Reciprocity recipients who earned credits during the 2021-2022 academic year will automatically have benefits renewed for the 2022-2023 academic year at the institution(s) reporting credits for the student during the 2021-2022 academic year. Therefore, these students do NOT need to complete a reciprocity application for the 2022-2023 academic year. If your current institution has not received notification of your renewal status by November 1, 2022, please contact the administering agency in your state of residence.

DEADLINE: The application deadline is the last day of classes at the institution attended for the term benefits are requested. <u>Applications will not be processed retroactively.</u> If you wish to receive reciprocity benefits for the entire academic year, your application must be correctly completed and postmarked by the last day of scheduled classes for fall term at the institution you are attending. If you would like confirmation that your application was mailed by the deadline, it is suggested you mail the application by certified mail with a return receipt requested from the post office.

WHO IS ELIGIBLE: The Minnesota-Wisconsin Tuition Reciprocity Program improves the postsecondary educational advantages for residents of Minnesota and Wisconsin through greater availability and accessibility of postsecondary opportunities. Under the reciprocity program, any student who is enrolled in an eligible program and meets residency requirements at a public university in Wisconsin may attend a Minnesota public institution on a space available basis and pay the established reciprocity tuition charges for course work that is located in Minnesota. Similarly, any student who is enrolled in an eligible program and meets residency requirements in Minnesota may attend a Wisconsin public institution on a space available basis and pay the established reciprocity tuition charges for course work that is located in Wisconsin. Professional students enrolling in a Doctor of Medicine, Doctor of Dental Sciences, or Doctor of Veterinary Medicine program at a public institution in either state will NOT be eligible for reciprocity benefits, since those programs are not covered by the tuition reciprocity agreement.
