change in a student's academic status occurs and if all students who withdraw from school are sent to the financial aid office for clearance. Schools should also compare their lists of students registering for each term and receiving grades for each term with their lists of SELF Loan recipients.

**c. Admission and Registration Records**

Each school must keep admission and registration records that support the eligibility of each student borrower. The financial aid administrator should refer to these records when completing the School Section of the application form and when disbursing SELF funds to the student.

**F. Loan Terms and Requirements**

**1. Loan Amount Limitations**

The financial aid administrator at the eligible school the student attends or plans to attend must determine the maximum amount a student can borrow in the SELF Loan program. The loan amount cannot exceed the cost of attendance minus other financial aid that the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 26
SECTION	<b>SELF Loan Program</b>		DATE February 2012

student will receive for the term(s) covered by the loan period. The cost of attendance includes:

- tuition and fees charged for the loan period;
- room and board charged for the loan period or a reasonable allowance as determined by the school for off-campus living;
- child care expenses;
- any technology fees assessed by the institution; and
- a reasonable allowance as determined by the school for books, supplies, transportation and personal expenses.

The cost of attendance can include origination or guarantee fees for other student loans. The **gross** amount (the amount borrowed including origination and/or guarantee fees) of other student loans should be listed as financial aid for the period.

The student need not borrow the full amount for which he/she is eligible, but must borrow at least \$500.

## **2. Maximum Loan Amount**

The maximum SELF V Loan amount for an undergraduate student is \$10,000 per grade level for students enrolled in bachelor's degree programs, post-baccalaureate or graduate programs subject to a cumulative maximum of \$50,000 for undergraduate and \$70,000 for graduate and \$7,500 per grade level for students enrolled in all other programs subject to a maximum of \$37,500. The school needs to differentiate between programs to determine the maximum loan amount individual students are eligible for.

The loan amount cannot exceed the cost of attendance less all other financial aid, including Federal PLUS loans borrowed on the student's behalf. PLUS loans are considered financial aid because they benefit the student. A student who advances a grade level in the middle of an academic year may borrow at that new grade level as long as the cumulative SELF Loan debt maximum for that new grade level is not exceeded.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 27
SECTION	<b>SELF Loan Program</b>		DATE February 2012

The cumulative SELF Loan debt cannot exceed the following grade level limitations:

	<u>Bachelor's and Graduate Programs</u>	<u>Other Programs</u>
Grade level 1:	\$10,000	\$ 7,500
Grade level 2:	\$20,000	\$15,000
Grade level 3:	\$30,000	\$22,500
Grade level 4:	\$40,000	\$30,000
Grade level 5:	\$50,000	\$37,500
Grade Level 6–9:	\$70,000	\$37,500

Schools can access information on borrowers' SELF Loans through Firstmark's FirstDegree web site product. If your school would like to sign up for FirstDegree, please call the Firstmark School Hotline at 888-756-0075. Refer to Appendix 18 for reports available on FirstDegree. When the loan is ready to be approved by the Agency, the student's previous SELF debt will pre-populate so it is not necessary for the school to complete this information. The school can use FirstDegree to see the student's SELF debt in order to determine if the student is eligible for a SELF Loan at the amount requested to avoid the Agency denying or reducing the loan.

### **3. Grade Level**

Grade level indicates the relative status of an eligible student in a degree or certificate granting program and usually corresponds to an academic year. Example: an eligible student in the second year of a four-year program would be in grade level 2. When indicating the student's grade level on the SELF application form, the financial aid administrator is to use the student's grade level as determined by the school's registrar or comparable school official or the grade level definition listed in the institutional catalog. A student cannot be classified at a higher grade level just because they are taking longer to complete a program. For instance, a student in their fifth year of a four-year program is still only considered a grade level 4.

The school must have written definitions of grade level classifications in order to identify what standards are used to qualify a student's movement from one grade level to the next for SELF Loan eligibility. Agency auditors will verify that the school does have written

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 28
SECTION	<b>SELF Loan Program</b>		DATE February 2012

definitions for grade level classifications and will cite schools that are not in compliance with this requirement.

For the SELF Loan application, this can be the grade level as of the date of the application or, for a SELF Loan with a loan period equal to the institution's academic year, it can be the grade level the student is expected to complete at the end of the first term of the loan period. The school can, on an individual student basis, determine which grade level they prefer to use.

Example: an institution classifies a student as a grade level 2 if he/she satisfactorily completes 48 credits. If the student had completed 46 credits and was applying for a SELF Loan for the next academic year, the institution would be able to, at their option, classify the student as a grade level 2 if the student had registered for at least two credits. If, at the end of the first term, the borrower did not earn the higher grade level as expected, the school should cancel or return future disbursements until the higher level is earned. Refer to Section F (7), 'New Grade Level: Middle of Academic Year' for additional examples.

For clock hour schools, if you have a program that is 1,000 hours and your policy indicates that 900 hours is grade level 1 and 901-1,800 hours is grade level 2, you can certify a grade level 1 application to cover the 900 hours and then later submit a grade level 2 application for 100 hours as long as the minimum loan amount is \$500, the loan period is at least 30 days and your cost of attendance and financial aid information cover only the 100 hours. Program classifications should be the same as those used for State Grant purposes.

**Note:** All new students at a school are a grade level 1 regardless of the number of years of prior postsecondary education, unless credits are transferred in to move the student to a higher grade level according to the school's grade level definition.

#### **4. Minimum Loan Amount**

The minimum loan amount for all students is \$500.

#### **5. Multiple Loans: Same Academic Year**

A student may borrow more than once in the same academic year as long as:

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 29
SECTION	<b>SELF Loan Program</b>		DATE February 2012

- financial eligibility remains,
- the annual borrowing maximum (i.e., \$7,500 or \$10,000) is not exceeded, and
- the amount approved is at least \$500.

#### **6. Multiple Loans: Same Grade Level**

A student may borrow the maximum loan amount (i.e., \$7,500 or \$10,000) twice in the same grade level as long as:

- a total of 7 months elapses from the beginning of the first loan period to the beginning of the second loan period, and
- the cumulative loan debt maximum for that grade level is not exceeded.

**Note:** Because the aggregate borrowing maximum for grade level 1 is the same as the annual borrowing level, it is **NOT** possible to borrow the annual amount twice in grade level 1.

#### **7. New Grade Level: Middle of Academic Year**

A student who advances a grade level in the middle of an academic year may borrow at that new grade level as long as the cumulative SELF Loan debt maximum for that new grade level is not exceeded. In calculating SELF eligibility, you must include as financial aid for the new grade level any SELF Loans that were already approved for the loan period even though the previous application may have been at a lower grade level.

For students who you expect might be able to change grade levels mid-year, we suggest one of the following options:

- a. Complete the application using the grade level the student is expected to be at the end of the first term of the loan period. Refer to the example under Section F (3) ‘Grade Level.’
- b. Do two loan applications for the year, one for the existing grade level and one for the new, higher grade level when it is achieved. For semester schools, you would restrict the student’s loan period to a half-year or single semester on the first application. If, for

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 30
SECTION	<b>SELF Loan Program</b>		DATE February 2012

example, you think the student will advance a grade level in the spring term, you could limit the loan period and accompanying costs and financial aid to the first semester. Then, at the spring semester, if he/she does advance a grade level, you can do a second SELF Loan application at the new grade level just for the spring semester using spring semester costs and spring semester financial aid. Schools using quarters need to determine when the student advances to a new grade level, apply for a short loan period and then apply again at the new grade level with a different loan period.

- c. Wait until the student advances the grade level. Then do a single SELF application for the whole year at the new, higher grade level. The disadvantages are the student will have to wait for the money and the student will exhaust their eligibility at the higher grade level sooner. Using option b. above will allow the borrower to exhaust eligibility at the lower grade level before borrowing at the higher grade level.

### **8. SELF Loans Beyond Associate Degree or Maximum Time Frame at Two-Year College**

If a school that is normally classified as a two-year school offers programs that are longer in length than two years, students can be classified as third year students. For instance, students enrolled in a fifth-semester or seven-quarter program at a two-year school could be considered third year students for that fifth semester or seventh quarter. The cost of attendance for the fifth semester or seventh quarter can only be based on one semester or quarter and not a full year. The program has to officially last over two years. This cannot be utilized for students who take seven quarters to complete a normal six-quarter program or five semesters to complete a four-semester program

A student is eligible for a SELF Loan at a two-year college after earning an associate's degree if the student's course work is required for admission to a four-year degree program at another college or the student is already admitted to the four-year degree program and the course work will be applied to that program. This provision applies even if the student has exceeded the maximum time frame for satisfactory academic progress at the two-year college, since course work transferred to the four-year college will count against the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 31
SECTION	<b>SELF Loan Program</b>		DATE February 2012

maximum time frame for satisfactory academic progress at the four-year college. In instances where the student has already been accepted into a four-year degree program, the SELF Loan may be certified by the two-year college or the four-year college as long as the college is eligible to participate in the SELF Loan program.

Whichever college awards the SELF Loan for this type of course work must have documentation from the student that verifies the course work taken at the two-year college is required for entry into or will be applied to a four-year degree program at the four-year college. Such documentation should include a copy of the catalog or course schedule from the four-year college specifying pre-requisite or required course work needed for the four-year degree program and a statement of intent from the student that the course work is being taken for this purpose. SELF Loans for this type of course work are limited to no more than 30 semester or 45 quarter credits.

## **9. Loan Terms/Requirements**

### **a. Loan Periods**

Students enrolled in vocational programs can borrow up to three academic years while students enrolled in academic programs can borrow for up to eight academic years. For example, if a student borrows under SELF for two years for an academic program of study, drops out and then enrolls in a vocational or proprietary program, that student has only one year of SELF eligibility remaining. The loan period must be at least 30 days in length but cannot exceed 12 months.

### **b. School Responsibilities**

The school deducts all school charges due upon receipt of the loan funds. The school's payment schedule for SELF borrowers must not be more stringent than for non-borrowers.

## **10. Reporting Requirements**

All SELF borrowers are to immediately notify the Servicer if they:

- withdraw from school,

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 32
SECTION	<b>SELF Loan Program</b>		DATE February 2012

- drop to less than half-time status,
- transfer to another school,
- change their address, or
- change their name.

### 11. Interest Rate

The interest rate for Phase III, Phase IV and Phase V variable loans is calculated every calendar quarter and the rate will vary throughout the life of the loan. The rate is calculated the first day of each calendar quarter (January 1, April 1, July 1 and October 1) by adding a fixed percentage (the “margin”) to the arithmetic average of the three-month London Interbank Offered Rates (LIBOR) rate for the previous calendar quarter (the “index”) rounded to the nearest tenth of one percent. As the index and/or margin increases or decreases over time, the interest rate charged to the borrower likewise increases or decreases. There is a requirement that the interest rate cannot increase or decrease by more than 3 percent during any four consecutive calendar quarters.

The SELF V variable interest rate for the first quarter of calendar year 2012 was calculated as follows:

Rounded average three-month LIBOR rate	0.5%	
(Plus) the “margin”	+	3.5%
Equals	=	4.0%

The SELF V fixed rate loan is 7.25% as of January 1, 2012.

Current and historical interest information is available at [www.selfloan.org](http://www.selfloan.org).

### 12. Guarantee/Origination Fee

Currently, no guarantee or origination fees are assessed the borrower. The Agency reserves the right to reintroduce a guarantee fee on new loans made. If the Agency reinstates a guarantee fee, it will NOT be applied retroactively.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 33
SECTION	<b>SELF Loan Program</b>		DATE February 2012

### **13. Disbursement Scheduling**

Schools cannot request funds more than 10 days before the start of the loan period. Checks are made jointly payable to the borrower and the eligible school. If the loan period covers more than one academic or payment period and processing time permits, the loan will be disbursed in installments during each academic or payment period. For example, if an eligible school's academic year is divided into quarters, the student's loan amount must be disbursed in three installments, once each quarter.

The loan period should match the State Grant academic year. For programs that are shorter than the academic year, the length of the program would be the loan period. For loan periods which are a full academic year, the disbursements should match the number of terms within the academic year. The Agency reserves the right to determine a more restrictive disbursement schedule on an individual school basis.

If there are special circumstances that warrant the borrower receiving the entire loan in one disbursement, please make a note on the application so the Agency is aware of the reason for the request. Examples of special circumstances include study abroad expenses, required purchase of specialized tools and flight training expenditures.

### **14. Loan Cancellation**

If a student wishes to cancel his/her SELF Loan, the school or student should contact the Servicer. Refer to Appendix 2 for Servicer information.

If the student's SELF disbursement arrives at the school and the student wishes to cancel the loan, the student or school should return the funds to the Servicer within 30 days of the date of the check or EFT with an explanation regarding the cancellation. If the student only wants to return the first disbursement but still wishes to receive subsequent disbursements, that information needs to be provided to the Servicer.

## 15. Repayment Procedures

### a. In-School Period

Borrowers pay accrued interest on a quarterly basis while in school. Interest payments start within 90 days of the disbursement of the loan funds.

### b. Transition Period

Borrowers who make monthly interest payments during the first 12 months after graduation or termination of study are considered to be in the “transition period.”

### c. Repayment Plans/Repayment Period

There are two repayment plans, the Standard Plan and the Extended Interest Plan.

- **Standard Plan**

In the Standard Plan, the borrower makes monthly payments of interest only for up to 12 months. Then repayment of principal and interest starts no later than the 13th month after graduation or termination of study.

- **Extended Interest Plan**

In the Extended Interest Plan, the Transition Period (where interest only is paid monthly) is extended up to an additional two years unless the borrower is required to start repayment sooner. The borrower makes monthly interest-only payments for up to three years instead of one year. With the Extended Interest Plan, repayment of principal and interest starts no later than the 37th month after graduation or termination of study.

Borrowers will be mailed notification of possible repayment options and an Extended Interest Option Form near the end of the Transition Period but before entering the Repayment Period. If the borrower completes and returns the form within the allowed time, the borrower will be placed in the Extended Interest Plan. Those who do not return the Extended Interest Form will remain in the Standard Plan. **The Extended Interest Plan does not extend the term of repayment.** During repayment, the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 35
SECTION	<b>SELF Loan Program</b>		DATE February 2012

borrower must pay a monthly payment on all his/her SELF Loans that will pay off the loan in the required time period or \$50 per month, whichever is greater. There is no penalty for prepaying loans.

SELF V Loans are required to start repayment nine years after disbursement. There are three repayment tiers: 10 years for SELF Loan balances under \$20,000; 15 years for balances of \$20,000 up to \$40,000; and 20 years for balances of \$40,000 or greater. All of the student's SELF Loans are included in the calculation of the repayment term but only the SELF V Loans receive the longer repayment.

Once the borrower enters the Transition Phase or the Repayment Phase, the borrower can return to in-school status as long as he/she returns at least half-time to a SELF participating school within three years of the separation date and has not started a required Repayment Phase. The separation date is the date the borrower graduated, left a SELF member school or enrollment dropped below half-time. Borrowers can view their separation date at FirstTrack at [www.firstmarkservices.com](http://www.firstmarkservices.com) under general loan information. The repayment term is not extended. The borrower needs to contact the Servicer to obtain a form requesting return to the in-school status. The form needs to be completed and returned to the Servicer, interest paid to date by the borrower and a school enrollment verification done by the Servicer before the loan will be returned to in-school status. Included in Appendix 16 is an enrollment report the school can send to the Servicer if a borrower wants to return to in-school status. The borrower still needs to pay any outstanding interest.

The borrower can change from the Standard Repayment Plan to the Extended Interest Plan as long as eligibility remains and a mandatory repayment period has not started. The borrower will only be able to utilize the Extended Interest Plan prior to a mandatory repayment period for any months remaining within the three years from the date of separation.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 36
SECTION	<b>SELF Loan Program</b>		DATE February 2012

**d. Combined Billing**

All of a borrower's SELF Loans will be combined into one billing statement with one due date unless the borrower requests different due dates.

**e. Late Payments**

Borrowers may be penalized for late payment with a \$5.00 late charge for payments of principal or interest received by the Servicer more than 15 days after the scheduled due date.

Diligence activities are performed by the Servicer starting when the account is 16 days past due. Approximately every 15 days there is a letter or phone attempt to contact the borrower and co-signer. Diligence activities continue until the loan defaults, which occurs when the loan is over 120 days delinquent. If a SELF Loan is 60 days or more past due, the delinquency is reported to the credit bureaus for both the borrower and co-signer.

**f. Interest Capitalization**

Interest payments during the in-school period that are delinquent in excess of 120 days may be capitalized by the Servicer. Capitalization of past due interest is limited to 180 days of interest.

**g. Forbearance**

The Agency will grant a forbearance when a borrower experiences hardship in making payments of principal and/or interest, when the co-signer has either died or become permanently disabled, or for some other reason (i.e., unemployment, limited fixed income, etc.) has demonstrated an inability to make payment. Such a forbearance will be granted for documented financial hardship cases. Both borrower and co-signer are required to provide information on the forbearance request form. The forbearance is limited to a 120-day period. Upon further documentation, the forbearance may be renewed for another 120 days. A borrower may be granted only two forbearance

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 37
SECTION	<b>SELF Loan Program</b>		DATE February 2012

periods (i.e., a total of 240 days) over the life of the loan. A good faith payment of \$25 is required with each forbearance.

**h. School Payment of Student Interest**

Schools are prohibited from paying interest on a student’s loan unless the interest resulted from a late return of funds by the school. Payment of interest by the school artificially delays the default potentially allowing the borrower and co-signer to obtain other financial benefits they are not entitled to.

**i. Default**

If the borrower is delinquent in payment beyond 120 days or has failed to meet any of the other conditions of the loan, the loan will default. If a loan goes into default, the Agency will take one or more of the following actions:

- work to effect repayment through the Minnesota Revenue Recapture Act. Under this law, the borrower’s and/or co-signer’s state income tax refunds, property tax refunds, special rebates or refunds and lottery winnings can be diverted to repay amounts owed to the state;
- take legal action against the borrower and/or co-signer for repayment;
- report the borrower’s and co-signer’s default to the credit bureaus;
- use collection agencies to recover defaulted loans;
- add collection fees to the defaulted balance; and
- withhold Minnesota state grant awards and certain other types of aid.

**j. Bankruptcy**

Federal bankruptcy laws exclude from discharge student loans made by a state agency except in the case where hardship circumstances are approved by the court. If a borrower is adjudicated bankrupt and has liability for the SELF Loan discharged, the co-signer, if not part of the bankruptcy, remains liable for unpaid principal and interest.

SECTION	<b>SELF Loan Program</b>		DATE February 2012

**k. Death and Disability Provisions**

If the borrower dies, the borrower's and the co-signer's obligation to pay principal and interest is canceled as of the date documentation of the death is received by the Agency. If your school becomes aware of the death of a borrower, please contact the Agency immediately so a hold can be put on the account for any collection letters or phone calls. The loan cannot be canceled until a certified copy of the death certificate is received by the Agency or the Servicer.

If the co-signer dies, the borrower is still responsible for repayment. If the co-signer dies and the borrower defaults, the Agency retains the right to require the co-signer's estate to pay the loan.

If, after disbursement of the loan, the borrower becomes totally and permanently disabled, the borrower and co-signer obligation to make any further payment of principal and interest on a SELF Loan is canceled as of the date medical documentation is received and accepted by the Agency. Totally and permanently disabled means the inability to engage in any gainful employment activity because of a medically determinable impairment which is expected to continue for a long and indefinite period or to result in death. This disability must have occurred after the loan was fully disbursed.

If, after disbursement of the loan, the borrower becomes temporarily totally disabled, the borrower may be eligible for a temporary disability status. Upon acceptable medical documentation, no interest will accrue and no payments will be required. The anticipated disability status must be a minimum of four months. The status can be renewed for up to one year at a time with a maximum of no more than three years. At the end of the nonaccrual of interest period, payments must be resumed at an amount necessary to repay the loan in the time period required by the promissory note unless a payment extension agreement has been signed.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 39
SECTION	<b>SELF Loan Program</b>		DATE February 2012

If, after disbursement of the loan, the co-signer becomes totally and permanently disabled, the co-signer's obligations to make any further payment of principal and interest on a SELF Loan are canceled as of the date medical documentation is received and accepted by the Agency. This disability must have occurred after the loan was fully disbursed. The borrower is still responsible for repayment.

## **G. SELF Appeals Process**

Included in Appendix 12 is a copy of the SELF Loan program Servicing Appeals Process. Appeal information is sent to borrowers with the Disclosure Statement. The appeal process is to be followed if the borrower or co-signer has a problem with the Servicer.

## **H. State Audits**

### **1. General Requirements**

Agency auditors or auditors designated under Minnesota Statute 136A.1313 will periodically visit participating institutions to perform an audit. Each participating institution must establish a procedure by which an auditor can conduct an audit by going to no more than three administrative offices within the school. In most cases, these will be the Financial Aid Office, the Business Office and the Registrar's Office, but that choice is made by the school.

All pertinent books, documents, papers and records for audit and examination must be available to auditors for three years after the last day of a fiscal year or until audit exceptions for the period are resolved.

### **2. Student Eligibility**

The institution must have written documentation to support the student's eligibility, including the following:

- that each student borrower attending an out-of-state eligible institution was an eligible Minnesota resident;
- that each student borrower was enrolled at least half-time from the date of loan application through disbursement of SELF funds (the actual documentation, such as a

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 40
SECTION	<b>SELF Loan Program</b>		DATE February 2012

fee statement or transcript, need not be kept at the audit location but must be readily available at the registrar's office or other responsible department within the institution);

- that the student was properly enrolled and making satisfactory academic progress as defined by the institution at the time of loan application and disbursement of SELF funds. The satisfactory progress determination should be based on the last review done prior to the current term. It is recommended that the school utilize the federal definitions for satisfactory progress which are found in Federal Regulations Title 34, Sections 668.16(e), 668.32(f) and 668.34;
- that a reasonable cost of attendance was documented for each student (the institution may use a documented, standardized cost of attendance if it wishes);
- that the borrower was eligible for the loan amount recommended by the institution; and
- the date of disbursement to the borrower.

The institution must document the date of disbursement to the borrower.

Within 30 days of receipt of the loan funds, the financial aid office must:

- verify the enrollment and satisfactory progress of the borrower (the school is liable to the SELF Loan program for funds delivered to students who were not properly enrolled). The satisfactory progress determination should be based on the last review done prior to the current term;
- deliver a loan check or transfer funds electronically to the borrower if he/she is eligible; and
- return SELF Loan funds to the Servicer for those borrowers not currently eligible.

Refer to Appendix 19 for a Disbursement Checklist that can be used by schools to ensure all the required steps have been taken prior to disbursing the SELF Loan.

### **3. Refunds**

The proper refund amount must be calculated according to the Agency regulations governing the SELF Loan program and returned to the Servicer within 30 days. Written documentation of the refund calculation should be retained in the student's file at the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 41
SECTION	<b>SELF Loan Program</b>		DATE February 2012

school (sample Office of Higher Education Refund Calculation Worksheet in Appendix 10).

The school is generally not required to issue a refund to SELF when unanticipated aid comes in after the SELF Loan has been disbursed. If the additional aid results in a refund, the refund should be returned to the SELF Loan program rather than the student. The school may also reduce future disbursement amounts of that SELF Loan.

#### **4. Withdrawal Date**

For schools participating in federal financial aid programs, withdrawal date is as defined in the Code of Federal Regulations (CFR) 668.22. Schools not participating in federal aid programs are subject to any definition of withdrawal date that exists in state law or, if none exists, institutional policy.

#### **5. Backdated Withdrawal Date**

A student who withdraws from a class or classes and is granted a retroactive withdrawal date back to the start date of the term will be treated as if the student never attended the class or classes. Any funds initially retained by the school for the term must be returned to the SELF program.

### **I. Summary of State Audit Requirements for the SELF Loan Program**

Each institution must be able to produce the following for auditors:

- individual student financial aid files for SELF borrowers;
- copy of the electronic certification or worksheet used to determine the loan amount. The school needs to be able to recreate the certification information for audit purposes;
- written definition of full-time student;
- written definition of half-time student;
- written definitions of grade level classifications in order to identify what standards are used to qualify a student's movement from one grade level to the next for SELF Loan eligibility;
- written documentation/verification of borrower's enrollment status on at least a half-time basis;

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 42
SECTION	<b>SELF Loan Program</b>		DATE February 2012

- written documentation/verification supporting budgetary attendance costs of borrowers;
- procedures that indicate counseling is done regarding a SELF borrower’s responsibilities;
- written documentation of each student’s SELF Loan disbursement, including the date of disbursement and a dollar amount disbursed (refer to Appendix 19 for Disbursement Checklist that may be used); and
- copies of enrollment verification reports sent by the Servicer to schools that do not participate in the Clearinghouse (keep for three years after the last day of a fiscal year or until audit exceptions for the period are resolved).

#### **J. Agency Web Site Information and Agency Contact Information**

The following information is currently available on [www.selfloan.org](http://www.selfloan.org):

- SELFApp online application,
- current and historical SELF interest rates,
- list of participating SELF schools,
- SELF Online Counseling,
- SELF Repayment calculator, and
- link to Firstmark’s Web site.

Included in Appendices 1 and 3 is contact information for the SELF Loan Department.

#### **K. Financial Aid Administrators Web Page**

A Financial Aid Administrators web page is available at [www.selfloan.org](http://www.selfloan.org).

Sample forms are available there. The school can select options to customize language for students regarding the self-certification process or the loan application process in general.

Access to this page uses the same user id and password as for online counseling.

#### **L. Online Counseling**

SELF Online Counseling is available on [www.selfloan.org](http://www.selfloan.org). Online counseling is not required to be used. It is an option that can be used to fulfill counseling requirements. The counseling takes

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 43
SECTION	<b>SELF Loan Program</b>		DATE February 2012

about 20–30 minutes to complete. The student reviews information on the SELF Loan program and then takes a 20-question quiz. If the student misses any questions, the text and the question along with the correct answer will appear. The student will have two opportunities to review and retake the missed questions. If, after three attempts, the student still has not passed all questions in the quiz, the student will be advised to review the information carefully before retesting. If multiple students try and take credit for taking one quiz, the counseling message will state “Invalid Quiz Duplication.”

If your school is interested in participating in SELF Online Counseling, please contact Sheila Price or Marilyn Kosir to request your assigned logon and password. (Refer to Appendix 3.)

After you have your logon and password, you can complete the school information page. If your school utilizes the online application, within the Add/Update School Info setup page you can select an option that requires students to complete online counseling prior to applying online. Selecting this option eliminates the need for schools to verify that students completed counseling. The school Financial Aid Administrators page can be accessed from [www.selfloan.org](http://www.selfloan.org). You will see a list of schools. After selecting your school, you will be asked to enter your logon and password.

To set up the online counseling you will need the following information to complete the form:

- A contact person’s name, phone number, e-mail address and fax number. This information will be used to communicate with your school if there are problems with the Web site that you should be aware of or if there are problems in getting your students’ responses to you. This information is available to the Agency and is not viewed by students.
- An e-mail address to send the counseling confirmations to. This can be a general e-mail address for the financial aid area or an individual’s e-mail address. You can have the e-mails sent to more than one person.
- A school address and financial aid phone number which will appear on the Web site.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 44
SECTION	<b>SELF Loan Program</b>		DATE February 2012

Schools can create a customized page with more specific information on your school and a place for your school logo or campus image to appear. The customized page can be created initially or be added and/or modified at a later date.

Schools will select whether to receive confirmations individually as students complete counseling, batched daily or batched weekly. The option initially selected can be changed at any time by the school. For the confirmation, students will be asked but are not required to provide name, social security number and e-mail address. If students do not provide this information, the school may not be able to process the confirmations.

Because the confirmation contains private data, the information will be provided to you through a secured method. The Agency will e-mail the school that students have completed counseling. You would go to [www.selfloan.org](http://www.selfloan.org) Financial Aid Administrators to view “Counseling Completions.” You can select whether to review the counseling that was completed today, within the last week, the last month, the last three months or the last year. You can choose to view it chronologically, alphabetically or in social security number order. The school is not required to keep counseling documentation in individual files. The SELF Loan program only requires that the school provide counseling services.

### **M. Clearinghouse Information**

If your school is interested in joining the National Student Clearinghouse, please call (703) 742-7791 for more information. There is no charge for schools to join the Clearinghouse.

SECTION <b>SELF Loan Program</b>	DATE May 2010		

**136A.15 DEFINITIONS.**

Subdivision 1. **Scope.** For purposes of sections 136A.15 to 136A.1702, the terms defined in this section have the meanings given them.

Subd. 2. **Academic year or its equivalent.** “Academic year or its equivalent” shall be as defined in the federal regulations which govern the administration of the National Vocational Student Loan Insurance Act of 1965 and title IV of the Higher Education Act of 1965.

Subd. 3. **Office.** “Office” means the Minnesota Office of Higher Education.

Subd. 4. **Director.** “Director” means the director of the Minnesota Office of Higher Education.

Subd. 5. **Province.** “Province” means the Canadian province of Manitoba.

Subd. 6. **Eligible institution.** “Eligible institution” means an institution that meets the eligibility requirements under section 136A.155.

Subd. 7. **Eligible lender.** “Eligible lender” means an eligible institution, an agency or instrumentality of a state, or a financial or credit institution (including an insurance company) which is subject to examination and supervision by an agency of the state of Minnesota or of the United States.

Subd. 8. **Eligible student.** “Eligible student” means a student who is officially registered or accepted for enrollment at an eligible institution in Minnesota or a Minnesota resident who is officially registered as a student or accepted for enrollment at an eligible institution in another state or province. Eligible student, except for purposes of section 136A.1701, includes parents of an eligible student as the term “parent” is defined in the Higher Education Act of 1965, as amended, and applicable regulations. Except for the purposes of section 136A.1701, eligible student also includes students eligible for auxiliary loans as the term “auxiliary” is defined in the Higher Education Act of 1965, as amended, and applicable regulations. An eligible student, for section 136A.1701, means a student who gives informed consent authorizing the disclosure of data specified in section 136A.162, paragraph (b), to a consumer credit reporting agency.

SECTION <b>SELF Loan Program</b>	DATE May 2010		

Subd. 9. **Minnesota resident.** “Minnesota resident” means a student who meets one of the following conditions:

- (1) a student who has resided in Minnesota for purposes other than postsecondary education for at least 12 months without being enrolled at a postsecondary educational institution for more than five credits in any term;
- (2) a dependent student whose parent or legal guardian resides in Minnesota at the time the student applies;
- (3) a student who graduated from a Minnesota high school, if the student was a resident of Minnesota during the student’s period of attendance at the Minnesota high school and the student is physically attending a Minnesota postsecondary educational institution; or
- (4) a student who, after residing in the state for a minimum of one year, earned a high school equivalency certificate in Minnesota.

**History:** 1967 c 615 s 1; 1967 c 894 s 2; 1973 c 605 s 3,4; 1975 c 271 s 6; 1981 c 300 s 2; 1983 c 258 s 46; 1Sp1985 c 11 s 47; 1989 c 293 s 33-35; 1990 c 591 art 6 s 5; 1994 c 532 art 2 s 10; 1995 c 212 art 3 s 32,33,59; 2005 c 107 art 2 s 60; 2006 c 282 art 8 s 4; 2007 c 144 art 2 s 25,26

**136A.155 ADDITIONAL INSTITUTION ELIGIBILITY REQUIREMENTS.**

A postsecondary institution is an eligible institution for purposes of sections 136A.15 to 136A.1702, if the institution:

- (1) meets the eligibility requirements under section 136A.103; or
- (2) is operated publicly or privately in another state, is approved by the United States Secretary of Education, and, as determined by the office, maintains academic standards substantially equal to those of comparable institutions operated in this state

**136A.16 POWERS AND DUTIES OF OFFICE.**

Subdivision 1. **Designation.** Notwithstanding chapter 16C, the Minnesota Office of Higher Education is designated as the administrative agency for carrying out the purposes and terms of sections 136A.15 to 136A.1702. The office may establish one or more loan programs.

Subd. 2. **Rules.** The office shall adopt policies and prescribe appropriate rules to carry out the purposes of sections 136A.15 to 136A.1702. The policies and rules except as they relate to loans

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE # 3
SECTION <b>SELF Loan Program</b>	DATE May 2010		

under section 136A.1701 must be compatible with the provisions of the National Vocational Student Loan Insurance Act of 1965 and the provisions of title IV of the Higher Education Act of 1965, and any amendments thereof.

Subd. 3. **Loan amounts.** The office may make loans in amounts not to exceed the maximum amount provided in the Higher Education Act of 1965 and any amendments thereof except that the limitation shall not apply to loans under section 136A.1701. The office may establish procedures determining the loan amounts for which students are eligible.

Subd. 4. **Lenders.** The office may contract with or enter into agreements with eligible lenders for the purpose of making loans to eligible students in accordance with the policies and rules of the office.

Subd. 5. **Agencies.** The office may contract with guarantee agencies, insurance agencies, collection agencies, or any other person, to carry out the purposes of sections 136A.15 to 136A.1702.

Subd. 6. **Insurance.** The office shall be empowered to charge for insurance on each loan a premium, payable each year in advance. The premiums shall not be in an amount in excess of the premium in the federal regulations which govern the vocational and higher education loan program except that the limitation shall not apply to loans under section 136A.1701. Premium fees shall be available to the office without fiscal year limitation for the purposes of making loans and meeting expenses of administering the loan programs.

Subd. 7. **Funds.** The office may apply for, receive, accept, and disburse federal funds, as well as funds from other public and private sources, made available to the state for loans or as administrative moneys to operate student loan programs. In making application for funds, it may comply with all requirements of state and federal law and rules and regulations, and enter into the contracts necessary to enable it to receive, accept, and administer such funds.

Subd. 8. **Investment.** Money made available to the office that is not immediately needed for the purposes of sections 136A.15 to 136A.1702 may be invested by the office. The money must be invested in bonds, certificates of indebtedness, and other fixed income securities, except preferred

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE # 4
SECTION <b>SELF Loan Program</b>	DATE May 2010		

stocks, which are legal investments for the permanent school fund. The money may also be invested in prime quality commercial paper that is eligible for investment in the state employees retirement fund. All interest and profits from such investments inure to the benefit of the office or may be pledged for security of bonds issued by the office or its predecessors.

Subd. 9. **Staff.** The office may employ the professional and clerical staff the director deems necessary for the proper administration of the loan programs established and defined by sections 136A.15 to 136A.1702.

Subd. 10. **Director.** Subject to its directives and review, the office may delegate to the director the responsibility for issuance of public information concerning provisions of sections 136A.15 to 136A.1702, for design of loan application forms, and for prescribing procedures for submission of applications for loans.

Subd. 11. [Repealed, 1995 c 212 art 2 s 22]

Subd. 12. **Records.** The office shall establish and maintain appropriate accounting and related records.

Subd. 13. **Subject to suit.** The office may sue and be sued.

Subd. 14. **Notes.** The office may sell at public or private sale, at the price or prices determined by the office, any note or other instrument or obligation evidencing or securing a loan made by the office or its predecessor, the Minnesota Higher Education Coordinating Board.

Subd. 15. **Letters of credit; surety.** The office may obtain municipal bond insurance, letters of credit, surety obligations, or similar agreements from financial institutions.

Subd. 16. **Interest rate swaps and other agreements.**

(a) The office may enter into interest rate exchange or swap agreements, hedges, forward purchase or sale agreements, or other comparable interest rate protection agreements with a third party in

SECTION	<b>SELF Loan Program</b>		DATE May 2010

connection with the issuance or proposed issuance of bonds, outstanding bonds or notes, or existing comparable interest rate protection agreements.

- (b) The agreements authorized by this subdivision include without limitation master agreements, options, or contracts to enter into those agreements in the future and related agreements, including, without limitation, agreements to provide credit enhancement, liquidity, or remarketing.
- (c) The agreements authorized by this subdivision may be entered into on the basis of negotiation with a qualified third party or through a competitive proposal process on terms and conditions as and with covenants and provisions approved by the office and may include, without limitation:
  - (1) provisions establishing reserves;
  - (2) pledging assets or revenues of the office for current or other payments or termination payments;
  - (3) contracting with the other parties to the agreements to provide for the custody, collection, securement, investment, and payment of money of the office or money held in trust; or
  - (4) requiring the issuance of bonds or other agreements authorized by this section in the future.
- (d) With respect to bonds or notes outstanding or proposed to be issued bearing interest at a variable rate, the office may agree to pay sums equal to interest at a fixed rate or at a different variable rate determined in accordance with a formula set out in the agreement on an amount not exceeding the outstanding principal amount of the bonds or notes at the time of payment in exchange for an agreement by the third party to pay sums equal to interest on a like amount at a variable rate determined according to a formula set out in the agreement.
- (e) With respect to bonds or notes outstanding or proposed to be issued bearing interest at a fixed rate or rates, the office may agree to pay sums equal to interest at a variable rate determined in accordance with a formula set out in the agreement on an amount not exceeding the outstanding principal amount of the bonds or notes at the time of payment in exchange for an agreement by the third party to pay sums equal to interest on a like amount at a fixed rate or rates determined according to a formula set in the agreement.
- (f) Subject to any applicable covenants of the office, payments required to be made by the office under the agreement, including termination payments, may be made from amounts pledged or available to pay debt service on the bonds or notes with respect to which the agreement was made or from assets of the loan capital fund of the office. The office may issue bonds or notes to

#### **136A.162 CLASSIFICATION OF DATA.**

- (a) Except as provided in paragraphs (b) and (c), data on applicants for financial assistance collected and used by the Minnesota Office of Higher Education for student financial aid programs administered by that office are private data on individuals as defined in section 13.02, subdivision 12.
- (b) Data on applicants may be disclosed to the commissioner of human services to the extent necessary to determine eligibility under section 136A.121, subdivision 2, clause (5).
- (c) The following data collected in the Minnesota supplemental loan program under section 136A.1701 may be disclosed to a consumer credit reporting agency only if the borrower and the cosigner give informed consent, according to section 13.05, subdivision 4, at the time of application for a loan:
- (1) the lender-assigned borrower identification number;
  - (2) the name and address of borrower;
  - (3) the name and address of cosigner;
  - (4) the date the account is opened;
  - (5) the outstanding account balance;
  - (6) the dollar amount past due;
  - (7) the number of payments past due;
  - (8) the number of late payments in previous 12 months;

### **136A.17 PROVISIONS FOR FEDERAL PROGRAMS.**

Subdivision 1. **Eligibility.** A student is eligible to apply for a loan under sections 136A.15 to 136A.1702 if the office finds that the student is an eligible student as defined in those sections and is eligible for a loan under federal laws and regulations governing the federal guaranteed student loan programs.

Subd. 2. **Compliance.** The student loan programs shall be administered in compliance with title VI of the Civil Rights Act of 1964.

Subd. 3. **Terms and conditions of loans.** The office may loan money upon such terms and conditions as the office may prescribe and it may acquire student loans from other lenders to facilitate the student loan programs provided for in this section.

Subd. 4. **Maximum loans for students.** No loan shall be made in excess of the maximum provided by pertinent federal laws and regulations. The aggregate unpaid principal amount of loans to any individual student shall not exceed the maximum provided in pertinent federal laws and regulations.

Subd. 5. **Vocational study.** The office may make loans for vocational study to an individual student for a maximum of three academic years or their equivalent and loans for higher education to an individual student for a maximum of eight academic years of study or their equivalent.

Subd. 6. **Maximum rate of interest.** No loans made by the office shall be made at an annual rate of interest in excess of the maximum prescribed in the National Vocational Student Loan Insurance Act of 1965 and the Higher Education Act of 1965, and any amendments thereof.

SECTION	<b>SELF Loan Program</b>		DATE May 2010

Subd. 7. **Student's family income.** The benefits of the loan programs will not be denied any student because of the student's family income or lack of need if the student's adjusted annual family income at the time the note is executed is less than the maximum prescribed in the applicable federal regulations.

Subd. 8. **Repayment of loans.** The repayment procedures applicable for loans made by the office shall be consistent with federal regulations governing interest payments under the National Vocational Student Loan Insurance Act of 1965 and the Higher Education Act of 1965.

Subd. 9. **Office powers.** The office may take, hold, and administer for any of its purposes, real property, personal property and moneys, or any interest therein, and the income therefrom, either absolutely or in trust, for any purposes of the office. The office may acquire property or moneys for such purposes by purchase or lease and by the acceptance of gifts, grants, bequests, devises or loans; and may enter into contracts with other nonprofit corporations or institutions with the same or similar purposes as will benefit and improve the operation of the office and its loan programs.

Subd. 10. **Variable repayment.** The office may establish variable repayment schedules consistent with the need and anticipated income streams of borrowers. The repayment schedules shall not violate the federal laws and regulations governing federal guaranteed student loan programs.

Subd. 11. **Prohibition on use of state money.** No moneys originating from state sources in the state treasury shall be made available for student loans and all student loans shall be made from moneys originating from nonstate sources.

**History:** 1967 c 894 s 4; 1973 c 605 s 7-10; 1975 c 271 s 6; 1977 c 384 s 9-14; 1978 c 706 s 52; 1981 c 300 s 6-8; 1983 c 258 s 48; 1986 c 444; 1989 c 293 s 43; 1995 c 212 art 3 s 59

### **136A.1701 SUPPLEMENTAL AND ADDITIONAL LOANS.**

Subdivision 1. **Establishment of program.** The Minnesota Office of Higher Education may provide for programs of loans which may be made in lieu of or in addition to loans authorized under sections 136A.15 to 136A.1702 and applicable provisions of federal law as provided in this section.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE # 9
SECTION <b>SELF Loan Program</b>	DATE May 2010		

Subd. 2. **Purpose of program.** The purpose of the loan programs under this section is to provide financial assistance for the postsecondary education of students who are eligible students whether or not such students qualify for a loan or loans under other provisions of sections 136A.15 to 136A.1702.

Loans granted to students may be used solely for educational purposes.

Subd. 3. **Compliance with Civil Rights Act.** The student loan programs shall be administered in compliance with title VI of the Civil Rights Act of 1964.

Subd. 4. **Terms and conditions of loans.**

- (a) The office may loan money upon such terms and conditions as the office may prescribe. Under the SELF IV program, the principal amount of a loan to an undergraduate student for a single academic year shall not exceed \$7,500 per grade level. The aggregate principal amount of all loans made subject to this paragraph to an undergraduate student shall not exceed \$37,500. The principal amount of a loan to a graduate student for a single academic year shall not exceed \$9,000. The aggregate principal amount of all loans made subject to this paragraph to a student as an undergraduate and graduate student shall not exceed \$55,500. The amount of the loan may not exceed the cost of attendance less all other financial aid, including PLUS loans or other similar parent loans borrowed on the student's behalf. The cumulative SELF loan debt must not exceed the borrowing maximums in paragraph (b).
- (b) The cumulative undergraduate borrowing maximums for SELF IV loans are:
- (1) grade level 1, \$7,500;
  - (2) grade level 2, \$15,000;
  - (3) grade level 3, \$22,500;
  - (4) grade level 4, 30,000; and
  - (5) grade level 5, \$37,500.
- (c) The principal amount of a SELF V or subsequent phase loan to students enrolled in a bachelor's degree program, postbaccalaureate, or graduate program must not exceed \$10,000 per grade level. For all other eligible students, the principal amount of the loan must not exceed \$7,500 per grade level. The aggregate principal amount of all loans made subject to this paragraph to a student as an undergraduate and graduate student must not exceed \$70,000. The amount of the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE # 10
SECTION <b>SELF Loan Program</b>	DATE May 2010		

loan must not exceed the cost of attendance less all other financial aid, including PLUS loans and other similar parent loans borrowed on the student's behalf. The cumulative SELF loan debt must not exceed the borrowing maximums in paragraph (d).

- (d) (1) The cumulative borrowing maximums for SELF V loans and subsequent phases for students enrolled in a bachelor's degree program or postbaccalaureate program are:
- (i) grade level 1, \$10,000
  - (ii) grade level 2, \$20,000;
  - (iii) grade level 3, \$30,000;
  - (iv) grade level 4, \$40,000; and
  - (v) grade level 5, \$50,000.
- (2) For graduate level students, the borrowing limit is \$10,000 per nine-month academic year, with a cumulative maximum for all SELF debt of \$70,000.
- (3) For all other eligible students, the cumulative borrowing maximums for SELF V loans and subsequent phases are:
- (i) grade level 1, \$7,500;
  - (ii) grade level 2, \$15,000;
  - (iii) grade level 3, \$22,500;
  - (iv) grade level 4, \$30,000; and
  - (v) grade level 5, \$37,500.

Subd. 5. **Maximum loans for students.** Loans made under this section or sections 136A.15 to 136A.1702 to an individual eligible student for vocational study may be made for a maximum of three academic years or their equivalent and loans made to any other individual eligible student may be made for a maximum of eight academic years or their equivalent.

Subd. 6. **Rate of interest.** The office shall determine the rate of interest to be charged on loans. The rate of interest on student loans however computed, shall not be subject to any provision of state law limiting the rate of interest to be charged for a loan of money.

Subd. 7. **Repayment of loans.**

- (a) The office shall establish repayment procedures for loans made under this section, but in no event shall the period of permitted repayment for SELF II or SELF III loans exceed ten years

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE # 11
SECTION <b>SELF Loan Program</b>	DATE May 2010		

from the eligible student's termination of the student's postsecondary academic or vocational program, or 15 years from the date of the student's first loan under this section, whichever is less.

- (b) For SELF IV loans, eligible students with aggregate principal loan balances from all SELF phases that are less than \$18,750 shall have a repayment period not exceeding ten years from the eligible student's graduation or termination date. For SELF IV loans, eligible students with aggregate principal loan balances from all SELF phases of \$18,750 or greater shall have a repayment period not exceeding 15 years from the eligible student's graduation or termination date. For SELF IV loans, the loans shall enter repayment no later than seven years after the first disbursement date on the loan.
- (c) For SELF loans from phases after SELF IV, eligible students with aggregate principal loan balances from all SELF phases that are:
- (1) less than \$20,000, must have a repayment period not exceeding ten years from the eligible student's graduation or termination date;
  - (2) \$20,000 up to \$40,000, must have a repayment period not exceeding 15 years from the eligible student's graduation or termination date; and
  - (3) \$40,000 or greater, must have a repayment period not exceeding 20 years from the eligible student's graduation or termination date. For SELF loans from phases after SELF IV, the loans must enter repayment no later than nine years after the first disbursement date of the loan.

Subd. 8. **Office powers.** The office may take, hold, and administer for any of its purposes, real or personal property and money, or any interest therein, and the income therefrom, either absolutely or in trust, for any purposes of the office. The office may acquire real or personal property or money for its purposes by purchase or lease and by gift, grant, bequest, devise, or loan, and may enter into contracts with profit or nonprofit corporations or institutions with the same or similar purposes as will benefit and improve the operation of the office and its loan programs.

Subd. 9. **Variable repayment schedules.** The office may establish variable loan repayment schedules consistent with the need and anticipated income streams of borrowers.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE # 12
SECTION <b>SELF Loan Program</b>	DATE May 2010		

Subd. 9a. **Appeals.** The office shall develop an appeals process for recipients of loans made under this section who believe there is an unresolved error in the servicing of the loan. The office shall provide recipients with a description of the appeals process.

Subd. 10. **Prohibition on use of state money.** No money originating from state sources in the state treasury shall be made available for student loans under this section and all student loans shall be made from money originating from nonstate sources.

Subd. 11. **Data.**

- (a) An eligible institution must provide to the office data on student enrollment and federal and state financial aid.
- (b) An institution or its agent must provide to the office aggregate and distributional financial or other data as determined by the director that is directly related to the responsibilities of the office under this chapter and chapter 141. The director may only request aggregate and distributional data after establishing and consulting with a data advisory task force to determine the need, content, and detail of the information. Data provided by nonpublic institutions under this paragraph is considered nonpublic data under chapter 13.

Subd. 12. **Eligible student.** “Eligible student” means a student who is a Minnesota resident who is enrolled or accepted for enrollment at an eligible institution in Minnesota or in another state or province. Non-Minnesota residents are eligible students if they are enrolled or accepted for enrollment in a minimum of one course of at least 30 days in length during the academic year that requires physical attendance at an eligible institution located in Minnesota. Non-Minnesota resident students enrolled exclusively during the academic year in correspondence courses or courses offered over the Internet are not eligible students. Non-Minnesota resident students not physically attending classes in Minnesota due to enrollment in a study abroad program for 12 months or less are eligible students. Non-Minnesota residents enrolled in study abroad programs exceeding 12 months are not eligible students. For purposes of this section, an “eligible student” must also meet the eligibility requirements of section 136A.15, subdivision 8.

**4850.0010 PURPOSE.**

The purpose of parts 4850.0010 to 4850.0024 is to augment Minnesota Statutes, sections 136A.15 to 136A.1702, establishing a state program of supplemental loans to postsecondary students by providing standards, criteria, and rules for the program.

**Stat Auth:** MS s 136A.04; 136A.111; 136A.16; 136A.1701; 136A.234

**Hist:** 10 SR 1852; 15 SR 1780

**4850.0011 DEFINITIONS.**

Subpart 1. **Academic year.** “Academic year” means:

- A. a period of time, typically eight or nine months, in which a full-time student is expected to complete the equivalent of at least two semesters, two trimesters, or three quarters at an eligible school using credit hours; or
- B. at least 900 clock hours of training for a program at an eligible school using clock hours.

A student may borrow for a portion of the academic year, or for all of it (see “loan period”).

Subp. 2. **Anticipated graduation date.** “Anticipated graduation date” means the date indicated by the eligible school at the time the student applies for a SELF loan, as the date that the student will graduate given the enrolled program and normal satisfactory academic progress.

Subp. 3. [Repealed, 20 SR 2214]

Subp. 4. **Capitalized interest.** “Capitalized interest” means accrued interest that is added to the outstanding loan principal.

Subp. 5. **Certificate or degree.** “Certificate” or “degree” means a written or printed statement of the fact that the holder has met the eligible school’s minimum requirements for completion, and certifies a minimum mastery of the subject matter for a particular academic or vocational program.

Subp. 6. **Certification.** “Certification” means an eligible school verifies and documents the identity, eligible enrollment, satisfactory academic progress, and cost of attendance of the borrower; performs the

SECTION	<b>SELF Loan Program</b>		DATE January 2011

“maximum effort” test; and calculates the maximum allowable SELF loan eligibility and recommends a specific loan amount. The school also shall determine whether or not the student is in default of previous loans through:

- A. checking loan history at the school;
- B. checking an available financial aid transcript from a school previously attended by a borrower who is a transfer student; and
- C. using any other information reasonably available to the school about the student’s prior student loan history, written, verbal, or electronic.

Subp. 7. [Repealed, 20 SR 2214]

Subp. 8. **Cost of attendance.** “Cost of attendance” includes:

- A. tuition and fees charged for the loan period;
- B. room and board charged for the loan period, or a reasonable allowance as determined by the school, for off-campus living; and
- C. a reasonable allowance as determined by the school for books, supplies, transportation, and personal expenses.

Subp. 9. **Creditworthy cosigner.** “Creditworthy cosigner” means one who, based on information provided by a national credit bureau, has:

- A. no account balances discharged through bankruptcy;
- B. no garnishments, attachments, foreclosure, repossession, or suit;
- C. no more than \$300 combined total in unsatisfied credit or unsatisfied payment obligations including, but not limited to, charged-off loans, credit, medical, utility accounts, collection items, and tax or mechanics liens; and
- D. no more than five percent of total credit bureau balances past due, unless the amount past due is \$300 or less.

Subp. 10. **Cosigners.** All SELF borrowers shall have a creditworthy cosigner who is either a United States citizen or a permanent resident. The cosigner is jointly and separately responsible for making loan payments (principal, interest, and other charges). A cosigner must:

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE # 17
SECTION	<b>SELF Loan Program</b>		DATE January 2011

- A. be a person at least 24 years old or if a sibling (sister, brother, half-sister, half-brother, stepsister, or stepbrother) of the borrower be at least 18 years old;
- B. agree to the release of information to a consumer credit reporting agency, as described in part 4850.0012, subpart 4; and
- C. permanently reside in the United States.

Subp. 11. **Default.** “Default” means the condition that exists if the borrower fails to perform any of the conditions of the promissory note.

Subp. 11a. **Default date.** “Default date” means the date the loan is submitted by the office to the loan servicer as a default due to failure to comply with the required terms of the promissory note.

Subp. 12. **Delinquency.** “Delinquency” means the condition that exists when a borrower’s scheduled payment of principal or interest or both is received by the director after the due date.

Subp. 12a. **Director.** “Director” means the director of the office, or office staff who perform duties as assigned by the director.

Subp. 13. **Due diligence.** “Due diligence” means the use of practices by the office in making, servicing, and collecting of SELF loans that are at least as extensive and forceful as those generally practiced by financial institutions for consumer loans.

Subp. 14. **Eligible school.** “Eligible school” means a school that:

- A. meets the requirements for an eligible institution as defined in Minnesota Statutes, section 136A.15, subdivision 6; and
- B. signs an institutional loan participation agreement with the director that lists the duties and responsibilities of both the school and the director.

Subp. 15. **Eligible student.** “Eligible student” means a student who:

- A. is enrolled in an eligible school in Minnesota, or is a Minnesota resident enrolled in an eligible school in another state, United States territory, or province as defined in Minnesota Statutes, section 136A.15, subdivision 5;

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE # 18
SECTION <b>SELF Loan Program</b>	DATE January 2011		

- B. is enrolled at least half-time in a program leading to a certificate, associate, baccalaureate, masters, doctorate, or other professional degree;
- C. is making satisfactory academic progress as defined by the school;
- D. is not currently in default, as defined by each specific program, of any student educational loan program (Stafford Loan, GSL, FISL, NDSL, Perkins, HPL, HEAL, ALAS/SLS, or other similar federal, state, private, or institutional student loan program) at the current or any previous school;
- E. is not currently delinquent in payment of interest or principal on an outstanding SELF loan;
- F. has a creditworthy cosigner;
- G. demonstrates financial eligibility by meeting the “maximum effort” test; and
- H. has agreed to the release of information to a consumer credit reporting agency, as listed in part 4850.0012, subpart 4.

Subp. 16. **Enrolled student.** “Enrolled student” means a student who has registered for and begun the loan period at the eligible school.

Subp. 16a. [Repealed, 20 SR 2214]

Subp. 17. **Financial aid.** “Financial aid” includes all money flowing to the student that is contingent upon the student’s enrollment at the eligible school.

Subp. 18. **Forbearance.** “Forbearance” means permitting the temporary halt of payments, allowing an extension of time for making payments, or accepting smaller payments than were scheduled.

Subp. 19. **Full-time student.** “Full-time student” means one who is enrolled in an eligible school and who carries a full-time postsecondary level, vocational or academic workload as determined by the eligible school, ending in a certificate or degree.

Subp. 20. **Grade level.** “Grade level” means the relative position of an eligible student in a degree or certificate granting program.

Subp. 21. **Graduate student.** “Graduate student” means a student who is pursuing a program, or has a baccalaureate degree and is enrolled in courses which are normally part of a program, leading to a

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE # 19
SECTION	<b>SELF Loan Program</b>		DATE January 2011

graduate or professional degree or certificate at an eligible school; and has successfully completed the equivalent of at least three years of full-time study at an eligible school either prior to entrance into the program or as part of the program itself.

Subp. 22. **Half-time student.** “Half-time student” means one who is enrolled in an eligible school and carrying a half-time academic workload as determined by the eligible school that amounts to at least one-half the workload of a full-time certificate or degree seeking student. In eligible schools utilizing clock hours, half-time enrollment includes programs requiring at least 300 clock hours.

Subp. 23. **In-school period.** “In-school period” means the period that the eligible student is enrolled on at least a half-time basis in an eligible school.

Subp. 24. **Late charge.** “Late charge” means a charge, not to exceed \$20, that is assessed against borrowers each time a payment of principal and/or interest is received by the director more than 15 days after the due date.

Subp. 24a. **Loan forgiveness.** “Loan forgiveness” means the obligation of the borrower and the cosigner to repay the SELF loan is forgiven due to the death or total and permanent disability of the borrower.

Subp. 25. **Loan period.** “Loan period” means the period for which the student receives the loan. The period begins on the first day of class. It must be at least 30 days in length, and must not exceed 12 months. A loan period may be the same as, or a portion of, the academic year. For example, the loan period may be for a single semester or quarter.

Subp. 26. **Maximum effort.** To have used “maximum effort” means that the student has applied for and exhausted all eligibility for other forms of financial aid (except work-study, federal student loans covered under Code of Federal Regulations, title 34, part 674, the federal Perkins Loan Program, Code of Federal Regulations, title 34, part 682, the federal Family Education Loan Program or FFEL, Code of Federal Regulations, title 34, part 685, the William D. Ford federal Direct Loan Program, or other similar federal student loan, and HEAL) before applying for a SELF loan. Financial aid administrators must include any financial aid that has been awarded or is expected to be awarded to the student for the loan period.

Subp. 26a. **Office.** “Office” means the Minnesota Office of Higher Education.

Subp. 27. [See repealer.]

Subp. 28. [See repealer.]

Subp. 28a. **SELF II loans.** “SELF II loans” means SELF loans where the interest rate on the loan is determined by the director at a margin in excess of the SELF II index rate. The SELF II index rate is the average rounded to the nearest quarter of one percent of the bond equivalent yield, for auctions of 13-week treasury bills, during the calendar quarter immediately preceding the interest rate adjustment date.

Subp. 28b. **SELF III loans.** “SELF III loans” means SELF loans where the interest rate on the loan is determined by the director at a margin in excess of a SELF III index rate. The SELF III initial index rate is the arithmetic average rounded to the nearest tenth of one percent of the three-month London Interbank Offered Rates (LIBOR) rate during the calendar quarter immediately preceding the interest rate adjustment date. The LIBOR rate is determined by the British Banker’s Association. Where terms can be obtained for issuance of SELF loans at a rate favorable to borrowers, the director may establish other indexes or utilize a fixed rate as provided for in the promissory note.

Subp. 28c. **SELF IV loans.** “SELF IV loans” means SELF loans where the interest rate on the loan is determined by the director at a margin in excess of a SELF IV index rate. The SELF IV initial index rate is the arithmetic average rounded to the nearest tenth of one percent of the three-month London Interbank Offered Rates (LIBOR) rate during the calendar quarter immediately preceding the interest rate adjustment date. The LIBOR rate is determined by the British Banker’s Association. The director may establish other indexes or utilize a fixed rate or maximum rate as provided for in the promissory note.

Subp. 28d. **SELF V loans.** “SELF V loans” means SELF loans where the interest rate on the loan is determined by the director at a margin in excess of a SELF V index rate or is a fixed rate. The SELF V initial index rate is the arithmetic average rounded to the nearest tenth of one percent of the three-month London Interbank Offered Rates (LIBOR) rate during the calendar quarter immediately preceding the interest rate adjustment date. The LIBOR rate is determined by the British Banker’s Association. The

director may establish other indexes or utilize a fixed rate or maximum rate as provided for in the promissory note.

Subp 28e. **Temporary total disability.** “Temporary total disability” means a disability resulting from an injury or illness that is expected to last at least four months and that interferes with the borrower’s ability to make loan payments. A borrower has a temporary total disability if a doctor of medicine or osteopathy, legally authorized to practice in a state, certifies that the borrower is unable to work and earn money because of an injury or illness expected to last at least four months. A borrower is not considered to have a temporary total disability on the basis of a condition that existed at the time the loan was made.

Subp. 28f. **Total and permanent disability.** “Total and permanent disability” means a disability resulting from an injury or illness that is expected to continue indefinitely or result in death, that interferes with the borrower’s ability to make loan payments because the borrower is unable to work or earn money, as certified by a doctor of medicine or osteopathy, legally authorized to practice in a state. A borrower is not considered totally and permanently disabled on the basis of a condition that existed at the time the loan was made.

Subp. 29. **Transition period.** “Transition period” means a 12-month period immediately following graduation or termination of enrollment. Borrowers may extend the transition period, if permitted by the terms of the promissory note, an additional period not to exceed 24 months. During the transition period, borrowers are billed for interest only.

Subp. 30. **Undergraduate student.** “Undergraduate student” means a student who is not a graduate student.

**Stat Auth:** MS s 136A.01; 136A.04; 136A.111; 136A.134; 136A.16; 136A.1701; 136A.234

#### **4850.0012 SCHOOL AGREEMENTS AND STUDENT APPLICATIONS.**

Subpart 1. **Institutional loan participation agreement.** The eligible school and the director must sign a loan participation agreement that will:

- A. state the eligible school’s responsibility for proper certification and delivery of loans to students; and

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE # 22
SECTION <b>SELF Loan Program</b>	DATE January 2011		

B. name a representative of the eligible school who is to be responsible for the administration of the agreement.

Subp. 2. **Termination.** The director may terminate the agreement with an eligible school upon determining that the school is not complying with the rules in parts 4850.0010 to 4850.0024. All obligations of the school under the agreement shall continue in full force and effect with respect to all SELF loans then outstanding to students of the school. The termination of an agreement with a school shall be made pursuant to part 4830.0140.

Subp. 3. **Application and promissory note.** The student shall follow the appropriate SELF application process used at the eligible school. If the director rejects the loan application, the applicant and the cosigner must be advised in writing of the decision and the reasons for the rejection.

Subp. 4. **Release of information.** The following information about the borrower and cosigner will be periodically released to a consumer credit reporting agency throughout the life of the loan:

- A. the lender-assigned borrower identification number, if any;
- B. the name and address of borrower;
- C. the name and address of cosigner;
- D. the date the account is opened;
- E. the outstanding account balance;
- F. the dollar amount past due;
- G. the number of payments past due;
- H. the number of late payments in previous 12 months;
- I. the type of account;
- J. the responsibility for the account; and
- K. the status or remarks code.

**Stat Auth:** MS s 136A.01; 136A.04; 136A.111; 136A.16; 136A.1701; 136A.234

#### **4850.0014 AMOUNT AND TERMS.**

Subpart 1. **Loan amounts.** The minimum SELF loan amount is \$500.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE # 23
SECTION	<b>SELF Loan Program</b>		DATE January 2011

Subp. 2. **Multiple loans at the same grade level.** A student may borrow up to the maximum amount twice in the same grade level, as long as:

- (1) a total of seven months elapses from the beginning of the first loan period to the beginning of the second loan period;
- (2) the cumulative SELF loan debt maximum for that grade level is not exceeded; and
- (3) the amount approved is at least \$500.

Subp. 3. **Interest rate.**

- A. For SELF II loans, the interest rate on the loan will be determined by the director at a margin in excess of the SELF II index rate as defined under part 4850.0011, subpart 28a. If the index rate increases or decreases, the interest rate on the loan automatically increases or decreases on the same day without notice to the borrower. The interest rate on the loan cannot increase or decrease more than two percentage points over any four consecutive calendar quarters exclusive of any individual loan interest rate reductions and reinstatements resulting from the application of benefit programs for military, on-time payments and automated payments or other program interest rate reductions. The director shall set the margin to reflect the costs of the SELF program. If the director determines that the margin does not reflect the costs of the SELF program, the director must increase or decrease the margin. The director shall advise borrowers of changes in the margin.
  
- B. For SELF III and SELF IV loans, the interest rate on the loan will be determined by the director at a margin in excess of SELF III and SELF IV index rates, as defined under part 4850.0011, subparts 28b and 28c. The interest rate on the loan cannot increase or decrease more than three percentage points over any four consecutive calendar quarters exclusive of any individual loan interest rate reductions and reinstatements resulting from the application of benefit programs for military, on-time payments and automated payments or other program interest rate reductions. The director shall set the margin to reflect the costs of the SELF program. If the director determines that the margin does not reflect the costs of the SELF program, the director must increase or decrease the margin.
  
- C. For SELF V loans, the interest rate on the loan will be a fixed rate, a maximum rate provided in the promissory note, or a rate determined by the director at a margin in excess of SELF V index rates, as defined under part 4850.0011, subpart 28d. The interest rate on the loan cannot increase or decrease more than three percentage points over any four consecutive calendar quarters exclusive of any

individual loan interest rate reductions and reinstatements resulting from the application of benefit programs for military, on-time and automated payments, or other program interest rate reductions. The director shall set the margin to reflect the costs of the SELF program. If the director determines that the margin does not reflect the costs of the SELF programs, the director must increase or decrease the margin.

#### **4850.0015 LOAN DISBURSEMENTS.**

Subpart 1. **Disbursement scheduling.** If loan proceeds are in the form of an individual check, the check must be jointly payable to the borrower and the eligible school. If the loan period covers more than one academic or payment period, the loan must be disbursed in installments during each academic or payment period. (For example, if an eligible school's academic year is divided by quarters, the student's loan amount may be disbursed in three installments, once each quarter.) Disbursements must be made at the beginning of each academic term, unless the director requires or the school suggests other more appropriate dates.

Subp. 2. **Disbursement when loan proceeds arrive before loan period.** Loan proceeds must not be disbursed to the student before the start of the loan period. The school must verify the student's enrollment and that the student meets satisfactory academic progress requirements. If the loan proceeds are in the form of an individual check, the school must deliver the check to the student for endorsement. The check must then be endorsed by the school. In the case of either a check or an electronic funds transfer, the school must next subtract from the loan proceeds the amount owed to it for the payment period, and make arrangements with the student for the use of any remaining proceeds. The remaining proceeds may be returned to the student or retained on account at the election of the student. The school may not keep on account any more money than it charges for that payment period without the written permission of the student.

Subp. 3. **Disbursement when loan proceeds arrive during loan period.** When the loan proceeds arrive during the loan period, the school must verify the student's enrollment and that the student meets satisfactory academic progress requirements. If the loan proceeds are in the form of an individual check,

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE # 25
SECTION	<b>SELF Loan Program</b>		DATE January 2011

the school shall endorse the check along with the student, subtract from the proceeds that amount owed to it for the payment period, and make arrangements with the student for the use of any remaining proceeds. The student has the same options for receiving any remaining proceeds as described in subpart 2. If the student is on a school approved leave of absence when the loan proceeds arrive and is scheduled to return within 30 days from the date on the check or the date of the electronic funds transfer, the school may hold the loan proceeds until the student returns. If the student fails to return or does not show up for disbursement, the loan proceeds must be returned to the director within 30 days from the date on the check or the date of the electronic funds transfer, whichever is applicable.

Subp. 4. **Disbursement when loan proceeds arrive after loan period.** When the loan proceeds arrive after the loan period, the school must verify the student's enrollment and that the student meets satisfactory academic progress requirements. If the loan proceeds are in the form of an individual check, the school must endorse the check along with the student within 45 days from the end of the loan period, subtract from the proceeds that amount owed to it for the payment period, and make arrangements with the student for use of any remaining proceeds. The remaining proceeds must be returned to the student or retained on account at the election of the student. The school may not keep on account more money than it charges for that payment period without the written permission of the student. If the loan proceeds arrive more than 45 days after the end of the loan period, the school must return the loan proceeds to the director.

#### **4850.0016 NONENROLLMENT, TRANSFER, AND WITHDRAWAL.**

Subpart 1. **Nonenrollment.** A school shall return a payment to the director for a student who fails to enroll within 30 days of the payment date.

Subp. 2. **Withdrawal and transfer to another eligible school.** If the student fails to complete the loan period at the school where the loan application was certified and transfers to another eligible school, any remaining scheduled disbursements must be canceled. The school must immediately notify the director of any borrower who withdraws for any purpose. The student may apply for any remaining loan eligibility at the other eligible school, assuming the amount approved is at least \$500.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE # 26
SECTION <b>SELF Loan Program</b>	DATE January 2011		

Subp. 3. **Withdrawal.** In the event that a borrower, for any reason, fails to complete a loan period, withdraws, and the school calculates a SELF refund for the borrower, that refund must be returned to the office for the SELF loan program within 30 days of the date the school becomes aware of the withdrawal. Refunds to the office are determined by items A and B.

- A. Determine the percentage that the SELF loan represents of the student's total nonfederal financial aid package for the applicable term.
- B. Multiply that percentage by the amount determined to be refunded to nonfederal aid providers under the school's refund policy. The result yields the amount to be refunded to the office.

Subp. 4. **Reduction of enrollment to less than half-time status.** The school shall notify the director immediately when a student reduces enrollment below a half-time status, but remains enrolled.

**Stat Auth:** MS s 136A.01; 136A.04; 136A.111; 136A.134; 136A.16; 136A.1701; 136A.234

#### **4850.0017 REPAYMENT PROCEDURES.**

Borrowers or cosigners shall make payments of principal and interest according to the following schedule:

- A. During the in-school period, the office or its agent shall bill borrowers for accrued interest and applicable late charges at least once during each calendar quarter.
- B. During the transition period, the office or its agent shall bill borrowers for accrued interest and applicable late charges once during each calendar month.
- C. During the repayment period, the office or its agent shall bill borrowers for accrued interest, applicable late charges, and principal once during each calendar month. The interest rate may vary throughout the period. The sum of the monthly payments must equal the sum of accrued interest plus principal, plus any applicable late charges. The borrower must pay a total of at least \$600 each year on all of the borrower's SELF loans.
- D. Interest payments during the in-school period that are delinquent in excess of 120 days from the billing date may be capitalized. Capitalization of past due interest must be limited to two occasions before filing a claim.
- E. A prepayment penalty must not be assessed against borrowers who elect to make unscheduled payments of loan principal.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE # 27
SECTION	<b>SELF Loan Program</b>		DATE January 2011

- F. The director shall grant forbearances in those instances when the borrower experiences hardship in making payments of principal and/or interest, and when the cosigner has either died, become temporarily or permanently disabled, or for some other reason, such as unemployment or limited fixed income, demonstrated an inability to make payment. Such a forbearance shall be granted upon receipt of written documentation from the borrower and the cosigner relating to the unemployment or similar financial hardship case and is limited to 120 days, renewable upon further documentation for another 120 days.
- G. Upon request, the director shall provide borrowers and cosigners with an annual statement of outstanding principal and interest paid during the previous calendar year.

**Stat Auth:** MS s 136A.01; 136A.04; 136A.111; 136A.134; 136A.16; 136A.1701; 136A.234

#### **4850.0018 CLAIMS.**

Subpart 1. **When filed.** If after exercising due diligence, and after 120 days from the billing date the director fails to collect a payment from a borrower or the cosigner, a claim must be filed to the bad debt reserve by the director for the outstanding principal of the loan plus accrued interest.

Subp. 2. **When paid.** Claims are paid in four categories:

- A. A claim for death of the borrower must be filed by the director upon receipt of a death record. The cosigner's obligation to make any further payment of principal and interest or both on a SELF loan is canceled as of the date of death.
- B. If the borrower becomes totally and permanently disabled, a claim must be filed by the director upon receipt of proper medical documentation. The borrower's and cosigner's obligation to make any further payment of principal and interest on a SELF loan is canceled as of the date of approval of the medical documentation by the office.
- C. If a borrower or cosigner fails to perform any of the conditions of the promissory note, a claim must be filed by the director.
- D. If a borrower is adjudicated bankrupt and has liability for the SELF loan discharged, the cosigner remains liable for unpaid principal and interest. If the cosigner fails to perform any of the conditions of the promissory note, the director shall file a claim.

**4850.0020 LOAN FORGIVENESS.**

Subpart 1. **Death of borrower.** The obligation of the borrower and the cosigner to repay a SELF loan shall be forgiven upon documentation of the death of the borrower. Payments made after the borrower's death prior to the submission of a death certificate will not be reimbursed.

Subp. 2 **Total and permanent disability of borrower.** The obligation of the borrower and the cosigner to repay the SELF loan shall be forgiven upon written request to the office if the office determines that a borrower has a total and permanent disability and if the total and permanent disability of the borrower occurred after all disbursements of the loan were made. The forgiveness is effective the date the total and permanent disability documentation is approved and accepted by the office.

**4850.0021 NONACCRUAL OF INTEREST PERIOD DURING A TEMPORARY TOTAL DISABILITY.**

A borrower who has a temporary total disability shall be granted a period of nonaccrual of interest upon written request to the office, effective the date the temporary total disability documentation is approved and accepted by the office, if the office determines that the borrower has a temporary total disability and if the temporary total disability of the borrower occurred after all disbursements of the loan were made. Interest does not accrue during an approved nonaccrual of interest period and no payments will be required to be made during this time. A nonaccrual of interest period may be granted for up to one year at a time with a maximum of no more than three years. Extensions may be requested after the end of each approved period of nonaccrual of interest. Updated medical information is required of the borrower for each extension request. If at any time during a nonaccrual of interest period the borrower qualifies for loan forgiveness due to total and permanent disability status, the borrower may submit the required medical documentation to the office for review. At the end of the nonaccrual of interest period the borrower must resume payments at an amount necessary to repay the loan in the time period required by the promissory note unless a payment extension agreement has been entered into with the office.

**4850.0022 ACTIVE MILITARY DUTY INTEREST REDUCTION BENEFIT.**

Eligible borrowers on active military duty may qualify for interest rate reductions greater than reductions already required by federal or state law based on a determination by the director of available benefits. The military interest rate reduction availability and the amount of any reduction is determined quarterly.

Eligible borrowers must request the reduction and provide a copy of active military orders in order to qualify. An available reduction is only effective for dates the borrower is on active duty. Interest reductions, other than reductions required by federal or state law, shall be discontinued without notice for any quarter in which the benefit is unavailable.

**4850.0024 DEFAULTED LOAN REHABILITATION.**

Subpart 1. **Availability.** A defaulted loan rehabilitation option is available for loans which default after June 30, 2008.

Subp. 2. **Exclusions.** A defaulted loan rehabilitation option is not available for loans that have been turned over to a collection entity or that are in default for a second time.

Subp 3. **Rehabilitation deadline.** Rehabilitation must be completed within two years from the default date.

Subp. 4. **Payment in full option.** A defaulted loan is considered rehabilitated if the outstanding balance of the defaulted loan is paid in full to the office within 90 days from the default date.

Subp. 5. **Payment plan option.** A borrower or cosigner may rehabilitate a defaulted loan upon approval by the office of a rehabilitation request signed by the borrower or cosigner and submitted to the office. If the office approves the rehabilitation request, the borrower or cosigner must make 12 monthly on-time payments on the defaulted loan. If the borrower or cosigner fails to make 12 consecutive on-time payments and if there is sufficient time remaining within the maximum two-year rehabilitation period, the borrower or cosigner may submit a second rehabilitation request for approval by the office to make 12 on-time payments. The combined payment amounts must be sufficient so that at the end of the rehabilitation period the loan conforms with the promissory note repayment terms had the loan not defaulted. A payment is considered on time if the payment is received by the office no later than seven calendar days after the agreed upon due date.

Subp 6. **Rehabilitated loan requirement.** Once a loan has successfully been rehabilitated, the remaining balance must be repaid within the original time frame and according to the original terms and conditions of the promissory note.

Subp. 7. **Deletion of default loan status.** Upon completion of the loan rehabilitation, the office shall request deletion of the defaulted loan status from the credit bureaus if deletion is permitted by the credit bureaus. Deletion of the default status is contingent upon approval by the credit bureaus. Any past due reporting to the credit bureaus prior to the default will not be deleted.

**REPEALER.** Minnesota Rules, part 4850.0011, subpart 27, is repealed.

(Form cannot be used for families that will not complete the FAFSA)

If the student meets the following requirements, a FAFSA is not needed.

\_\_\_\_\_ Student applied for financial aid last year and was found to demonstrate little or no financial need. The FAFSA must be completed the first year unless the student is a foreign student, undocumented student or graduate student who would not be eligible for aid.

\_\_\_\_\_ The student's family financial situation has not changed or has not deteriorated since last year.

I, the Financial Aid Administrator, believe that little or no financial need would be found if an application were to be filed this year.

### SELF EXIT

Please read and initial each statement. I have read and discussed the terms of the SELF Loan with the Financial Aid Administrator and I understand the following:

- \_\_\_\_\_ 1. The interest rate will vary quarterly throughout the life of the loan if I selected the variable rate option.
- \_\_\_\_\_ 2. It is my responsibility to notify the loan servicer, Firstmark (to link to the servicer go to [www.selfloan.org](http://www.selfloan.org)) of any updates regarding name, phone number, or address, or if I return to school.
- \_\_\_\_\_ 3. During the Repayment Period my minimum monthly payment on all my SELF Loans is \$50.00. All my SELF Loans must be paid off in accordance with the terms of the promissory note.
- \_\_\_\_\_ 4. **Repayment:**
  - 1) **In School Period:** During the In-School Period, I have been paying interest quarterly that accrued on my loan.
  - 2) **Transition Period:** The Transition Period begins the month after I stop being an In-School Student. It continues for 12 months, unless, I sign the Extended Interest-Option form to continue the Transition Period for another 24 months. During the Transition Period, I will pay accrued interest on my loan each month.
  - 3) **Repayment Period:** The Repayment Period begins at the end of the Transition Period. During the Repayment Period, I will pay monthly installments of principal and interest on my loan.
  - 4) **SELF IV Loans:** All SELF IV Loans begin the Repayment Period no later than 7 years after the first disbursement date on the loan.
  - 5) **SELF V Loans:** All SELF V Loans begin the Repayment Period no later than 9 years after the first disbursement date on the loan.

I have a choice of two repayment options:

- a) The Standard Plan allows up to 1 year of interest only payments followed by monthly interest and principal payments until the loan is paid in full.
- b) The Extended Plan allows up to 3 years of interest only payments followed by monthly interest and principal payments until the loan is paid in full.

### SELF EXIT COUNSELING

1. The interest rate will vary quarterly throughout the life of the loan if I selected the variable rate option.
2. It is your responsibility to notify the loan servicer, Firstmark (toll-free at 1-888-295-0713), of any updates regarding name, phone number, or address, or if you return to school within three years after leaving school and want to return to the in-school status. Firstmark needs to have your current address in order to send monthly bills to you.

To access your SELF information online visit Firstmark's web site:

- Go to [www.firstmarkservices.com](http://www.firstmarkservices.com) (or access through [www.selfloan.org](http://www.selfloan.org))
  - Under **Borrowers** click on **Enter Here**
  - If this is the first time you are accessing your information, you must register. Click on **Register Now**. Complete requested information and click on **Submit**.
  - Log-in to view information on your account or make an online payment:
    - Personal Info
    - Disbursement Info
    - Pending Applications
    - General Loan Info
    - Responsible Parties
    - Payment History
4. During the Repayment Period the minimum monthly payment on all SELF Loans is \$50.00.
  5. **Repayment:**
    - 1) **In School Period:** During the In-School Period, you pay interest quarterly.
    - 2) **Transition Period:** The Transition Period begins the month after you stop being an In-School Student. It continues for 12 months, unless, you sign the Extended Interest-Option form to continue the Transition Period for another 24 months. The Extended Interest-Option form will be sent out by the Servicer before the 12 month Transition Period ends. During the Transition Period, you will pay accrued interest each month.
    - 3) **Repayment Period:** The Repayment Period begins at the end of the Transition Period. During the Repayment Period, you pay monthly installments of principal and interest.
    - 4) **SELF IV Loans:** All SELF IV Loans begin the Repayment Period no later than 7 years after the first disbursement date on the loan.
    - 5) **SELF V Loans:** All SELF V Loans begin the Repayment Period no later than 9 years after the first disbursement date on the loan.

If your loan has not entered a required repayment term, you have a choice of two repayment options:

- a) The Standard Plan allows up to 1 year of interest only payments followed by monthly interest and principal payments until the loan is paid in full.
- b) The Extended Plan allows up to 3 years of interest only payments followed by monthly interest and principal payments until the loan is paid in full.

**SELF COUNSELING**

\_\_\_\_\_  
Borrower Name

\_\_\_\_\_  
Borrower Student ID

Your SELF Loan is a legally binding contract between you and the lender, the Minnesota Office of Higher Education. You need to understand your responsibilities and the consequences if you become delinquent or default on your loan.

**YOUR RESPONSIBILITIES:**

1. You must repay your loan even if you do not complete your program, are unable to find employment, or are dissatisfied with the education you receive.
2. You must notify the Servicer, Firstmark Services (toll-free 1-888-295-0713) if your name, address or phone number changes or if you transfer to another school. If you return to a SELF participating school on at least a half-time basis within three years after leaving school and want to return to the in-school status, contact Firstmark.
4. If you selected a variable rate loan, the interest rate can change every quarter during the life of the loan. If you selected a fixed rate loan, the interest rate will not change.
5. There are no deferments on the SELF Loan.
6. **Repayment:**
  - 1) **In School Period:** During the In-School Period, you need to pay interest quarterly.
  - 2) **Transition Period:** The Transition Period begins the month after you stop being an In-School Student. It continues for 12 months unless you complete the Extended Interest-Option form to continue the Transition Period for another 24 months. During the Transition Period you need to pay interest monthly.
  - 3) **Repayment Period:** The Repayment Period begins at the end of the Transition Period. During the Repayment Period, you need to pay monthly installments of principal and interest. Your minimum monthly payment on all your SELF Loans is \$50.00.
  - 4) **SELF IV Loans:** All SELF IV Loans begin the Repayment Period no later than 7 years after the first disbursement date on the loan.
  - 5) **SELF V Loans:** All SELF V Loans begin the Repayment Period no later than 9 years after the first disbursement date on the loan.
7. Your loan will enter transition if you transfer to a non-member SELF school.

**CONSEQUENCES OF DELINQUENCY AND DEFAULT:**

1. If you fail to make timely payment on your loan, the delinquency and/or default will be reported to a credit bureau for you and the co-signer. This will seriously affect both you and your co-signer's credit rating.
2. The entire unpaid amount of your loan, as well as accrued interest, may become immediately due and payable.
3. Holds may be placed on your future financial aid payments.
4. You and your co-signer's state tax refunds may be seized.
5. Your account may be assigned to a collection agency which will continue to collect the balance due from you and charge collection fees.
6. You may be charged attorney's fees and other costs of collecting your debt.

**I have read this statement along with being counseled by my financial aid office and understand my responsibilities as a borrower and the consequences if I become delinquent or default on my SELF Loan.**

do hereby appoint:

\_\_\_\_\_  
(Print Name) (Address) (City) (State) (Zip)

to act on my behalf.

In my absence, I want the above named individual to:

1. Borrow money on my behalf through the SELF Program by hand signing or electronically signing the SELF Promissory Note;
2. Endorse check(s) made payable to me and to the school by the SELF Program\* (funds may be disbursed electronically instead of by check);
3. Make sure my school account, if any, is credited with the proceeds of the loan;
4. If any proceeds remain after paying school charges, make sure that the school either (check one):  
 keeps any remaining proceeds on account at the school for me, or  
 forwards any remaining proceeds to me.

This power of attorney shall end in the event of my disability.

This power of attorney does not authorize the above named individual to whom I have given power to act on my behalf to transfer my SELF Loan proceeds to himself or herself.

This power of attorney shall end with the disbursement of my last SELF disbursement for the loan period used on the application, or one calendar year after the date written above my signature below, whichever comes first.

In witness of the above statement, I sign my name, this \_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_.

## MN Office of Higher Education Refund Calculation Worksheet

**USE FOR FULL WITHDRAWAL (or drop below minimum enrollment level)**

This form is available in spreadsheet format at: [www.ohs.state.mn.us](http://www.ohs.state.mn.us), Campus Financial Aid Administrator Resources, Program Forms, Spreadsheets & Instructions.

This form should be used to calculate refunds for all state financial aid programs when a student completely withdraws from school or, for the MN State Grant and SELF Loan programs, if the student drops below minimum enrollment level for those programs. (Note: Refunds are never required for the State Work Study program.)

**Student Name:**

**SSN:**

**Did student totally withdraw from school? (enter Yes/No)**

**Date of student withdrawal or change in enrollment level:**

### PART I – DETERMINING AMOUNT OF NET REFUND OF INSTITUTIONAL CHARGES

- A.** Amount of funds (financial aid, cash) applied to the original institutional charges for the period\*, including any post-withdrawal disbursements of Title IV financial aid applied to institutional charges. Include cents. If funds exceed the original institutional charges, enter the amount of original institutional charges only. (The state adopts the definition of institutional charges used for federal Title IV aid programs under 484B of the Higher Education Act of 1965 as amended and 34 CFR 668.22.) **A**
- B.** Subtract amount of original institutional charges the school can retain per its institutional or State-mandated refund policy.\* **B**
- C. = GROSS REFUND OF INSTITUTIONAL CHARGES**  
If gross refund is not greater than zero, then no refund is due state financial aid programs. **C**
- D.** Subtract amount of institutional share of any required refund for Title IV financial aid programs from Step 5 Box O) of Return of Title IV Funds Refund Worksheet. Enter 0 if no Title IV refund is due. **D**
- E. = NET REFUND OF INSTITUTIONAL CHARGES**  
If net refund is not greater than zero, then no refund is due state financial aid programs. **E**

\*If the institution's refund policy is based on the amount of institutional charges the school can retain for the student's entire program, then the amount entered in Box A should be the amount of funds applied to institutional charges to date for the ENTIRE AID YEAR. Otherwise, the amounts in Boxes A and B should represent funds applied and charges retained for the term or payment period.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section III	PAGE App 10
SECTION <b>SELF Loan Program</b>		DATE February 2012	

**PART II – DETERMINING PROPORTIONAL SHARE OF NON-TITLE IV FINANCIAL AID PACKAGE FOR REFUND**

List all non-Title IV financial aid disbursed to the student for the term/payment period (if school charges by term or payment period) or to date for the aid year (if school charges for entire program). Include only programs requiring refunds when a student withdraws from school or drops below minimum enrollment level. For SELF Loans, use the total loan divided by the number of attendance periods in the loan period. Do NOT include work study awards. Clock hour schools should refer to the program manual to calculate an hourly rate for aid disbursed.

Program Name	Amount Disbursed	%	% of Non-Title IV Aid Package <small>(For each program divide amount disbursed by total disbursed)</small>	Refund(s) to State Financial Aid Programs <small>(Multiply Part I, Line E by % of Non-Title IV Aid Package for each program)</small>

7 MN GI Bill	+ \$	x		\$
8	+ \$	x		\$
9	+ \$	x		\$
<b>TOTAL</b>	<b>= \$</b>	<b>=</b>	<b>100.0%</b>	

**WHERE TO RETURN REFUNDS:**

SELF Loan refunds should be returned to: Firstmark Services, PO Box 82522, Lincoln, NE 68501

State Grant and Child Care Grant refunds occurring before the school closes out its activity for the aid year should be placed back in the school's State Grant or Child Care Grant account on campus. Refunds for Achieve Scholarship and MN Indian Scholarship as well as post-closure refunds for State Grant and Child Care Grant should be returned as individual refunds to OHE on the Refund Return Form downloadable from: [www.ohe.state.mn.us](http://www.ohe.state.mn.us), Campus Financial Aid Administrator Resources, Program Forms, Spreadsheets & Instructions. Refunds for other state financial aid programs should also be sent directly to OHE on the Refund Return Form.

## SELF Program Servicing Appeals Process

The servicing of a SELF Loan begins when the first SELF Loan check is disbursed, servicing continues until the loan is paid in full. Firstmark Services (Firstmark) is the loan servicer for the SELF Program. The Minnesota Office of Higher Education (the Agency) pays Firstmark for servicing the SELF Loans. Firstmark is also a servicer for other alternative loan programs. If at any time you, the customer, are not satisfied with the quality of SELF Loan servicing, you are encouraged to voice your concern by contacting Firstmark. Firstmark's telephone numbers are:

SELF Servicing (for concerns on SELF Loans)  
1-888-295-0713

If after calling Firstmark, you are still not satisfied with the response to your concern about your **SELF Loan**, you are encouraged to follow the formal Appeals Process for **SELF Loans**:

1. Send a letter with your concerns to the Agency. The following information needs to be included as part of the appeal:
  - Date
  - Your Name
  - Your Address
  - Your phone number if you can be reached by phone
  - Your Social Security Number
  - The account number you are writing the appeal for
  - Whether you are the borrower or co-signer
  - Summary of the problem with Firstmark
  - Include copies (not originals) of checks, letters or other documentation to support your appeal
  
2. Send your letter to the following address:

Manager, Student Loans  
Minnesota Office of Higher Education  
1450 Energy Park Drive, Suite 350  
St. Paul, Minnesota 55108-5227
  
3. Firstmark and the Agency Appeals Team will jointly review your letter and you should receive a response within three weeks unless additional time is needed for particularly complicated appeals. The response will be from either Firstmark or the Agency depending upon the situation.

It is the Agency's pledge as your lender, to make sure that Firstmark is properly servicing your SELF Loan. If in your estimation, Firstmark is not accurately or courteously handling the servicing of your SELF Loan, the Agency wants to know about it.

## Online Application Checklist

A co-signer is REQUIRED for the SELF Loan.

### Student

- Go to [www.selfloan.org](http://www.selfloan.org) to begin the online application process.
- Complete the online counseling if required by the school.
- Students who have not previously used the online process must set up a New User account.
- Select whether to receive correspondence electronically or by mail. If the student chooses to receive electronic correspondence, all SELF loan bills (including bills for existing loans) will be received via e-mail—they will no longer be mailed.
- Follow the school instructions for completing the Applicant Self-Certification form. If there are no school instructions, you will be notified to complete the Applicant Self-Certification form after the school certifies the loan.
- Enter the co-signer information. Be sure to write down Application Reference ID.

### Co-signer

- After receiving the Application Reference ID from the student or via e-mail, go to [www.selfloan.org](http://www.selfloan.org) to complete co-signer section of the application.
- Co-signers who have not previously used the online process must set up a New User account that is different from the student's.

### Approval Disclosure

- After the SELF Loan Department receives either the electronically-signed application or the hand-signed application, an Approval Disclosure will be sent by mail or e-mail advising the student to login to their online account to view the disclosure.
- Students can accept using one of the following options:
  - Login to your online application to accept the Approval Disclosure.
  - Go to [www.selfloan.org](http://www.selfloan.org), click on Accept Loan. The parti id and note id listed in the disclosure are needed to accept the loan.
  - Call OHE at 651-642-0567 or 1-800-657-3866.

### School Certification

- School certifies the loan after the student has accepted it.

### Applicant Self-Certification

- Students who selected e-correspondence will be notified by e-mail to complete the Applicant Self-Certification.
- Students who did not select e-correspondence will be mailed an Applicant Self-Certification form with the Approval Disclosure. The Applicant Self-Certification form should be completed and returned to the SELF Loan Department.

### Final Disclosure Notice

- After all documentation has been received and the loan is approved, the Final Disclosure Notice will be mailed or e-mailed. The student should review the disclosure; however, no action is needed unless the student wants to cancel the loan. The first disbursement date will be at least two weeks from the date of the disclosure depending on when the term starts.

### **Student Disclosure Statement Required for Schools Not Participating in the Federal Pell Grant Program**

As a postsecondary educational institution that is not participating in the Federal Pell Grant program, we are required by Minnesota Statutes 136A.103 to inform you that, by choosing to attend this institution, you will not be eligible to receive a Federal Pell Grant.

For the 2011-2012 academic year (July 1, 2011 to June 30, 2012), Federal Pell Grants range from \$555 to \$5,550 per year and are available to students who:

1. have an expected family contribution (EFC) less than \$5,273,
2. are U.S. citizens or eligible non-citizens,
3. are enrolled in an eligible undergraduate program at a participating postsecondary institution,
4. are making satisfactory academic progress,
5. are not in default status on a federal student loan, and
6. have not have been convicted of the sale of illegal drugs while receiving federal financial aid.

By signing below, I am confirming that I have read the above disclosure statement and understand that I will not be receiving a Pell Grant at this institution.

## I. Minnesota Indian Scholarship Program (MISP)

### A. Program Objective

1. To provide postsecondary financial assistance to eligible Minnesota resident students who are of one-fourth or more American Indian ancestry and demonstrate financial need for an award.

### B. Eligibility to Participate

#### 1. Postsecondary Institutions

- a. All accredited degree programs in accredited Minnesota colleges or universities; and
- b. courses in accredited Minnesota business, technical or vocational institutions; and
- c. Minnesota colleges that are in candidacy status for obtaining full accreditation and are eligible for and receiving federal financial aid programs; and
- d. Minnesota higher education institutions that have joint programs with other accredited higher education institutions.

#### 2. Student Eligibility

- a. Minnesota resident as defined for state financial aid programs.
- b. One-fourth or more American Indian ancestry.
- c. Has completed the FAFSA and applied for other state and federal scholarship and grant programs.
- d. Meets satisfactory academic progress (SAP) as defined in the ‘Common Definitions’ chapter of this manual.
- e. Demonstrates financial need for an award.
  - i. **Undergraduate students:** must be eligible or would be eligible, as defined below, to receive the Federal Pell Grant or Minnesota State Grant based on the federal needs analysis and have unmet financial need after the Federal Expected Family Contribution (EFC) and all forms of gift aid are subtracted from the Title IV Cost of Attendance.

**Example:** If a student is otherwise eligible for a State Grant but the amount of the calculated award is zero at the student’s enrollment level for each of the terms in the enrollment period, then the student is not considered eligible for the Minnesota Indian Scholarship Program.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 2
SECTION	<b>Indian Scholarship Program</b>		DATE July 2012

- To demonstrate eligibility to receive either Federal Pell Grant or Minnesota State Grant, a student:
  - must receive either a disbursement of Federal Pell Grant or Minnesota State Grant during at least one term of the budget period; or
  - would otherwise be eligible to receive a disbursement of at least the minimum amount of either a Federal Pell Grant or a Minnesota State Grant during at least one term of the budget period at the institution he or she is attending but who will not receive the disbursement because of one or more of the following: has met or exceeded the Federal Pell Grant maximum lifetime eligibility, has met or exceeded the Minnesota State Grant limit on postsecondary attendance, or has a child support hold listed on the State Grant On-Line Hold Report.
- **Note:** Institutions with students who will not receive Federal Pell Grant or Minnesota State Grant during at least one term of the budget period, but would otherwise be eligible, should notify the Agency in order to have the student's record accurately identified in the online database.
- ii. **Graduate students:** must have unmet financial need after the Federal Expected Family Contribution (EFC) and all forms of gift aid are subtracted from the Title IV Cost of Attendance.
- f. Undergraduate students must be enrolled on a three-quarter time basis or more and graduate students must be enrolled at least half time.
- g. Must not be in default on a federal or state student loan or, if in default, has regained eligibility for federal or state student aid.

### **C. Application Process**

1. A complete application must be on file in order for student to be eligible to receive funds.
2. Complete application includes:
  - a. Completed student section of the Minnesota Indian Scholarship Application (See Appendix 1).

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 3
SECTION	<b>Indian Scholarship Program</b>		DATE July 2012

- i. **Preferred method:** student submits application online via the web application available on the Agency's website.
- ii. Institution and tribal scholarship office officials may submit an application via the online institution/tribal official database access on behalf of a student provided the student submitted a paper application that contains the release for institutions and tribal scholarship office to submit application information on a web-based application system on behalf of the student.
- iii. If student submits paper application to the Agency, it will be entered into the application database as of the date it was received.
- b. School Budget Sheet completed online or in paper form by institution and updated if changes to the student's financial aid package occur (see Appendix 1).
  - i. **Preferred method:** Institution submits budget sheet online via the institutional official database access.
  - ii. If institution submits paper budget sheet to MISP, it will be entered into the database as of the date it was received.
  - iii. Institutions ***should not*** submit a School Budget Sheet if a student has not completed the financial aid process at their institution, which includes students who have not submitted a FAFSA or have outstanding verification or conflicting information documentation to submit.
  - iv. Institutions ***should*** submit a School Budget Sheet if a student has completed all of the necessary steps at the institution to receive financial aid ***regardless*** of whether or not the college has established tuition and fees for the upcoming year, has the ability to provide a complete and final budget sheet or can issue an award letter.
  - v. Some estimated information may be submitted on initial School Budget Sheet if the institution is unable to obtain the actual information. For example, if the institution has not established tuition and fees or cost of attendance for the upcoming year, an estimated amount can be used but must be updated with accurate information as soon as possible to ensure awards are calculated accurately for eligible students.
  - vi. Institutions are required to review and update the School Budget Sheet for awarded students before approving the disbursement, at the time of disbursement and after disbursement to ensure students continue to demonstrate financial need.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 4
SECTION	<b>Indian Scholarship Program</b>		DATE July 2012

- c. Verification of the student's one-fourth or more American Indian ancestry.
  - i. Must be submitted or on file with the Agency.
  - ii. Student can submit one or a combination of Certificates of Indian Blood or other documentation that verify a combined blood quantum of one-fourth or more American Indian ancestry.
  - iii. Verification may also be furnished by the tribal enrollment book for Minnesota Chippewa Tribe held by the Agency.
  - iv. Verification may also be provided by tribal offices to the Agency.
  
- 3. Complete applications are ranked in order of completion date.
  - a. If there are multiple applications with identical completion dates, those applications are further sorted by student application receipt date.
  - b. The completion date is the date all documentation needed for a complete application was submitted to the Agency.
  
- 4. Incomplete applications are held pending receipt of additional documentation.
  - a. Follow-up letters are sent to applicants requiring additional documentation.
  - b. Institutions are able to view a list of incomplete applications via the online database.
  - c. Periodically, institutions will receive a reminder if they have incomplete applications missing School Budget Sheets.

#### **D. Award Process**

- 1. Complete applications are ranked in order of completion date.
  - a. If there are multiple applications with identical completion dates, those applications are further sorted by student application receipt date.
  
- 2. Awards are made until all available program funding has been awarded.
  - a. Overawarding of the program appropriation is allowed due to the historical rate of refunds returned for recipients who do not enroll.
  - b. Once funds are initially exhausted, remaining applicants are placed on a waiting list in order of completion date.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 5
SECTION	<b>Indian Scholarship Program</b>		DATE July 2012

3. Awards are determined based on student's unmet financial need based on the following calculation:

<p>Student's Total Cost of Attendance Used for Federal Financial Aid Programs</p> <ul style="list-style-type: none"> <li>- Expected Family Contribution (from FAFSA)</li> <li>- Federal Pell Grant</li> <li>- Federal SEOG Grant</li> <li>- Minnesota State Grant</li> <li>- <u>All other gift aid, including tribal scholarships</u></li> <li>= MN Indian Scholarship Award Amount</li> </ul> <p>(Based on Award Amount Guidelines)</p>
--

- a. Student's Total Cost of Attendance is the Federal Title IV cost of attendance used for federal financial aid programs and includes tuition, fees, books, supplies, transportation, room and board and miscellaneous expenses.
- b. Federal veterans education benefits excluded from estimated financial assistance for the purposes of awarding federal financial aid are also excluded from gift aid for the purposes of awarding MN Indian Scholarship.
4. Award amount guidelines:
- a. **Maximum Award:** \$4,000 per award year for undergraduate students and \$6,000 per award year for graduate students.
5. Annual awards are based on a nine-month academic year and divided into two semester or three quarter installments.
- a. Upon request by the student or institution, the annual award may be divided into three semester or four quarterly installments for students enrolled for a 12-month period.
- b. Summer awards can also be made in cases where the student is not enrolled for all terms of the standard academic year and they have not yet been awarded the annual maximum.
6. Limit on the number of years a student can receive scholarship.
- a. Students are eligible to receive a scholarship for up to five years of study at the undergraduate level and an additional five years of study at graduate/professional level.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 6
SECTION	<b>Indian Scholarship Program</b>		DATE July 2012

- b. Students in certificate, diploma or associates degree programs are eligible to receive the scholarship for no more than three years in order to reserve the remaining two years of undergraduate eligibility for the completion of a bachelor's degree.
  - c. Students may receive the scholarship for only one degree per level and one doctorate or professional degree.
7. Award rosters are available for institutions each time awards are made throughout the year and a listing of all awards will be available to view via the online database. A listing of recipients by tribal affiliation is also available for each tribal scholarship office located in Minnesota and available for viewing via the online database.

### **E. Disbursement Process**

1. Institutions are notified when pending awards are available to view and confirm online.
  - a. Award rosters are available to view on a term by term basis up to 45 days in advance of the term start date indicated on the budget sheet provided by the institution.
  - b. Institutions must review for accuracy and update, if needed, the current budget information for each student on the award roster *before* they verify a student is eligible on the award roster. This is to ensure that the student's award amount is accurate before funds are disbursed.
  - c. Institutions must verify each student's status on award roster before any funds are disbursed to the institution for eligible students.
    - i. For students who are not eligible, the institution must indicate reason for ineligibility.
2. The Agency schedules payment dates for each award indicated as eligible by the institution on the award roster.
3. Awards with scheduled payment dates are available to view on payment rosters via the online database.
4. Funds are transferred to the institution via EFT.
  - a. Institutions can view and print the payment rosters providing supporting documentation or payment amounts via the online database.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 7
SECTION	<b>Indian Scholarship Program</b>		DATE July 2012

5. Institutions may not make a payment to a student for a payment period or term until the student has registered for classes during that payment period or term.
  
6. Institutions are liable for all funds that are disbursed to a registered student prior to the start of the enrollment period if that student fails to begin the enrollment period.
  - a. The institution must reimburse program funds disbursed to the student prior to the start of the enrollment period if the institution cannot document that the student did begin attending classes.
  - b. If an institution posts a payment to a student's account prior to receiving funds from the Agency, the payment posted to the student's account must either be cancelled or adjusted if the student fails to enroll, withdraws or changes enrollment level prior to the institution's receipt of funds from the Agency.
  
7. Disbursements must be based on the student's status as of the date of disbursement or the add/drop date as stated in the institution's catalog, whichever is later.
  - a. If a student withdraws or drops below three-quarter time for undergraduate students or half time for graduate students or fails to meet another program eligibility requirement prior to disbursement, the student may not receive funding for that term.
  
8. If the institution posts a MISP payment to a student's account prior to receipt of MISP funds from the Agency, the payment posted to the student's account must be cancelled if the student fails to enroll, withdraws or reduces his or her enrollment level below three-quarter time for undergraduate students or half time for graduate students prior to the institution's receipt of funds from the Agency, unless the MISP funds are received by the institution within 14 days of posting the payment to the student's account.
  
9. All related disbursement guidelines used for the State Grant program apply to the Minnesota Indian Scholarship program including determination of disbursement date, acceptable methods of disbursement, student authorization for EFT transactions, student account balance requirements and other applicable guidelines described in the 'Disbursement Process' section of the 'State Grant' chapter in the Financial Aid Manual.

## **F. Refund Process**

1. If a recipient fails to enroll or meet a program eligibility requirement, the entire scholarship must be returned to the Agency within 30 days of the receipt of funds at the institution or when the recipient's ineligibility is determined, whichever is later.
  
2. Institutions are required to review and make any necessary updates to the School Budget Sheet throughout the award year for all recipients and, within 30 days of any changes, make any necessary refunds or contact the Agency to determine if funds from one term can be transferred to another term or if a refund is necessary.
  
3. Institutions may retain funds for more than 30 days if the institution has proof that they have contacted the student and the student will start the applicable term at a later date, but must inform the Agency if this occurs.
  
4. If a recipient withdraws or reduces enrollment below three-quarter time for undergraduate students or half time for graduate students:
  - a. before the disbursement and before the end of the drop/add period, then the entire scholarship must be returned to the Agency;
  - b. after the disbursement but before the end of the drop/add period, then the entire scholarship must be returned to the Agency; or
  - c. after the disbursement and after the end of the drop/add period, no refund is required unless student fully withdraws.
  - d. If a student withdraws from a modular or non-term based credit hour program, the point of withdrawal will determine when and if a refund must be made.
    - i. If student begins a term and the institution expects the student to be enrolled at least three-quarter time for undergraduate students or half time for graduate students, the school can disburse the scholarship to the student account.
    - ii. If student withdraws before beginning the ninth credit to be considered three-quarter time for undergraduate students or before being enrolled half time as a graduate student, the entire scholarship must be returned to the Agency within 30 days.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 9
SECTION	<b>Indian Scholarship Program</b>		DATE July 2012

- iii. Once student is considered three-quarter time for undergraduate students or half time for graduate students, the entire scholarship may be retained unless the student fully withdraws.
  - iv. If student fully withdraws after disbursement and after having begun the 9th credit for undergraduate students or after being considered enrolled half time for a graduate student, the Office of Higher Education refund calculation must be used to determine the refund to be returned to the state.
5. If the student fully withdraws after the disbursement of the funds, the Office of Higher Education refund calculation must be used to determine the refund to be returned to the state.
  6. Refunds must be returned with written documentation that, at a minimum, indicates the individual student for which the refund is being made, the amount of the refund, the aid year and term for which the refund should be applied and the reason for refund.
    - a. Institutions may choose to use the Refund Return Form provided by the Agency (Appendix 2).
  7. Refunded money is available for awards to other eligible students on the waiting list.

## **G. State Audit Requirements**

### **1. Records Available for Auditors**

- a. State auditors will periodically visit each participating institution to perform an audit.
- b. The institution has the option of hiring an outside auditing firm to conduct its state audits in conjunction with its audits of federal aid programs. (See ‘Audits’ under the ‘Common Definitions’ chapter of the Financial Aid Manual for further information.)
- c. Each participating institution must establish a procedure by which an audit can be conducted by going to no more than three administrative offices within the institution. In most cases, these will be the Financial Aid Office, the Business Office and the Registrar’s Office, but that choice is made by the institution.
- d. Each institution must maintain and make available to auditors individual student financial aid files for Minnesota Indian Scholarship recipients.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 10
SECTION	<b>Indian Scholarship Program</b>		DATE July 2012

- e. Historical records and documentation must be kept on file for three years after the last day of the fiscal year or until all audit exceptions for the period are resolved.

## 2. Student Eligibility

- a. The institution must have written documentation to support the student's eligibility including, but not limited to, the following:
  - i. The student's enrollment level in an eligible program at date of disbursement or at the end of the add/drop period, whichever is later. The actual documentation, such as a fee statement or transcript, need not be kept at the audit location but must be readily available at the Registrar's Office or other responsible department within the institution; and
  - ii. The student met the other program eligibility requirements described in the 'Eligibility to Participate' section of this chapter with the exception of proof of American Indian ancestry, which is maintained by the Agency.

## 3. Documentation of Refunds

- a. Written documentation supporting individual student refunds to the MISPP must be retained at the institution (i.e., a copy of the calculation worksheet used to calculate the refund and the MN Office of Higher Education Refund Return Form available in Appendix 2).

## 4. Return of Funds

- a. MISPP funds not issued to students must be returned to the Agency within 30 days of the beginning of the academic term or 30 days from the receipt of the funds at the institution, whichever is later.
  - i. Institutions may retain funds for more than 30 days if the institution has proof they have contacted the student and the student will start the applicable term at a later date.
- b. The funds must be returned with the required written documentation indicated in the 'Refund Process' section of this manual.
  - i. Documentation of such refunds must be retained at the institution.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 11
SECTION	<b>Indian Scholarship Program</b>		DATE July 2012

- c. Institutions must be able to identify the date on which the funds were disbursed to the student and the corresponding dollar amount.
- d. Amounts returned to the program must also be documented for individual students (copy of the payment roster with refunds indicated).

**5. Reconciliation**

- a. At a minimum, at the end of each fiscal year, the financial aid office must reconcile its record of MISP disbursements with:
  - i. the Agency's records of MISP disbursements, and
  - ii. the institution's business office records of MISP disbursements.
- b. The Agency strongly encourages financial aid offices to reconcile its record of MISP disbursements with the Agency and institutional business office records monthly and at the end of each term in order to make available any refunded funds for awards to other eligible students on the waiting list.

**136A.126 INDIAN SCHOLARSHIPS.**

Subdivision 1. **Student eligibility.** The director of the Office of Higher Education shall establish procedures for the distribution of scholarships to a Minnesota resident student as defined under section 136A.101, subdivision 8, who:

- (1) is of one-fourth or more Indian ancestry;
- (2) has applied for other existing state and federal scholarship and grant programs;
- (3) is meeting satisfactory academic progress as defined under section 136A.101, subdivision 10;
- (4) is not in default, as defined by the office, of a federal or state student educational loan;
- (5) if enrolled in an undergraduate program, is eligible or would be eligible to receive a federal Pell Grant or a state grant based on the federal needs analysis and is enrolled for nine semester credits per term or more, or the equivalent;
- (6) if enrolled in a graduate program, demonstrates a remaining financial need in the award amount calculation and is enrolled, per term, on a half-time basis or more as defined by the postsecondary institution; and
- (7) in the opinion of the director of the Office of Higher Education, based upon postsecondary institution recommendations, has the capabilities to benefit from further education.

Subd. 2. **Eligible programs.** Scholarships must be for accredited degree programs in accredited Minnesota colleges or universities or for courses in accredited Minnesota business, technical, or vocational schools. Scholarships may also be given to students attending Minnesota colleges that are in candidacy status for obtaining full accreditation, and are eligible for and receiving federal financial aid programs. Students are also eligible for scholarships when enrolled as students in Minnesota higher education institutions that have joint programs with other accredited higher education institutions.

Subd. 3. **Cost of attendance.** The total cost of attendance shall include tuition and required fees charged by the institution and the campus-based budget used for federal financial aid for food, housing, books, supplies, transportation, and miscellaneous expenses.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 2
SECTION	<b>Indian Scholarship Program</b>		DATE May 2010

Subd. 4. **Award amount.**

- (a) Each student shall be awarded a scholarship based on the federal need analysis. Applicants are encouraged to apply for all other sources of financial aid. The amount of the award must not exceed the applicant's cost of attendance, as defined in subdivision 3, after deducting:
- (1) the expected family contribution as calculated by the federal need analysis;
  - (2) the amount of a federal Pell Grant award for which the applicant is eligible;
  - (3) the amount of the state grant;
  - (4) the sum of all federal Supplemental Educational Opportunity Grant, federal Academic Competitiveness Grant, and federal Science and Mathematics Access to Retain Talent Grant (SMART Grant) awards;
  - (5) the sum of all institutional grants, scholarships, tuition waivers, and tuition remission amounts;
  - (6) the sum of all tribal scholarships;
  - (7) the amount of any other state and federal gift aid; and
  - (8) the amount of any private grants or scholarships.
- (b) The award shall be paid directly to the postsecondary institution where the student receives federal financial aid.
- (c) Awards are limited as follows:
- (1) the maximum award for an undergraduate is \$4,000 per academic year;
  - (2) the maximum award for a graduate student is \$6,000 per academic year; and
  - (3) the minimum award for all students is \$100 per academic year.
- (d) Scholarships may not be given to any Indian student for more than three years of study for a two-year degree, certificate, or diploma program or five years of study for a four-year degree program at the undergraduate level and for more than five years at the graduate level. Students may acquire only one degree per level and one terminal graduate degree. Scholarships may not be given to any student for more than ten years including five years of undergraduate study and five years of graduate study.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 3
SECTION	<b>Indian Scholarship Program</b>		DATE May 2010

**Subd. 5. Awarding procedure.**

- (a) Awards must be made on a first-come, first-served basis in the order complete applications are received. If there are multiple applications with identical completion dates, those applications are further sorted by application receipt date.
- (b) Awards are made to eligible students until the appropriation is expended.
- (c) Applicants not receiving a grant and for whom the office has received a completed application are placed on a waiting list in order of application completion date.

### PROGRAM INFORMATION

The Minnesota Indian Scholarship Program provides postsecondary financial assistance to eligible Minnesota resident students who are of ¼ or more American Indian ancestry and demonstrate financial need for an award. Eligible students must be attending eligible accredited institutions in Minnesota. Scholarships are available to eligible undergraduate students enrolled at least ¾ time and graduate students enrolled at least half time who are meeting Satisfactory Academic Progress (SAP) requirements as defined by the institution and have completed a Free Application for Federal Student Aid (FAFSA) and applied for other state and federal scholarship and grant programs. Students are eligible to receive a scholarship for up to five years of study at the undergraduate level (limited to 3 years of funding for students in less than 4-year programs) and an additional five years of study at the graduate level and may receive the scholarship for only one degree per undergraduate educational level and one terminal degree. The award amount is based on need up to \$4,000 per year for undergraduate students and up to \$6,000 for graduate students. Scholarships are awarded on a ‘first come – first served’ basis based on the date your **complete** application is received at the MISP office at the address listed above or via an online application.

### COMPLETE APPLICATION CHECKLIST

In order for your application to be considered **complete** once received at the MISP office, your application must include the following:

- The name of the college and the campus location, if applicable, that you plan to attend or are already attending
- A complete mailing address, to ensure that we can correspond with you
- A complete budget sheet completed by a school official in the financial aid office at your college (college may submit online)
- Documentation of ¼ American Indian ancestry showing blood quantum must accompany the application unless you have applied for the MISP before and it was submitted with your previous application
- Student signature and date

### PRIORITY DEADLINE CONSIDERATION

Priority deadline is **July 1<sup>st</sup>**. In order to be considered for priority funding you must:

- Step 1: Complete a Free Application for Federal Student Aid (FAFSA) at [www.fafsa.ed.gov](http://www.fafsa.ed.gov)
- Step 2: Complete student section of attached Minnesota Indian Scholarship Program Application
- Step 3: Request college financial aid office to complete school budget section of application in paper or online
- Step 4: Submit complete application, including student section and school budget section, to the MISP at the address listed
- Step 5: If applying for tribal scholarship, submit copy of completed MISP application to tribal scholarship office

### IMPORTANT INFORMATION

- Scholarships are awarded on a ‘first come – first served’ basis based on the date your **complete** application is received at the MISP office at the address listed above or via an online application.
- If we require additional information, we will contact you via U.S. mail and/or your submitted email address.
- We make every attempt to contact you in regards to your application status via U.S. Mail and/or email, but if it is returned with no forwarding address, notification is sent to your college and will remain as the only notification.
- It is **YOUR** responsibility to contact us if you have a change of address or other information.
- It is **YOUR** responsibility to get **ALL** requested information to us as soon as you can, as delays may result in lack of funding.
- Registering on the **FIRST** day of class may result in a lack of funding or delayed disbursement of your MISP award if your college has to recalculate your budget.
- Undergraduate students must be registered for ¾ time or more and graduate students at least half time. Applications will not be considered for students not registered at the required enrollment level.
- We recommend that you apply for a tribal scholarship as soon as possible.
- We recommend that you contact your college financial aid office after you have submitted your MISP application to ensure that all the required documentation has been received.

## Minnesota GI Bill Program

### A. Program Objective

1. The objective of the program is to provide postsecondary financial assistance to eligible Minnesota veterans and to the children and spouses of deceased or severely disabled eligible Minnesota veterans.

### B. Eligibility to Participate

#### 1. Postsecondary Institutions

- a. All public postsecondary institutions that are eligible to participate under Minnesota Statutes 136A.101, Subd. 4 and Agency Rules 4830.0300 are required to participate.
- b. Private postsecondary institutions that are eligible to participate under Minnesota Statutes 136A.101, Subd. 4 and Agency Rules 4830.0300 are encouraged to participate.
- c. **Note:** Graduate schools licensed or registered with the state of Minnesota serving only graduate students are also eligible.
- d. Each institution must also sign an institutional agreement with the director.

#### 2. Student Eligibility

- a. Institutions must verify the student is eligible for the Minnesota GI Bill.
- b. **Military Service Eligibility Requirements:** Institution must first determine if student is an eligible veteran, non-veteran, dependent child or spouse based on the following criteria:
  - i. **Eligible Veteran**
    - He or she is a veteran who is serving or has served honorably in any branch or unit of the United States armed forces at any time on or after September 11, 2001.
    - For purposes of this program, a veteran is a (see MN Statutes 197.447 and MN Statutes 197.791):
      - service member who was discharged/released under any condition other than dishonorable after serving on active duty for 181 consecutive days; or
      - service member who was discharged/released under any condition other than dishonorable due to a disability incurred while on active duty; or

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 2
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

- service member who has served on active duty for 90 days or more in a foreign country during a ‘time of hostilities’ in that country; or
- been awarded any of the following medals:
  - Armed Forces Expeditionary Medal,
  - Kosovo Campaign Medal,
  - Afghanistan Campaign Medal,
  - Iraq Campaign Medal,
  - Global War on Terrorism Expeditionary Medal, or
  - any other campaign medal authorized for service after September 11, 2001; or
- service member who received a service related medical discharge during any period of service in a foreign country during a ‘time of hostilities’ in that country.
- **Documentation Required:** To document eligibility, institutions must have on file a Member-4 copy of the veteran’s DD214 or other separation documentation showing the veteran served on or after September 11, 2001, and meets the definition of ‘Eligible Veteran.’
  - MN Statutes 197.447 and 197.791 indicate the veteran’s DD214 (Member-4 Copy) or other separation documentation should reflect he or she was discharged or released under honorable conditions. For the purposes of this program, this includes any condition other than “dishonorable.”
  - If service members served less than 181 consecutive days, the DD214 should document the service member served in a foreign country during a ‘time of hostilities’ in that country or list one of the eligible medals.
  - **Note:** If a student has 181 consecutive days of active duty, the student’s active duty service does *not* have to be for purposes other than training.
- Also, the veteran is likely to be receiving benefits under the Federal GI Bill program or other federal military or veterans education benefits program. If the veteran is not receiving military or veterans education benefits, the reason should be noted.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 3
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

- **Note:** Students can choose to defer receipt of Federal GI Bill benefits and, if this is the case, it should be noted for MN GI Bill but does not have to be in written format from the student.

ii. **Eligible Non-Veteran**

- He or she is a non-veteran who has served honorably for a total of five years or more cumulatively as a member of the Minnesota National Guard or any other active or reserve component of the United States armed forces and any part of that service occurred on or after September 11, 2001.
- **Documentation Required:** To document eligibility, institutions must have on file official military documentation confirming the student has served five years or more cumulatively as a member of the Minnesota National Guard or any other active or reserve component of the United States armed forces with some part of that service having occurred on or after September 11, 2001.
  - Student may provide institution with a letter, memo or other official documentation from the military. Student may provide a DD214 or other separation document; however, it is not required and, in most cases, not sufficient by itself to confirm student has completed the required military service to be an eligible non-veteran.
- If the student is not receiving federal military or veterans education benefits, the reason should be noted.
- **Note:** The student does *not* have to be currently serving to be eligible and multiple periods of service can be combined to total five or more years of cumulative service, provided at least one day of that cumulative service is on or after September 11, 2001.

iii. **Eligible Dependent Child or Spouse**

- The student is the surviving spouse or child of a person who has served in the military at any time on or after September 11, 2001, and who has died as a direct result of that military service; or
- The student is the spouse or child of a person who has served in the military at any time on or after September 11, 2001, and who has a total and permanent

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 4
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

service-connected disability as rated by the United States Veterans Administration.

o “Child” means a natural or adopted child of the veteran (MS 197.75 Subdivision 1, Part d).

- **Documentation Required:** To document eligibility, institutions must have on file a Member-4 Copy of the veteran’s DD214 or other official documentation showing his or her service was on or after September 11, 2001. In addition, institution must have on file documentation the student is receiving or is eligible to receive Federal Survivors & Dependents Assistance (Chapter 35), Post 9/11 GI Bill (Chapter 33) transferred due to the death or total and permanent disability of the veteran or other federal education benefits available to eligible dependent children and spouses.
  - o If student is not receiving benefits under Chapter 35 or Chapter 33 due to the death or total and permanent disability of the veteran, the reason should be noted and additional documentation regarding the veteran’s status must be provided to institution.

c. **Additional Eligibility Requirements**

- i. **Minnesota Residency:** The student (veteran, spouse or child) must also meet the definition of Minnesota resident as defined in the ‘Common Definitions’ chapter of this manual.
- ii. An undergraduate or graduate student at an eligible participating institution.
- iii. Maintaining satisfactory academic progress as defined by the institution for students participating in federal Title IV programs.
- iv. Enrolled in an education program leading to a certificate, diploma or degree at an eligible institution. For definition of a “Certificate Program,” see the ‘Common Definitions’ chapter of this manual.
- v. Has applied for the Minnesota GI Bill prior to the end of the academic term for which the assistance is being requested.
  - The eligible student may receive funds from the Minnesota GI Bill if he or she has applied prior to the last date of the term as stated in the institutions’ catalogs.
- vi. The student (veteran, spouse or child) must apply each fiscal year.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 5
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

- vii. Is in compliance with child support payment requirements under section 136A.121, subdivision 2, clause (5). Institutions can view the applicant's hold status on the State Grant Web Access Screen to check for child support compliance.
  - viii. All students, undergraduate and graduate, must have completed the Free Application for Federal Student Aid (FAFSA).
- d. **Ineligibility**
- i. A person's eligibility terminates when the person becomes eligible for benefits under section 135A.52, which means a person who has reached 62 years of age before the beginning of any term, semester or quarter in which a course of study is pursued.

## C. Application Process

### 1. Student Application

- a. An eligible student may receive funds from the Minnesota GI Bill if he or she applied before the end of the term as stated in the institutions' catalogs.
  - i. Application does not have to be complete, just submitted before the end of the term.
  - ii. Institution may retroactively award MN GI Bill back to the academic term in which the student first applied if the application becomes complete at a later date.
- b. The student (veteran, non-veteran, spouse or child) must apply each fiscal year.
- c. Applications can be submitted online via the Agency's online application or submitted in paper form to the institutions or the Agency.
- d. Complete application includes:
  - i. student application,
  - ii. required documentation for service member, and
  - iii. FAFSA completion and other documentation related to state financial aid eligibility, including documentation of Minnesota resident status and any required documentation related to the federal verification process.
- e. If an incomplete application is received by the institution with insufficient documentation, the student must be notified within 30 days of receipt of the application that the application is pending and include a list of the required documentation needed in order to determine eligibility.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 6
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

- f. If an application becomes complete before the end of the last term of the award year, student can receive benefits retroactively back to the term in which the student submitted application.
- g. If a complete application is received, the institution must notify the student of their eligibility or ineligibility within 30 days of the receipt of the application.
- h. If a complete application is received prior to the beginning of the award year/fiscal year, the institution must notify the student of their eligibility or ineligibility within 30 days of the beginning of the award year/fiscal year.

#### D. Award Calculation

1. Each eligible student shall be awarded on a funds-available basis an amount based on the following calculation (see Minnesota Statutes 197.791 Subdivision 5):

Student's Minnesota GI Bill Cost of Attendance (COA) - Federal Pell Grant - Minnesota State Grant - <u>All Federal VA or Military Educational Benefits</u> = Minnesota GI Bill Award Amount (based on guidelines)
--

2. The Minnesota GI Bill cost of attendance (COA) is defined as:
  - a. **Undergraduate Students:** 1.2 times the recognized State Grant cost of attendance for the institution using the program level and enrollment level of the student (see MS 136A.121, subdivision 6).
    - i. Using State Grant budget for degree program in which student is enrolled (four-year or less than four-year program).
    - ii. Prorated using the actual number of credits for which the student is enrolled (1-15).
  - b. **Graduate Students:** 1.2 times the maximum recognized State Grant cost of attendance for a four-year program.
    - i. Using maximum budget for a student enrolled in a four-year program.
    - ii. Prorated using the actual number of credits for which the student is enrolled (1-8).
    - iii. **Note:** Full-time and part-time enrollment levels for graduate students are still defined by the institution.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 7
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

3. To determine student's remaining need, subtract from the MN GI Bill COA the amount the student received or will receive in that semester or term from:
  - a. the Federal Pell Grant;
  - b. the Minnesota State Grant Program; and
  - c. any federal military or veteran's educational benefits, including but not limited to:
    - i. the Montgomery GI Bill (Chapter 30),
    - ii. Post 9/11 GI Bill (Chapter 33) including funds received by institution for tuition and fees as well as any stipend received by student for housing, books and supplies,
    - iii. GI Bill Kicker,
    - iv. federal tuition assistance program,
    - v. vocational rehabilitation benefits including funds received by institution and any stipend received by student as part of the education benefit, and
    - vi. any other federal education benefits associated with the person's status as a veteran or the spouse or child of a veteran.
  - d. **Exceptions:**
    - i. Veteran's disability payments from the United States Veterans Administration should not be subtracted.
    - ii. State veterans or military benefits, including state tuition reimbursement, should not be subtracted.
  
4. The remainder is the per term amount of the award within the following guidelines.
  - a. **Undergraduate Students**
    - i. Students taking 12 credits or more for a semester or term are considered full-time and the maximum award per semester or term is \$1,000.
    - ii. Students taking fewer than 12 credits are considered part-time and the maximum award per semester or term is \$500.
    - iii. May not receive more than \$3,000 per award/fiscal year and no more than \$10,000 during their lifetime.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 8
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

- b. **Graduate Students**
- i. A student considered full-time by the institution is considered full-time regardless of the number of credits for which he or she is enrolled and the maximum award per semester or term is \$1,000.
  - ii. A student considered part-time by the institution is considered part-time regardless of the number of credits for which he or she is enrolled and the maximum award per semester or term is \$500.
  - iii. May not receive more than \$3,000 per award/fiscal year and no more than \$10,000 during their lifetime.
- c. Minimum award per semester or term is \$50.
5. **Determining the Amount of Monthly Federal Benefits Per Semester or Term**
- a. To determine the amount of federal education benefits a student received or will receive for the semester or term, institutions should use the monthly rate provided by the VA certifying official or other VA documentation.
    - i. Institutions may use any *reasonable* method of determining the number of months or weeks in the semester or term when determining the total amount of benefits a student received or will receive in the term in which the award is being calculated.
    - ii. In general, institutions can use 4.5 months for semesters and 3 months for quarters but should subtract from this total an estimate of benefits a student will not receive for any break periods between terms.
      - For example, if a student is enrolled in a semester program (fall and spring) with a three-week break between each semester and is eligible to receive a monthly benefit of \$1,000, the institution can estimate the student will receive \$4,125 in federal benefits each semester. To arrive at this total, institutions may:
        - multiply the monthly benefits by nine months for a beginning total of \$9,000, then
        - determine amount of benefits the student would have received for break period by multiplying the monthly amount of \$1,000 by .75 or 3/4 to equal \$750, then

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 9
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

- subtract \$750 from \$9,000 to equal \$8,250 for the total estimated benefits for a nine-month academic year, and
  - divide \$8,250 by 2 to equal \$4,125 for the estimated benefits received for semester.
- iii. In some cases where institutions have semesters or terms that vary in length or are combined with interim terms, institutions may use any *reasonable* method of determining the number of months or weeks in the semester or term but should subtract from this total an estimate of benefits a student will not receive for any break periods between terms.
- For example: If an institution uses a 4-1-4 calendar (fall-interim-spring) and a student is enrolled or expected to enroll during the interim term, the institution may choose to use four months when determining the number of months to attribute to the fall semester and five months for the spring semester. In this case, the institution should combine the number of credits the student is enrolled for the interim term with the number of credits the student is enrolled in for the spring semester when calculating the number of credits to use in the award calculation for the spring semester.
  - Institutions may also choose to follow the same method for prorating the federal cost of attendance used at the institution but should subtract from this total an estimate of benefits a student will not receive for any break periods between terms.
- b. If an institution participates in the Yellow Ribbon Program as part of the Federal Post 9/11 GI Bill, the amount contributed by the institution is *not* to be included in the calculation.
- c. Effective July 1, 2009, Federal Veterans educational benefits are no longer considered estimated financial assistance when used to determine eligibility for federal financial aid. This change does *not* affect the MN GI Bill calculation. Therefore, as stated by law, *all* federal military and veterans benefits received by the student must be included in the MN GI Bill benefit amount calculation.
- d. **Important Note:** Beginning August 1, 2011, break or interval pay is no longer payable under any education benefit administered by the Federal Veterans Administration.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 10
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

- e. Institutions must confirm with the VA certifying official at their institution to accurately calculate the estimated amount of federal education benefits a student is receiving during the academic year.

#### 6. **Documentation of Military and Veterans Benefits**

The institution is responsible for verifying the amounts received in federal military and veteran’s benefits used in the award calculation.

- a. Verification can be obtained from several sources including, but not limited to, the VA certifying official on campus, access to the Veterans Affairs VA ONCE system or a record of payments to the student’s account.
- b. The amounts listed on student application are *not* sufficient to provide verification and is intended to assist institutions in determining what benefits a student may be receiving.

#### 7. **Summer or Crossover Terms**

- a. Students may apply for and receive funding up to the maximum annual award amount of \$3,000. Therefore, it is highly likely some students will be eligible for funding for three full-time terms.
- b. It is likely students may be eligible to receive funding in a term that overlaps fiscal or financial aid award years. Such terms are referenced to as “crossover” terms.
  - i. If a term does not overlap two award/fiscal years, it must be paid from the award/fiscal year in which it occurs.
- c. When a crossover term overlaps fiscal years, the State Grant cost of attendance, need analysis, laws, rules and policies in place for the fiscal year from which funding is drawn must be applied when calculating the award.
- d. When a crossover term overlaps two fiscal years (begins before and ends after July 1), funding may come from either fiscal year. The institution may decide from which award/fiscal year to award funds on a student-by-student basis.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 11
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

### **E. Recalculation of Award**

1. If student receives, or is expected to receive, additional Federal Veterans benefits not anticipated in the original calculation, the institution must recalculate the current award as well as any subsequent awards.
  - a. **Note:** Federal VA benefit monthly award amounts are often updated on October 1 and on January 1 of each year.
    - i. If a semester or term award is calculated or recalculated prior to change in the monthly benefit amounts, the institution can calculate the award based on the previous benefit amounts and is not required to recalculate the award.
    - ii. If a semester or term award is calculated or recalculated after the change in the monthly benefit amounts, the institution must calculate the award based on the current year (updated) benefit amounts.
  
2. The institution is not required to adjust or recalculate the award of a student who drops or adds courses after the institution's drop/add period unless:
  - a. the student receives a form of veteran's benefits not included in the original award calculation; or
  - b. the student fully withdraws.
    - i. If student fully withdraws, the Office of Higher Education refund calculation must be used to determine the refund to be returned to the state.
  
3. Institutions may, but are not required to, adjust or recalculate the award of a student who does not fully withdraw but adds or drops courses after the add/drop period if the student will be eligible for an increased benefit amount due to the change in enrollment.
  
4. The institution must recalculate if EFC changes affecting the student's eligibility for Pell or State Grant occur during a term and for all subsequent terms.

### **F. Disbursement Process**

1. Funds must be disbursed for the academic year from which funds are generated.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 12
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

2. Disbursements must be based on the student's status as of the date of disbursement or the institution's add/drop date for the semester or term, whichever is later, such that if a student fails to meet any program eligibility requirement prior to disbursement, the student may not receive funding for that semester or term.
  
3. An institution may not make a payment to a student for a payment period or period of enrollment, as applicable, until the student is registered for classes for that period.
  
4. The institution is liable for all funds that are disbursed to a registered student prior to the start of the enrollment period if that student fails to begin the enrollment period.
  - a. The institution must reimburse program funds disbursed to the student prior to the start of the enrollment period if the institution cannot document the student began attending classes.
  - b. If an institution posts a payment to a student's account prior to receiving funds from the Agency, the payment posted to the student's account must either be cancelled or adjusted if the student fails to enroll, withdraws or changes enrollment level prior to the institution's receipt of funds from the Agency.
  
5. All other related disbursement guidelines used for the State Grant program apply to the Minnesota GI Bill including determination of disbursement date, acceptable methods of disbursement, student authorization for EFT transactions, student account balance requirements and other applicable guidelines described in the 'Disbursement Process' section of the 'State Grant' chapter in the Financial Aid Manual.

## **G. Refund Process**

1. **Refunds During the Award/Fiscal Year**
  - a. If the student fully withdraws, the Office of Higher Education refund calculation must be used to determine the refund amount and can be returned to the allocation available at the institution for other eligible students.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 13
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

## 2. Refunds After the Award/Fiscal Year Has Ended

- a. Refer to the Excess Funds section below.

## H. Procedures for Denial/Termination or Appeal

### 1. Denial/Termination

- a. The institution must notify the student of their ineligibility within 30 days of the receipt of a complete application.
- b. If a complete application is received prior to the beginning of the award/fiscal year, the institution must notify the student of their ineligibility within 30 days of the beginning of the award year/fiscal year.
- c. Institutions must provide the student with a letter indicating the reason(s) for ineligibility or termination or can use the Denial/Termination Template provided in the appendix.

### 2. Appeal

- a. An applicant may appeal the denial in writing to the commissioner/director at any time.
- b. The commissioner/director must rule on any application or appeal within 30 days of receipt of all documentation the commissioner requires.
- c. The decision of the commissioner/director regarding an appeal is final.
- d. An applicant whose initial appeal has been rejected may submit an additional appeal in writing at any time that the applicant is able to provide substantively significant additional information regarding eligibility for the program.
- e. An approval of an applicant's eligibility following an appeal by the applicant is not retroactively effective for more than one year or the semester or term of the student's original application, whichever is later.

## I. Allocation/Reallocation of Minnesota GI Bill Funds

### 1. Allocations

- a. Initial allocation amounts may be based on an estimated number of veterans attending the institution, the number of eligible students or prior year usage.
- b. Institutions will be asked prior to the initial allocation to complete a request to participate and to estimate the amount of Minnesota GI Bill funds needed.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 14
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

- c. Institutions will be notified of the expected initial allocation prior to the distribution of funds.
- d. Participating institutions may receive 50 percent of their initial annual allocation in late September or early October and the remaining 50 percent in January.

## 2. **Reallocation**

- a. Institutions may request additional funds if the initial allocation does not cover its anticipated need for the current fiscal year.
- b. In late fall, institutions will be asked if any adjustments need to be made to the scheduled January allocation amount if it exceeds their need for funds.
- c. If institutions reduce the scheduled January allocations, those funds will be reallocated to institutions that need additional funding.
- d. Reallocation and refund requests from the Agency will be emailed to institutions on a regular basis to ensure funds are being awarded and disbursed to students' accounts throughout the fiscal year.

## **J. Management of Funds**

### 1. **Accountability for Funds**

- a. Each participating institution is accountable for all Minnesota GI Bill funds disbursed to students.
- b. Funds may be used only during the fiscal year of allocation.
- c. The institution must implement procedures and controls to ensure proper accountability.
- d. The institution must ensure disbursement records submitted to the Agency via the online application database accurately represent disbursements made to eligible students during the award/fiscal year.
- e. The institution may subcontract for the administration of the program, but this does not relieve the institution's responsibility for proper administration.
- f. When Minnesota GI Bill funds are received from the Agency, the institution may either deposit the funds in a separate account or combine the funds with other institutional funds.
  - i. A separate account is preferable.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 15
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

- ii. If combined with other institutional funds, a fund source number must be traceable to all activity within the account.
- g. Each institution must institute control procedures such as the establishment of new account numbers at the beginning of a new fiscal year to ensure that funds from one fiscal year are not carried over to the next fiscal year and that a deficit is not covered by funds from a following fiscal year.

## 2. **Excess Funds**

- a. Excess funds are those funds that will not be disbursed to eligible students.
- b. The business office must keep the financial aid office regularly informed (monthly or bi-monthly reports are recommended) of the balance in the account so the financial aid administrator can determine whether Minnesota GI Bill spending is expected to exceed or fall short of the amount of funds allocated to the institution.
- c. The financial aid office must ensure all disbursements submitted in the online application database accurately represent disbursements made to eligible students during the award/fiscal year.
- d. The Agency will periodically request information regarding the use of funds during the award/fiscal year.
- e. Excess funds should be returned to the Agency within 30 days of any refund request or by the refund date indicated in the request from the Agency.
- f. Returned funds may be used by the Agency to reallocate funds to other eligible institutions.
- g. Institutions must return all excess funds at the end of the award/fiscal year to the Agency no later than August 31 to allow institutions the opportunity to award eligible students for a summer crossover term.

## 3. **Reconciliation**

- a. At a minimum, at the end of each fiscal year, the financial aid office must reconcile its record of MN GI Bill disbursements with:
  - i. the Agency's record of MN GI Bill disbursements, and
  - ii. the institution's business office records of MN GI Bill disbursements.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 16
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

- b. The Agency strongly encourages financial aid offices reconcile its record of MN GI Bill disbursements with the Agency and institutional business office records monthly and at the end of each term.

## **K. State Reports and Data Collection**

1. Participating institutions must correctly complete and submit the following forms and reports by the applicable deadline dates, if requested:
  - a. Institutional Request for Participation, and
  - b. Reallocation/Refund Request, and
  - c. End of Year Report and supplements.
2. Each institution must maintain accurate and current records for every participating student.
3. In order to evaluate the effectiveness of the program, the institution may be asked collect demographic, educational and financial data specified by the Agency from eligible students.
4. Upon request, the institution must provide documentation of the amount of federal military or veterans benefits received by eligible students and used in calculating the benefit amount described in the ‘Award Calculation’ section of this chapter.
5. Upon request, the institution must also report information about students who received awards and students who were denied awards.
6. An institution’s allocation for the next aid year shall be withheld if a deadline date is not met or if a report is incomplete or incorrectly completed and must be returned to the institution for correction and re-submission to the Agency.

## **L. State Audit Requirements**

1. **Records Available for Auditors**
  - a. State auditors will periodically visit each participating institution to perform an audit.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE # 17
SECTION	<b>Minnesota GI Bill Program</b>		DATE July 2012

- b. The institution has the option of hiring an outside auditing firm to conduct its state audits in conjunction with its audits of federal aid programs. (See ‘Audits’ under ‘Common Definitions’ chapter for further information.)
  - c. Each participating institution must establish a procedure by which an audit can be conducted by going to no more than three administrative offices within the institution. In most cases, these will be the Financial Aid Office, the Business Office and the Registrar’s Office, but that choice is made by the institution.
  - d. Each institution must maintain and make available to auditors, individual student financial aid files for Minnesota GI Bill recipients.
  - e. Historical records and documentation must be kept on file for three years after the last day of the fiscal year or until all audit exceptions for the period are resolved.
- 2. Student Eligibility**
- a. The institution must have written documentation to support the student’s eligibility including, but not limited to, the following:
    - i. The student’s enrollment level in an eligible program at the time of the award disbursement. The actual documentation, such as a fee statement or transcript, need not be kept at the audit location but must be readily available at the Registrar’s Office or other responsible department within the institution; and
    - ii. The student met the other program eligibility requirements described in the ‘Eligibility to Participate’ section of this chapter; and
    - iii. The amount of federal military and veterans educational benefits received by eligible students and used in calculating the benefit amount described in the ‘Award Calculation’ section of this chapter.
- 3. Documentation of Refunds**
- a. Written documentation supporting individual student refunds to the Minnesota GI Bill must be retained at the institution (i.e., a copy of the calculation worksheet used to calculate the refund).

#### **Subdivision 1. Definitions.**

- (a) The definitions in this subdivision apply to this section.
- (b) “Commissioner” means the commissioner of veterans affairs, unless otherwise specified.
- (c) “Cost of attendance” for undergraduate students has the meaning given in section 136A.121, subdivision 6, multiplied by a factor of 1.2. Cost of attendance for graduate students has the meaning given in section 136A.121, subdivision 6, multiplied by a factor of 1.2, using the tuition and fee maximum established by law for four-year programs. For purposes of calculating the cost of attendance for graduate students, full time is eight credits or more per term or the equivalent.
- (d) “Child” means a natural or adopted child of a person described in subdivision 4, paragraph (a), clause (1), item (i) or (ii).
- (e) “Eligible institution” means a postsecondary institution under section 136A.101, subdivision 4, or a graduate school licensed or registered with the state of Minnesota serving only graduate students.
- (f) “Program” means the Minnesota GI Bill program established in this section, unless otherwise specified.
- (g) “Time of hostilities” means any action by the armed forces of the United States that is recognized by the issuance of a presidential proclamation or a presidential executive order in which the armed forces expeditionary medal or other campaign service medals are awarded according to presidential executive order, and any additional period or place that the commissioner determines and designates, after consultation with the United States Department of Defense, to be a period or place where the United States is in a conflict that places persons at such a risk that service in a foreign country during that period or in that place should be considered to be included.
- (h) “Veteran” has the meaning given in section 197.447. Veteran also includes a service member who has received an honorable discharge after leaving each period of federal active duty service and has:
  - (1) served 90 days or more of federal active duty in a foreign country during a time of hostilities in that country; or
  - (2) been awarded any of the following medals:
    - (i) Armed Forces Expeditionary Medal;
    - (ii) Kosovo Campaign Medal;
    - (iii) Afghanistan Campaign Medal;
    - (iv) Iraq Campaign Medal;

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 2
SECTION <b>GI Bill Program</b>	DATE May 2008		

- (v) Global War on Terrorism Expeditionary Medal; or
- (vi) any other campaign medal authorized for service after September 11, 2001; or
- (3) received a service-related medical discharge from any period of service in a foreign country during a time of hostilities in that country.

A service member who has fulfilled the requirements for being a veteran under this paragraph but is still serving actively in the United States armed forces is also a veteran for the purposes of this section.

Subd. 2. **Program established.** The Minnesota GI Bill Program is established to provide postsecondary educational assistance to eligible Minnesota veterans and to the children and spouses of deceased and severely disabled Minnesota veterans.

The commissioner, in cooperation with eligible postsecondary educational institutions, shall administer the program for the purpose of providing postsecondary educational assistance to eligible persons in accordance with this section. Each public postsecondary educational institution in the state must participate in the program and each private postsecondary educational institution in the state is encouraged to participate in the program. Any participating private institution may suspend or terminate its participation in the program at the end of any semester or other academic term.

Subd. 3. **Duties; responsibilities.**

- (a) The commissioner shall establish policies and procedures including, but not limited to, procedures for student application record keeping, information sharing, payment of educational assistance benefits, and other procedures the commissioner considers appropriate and necessary for effective and efficient administration of the program established in this section.
- (b) The commissioner may delegate part or all of the administrative procedures for the program to responsible representatives of participating eligible institutions. The commissioner may execute an interagency agreement with the Office of Higher Education for services the commissioner determines necessary to administer the program.

Subd. 4. **Eligibility.**

- (a) A person is eligible for educational assistance under this section if:
- (1) the person is:
    - (i) a veteran who is serving or has served honorably in any branch or unit of the United States armed forces at any time on or after September 11, 2001;
    - (ii) a nonveteran who has served honorably for a total of five years or more cumulatively as a member of the Minnesota National Guard or any other active or reserve component of the United States armed forces, and any part of that service occurred on or after September 11, 2001;
    - (iii) the surviving spouse or child of a person who has served in the military at any time on or after September 11, 2001, and who has died as a direct result of that military service; or
    - (iv) the spouse or child of a person who has served in the military at any time on or after September 11, 2001, and who has a total and permanent service-connected disability as rated by the United States Veterans Administration;
  - (2) the person receiving the educational assistance is a Minnesota resident, as defined in section 136A.101, subdivision 8; and
  - (3) the person receiving the educational assistance:
    - (i) is an undergraduate or graduate student at an eligible institution;
    - (ii) is maintaining satisfactory academic progress as defined by the institution for students participating in federal Title IV programs;
    - (iii) is enrolled in an education program leading to a certificate, diploma, or degree at an eligible institution;
    - (iv) has applied for educational assistance under this section prior to the end of the academic term for which the assistance is being requested;
    - (v) is in compliance with child support payment requirements under section 136A.121, subdivision 2, clause (5); and
    - (vi) has completed the Free Application for Federal Student Aid (FAFSA).
- (b) A person's eligibility terminates when the person becomes eligible for benefits under section 135A.52.
- (c) To determine eligibility, the commissioner may require official documentation, including the person's federal form DD-214 or other official military discharge papers; correspondence from the United States Veterans Administration; birth certificate; marriage certificate; proof of enrollment at an

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 4

eligible institution; signed affidavits; proof of residency; proof of identity; or any other official documentation the commissioner considers necessary to determine eligibility.

- (d) The commissioner may deny eligibility or terminate benefits under this section to any person who has not provided sufficient documentation to determine eligibility for the program. An applicant may appeal the commissioner's eligibility determination or termination of benefits in writing to the commissioner at any time. The commissioner must rule on any application or appeal within 30 days of receipt of all documentation that the commissioner requires. The decision of the commissioner regarding an appeal is final. However, an applicant whose appeal of an eligibility determination has been rejected by the commissioner may submit an additional appeal of that determination in writing to the commissioner at any time that the applicant is able to provide substantively significant additional information regarding the applicant's eligibility for the program. An approval of an applicant's eligibility by the commissioner following an appeal by the applicant is not retroactively effective for more than one year or the semester of the person's original application, whichever is later.
- (e) Upon receiving an application with insufficient documentation to determine eligibility, the commissioner must notify the applicant within 30 days of receipt of the application that the application is being suspended pending receipt by the commissioner of sufficient documentation from the applicant to determine eligibility.

**Subd. 5. Benefit amount.**

- (a) On approval by the commissioner of eligibility for the program, the applicant shall be awarded, on a funds-available basis, the educational assistance under the program for use at any time according to program rules at any eligible institution.
- (b) The amount of educational assistance in any semester or term for an eligible person must be determined by subtracting from the eligible person's cost of attendance the amount the person received or was eligible to receive in that semester or term from:
- (1) the federal Pell Grant;
  - (2) the state grant program under section 136A.121; and
  - (3) any federal military or veterans educational benefits including but not limited to the Montgomery GI Bill, GI Bill Kicker, the federal tuition assistance program, vocational rehabilitation benefits, and any other federal benefits associated with the person's status as a veteran, except veterans disability payments from the United States Veterans Administration.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 5
SECTION	<b>GI Bill Program</b>		DATE May 2008

- (c) The amount of educational assistance for any eligible person who is a full-time student must not exceed the following:
- (1) \$1,000 per semester or term of enrollment;
  - (2) \$3,000 per state fiscal year; and
  - (3) \$10,000 in a lifetime.

For a part-time student, the amount of educational assistance must not exceed \$500 per semester or term of enrollment. For the purpose of this paragraph, a part-time undergraduate student is a student taking fewer than 12 credits or the equivalent for a semester or term of enrollment and a part-time graduate student is a student considered part time by the eligible institution the graduate student is attending. The minimum award for undergraduate and graduate students is \$50 per term.

Subd. 6. **Insufficient appropriation.** If the amount appropriated is determined by the commissioner to be insufficient to pay the benefit amounts in subdivision 5, the commissioner must reduce the amounts specified in subdivision 5, paragraph (c), clauses (1) and (2).

**EFFECTIVE DATE.** This section is effective July 1, 2008, and applies to qualifying coursework taken on or after that date.

**Minnesota GI Bill Program Application Instructions**  
**Read instructions before completing application. Incomplete applications will not be processed.**

- Step 1: Student completes the application once each year and submits application online or to the financial aid office.**  
**Step 2: Student completes the Free Application for Federal Student Aid (FAFSA).**  
**Step 3: School financial aid office determines the MN GI Bill benefit amount and notifies eligible students.**  
**Step 4: If any of the federal veteran's benefits reported on the application change, the applicant must notify their school.**

The MN GI Bill benefit amount is calculated by subtracting the student's federal Pell Grant, MN State Grant and other federal veteran's benefits from the calculation budget. The maximum benefit amount for an undergraduate student registered for 12 credits or more is \$1,000 per term. The maximum benefit amount for an undergraduate student registered for 11 credits or less is \$500 per term. Graduate students considered full time by their institution are eligible for a maximum of \$1000 and graduate students considered part time by their institution are eligible for a maximum of \$500 per term. The maximum benefit amount per fiscal year—July 1 through June 30—is \$3,000, up to a lifetime maximum benefit of \$10,000. The amount of the budget used to calculate the award will be reduced according to the number of credits for which the student is registered.

The student must: 1) be a current Minnesota resident for state financial aid programs; 2) apply before the last day of the term for which benefits are requested; 3) be less than 62 years old before the beginning of the term for which benefits are requested; 4) be current on child support obligations, if applicable; 5) be enrolled in an eligible MN postsecondary institution in a certificate, diploma or degree program; and 6) be making satisfactory academic progress in their academic program.

**APPLICATION QUESTIONS**

**Question #8 – A Minnesota resident is:**

1. a student who has resided in Minnesota for purposes other than postsecondary education for at least 12 consecutive months without being enrolled at a postsecondary institution for more than five credits in any term; or
2. a dependent student whose parent or legal guardian resided in Minnesota at the time the FAFSA was completed; or
3. a student who graduated from a Minnesota high school, if the student was a resident of Minnesota during the student's period of attendance at the Minnesota high school; or
4. a student who, after residing in the State of Minnesota for a minimum of one year, earned a high school equivalency certificate in Minnesota; or
5. an independent student who was granted residency as a dependent and has not since left the State of Minnesota; or
6. a student who is a member (or spouse/dependent of a member) of the armed forces of the United States stationed in Minnesota on active federal military service as defined in section 190.05, subdivision 5c; or
7. a student (or spouse of) who relocated to Minnesota from an area that is declared a presidential disaster area within 12 months of the disaster declaration, if the disaster interrupted the person's postsecondary education; or
8. a student defined as a refugee under United States Code, title 8, section 1101(a)(42) who, upon arrival in the United States, moved to Minnesota and has continued to reside in Minnesota; or
9. a spouse or dependent of a veteran, as defined in section 197.447, if the veteran is a Minnesota resident.

**Question #12 – In order to be eligible, a student must meet one of the following three definitions:**

1. A **veteran** who is serving or has served honorably in the U.S. armed forces at any time on or after September 11, 2001 and is a:
  - service member who was discharged under honorable conditions after serving on active duty for 181 consecutive days or was discharged under honorable conditions due to a disability incurred while on active duty; or
  - service member who has served on active duty for 90 days or more in a foreign country during a 'time of hostilities' or received a service-related medical discharge during any period of service in a foreign country during a 'time of hostilities'; or
  - service member who has been awarded any of the following medals: (i) Armed Forces Expeditionary Medal; (ii) Kosovo Campaign Medal; (iii) Afghanistan Campaign Medal; (iv) Iraq Campaign Medal; (v) Global War on Terrorism Expeditionary Medal; (vi) any other campaign medal authorized for service after September 11, 2001.
2. A **non-veteran** who served honorably in the Minnesota National Guard (or any other active or reserve component of the U.S. armed forces) for 5 or more years cumulatively and any part of that service occurred on or after September 11, 2001.
3. A **surviving spouse or dependent** of a person who has served in the military at any time on or after September 11, 2001, and who has died as a direct result of military service or who has a total and permanent service-connected disability as rated by the U.S. Veterans Administration.

Check each box to show you have read the box then sign and date the application. Give the application to the postsecondary institution you attend or plan to attend. The institution will notify you of your eligibility.

**NOTICE TO APPLICANTS**

Section 7(b) of the Federal Privacy Act of 1974 (5 U.S.C. 552a) requires that when any federal, state, or local government agency asks you to disclose your Social Security Account Number, you must be advised whether that disclosure is mandatory or voluntary, by what statutory or other authority the number is solicited, and what uses will be made of it. Accordingly, you are being advised that disclosure of your Social Security number is voluntary. The Social Security number will be used to verify your identity, and as an identifier of your file in order to record necessary data accurately. As an identifier, the Social Security number is used in the Minnesota GI Bill program for such purposes as processing the application form, program evaluation, and reporting and notification of program eligibility and award amount to your postsecondary institution.

Pursuant to Minnesota Statutes, Sec. 13.04, subd. 2 (2004), you are hereby informed that the information supplied in this application may be used as follows: (1) in the processing and verification of the data supplied to determine your eligibility for this program; (2) for compilation and analysis of summary data relative to this program; and (3) for dissemination of information to the school. You are not required to provide the information supplied in this application. However, failure to submit requested data may prevent further processing of this application. The information supplied in this application may be shared with other public and private individuals and entities in order to use the information for the purposes specified above.

The Office of Higher Education does not discriminate on the basis of disability in the admission or access to, or treatment or employment, in its programs or activities. This document can be made available in an alternative format to individuals by calling (651) 642-0567.

## 2012-2013 Minnesota GI Bill Program Award Notice

Student's Name

Student SSN/Student Number

**Congratulations! You have been awarded a Minnesota GI Bill award for the 2012-2013 academic year.  
Please read this notice carefully.**

The MN GI Bill award is calculated by subtracting the student's federal Pell Grant, MN State Grant and other federal military or veteran's education benefits from the calculation budget. The amount of the budget used to calculate the award is based on the number of credits for which the student is registered. If there is remaining need after the calculation, the MN GI Bill is awarded up to the need or the award maximum, whichever is less.

The award maximum for undergraduate students registered for 12 credits or more is \$1,000 per term and the award maximum for undergraduates enrolled for 11 credits or less \$500 per term. Graduate students considered full time by their institution are eligible for an award maximum of \$1000 and graduate students considered part time by their institution are eligible for an award maximum of \$500 per term. The maximum MN GI Bill award per fiscal year (July 1 through June 30) is \$3,000, up to a lifetime maximum benefit of \$10,000.

The minimum award amount is \$50 per term. If a student's remaining need is less than \$50, there is no award for that term.

Any changes in your FAFSA, Pell Grant, MN State Grant, federal military and veteran's education benefits or the number of credits for which you are enrolled may cause your award package to be adjusted.

**NOTE:** Please notify your school if you plan to change the number of credits for which you are enrolled or if you expect your federal military or veteran's education benefits to change as this may affect your eligibility for the Minnesota GI Bill Program.

## **I. Summer Transition Grant Program**

### **A. Program Objective**

To provide financial assistance to eligible students attending eligible research-based high school-to-college summer developmental transition programs offered by Minnesota colleges and universities in the summer between high school graduation and the freshman year of postsecondary education. The purpose of summer transition programs is to develop the skills and abilities necessary to be ready for college-level coursework when the student enrolls in a postsecondary degree, diploma or certificate program. Programs must address the academic skills identified as needing improvement by a college readiness assessment completed by the student. Both campus program and financial aid administrators are responsible for the administration of the program (see Appendix 3).

### **B. Eligibility to Participate**

#### **1. Postsecondary Institutions**

All postsecondary institutions that meet the definition of eligible institution under Minnesota Statutes 136A.101, Subd. 4, may participate in the Summer Transition Grant program. However, the Agency has the authority to limit the number of participating institutions or programs to ensure awards to students do not exceed the program appropriation (see 'Program Approval' in this section).

#### **2. Program Eligibility**

At a minimum, summer high school-to-college transition programs must include instruction to develop the skills and abilities necessary to be ready for college-level coursework when the student enrolls in a degree, diploma or certificate program and address the academic skills identified as needing improvement by a college readiness assessment completed by the student. Academic coursework may be existing developmental courses offered by the institution or courses designed specifically for the summer transition program. Programs must also provide some type of support services surrounding academic coursework to assist the student in transitioning to the college environment. A program must not constitute more than the equivalent of one semester of full-time study (15 credits).

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 2
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

Programs must be research-based and contain components and strategies used in previously successful summer transition programs. Reviews of existing college access programs have found the support services listed below to be critical to their success, although there is no requirement that program proposals encompass all of the components listed.

- Peer counseling or mentoring by successful college upperclassmen who are members of the same groups traditionally underrepresented in postsecondary education
- Hands-on assistance with college admissions and financial aid applications, as well as information about the various types of financial aid available for college
- Assistance with preparing for college entrance exams
- The importance of postsecondary education and exposure to postsecondary areas of study and career opportunities, including visits from employers
- Academic tutoring
- Academic, financial or personal counseling
- Exposure to college faculty, staff, and facilities, such as the financial aid office, registrar, library, extracurricular activities and organizations
- “College knowledge” sessions on note taking skills, study skills, time management, how to talk to your professor, problem solving, student involvement, presentation skills, balancing social life with academics, etc.

Other key factors in successful college access programs have been:

- Provision of financial incentives for good attendance, such as offering a college scholarship upon completion or incremental disbursement of the summer transition grant
- Involvement of high school counselors and college admissions, financial aid, academic and student affairs and multi-cultural offices in program design
- Active engagement of students in classroom activities
- Opportunities for parental involvement
- Clear goals that are measurable for accurate program evaluation
- Culturally engaged teachers who motivate students
- Continuing support services after students enroll in college or linking students to existing services offered by the college

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 3
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

**a. Program Approval**

Prior to December 1 each year, the Agency will issue a request for program proposals to all eligible postsecondary institutions in Minnesota. Institutions will be required to submit program proposals no later than February 1 prior to the summer for which the program will be offered. The Agency will assemble a program review panel consisting of individuals who work with and/or design academic programs for K-12 or college students from groups historically underrepresented in higher education. The panel will review each proposal to ensure it meets requirements specified in the program’s statute. Proposals will also be scored and ranked from highest to lowest scores by the review panel. In the event that the program’s appropriation will not be sufficient to award all students in all proposed programs, the Agency will approve programs starting with the highest ranked program until projected program expenditures equal the program appropriation. If the Agency’s appropriation is sufficient to cover all eligible programs, the Agency may opt to review program proposals without a review panel.

**3. Student Eligibility**

To be eligible, all students must:

- demonstrate a need for academic remediation based on the college readiness test administered to the student prior to beginning the summer transition program;
- be a U.S. citizen or eligible noncitizen. An “eligible noncitizen” means a permanent resident of the U.S., a conditional permanent resident of the U.S., or a holder of an Arrival-Departure Record (I-94) with one of the following designations: Refugee, Asylum Granted, Parolee, Victim of Human Trafficking, T-Visa holder, or Cuban-Haitian Entrant;
- be a Minnesota resident as defined in Minnesota Statutes 136A.101, Subd. 8, and further described in the Common Definitions chapter of the Agency’s Financial Aid Manual.
- complete a Free Application for Federal Student Aid (FAFSA) for the financial aid year from which the Summer Transition Grant will be funded and show financial need for a grant according to the award calculation formula;
- be a high school graduate who has earned a high school diploma or a GED during the same calendar year the summer transition program is offered;

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 4
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

- be enrolled for three or more credits in an eligible summer transition program at an eligible Minnesota postsecondary institution during the summer following high school graduation or receipt of a GED;
- not be more than 30 days in arrears for child support payments owed a public child support enforcement agency unless a student is complying with a written payment agreement or order for arrearages; and
- complete a Summer Transition Grant application no later than 30 days after the start of the summer transition program.

## **C. Application Process**

### **1. Application Deadline**

Applicants must complete a Summer Transition Grant application no later than 30 days after the start of the summer program. Applicants must also complete the FAFSA for the academic year from which the award will be funded (see ‘Funding Crossover Terms’ in this chapter for further information), but the FAFSA is not subject to the 30-day deadline.

### **2. Method of Application**

The preferred method of completing the Summer Transition Grant application is for the student to complete on-line application (Appendix 1a) on the Agency’s web site: <https://www.ohe.state.mn.us/ssl/stg/app.cfm>. In the event that the student does not have internet access, the student may complete the paper application developed by the Agency (Appendix 1) and turn it in to the campus offering the summer program. The summer program administrator must then enter the student’s application data onto the Agency’s online application on behalf of the student. The student can submit a FAFSA using the on-line FAFSA application at: [www.fafsa.gov](http://www.fafsa.gov) or by submitting a paper FAFSA application to the address specified on the FAFSA.

After the student’s application data has been entered on the on-line system, the program or financial aid administrator may make corrections to any of the items on the student’s application using the student bio screen on the on-line system (Appendix 2).

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 5
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

### **3. Data Release**

By completing the program application, the student gives permission to all colleges the student attends to release student data to the Agency for purposes of program evaluation. At a minimum, such data will include the data elements required for the mandated program evaluation report (Appendix 6) and any other data selected by the program evaluation committee.

## **D. Screening Applications**

### **1. Student Eligibility**

The summer program administrator and financial aid administrator are responsible for screening applicants to make sure they meet all of the student eligibility requirements described earlier in this section. In the event the applicant did not graduate from a Minnesota high school, the school must have the applicant complete the State Grant Student Eligibility Questionnaire (Appendix 2 of the State Grant chapter of the Agency's Financial Aid Manual) to determine if the student meets the definition of resident student in Minnesota Statutes 136A.101, Subd. 8, and described in the Common Definitions chapter of the Agency's Financial Aid Manual. This includes students who earned a GED instead of graduating from high school. The campus financial aid administrator must use the Agency's State Grant online hold report or student look-up screen to determine if applicants are currently on hold for past due child support obligations (see 'State Grant On-Line Hold Report' and 'Use of State Grant Web Access Screen to Determine Hold Status' in the State Grant chapter of the Agency's Financial Aid Manual for further information).

### **2. Verification of FAFSA Data and Resolution of Conflicting Information**

The financial aid administrator is responsible for verifying the information provided on the applicant's FAFSA if the FAFSA was selected for verification by the U.S. Department of Education using the verification procedures and tolerances established by the Department for federal student financial aid programs (see 'Federal Verification' in the State Grant chapter of the Agency's Financial Aid Manual for further information). Any conflicting information supplied on the program application, FAFSA or other documents collected by the campus must be resolved prior to awarding the applicant.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 6
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

### **3. Institutional Liability**

If the school had documentation on campus that the student did not meet an eligibility requirement or the school failed to perform verification or resolve conflicting information on the student's application prior to awarding the student, the school will be responsible for reimbursing the program for any funds disbursed to the student.

## **E. Award Process and Formula**

### **1. Award Initiation**

After the student section of the on-line program application has been completed, and the institution has determined the student meets the program eligibility requirements, the campus financial aid administrator initiates the award process by entering the student's data on the financial aid section of the on-line system (Appendix 5). Data entered includes the Institutional Student Information Record (ISIR) transaction number from the student's processed FAFSA application, the aid year associated with the FAFSA and from which the school will award the student, the student's institutional charges for the summer transition program, the student's enrollment level, whether the student was awarded a Federal Pell Grant and the amount of other financial aid awarded to the student for the summer transition program. The on-line system will then calculate the student's Summer Transition Grant award and display the award on the screen.

#### **a. Manual Entry of ISIR Data on On-Line System**

If the institution is using a different ISIR transaction than the ISIR stored on the Agency's State Grant database, the institution will need to manually enter the data from the institution's ISIR onto the financial screen of the on-line system (Appendix 5). Data elements that must be entered from the ISIR are:

- Dependency status for financial aid purposes
- 9-month Federal Methodology Expected Family Contribution (EFC)
- 9-month Federal Methodology Parent Contribution (for dependent students only)
- Federal Methodology formula type (as described on screen)

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 7
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

ISIR data manually entered by the institution will remain permanently on the on-line system and will not be overwritten by subsequent ISIRs loaded to the Agency's State Grant database. Therefore, the institution must make any subsequent changes manually on the on-line system.

## 2. Award Calculation Formula

The Summer Transition Grant award calculation formula is defined in Minnesota Statutes 136A.121, Subd. 9b.

For a student with a \$0 Expected Family Contribution (EFC), the Summer Transition Grant award is calculated by subtracting a \$1,200 summer work expectation from the State Grant term award calculation budget for the student's enrollment level for the aid year selected for the crossover term. The Federal Pell Grant for which the student would be eligible for that aid year is not subtracted in the award calculation, even if the student receives the Pell Grant for the summer term. The minimum award is \$50 per semester or \$33 per quarter.

For a student with an EFC (independent) or PC (dependent) greater than zero, the Summer Transition Grant is calculated as follows, if funded from the 2011-2012 aid year:

- 2011-2012 State Grant term award budget adjusted for enrollment level
- Assigned Student Responsibility (46.3 percent of the term award budget)
- Assigned Family Responsibility for the term
  - For a dependent student, this is the 9-month Federal Methodology Parent Contribution x .96 x 1.02 divided by 2 (semester) or 3 (quarter)
  - For an independent student with children, this is the 9-month Federal Methodology EFC x .86 x 1.02 divided by 2 (semester) or 3 (quarter)
  - For an independent student without children, this is the 9-month Federal Methodology EFC x .68 x 1.02 divided by 2 (semester) or 3 (quarter)
- 2011-2012 Federal Pell Grant (if actually awarded to the student for the summer term)
- = Summer Transition Program Grant (minimum \$50 semester; \$33 quarter)

For a student with an EFC (independent) or PC (dependent) greater than zero, the Summer Transition Grant is calculated as follows, if funded from the 2012-2013 aid year:

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 8
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

<p>2012-2013 State Grant term award budget adjusted for enrollment level</p> <ul style="list-style-type: none"> <li>– Assigned Student Responsibility (46 percent of the term award budget)</li> <li>– Assigned Family Responsibility for the term <ul style="list-style-type: none"> <li>• For a dependent student, this is the 9-month Federal Methodology Parent Contribution x .96 divided by 2 (semester) or 3 (quarter)</li> <li>• For an independent student with children, this is the 9-month Federal Methodology EFC x .86 divided by 2 (semester) or 3 (quarter)</li> <li>• For an independent student without children, this is the 9-month Federal Methodology EFC x .68 divided by 2 (semester) or 3 (quarter)</li> </ul> </li> <li>– <u>2012-2013 Federal Pell Grant (if actually awarded to the student for the summer term)</u></li> <li>= Summer Transition Program Grant (minimum \$50 semester; \$33 quarter)</li> </ul>
--

The State Grant award calculation budget consists of:

- Term tuition and required general fees charged by the institution for a full-time (15+ credits) student for the aid year from which funds are drawn, prorated for the student’s enrollment level during the summer transition program (e.g., by 8/15ths or .533 for a student enrolled for 8 credits); plus
- Term State Grant living and miscellaneous expense allowance (LME) for the aid year from which funds are drawn, prorated for the student’s enrollment level for the summer program.

The tuition and fees used in the award calculation are the standard full-time term tuition and fees used in the State Grant award calculation for the aid year selected, adjusted for the student’s enrollment level, regardless of the actual charges for the summer program. Tuition and fees that exceed the State Grant tuition and fee maximums are capped at the State Grant tuition and fee maximums for the student’s program level (two or four-year program). For further information about the State Grant award calculation budget, see the ‘Shared Responsibility Formula’ section and Appendix 8 in the State Grant chapter of the Agency’s Financial Aid Manual for the appropriate aid year.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 9
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

### **3. Restriction Against Receiving State Grant**

A student receiving a Summer Transition Grant may not receive a State Grant for the same term. For a student with a \$0 EFC (independent) or parent contribution (dependent), the Summer Transition Grant will provide greater funding than the standard State Grant. For a student with an EFC or parent contribution greater than zero, the Summer Transition Grant will be the same amount as the standard State Grant if the school is awarding Pell Grant for the summer term. Otherwise, the Summer Transition Grant will be higher than the standard State Grant, since the Pell Grant will not be subtracted within the award calculation formula.

### **4. Award Roster**

Once Summer Transition Grant awards are calculated using the on-line system, the award amounts will appear on a listing of students for each campus (Appendix 7). The campus program or financial aid administrator must certify on the listing that students are actually enrolled and make any necessary changes to the students' enrollment levels and awards prior to requesting funds from the Agency to make disbursements to students.

### **5. Award Notification**

The campus program or financial aid administrator will be responsible for providing notification to students about the amount of their Summer Transition Grant. Such notification may be done separately or by including the Summer Transition Grant in the standard financial aid award notice issued by the campus. As is required for the State Grant program, notices should include a warning that the Summer Transition Grant amount will change if there is a change in the student's enrollment level and that all or a portion of the grant may have to be returned if the student withdraws from the summer transition program.

### **6. Professional Judgment Adjustments**

State law allows data elements on the student's application to be adjusted based on the financial aid administrator exercising professional judgment, as outlined in federal aid regulations and Minnesota Statutes 136A.1312. This occurs when there are documented changes in the family's economic status during the current or previous tax year. Examples of special cases are loss of employment, marriage, divorce, change in number of dependents, substantial medical expenses, etc. Professional judgment also allows a school to make an

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 10
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

otherwise dependent financial aid applicant an independent application via a dependency override. (Please refer to ‘Professional Judgment’ in the Common Definitions chapter of the Agency’s Financial Aid Manual for further instructions.)

There must be written documentation of the special situation and the resulting financial impact in the student’s file. Documentation should include a description of the special situation, the effect it will have on the student’s ability to pay for his/her education, the effect on the student’s overall financial condition, and the date the school was informed of the special situation.

Corrections/adjustments based on the financial aid administrator exercising professional judgment must be submitted to the FAFSA processor by the financial aid administrator either electronically or on the student’s paper SAR.

## **7. Award Adjustments and Recalculations**

The Summer Transition Grant award amount is based on the student’s enrollment level, federal need analysis EFC and parent contribution, and the amount of any Federal Pell Grant awarded to the student. The award disbursed to the student must be based on the status of all these factors as of the date of disbursement. If any of these factors change after the date of disbursement, the Summer Transition Grant must be recalculated. In cases where the award is increased, additional funds, if available, will be disbursed to the school by the Agency once the school recalculates the award on the system. In cases where the award is reduced, all or a portion of the disbursement may have to be refunded to the Agency using the lower portion of the Refund Return Form (Appendix 22 of the State Grant chapter of the Agency’s Financial Aid Manual).

Because the Summer Transition Grant is a part of the State Grant program, all State Grant policies regarding award adjustments and refunds apply to this program. Further information is provided in the State Grant chapter of the Agency’s Financial Aid Manual under the ‘Recalculation of State Grant Awards’ section.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 11
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

## **8. Funding a Crossover Term**

In cases where the summer transition program overlaps a state fiscal year (starts before and ends after July 1), the school has the option of funding the term from either fiscal year. In cases where a student with an EFC or parent contribution greater than zero is receiving a Federal Pell Grant for the summer program, the Summer Transition Grant must be funded from the same aid year selected for the Federal Pell Grant program.

If the Summer Transition Grant is funded from the preceding aid year, this will require the student to complete a FAFSA for that academic year, as well as a FAFSA for the upcoming academic year during which the student will attend college. However, one benefit of funding the Summer Transition Grant for the preceding academic year is that funds will be disbursed to the college at the onset of the program, rather than waiting for the next fiscal year to begin.

If the Summer Transition Grant is funded from the next academic year, the student will only need to complete a FAFSA for that academic year. However, funding will not be issued to the campus until after July 1. Additionally, the Summer Transition Grant will count as one term of State Grant disbursement for the next fiscal year, so may result in full-time students losing all or a portion of their State Grant eligibility for the next summer term, since State Grant is limited to 45 semester or 60 quarter credits per fiscal year.

## **F. Disbursement Process**

### **1. Disbursing Funds to Campuses**

After the campus program or financial aid administrator has certified student enrollment and requested funds on the Agency's on-line Summer Transition Grant system, funds will be issued to the campus via electronic funds transfer (EFT). The campus will receive an email notification that funds have been disbursed to the campus and student payment amounts and disbursement dates will be automatically recorded on the on-line system.

### **2. Disbursing Funds to Students**

Once the campus receives funds from the Agency, funds can be disbursed to eligible recipients based on the awards displayed on the on-line Summer Transition Grant system. If

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 12
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

any changes in enrollment level, federal need analysis EFC or parent contribution, or Federal Pell Grant status occurred between certifying awards and disbursing funds, the campus must first make the necessary revisions to the on-line system for Summer Transition Grant in order to recalculate the award prior to disbursement. In cases where the award is increased, additional funds may be disbursed to the student once requested on the on-line system for Summer Transition Grant. In cases where the award is reduced, the campus administrator is responsible for reducing the amount of the student's payment and returning excess funds to the Agency using the Refund Return Form (Appendix 22 of the State Grant chapter of the Agency's Financial Aid Manual).

The campus cannot disburse the Summer Transition Grant to the student until the student has registered for and started attendance in the summer transition program. The entire grant disbursed must be returned to the program if the student fails to attend any classes or withdraws prior to the start of the program. Funds may be disbursed to the student:

- by applying funds to the student's account to apply to institutional charges;
- by institutional check directly to the student (picture ID required);
- by an institutional check that is mailed to the student; or
- by an EFT transaction to the student's bank account, if authorized by the student.

The disbursement date of the Summer Transition Grant disbursed to a student at or after the start of the enrollment period will be:

- for disbursements posted to a student's account, the date the payment is posted to the student's account;
- for disbursements that are mailed to the student or transferred by EFT, the date of the check or EFT transaction, unless the institution elects to use the previous day as the disbursement date for all students paid using this method; or
- for disbursements that are issued directly to the student via check, the date the student picks up the check.

Summer Transition Grant funds must first be applied to institutional charges. While the Summer Transition Grant is based on tuition and fees used for the State Grant program, there is no restriction against using a portion of the grant to pay additional fees associated with

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 13
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

program costs such as support services. Any remaining funds must be disbursed directly to the student. The school may opt to disburse remaining funds in installments if used as an incentive for good attendance and program completion.

In cases where the summer transition program starts prior to the student's high school graduation date or prior to the student receiving a GED, the campus must delay disbursement of the Summer Transition Grant until the student has graduated from high school or received a GED.

The Summer Transition Grant disbursed to a student must be based on the student's enrollment status as of the date of disbursement. If a student withdrew from a class prior to disbursement, those credits cannot be included in the student's enrollment level. If a student withdrew all credits or dropped below three credits or its equivalent prior to disbursement, the school cannot disburse any Summer Transition Grant funds to the student. With respect to late disbursements, all other grades except W shall be counted when determining the student's enrollment level.

A student is eligible to receive retroactive payment for the summer transition program, even if the student is not currently enrolled in a subsequent term, provided the student currently meets all of the other program eligibility requirements as of the date of disbursement. The disbursement must be based on the student's enrollment status as of the end of the summer transition program. Credits from all classes can be applied to the student's enrollment status with the exception of any classes from which the student withdrew.

If a school disburses a Summer Transition Grant to a student who attended classes but is later determined to have a withdrawal date set prior to the date of disbursement, the school must complete the OHE Refund Calculation Worksheet (Appendix 13 of the State Grant chapter of the Agency's Financial Aid Manual) to determine if a refund is due the program. This can occur in cases where a school is not required to take attendance and becomes aware of the withdrawal after the date of disbursement.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 14
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

### **3. Student Authorization and Account Balances**

An institution must obtain written authorization from a student allowing the institution to:

- disburse Summer Transition Grant funds via EFT to the student's bank account; or
- hold excess funds in the student's account on campus.

In obtaining authorization for any of these activities, an institution may not require the student to provide that authorization and must allow the student to rescind that authorization at any time. Written authorization from the student to hold excess funds in the student's account beyond a 14-day period is not required in cases where the summer transition program is disbursing excess funds in installments to encourage program attendance and completion.

The authorization granted to an institution is valid for the award year or the period of enrollment in which the institution obtains that authorization. The institution's notice to the student must, in a plain and conspicuous manner, explain those provisions including an explanation regarding any interest that the institution earns on the student's funds and whether the institution will provide that interest to the student. The notice must also provide the student with the opportunity to cancel or modify those provisions.

Unless otherwise authorized by the student, whenever an institution applies state financial aid funds to a student's account and determines that the amount of those funds exceeds or exceeded the amount of allowable charges the institution assessed the student, the institution must pay that balance directly to the student as soon as possible but within 14 days of the later of:

- the date that balance occurs;
- the first day of classes of a payment period/period of enrollment as applicable; or
- the date the student rescinds his or her authorization to hold excess funds on the account.

If a school receives authorization to hold excess funds, the school must identify the student or parent and the amount of funds the school holds for the student or parent in a subsidiary ledger account designated for that purpose. The school also must maintain, at all times, cash in its bank account at least equal to the amount the school holds for students. The school is permitted to retain any interest earned on the student's credit balance funds.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 15
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

Because state financial aid funds are awarded to students to pay current year charges, notwithstanding any authorization obtained by a school from a student or parent, the school must pay:

- any remaining balance on state loan funds by the end of the loan period, and
- any other remaining balance on state financial aid program funds by the end of the last payment period in the award year for which they were awarded.

If a school cannot locate a student to whom a state financial aid credit balance must be paid, the school must return the credit balance to the appropriate state financial aid program. The Agency does not specify how a school should determine which financial aid funds created the credit balance. However, when possible, the Agency encourages schools to return state financial aid fund balances to the SELF Loan program first to reduce the likelihood of default.

## **G. Refund Process**

### **1. General Information and Deadlines**

Any refunds of Summer Transition Grant payments must be returned to the Agency using the lower portion of the Refund Return Form (Appendix 22 of the State Grant chapter of the Agency's Financial Aid Manual) regardless of the dollar amount of the refund. Refunds must be returned to the Agency within 30 days of the later of the date funds were issued by the Agency or the date the disbursement was revised. All refunds should be for an even dollar amount with cents rounded to the nearest dollar. Once refunds are received by the Agency, staff will enter the amount and date of the refund on the online system.

### **2. Refunds for Students Who Do Not Attend**

If a student fails to attend any classes during the summer transition program, any Summer Transition Grant funds disbursed to the student or credited to the student's account must be fully refunded to the Agency using the Refund Return Form (Appendix 22 of the State Grant chapter of the Agency's Financial Aid Manual).

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 16
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

### **3. Calculating Refunds for Students Who Change Enrollment Level or Withdraw After Disbursement**

If, according to the refund policy the school is required to use, there is a refund of institutional charges for a student who withdrew from school or had a change in enrollment, all or a portion of that student's refund may be due to the Summer Transition Grant program.

The Agency's Refund Calculation Worksheet (Appendix 13 of the State Grant chapter of the Agency's Financial Aid Manual) or similar form should be used to document the calculation of refunds to the Summer Transition Grant program. The worksheet is for the school's use and is not intended to be sent to the Agency. This worksheet is also available in spreadsheet format on the Agency's web page under [www.ohe.state.mn.us](http://www.ohe.state.mn.us), Campus Financial Aid Administrator Resources, Program Forms, Spreadsheets & Instructions.

#### **a. Change in Enrollment Level**

Summer Transition Grant award disbursements must always be based on the student's enrollment level as of the date of disbursement.

Unlike the Federal Pell Grant program which allows schools to "freeze" the student's enrollment level and Pell Grant award at a certain point in time (normally the end of the drop/add period), the Summer Transition Grant program requires the school to make adjustments to the award based on changes in enrollment level throughout the entire term.

A student's attendance will have an impact on how the Summer Transition Grant is adjusted. If a student drops or withdraws from a class after disbursement of the grant, and the student never attended the class(es), the Summer Transition Grant must be recalculated to the lower enrollment level and the full difference between the award for the original and revised enrollment levels refunded to the program. This also applies to cases where the school grants a retroactive withdrawal for a class backdated to the first day of the term, even if the student attended the class.

After the initial disbursement of the Summer Transition Grant, if a student withdraws from a class after attending the class and the Summer Transition Grant award at the

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 17
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

revised enrollment level is LESS than the award disbursed for the original enrollment level, the school must complete the Agency's Refund Calculation Worksheet (Appendix 13 of the State Grant chapter of the Agency's Financial Aid Manual) and return the lesser of the following to the Summer Transition Grant program:

- the difference between the Summer Transition Grant at the original and revised enrollment level; or
- the Summer Transition Grant's proportional share of the institution's refund of institutional charges (from Line E of the Refund Calculation Worksheet).

The Refund Calculation Worksheet is also available in spreadsheet format on the Agency's web site under: [www.ohe.state.mn.us](http://www.ohe.state.mn.us), Campus Financial Aid Administrator Resources, Program Forms, Spreadsheets & Instructions.

The following example illustrates the difference between a case where the Agency's Refund Calculation Worksheet would be used (Case A) and a case of award recalculation (Case B) which, while requiring a refund, does not necessitate use of the Agency's Refund Calculation Worksheet. (The Refund Calculation Worksheet is used when a student attends and then withdraws from a class or classes. Recalculation of the award occurs when a student drops a class or classes without having attended the class.)

<b>Example of Adjustments to Summer Transition Grant Award Due to Reduced Enrollment</b>		
<b>Summer Transition Grant Term Awards</b>	<b>Refund Case A</b>	<b>Award Recalculation Case B</b>
15 credits \$800 14 credits \$746 13 credits \$694 12 credits \$640 11 credits \$586 10 credits \$534 9 credits \$480 8 credits \$426 7 credits \$374 6 credits \$320 5 credits \$300 4 credits \$287 3 credits \$250	<p>The student initially received a Summer Transition Grant of \$800 for 15 credits during summer term. After attending classes, the student then withdrew from a two-credit class and the student's enrollment status changed to 13 credits. The difference between 15-credit grant and 13-credit grant is \$106. Therefore, up to \$106 of any refund of institutional charges is due the Summer Transition Grant program. The school's refund calculation using the Refund Calculation Worksheet results in a refund to the Summer Transition Grant program of \$90.</p> <p>Therefore, only \$90 would be returned to the Summer Transition Grant program. The school would not have to bill the student for the remainder.</p>	<p>The student initially received a 15-credit Summer Transition Grant of \$800 for summer term but did not begin a two-credit course and dropped those two credits, resulting in an enrollment status change to 13 credits. The Summer Transition Grant must be recalculated and the full difference between the 15-credit and 13-credit awards (\$106) must be returned to the Summer Transition Grant program.</p>

**b. Total Withdrawal**

This policy refers to students who withdraw from school (or below three credits) after attending classes. If a student withdraws without attending classes, the entire Summer Transition Grant must be returned to the program. This also applies if the student attends classes but is granted a withdrawal date retroactively to the first day of the term.

Schools should refer to the definition of "withdrawal date" contained in the 'Common Definitions' chapter of the Agency's Financial Aid Manual to determine the date of

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 19
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

withdrawal. If the refund policy the school is required to use results in a refund of institutional charges and, after the institution's share of any required refund to Title IV programs has been refunded (Unearned Title IV Aid Due from the School, Step 5.O. of Title IV Refund Worksheet), a proportional share of any remaining refund (Line E of the Agency's Refund Calculation Worksheet), not to exceed the amount of the Summer Transition Grant payment the student initially received for the term, must be returned to the program. Schools should use the Agency's Refund Calculation Worksheet to calculate the amount of funds to return to state financial aid programs. The worksheet is also available in spreadsheet format on the Agency's web site under; [www.ohc.state.mn.us](http://www.ohc.state.mn.us), Campus Financial Aid Administrator Resources, Program Forms, Spreadsheets & Instructions.

On Line A of the Refund Calculation Worksheet, the school would enter the total amount of all (federal, state, institutional, private) financial aid and cash applied to the original institutional charges for the term, not to exceed the amount of original institutional charges. In other words, if a student received \$4,000 in financial aid and original institutional charges were only \$1,500, the excess \$2,500 disbursed to the student for non-institutional expenses would not be reported on Line A.

On Line B of the refund worksheet, the school would report the amount of institutional charges it is allowed to retain per its institutional or state-mandated refund policy. Most schools rely on their institutional or accrediting agency's refund policy, but certain proprietary schools are required to use a state-mandated policy, such as cosmetology and barber schools (Minnesota Board of Barbers and Cosmetologist Examiners and Minnesota Statutes Chapter 141), truck driving schools (Department of Public Safety) and for-profit institutions not offering degrees (Minnesota Statutes Chapter 141).

In the case where a school is first performing an award recalculation prior to a refund for a withdrawal, the amounts on lines A and B should only include amounts for the revised enrollment level. For example, if the school disbursed a Summer Transition Grant for 15 credits to a student who first dropped or withdrew from a three-credit class without attending the class, and then fully withdrew from school, the school would first refund

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 20
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

the full difference between the Summer Transition Grant award for 15 and 12 credits, and then perform the refund worksheet calculation based on an enrollment level of 12 credits for the Summer Transition Grant.

Line C of the refund worksheet is the gross refund calculated by subtracting Line B from Line A. If the amount on Line C is not greater than zero, there is no refund required for state financial aid programs. If Line C is greater than zero, the school would report the amount of the school's share of any required refund to federal financial aid programs on Line D (from Step 5.O. of the federal refund worksheet), with Line E representing Line C minus Line D.

If the amount on Line E is not greater than zero, no refund to state financial aid programs is required. If the amount on Line E is greater than zero, it should be distributed on a proportional basis to non-Title IV aid programs requiring refunds, not to exceed the actual amount the student received from each program. All Minnesota aid programs (excluding State Work Study) from which the student received funds must receive their proportional share of the remaining refund before the student may receive any portion of the amount listed on Line E.

To determine the proportional share of the refund due each non-federal financial aid program, the school would first list all non-federal financial aid programs in Part Two of the Refund Calculation Worksheet (Title IV aid, State Work Study earnings, and payments made by the student should not be included) that require a portion of any refund of institutional charges. For non-Title IV loans, use the total loan divided by the number of attendance periods in the loan period. Institutional aid may also be included. Once the amount of the total non-Title IV aid package is known, divide the student's Summer Transition Grant for the term by the amount of the term's total non-Title IV aid package to determine what percentage of the total non-Title IV aid package is comprised of Summer Transition Grant funds. The same would apply to the other state financial aid programs listed in Part Two of the worksheet.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 21
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

**Example: Proportional Distribution of Refund to Summer Transition Grant Program**

**Aid Package for Summer Term**

Pell Grant	\$ 600	Federal Title IV Aid (50% earned)
Summer Trans Grant	\$ 300	
Self Loan	\$ 200	
YMCA Scholarship	\$ 800	
Inst Scholarship	<u>\$ 400</u>	
TOTAL	\$2,300	

**Case A**

Refund of institutional charges = \$1,000

Remaining refund after subtracting institutional share of Title IV refund = \$700  
(\$1,000 - \$300)

Summer Transition Grant percentage of non-Title IV aid package =  $\$300/\$1,700 = .18$

Amount of remaining refund due Summer Transition Grant =  $\$700 \times .18 = \$126$

**Case B**

Refund of institutional charges = \$3,000

Remaining refund after subtracting institutional share of Title IV refund = \$2,700  
(\$3,000-\$300)

Summer Transition Grant percentage of non-Title IV aid package =  $\$300/\$1,700 = .18$

$\$2,700 \times .18 = \$486$ , which exceeds Summer Transition Grant award of \$300

\$300 would be refunded to Summer Transition Grant

## **H. Program Reporting and Evaluation**

### **1. Program Reporting**

Prior to August 31 following the completion of the summer transition program, program administrators are required to enter the student's academic data on the academic screen within the on-line system for Summer Transition Grant (Appendix 4). This data will be used to evaluate the effectiveness of summer transition programs. Required data elements include:

- student's high school GPA from the student's high school transcript;
- type of and scores from college readiness test administered to the student before and after the summer transition program;
- names of courses taken by the student during the summer transition program as well as attempted credits, outcome and grades for each course; and
- name of the college the student will attend during the coming academic year.

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 22
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

## **2. Program Evaluation**

The Agency will establish a program evaluation data group to develop the data methodology to be used in evaluating the effectiveness of the programs implemented to improve the academic performance of participants, including the identification of appropriate comparison groups. The data working group must develop procedures that ensure consistency in the data collected by each institution. Data group members must have expertise in data collection processes and the delivery of academic programs to students, and represent the types of institutions that offer a program under this section. The data group must assist the Agency in analyzing and synthesizing institutional data and information to be included in the evaluation report submitted to the legislature by March 15 each year.

Participating institutions must specify both program and student outcome goals and the activities implemented to achieve the goals. The goals must be clearly stated and measurable, and data collected must enable the Agency to verify the program has met the outcome goals established for the program.

The data and information submitted must include, at a minimum, the following:

- demographic information about program participants;
- names of the high schools from which the students graduated;
- the college readiness test used to determine the student was not ready for college level academic coursework;
- the academic content areas assessed and the scores received by the students on the college readiness test;
- a description of the services, including any supplemental noncredit academic support services, provided to students;
- data on the registration load, courses completed and grades received by students;
- the retention of students from the term they participated in the program to the fall term immediately following graduation from high school;
- information about the student's enrollment in subsequent terms; and
- other information specified by the Agency or the data group that facilitates the evaluation process.

## **I. Accounting and Audit Requirements**

### **1. Funds Maintenance**

There is no restriction against the campus placing funds in an interest-bearing account, provided any interest earnings are used to offset costs for administering the program on campus.

All schools must maintain an audit trail in the form of a general ledger by state fiscal year that tracks the following transactions:

- The date and amount of Summer Transition Grant funds sent by the Agency to the institution;
- The date and amount of Summer Transition Grant funds disbursed by the institution to students. The institution should keep supporting documentation for disbursement entries that identifies the amount of Summer Transition Grant funds disbursed to the student by check or deposited in the student's institutional or bank account by student name and social security number. The institution must reconcile financial aid records to business office records regarding the amount of Summer Transition Grant paid to each student; and
- The date and amount of Summer Transition Grant refunds returned to the Agency. The institution should keep supporting documentation for refund entries that identifies the amount of Summer Transition Grant funds returned to the Agency for each student and the student's name and social security number. The school must also keep a copy of the refund calculation worksheet or spreadsheet used to calculate the Summer Transition Grant refund.

### **2. Records Available for Auditors**

State auditors will periodically visit each participating school to perform an audit. The school also has the option of hiring an outside auditing firm to conduct its state audits in conjunction with its audits of federal aid programs.

Each participating school must establish a procedure by which an audit can be conducted by going to no more than three administrative offices within the school. In most cases, these will

<b>FINANCIAL AID MANUAL</b>		NUMBER Section I	PAGE 24
SECTION	<b>Summer Transition Grant Program</b>		DATE July 2012

be the Financial Aid Office, the Business Office and the Registrar's Office, but that choice is made by the school.

Each institution must maintain and make available to auditors individual student financial aid files for Summer Transition Grant recipients. Historical records and documentation must be kept on file for three years after the last day of the fiscal year or until all audit exceptions for the period are resolved.

### **3. Documentation of Student Eligibility**

Institution must have written documentation to support the student's eligibility including, but not limited to, the following:

- a. student's enrollment level at the time of the award disbursement. The actual documentation, such as a fee statement or transcript, need not be kept at the audit location but must be readily available at the Registrar's Office or other responsible department within the school;
- b. the output record from the student's FAFSA documenting the EFC and Parent Contribution used in the calculation of the Summer Transition Grant, as well as citizenship or eligible non-citizen status;
- c. a paper or electronic copy of the student's high school transcript documenting high school graduation;
- d. in cases where a student graduated from high school in another state, documentation of the student's Minnesota residency status;
- e. documentation of the award and disbursement amount on the date of disbursement;
- f. documentation of the unusual circumstances requiring a professional judgment dependency override or change to data elements resulting in an adjusted EFC and/or parent contribution;
- g. documentation of refund calculations for grant recipients, as well as documentation of student refunds posted back to the institution's program account; and
- h. documentation of Summer Transition Grant program funds deposited in and withdrawn from the institution's program account.

**135A.61 HIGH SCHOOL-TO-COLLEGE DEVELOPMENTAL TRANSITION PROGRAMS.**

Subdivision 1. **High school-to-college developmental transition programs.** All public higher education systems and other higher education institutions in Minnesota are encouraged to offer research-based high school-to-college developmental transition programs to prepare students for college-level academic coursework. A program under this section must, at a minimum, include instruction to develop the skills and abilities necessary to be ready for college-level coursework when the student enrolls in a degree, diploma, or certificate program and must address the academic skills identified as needing improvement by a college readiness assessment completed by the student. A program offered under this section must not constitute more than the equivalent of one semester of full-time study occurring in the summer following high school graduation. The courses completed in a program under this section must be identified on the student's transcript with a unique identifier to distinguish it from other developmental education courses or programs.

Subd. 2. **High school-to-college developmental transition programs evaluation report.**

- (a) Institutions that offer a high school-to-college developmental transition program and enroll students that receive a grant under section 136A.121, subdivision 9b, must annually submit data and information about the services provided and program outcomes to the director of the Office of Higher Education.
- (b) The director must establish and convene a data working group to develop: (1) the data methodology to be used in evaluating the effectiveness of the programs implemented to improve the academic performance of participants, including the identification of appropriate comparison groups; and (2) a timeline for institutions to submit data and information to the director. The data working group must develop procedures that ensure consistency in the data collected by each institution. Data group members must have expertise in data collection processes and the delivery of academic programs to students, and represent the types of institutions that offer a program under this section. The data group must assist the director in analyzing and synthesizing institutional data and information to be included in the evaluation report submitted to the legislature under subdivision 3.
- (c) Participating institutions must specify both program and student outcome goals and the activities implemented to achieve the goals. The goals must be clearly stated and measurable, and data collected must enable the director to verify the program has met the outcome goals established for the program.

SECTION <b>Summer Transition Grant Program</b>	DATE May 2010		

- (d) The data and information submitted must include, at a minimum, the following:
- (1) demographic information about program participants;
  - (2) names of the high schools from which the students graduated;
  - (3) the college readiness test used to determine the student was not ready for college-level academic coursework;
  - (4) the academic content areas assessed and the scores received by the students on the college readiness test;
  - (5) a description of the services, including any supplemental noncredit academic support services, provided to students;
  - (6) data on the registration load, courses completed, and grades received by students;
  - (7) the retention of students from the term they participated in the program to the fall term immediately following graduation from high school;
  - (8) information about the student's enrollment in subsequent terms; and
  - (9) other information specified by the director or the data group that facilitates the evaluation process.

Subd. 3. **Report to legislature.** By March 15 of each year, beginning in 2011, the director shall submit a report to the committees of the legislature with jurisdiction over higher education finance and policy that evaluates the effectiveness of programs in improving the academic performance of students who participated in the transition programs.

**136A.121, Subd. 9b. ONETIME GRANT FOR HIGH SCHOOL-TO-COLLEGE DEVELOPMENTAL TRANSITION PROGRAM.**

- (a) A student who enrolls in a program under section 135A.61 is eligible for a onetime grant to help pay expenses to attend the program. The amount of the grant must be determined according to subdivision 5, except as modified by paragraph (b). The requirement in subdivision 9a that subtracts a federal Pell Grant award for which a student would be eligible, even if the student has exhausted the federal Pell Grant award, does not apply to a student who receives a grant under this subdivision in the award year in which the grant is received. The maximum grant under this subdivision must be reduced by the average amount a student would earn working in an on-campus work-study position for ten hours per week during a summer term. The office must determine an amount for student

<b>FINANCIAL AID MANUAL</b>		NUMBER Section II	PAGE 3
SECTION <b>Summer Transition Grant Program</b>	DATE May 2010		

earnings in a summer term, using available data about earnings, before determining the amount awarded under this subdivision.

- (b) For a student with an expected family contribution of zero, the maximum amount of the grant is the cost of attendance under subdivision 6.
- (c) A grant under this subdivision counts as one of the nine semesters of eligibility under subdivision 9. A grant under this subdivision must not be awarded for the same term for which another grant is awarded under this section.

**EFFECTIVE DATE.** This section is effective for students who graduate from high school after December 31, 2009.

**SUMMER 2012  
APPLICATION FOR SUMMER TRANSITION GRANT PROGRAM**

The Summer Transition Grant program provides financial assistance to eligible high school graduates attending summer transition programs offered by Minnesota colleges and universities during the summer between high school graduation and fall term enrollment in college. Students must be U.S. citizens or eligible non-citizens, Minnesota residents, 2011 high school graduates and attending an eligible summer transition program offered by one of the colleges shown below. The amount of the Summer Transition Grant will vary based on the income and assets of your family and the cost of the summer transition program you selected. To apply for a Summer Transition Grant you must:

1. Complete a Free Application for Federal Student Aid (FAFSA) for both the 2011-2012 and 2012-2013 academic years. The results of the 2011-2012 FAFSA will be used to determine eligibility for the Summer Transition Grant program and the 2012-2013 FAFSA will be used to determine eligibility for financial aid for the first year of college. Be sure to respond quickly to any requests from the financial aid office for further information needed to process your FAFSA applications.
2. Complete this application and return it to the Summer Transition Program administrator at the college offering the summer program (contact information provided on the top of this form). The administrator will then notify you about your eligibility for and the amount of your Summer Transition Grant.

### Summer Transition Grant Program Evaluation Components

**Who:** Participating institutions must annually submit information and data.

**How:** The Director of the Office of higher Education (OHE) is to convene working group of data collection and academic delivery staff from the types of colleges participating in program. The working group will help the OHE determine evaluation methodology and timeline for data collection. The working group will also assist with data synthesis and analysis for evaluation report.

**When:** The evaluation report to the Legislature is due by March 15 of each year, beginning in 2011.

**What:** Participating institutions must specify both program and student outcome goals and the activities implemented to achieve the goals. The goals must be clearly stated and measurable, and data collected must enable the director to verify the program has met the outcome goals established for the program.
