

INTRODUCING DIRECT ADMISSIONS

INFORMATION FOR PARENTS AND GUARDIANS

WHAT TO EXPECT

Direct Admissions is here to offer your child a look at the many postsecondary possibilities that await them after high school. This fall, your senior will be notified of multiple Minnesota colleges and universities that are offering them Direct Admission to attend their institutions in fall 2025.

REVIEW YOUR LETTER

We encourage you to review your child's personalized Direct Admissions letter with them in fall 2024. It will list all the colleges and universities that are offering them Direct Admission.

SELECT YOUR INSTITUTIONS

In the digital letter, they select which colleges and universities they would like to receive Direct Admission to. Submit the letter back to the high school, then complete the application portal.

YOUR NEXT STEPS

Depending on the colleges and universities selected, students receive their official acceptance letters! Some institutions will request more information and will email the next steps.

SUPPORTING YOUR COLLEGE DREAMS

With Direct Admissions, Minnesota seniors are proactively notified of which participating colleges and universities they are accepted to - before they even apply!
