Fiscal Year 1999 Totals for All Minnesota Institutions 171

Fiscal Year 2001 Totals for All Minnesota Institutions 172

Introduction

This report presents information on financial resources provided to undergraduates at Minnesota post-secondary institutions. The financial resources reported are grants¹, loans, and student earnings that help students pay tuition, fees, room and board, and other costs of attending post-secondary education. This report presents information for Fiscal Year 2003, which corresponds to academic year 2002-2003. Corresponding information for Fiscal Years 1987, 1989, 1991, 1993, 1995, 1997, 1999, and 2001 is available from the Higher Education Services Office.

Population

The data in this report cover resources used by undergraduates attending the 124 Minnesota post-secondary institutions that were eligible to participate in the State Grant Program in Fiscal Year 2003. Data were collected on financial aid received by undergraduates who attended these institutions in Fiscal Year 2003. Fiscal Year 2003 was from July 1, 2002 through June 30, 2003.

Sources of Data

Data were obtained from two sources:

- Higher Education Services Office records were used for the State Grant Program, the Post-Secondary Child Care Grant Program, the Safety Officer Survivor Grant Program, the Student Educational Loan Fund (SELF), and the State Work-Study Program.

¹ Grants are scholarships, grants, tuition discounts, tuition remissions and gift aid that do not have to be repaid.

- Institution financial aid directors provided data on the amount of grants, loans, and earnings from work-study jobs received by undergraduates who attended in Fiscal Year 2003. All but six of 124 institutions eligible to participate in the State Grant Program in Fiscal Year 2003 provided data.

Data Verification

In January 2003, Higher Education Services Office staff sent each financial aid director a preliminary version of the report for that campus for verification.

Minnesota State Grant Program Data

The amounts reported for the State Grant Program were computed in October 2003 for end-of-the-year statistics as contained in the Higher Education Services Office's *Minnesota State Grant Program 2003 End of Year Statistics*. As institutions close their State Grant accounts, the Services Office makes small adjustments that do not appear in the *End of Year Statistics*.

State Work Study Data

The entire State Work Study appropriation for Fiscal Year 2003 was transferred to the Minnesota State Grant Program. Therefore, no students received earnings under the State Work Study Program for Fiscal Year 2003.

Definitions of Financial Aid Programs

Definitions of the financial aid programs and categories used in the report are included in Appendix I.

Financial Aid Awarded in Earlier Years

Totals by program for Fiscal Years 1987, 1989, 1991, 1993, 1995, 1997, 1999 and 2001 are included in Appendix II. The full reports for those years can be obtained by contacting the Minnesota Higher Education Services Office, 1450 Energy Park Drive, Suite 350, Saint Paul, MN 55108-5227, 651-642-0589, www.mheso.state.mn.us.

Totals, Fiscal Year 2003

Totals - Minnesota Post-Secondary Institutions

Grant and Scholarship Programs:	FY 2003 Amount	Number of Undergrads	Loan Programs:	FY 2003 Amount	Number of Undergrads
MN State Grant Program	\$133,588,177	72,396	MN SELF Program	\$95,439,209	27,038

-----			-----		

In computing totals, amounts were counted as zero when Institutions did not respond to a question.

² Four institutions which were counted in the totals for Private Two-Year Career Institutions in prior years changed status between Fiscal Year 2001 and Fiscal Year 2003. Comparisons of totals for Fiscal Year 2003 with those for prior years should be made with that caveat. The institutions were Argosy University (formerly the Medical Institute of Minnesota), Brown College, Globe College and Minnesota School of Business. All these institutions began offering bachelor's degrees in at least one program. Thus, they are now included in the totals for four-year private institutions.

Totals for Private Four-Year Institutions³

Grant and Scholarship Programs:	FY 2003 Amount	Number of Undergrads	Loan Programs:	FY 2003 Amount	Number of Undergrads
MN State Grant Program	\$55,752,832	18,721	MN SELF Program	\$34,496,305	8,814

Appendix I. Definitions of Financial Aid Programs

Appendix I. Definitions of Financial Aid Programs

This appendix describes the financial aid programs in place in Fiscal Year 2003, the year for which the data were collected.

Grant Programs

Grant programs require no commitment to repay from students or parents. Most grants require students to make satisfactory educational progress. Restrictions are placed on eligibility, award amounts, and use.

State and Local Grant Programs

The state of Minnesota funds the following grant programs.

Minnesota State Grant Program

Minnesota residents registering as undergraduates at Minnesota institutions can apply for State Grants. The award is based on the financial circumstances of students' families and on recognized tuition (and fees) and an allowance for living and education-related costs.

■ **Minnesota Post-Secondary Child Care Grants**

Grants are to students who demonstrate financial need and use child care services in order to attend post-secondary education. Awards are for assistance in paying for child care for children age 12 and under.

■ **Safety Officer Survivor Grants**

Awards are to post-secondary students who are spouses or dependent children of public safety officers killed in the line of duty.

■ **Advanced Placement /International Baccalaureate Grants**

The Advanced Placement and International Baccalaureate (AP/IB) Grant Program provided financial assistance to encourage Minnesota students participating in AP or IB programs to attend a college or university in Minnesota. The program provided assistance to students in Fiscal Year 2003 and was then repealed by the 2003 Minnesota Legislature.

■ **Local and State Agency Grants**

These include state, county and locally funded grants, scholarships, fellowships and gift aid other than the grant programs described above. Examples of these grants are Workforce Investment Act (WIA) Individual Training Account (ITA) Grants, Rehabilitation Services Grants, and Minnesota Indian Scholarship awards.

Federal Grant Programs

The federal government funds the following grant programs.

- **Federal Pell Grant Program**

Federal Pell Grants are awarded directly to students. The federal government determines the award based on the financial circumstances of students' families.

- **Federal Supplemental Educational Opportunity Grant (SEOG) Program**

The federal government allocates funds to institutions to respond to special financial circumstances not recognized in the Federal Pell Grant Program. Students must receive Federal Pell Grants in order to be eligible for SEOG awards.

- **Federal Agency Grants**

These grants include federally funded grants, scholarships, fellowships and gift aid except Federal Pell Grants and Federal SEOGs. Examples are Health Professions Grants, ROTC stipends, Bureau of Indian Affairs grants, and Tribal grants. These grants do not include benefits that are considered resources in the calculation of the expected student contribution such as Montgomery GI Bill benefits and Veterans Education Assistance Program payments.

Institution Grants

Post-secondary institutions fund the following grants.

■ **Institution Awarded Grants**

Institution awarded grants include grants, scholarships, fellowships, and gift aid awarded by institutions. These include awards financed by revenues generated by institutions, funds appropriated to institutions, money donated to institutions allocated for grants, and money donated explicitly for financial aid. Institutions make these awards to students with financial need and students who do not have financial need.

■ **Tuition Discounts or Remissions Provided by Institutions**

These include reductions in the posted tuition and fee charges by institutions. Examples are University of Minnesota Regents Scholarships, tuition reductions awarded to staff and their families as part of employee benefit packages, tuition reductions for other individuals such as members of a religious order, and free tuition provided to wards of the state.

Private Grants and Other Grants

Various organizations fund the following grants.

■ Private Grants

This category includes grants, scholarships, fellowships, and gift aid provided by organizations not associated with the federal or state government or with the post-secondary institution. Examples are grants awarded by service clubs (such as Lions Clubs, PTAs, and churches), grants awarded by labor unions and fraternal organizations, and Blandin Foundation grants to students living in northeastern Minnesota.

■ Other Grants

Other grants are grants and scholarships that do not fit into the categories identified above. One example is a grant from a state government outside Minnesota for post-secondary education at a Minnesota institution.

Loan Programs

Loans are defined as long term loans that students (or their families) will repay after they are no longer attending post-secondary education. Some loan programs, such as the Minnesota SELF and Federal Unsubsidized Stafford Loan programs described below, also require payments while students are enrolled in post-secondary education. Long term loans do not include emergency loans and loans that cover the time between when tuition payments are due and other aid is received.

State Loan Program

The state of Minnesota has one loan program for post-secondary students, the SELF program.

■ **Minnesota Student Educational Loan Fund (SELF) Program**

The Minnesota Higher Education Services Office provides loan capital. The borrower must make interest payments while enrolled in post-secondary education. The borrower repays principal and interest after leaving school. Borrowers must have a credit worthy cosigner. Borrowers do not have to show financial need to be eligible.

Federal Loan Programs

The federal government funds or guarantees the following loan programs.

■ **Federal Stafford Loans** (In the Federal Family Education Loan Program FFEL)

Federal Stafford Loans include Federal Subsidized Stafford Loans and Federal Unsubsidized Stafford Loans.

- **Federal Subsidized Stafford Loans** are made by lenders approved by the federal government. The federal government guarantees the loans, subsidizes the interest if market rates exceed the rate the student pays, and covers the interest while the student is attending. Borrowers of Federal Subsidized Stafford Loans must demonstrate financial need.
- **Federal Unsubsidized Stafford Loans** are available to borrowers without demonstrated financial need. The loan limits and interest rate are similar to those for Federal Subsidized Stafford Loans. Borrowers are charged interest while they are in school.

■ **Federal Ford Direct Stafford Loans**

Federal Ford Direct Stafford Loans also include subsidized and unsubsidized loans.

- **Federal Ford Direct Stafford Subsidized Loans** are made by institutions with capital from the federal government. The federal government guarantees the loans. The borrower does not pay interest while attending. Borrowers of Federal Direct Stafford Subsidized Loans must demonstrate financial need.
- **Federal Ford Direct Stafford Unsubsidized Loans** are available to borrowers without demonstrated financial need. The loan limits and interest rate are similar to those for Federal Direct Stafford Subsidized Loans. Borrowers are charged interest while they are in school.

■ **Federal Perkins Loans**

The federal government awards grants to institutions to create a loan fund. The program requires that institutions match the federal contributions. Institutions make the loans to students with financial need. Students pay no interest while attending. Upon leaving, they pay a relatively low rate, currently set at 5 percent.

■ **Federal Parent Loans for Undergraduate Students (PLUS)**

Loans are made by lenders approved by the federal government to parents of dependent students. The federal government insures the loans, sets the interest rate and subsidizes lenders if the rate paid by borrowers is less than market rates. Borrowers do not have to show financial need to be eligible.

■ **Federal Agency Loans**

Federal Agency Loans include loans, other than Federal Stafford Student Loans, Federal Direct Stafford Loans, Federal Perkins Loans, and Federal Parent Loans for Undergraduate Students, made or guaranteed by an agency of the federal government. Examples are Health Education Assistance Loans (HEAL), Health Professions Student Loans, Nursing Loans, and Veterans Administration Loans.

Institution Loans

There is one category for loans made by post-secondary institutions.

- **Institution Awarded Loans**

Institution Awarded Loans are loans, other than Federal Perkins loans, made by the institution to the student and his or her parents. Institution awarded loans include loans that students and their parents are expected to repay after completion of their education. Loans in this category are from institution controlled funds.

Loans Made by Private and Other Lenders

There are two categories for loans made by private and other lenders.

- **Loans Made by Private Lenders to Students and Their Parents**

Loans Made by Private Lenders to Students and Their Parents have no guarantee provided by a state or federal agency. Reported amounts are limited to loans explicitly made to cover part or all of the cost of attendance. Examples of these loans are Citibank Citiassist Student Loans, Marquette Student's Choice Loans, Signature Loans (SallieMae, TCF), U.S. Bank Education Loans, U.S. Bank Gap Loans, Wells Fargo Collegiate Loans. These loans do not include second mortgages or loans independently contracted with a private lender.

- **Other Loans**

Other Loans include loans that campus financial aid administrators know about, but the loans do not fit into one of the categories identified above.

Work Study Programs

Student earnings from jobs at the institution and work study jobs provide money to pay for post-secondary expenses. Since many institutions do not have records of student earnings at off-campus jobs and jobs where the employer contracts for service to the institution, the information collected is only for jobs where the institution is the employer.

■ **State Work Study Program**

The state funds a work study program (except in Fiscal Year 2003, see below). The Higher Education Services Office allocates the money to institutions. Institutional financial aid directors make the awards. Employers must provide at least 25 percent of the wages paid to students awarded a State Work Study job. Most jobs are on campus, but some may be with eligible off-campus employers. The entire State Work Study appropriation for Fiscal Year 2003 was transferred to the Minnesota State Grant Program. Therefore, no students received earnings under the State Work Study Program for Fiscal Year 2003.

■ **Federal Work Study Program**

The federal government funds the Federal Work Study Program. The federal government makes an annual allocation to institutions. Institutional financial aid directors make the awards. Employers must provide at least 25 percent of the wages paid to students awarded a Federal Work Study job. Most jobs are on campus, but some may be with eligible off-campus employers.

Appendix II. Totals by Program, Fiscal Years 1987, 1989, 1991, 1993, 1995, 1997, 1999 and 2001⁴

⁴ These summary pages are from reports for prior years. The full reports can be obtained by contacting the Minnesota Higher Education Services Office, 1450 Energy Park Drive, Suite 350, Saint Paul, MN 55108-5227, 651-642-0589, www.mheso.state.mn.us.
