## About the Minnesota Office of Higher Education

The Minnesota Office of Higher Education is a cabinet-level state agency providing students with financial aid programs and information to help them gain access to postsecondary education. The agency also serves as the state's clearinghouse for data, research and analysis on postsecondary enrollment, financial aid, finance and trends.

The Minnesota State Grant Program is the largest financial aid program administered by the Office of Higher Education, awarding up to \$180 million in need-based grants to Minnesota residents attending accredited institutions in Minnesota. The agency oversees tuition reciprocity programs, a student loan program, Minnesota's 529 College Savings Plan, licensing and early college awareness programs for youth.

# Introduction

---

The Minnesota Office of Higher Education publishes reports on enrollments in Minnesota postsecondary institutions. Educational leaders, policy-makers, and the public use the data for descriptive and research purposes.

Since 1983, this report has been generated from the Office of Higher Education's student enrollment record data base. The data base contains unit records for undergraduate and graduate students enrolled during the fall in Minnesota's public and private postsecondary education institutions. Prior to 1983, the *Basic Data Series* was prepared from summary data that was supplied by individual postsecondary institutions. The first *Basic Data Series* was produced in 1974.

Beginning with fall 2005, all institutions eligible to participate in a Minnesota-funded student financial aid program are required to report their student enrollment data to the Office of Higher Education. Private institutions eligible for state-funded student financial aid may change from year to year.

The *Basic Data Series* is comprised of four sections:

## 1) Five-year Summaries

Five-year enrollment summaries are presented for each postsecondary institution. Summarized enrollments include a total headcount, full time and part time, gender, and new entering student enrollments.

## 2) Residence

The county of residence for Minnesota new entering students is summarized for each system. Residency by state or foreign country is summarized by system for all students.

## 3) Distribution by Year of High School Graduation

The distribution of Minnesota new entering students by year of high school graduation is presented for each institution from 2010 to 2014.

## 4) Institution Enrollment Reports

Enrollment data are summarized by level of study, gender, and full-time or part-time attendance for each institution.

Data may vary from previously published reports due to corrections made after the publication date.

This and other enrollment data can be found at [www.ohe.state.mn.us](http://www.ohe.state.mn.us).

## Technical Notes

- A. Institutions are asked to provide unit records for students enrolled on the tenth day of fall term, or the institution's official fall reporting date which may be end-of-fall term data. Institutions without distinct academic terms, such as private career schools, are asked to provide enrollments using the three-month period, July 15 through October 15, as a proxy for tenth day data.
  
- B. Enrollment data in the *Basic Data Series* may differ from data appearing in preliminary fall headcount data reported elsewhere or data institutions report to the U.S. Department of Education. The data appearing in the *Basic Data Series* and other Office of Higher Education enrollment reports are derived from actual unit record data received from postsecondary institutions [containing 36 data elements on each individual student](#).

# Glossary

---

**Academic Year** — the period of time, typically from fall through spring, when institutions traditionally have conducted their instructional activity.

**Full-time** — registration for credit hours, course load, or other required activity, as defined by the institution, amounting to at least 75 percent of the normal full-time load during an academic term.

**Graduate Student** — a program of study culminating in the attainment of a master's, specialist, or doctorate degree. Includes both a student who is enrolled in a research-based graduate program or a professional program. Professional graduate programs of study include: chiropractic, dentistry, law, medicine, theology and veterinary medicine.

**Headcount** — the number of individuals enrolled at a postsecondary institution. See Technical Notes on previous page.

**International Student** — a student whose residence was located outside the United States or its territories, or who was reported as a nonresident citizen in the United States on a temporary basis.

Race/ethnic background information are not collected for international students.

**New Entering Student** — a student who is enrolled at a postsecondary institution for the first time and who previously has not been enrolled at another postsecondary institution, except as a secondary student. This category includes students who entered with advanced standing,

through college credits earned before graduation from high school, performance on Advanced Placement or International Baccalaureate exams, or other measures.

**Part-time** — registration for credit hours, course load, or other required activity, as defined by the institution, amounting to less than 75 percent of the normal full-time load during an academic term.

**Private Career Online Schools** — have corporate offices in Minnesota. Their nation-wide enrollment is reported here. Most of their enrollments are graduate students enrolled from out of state. Currently includes Capella University and Walden University.

**Private Career Schools** — are predominately for-profit institutions offering only career specific certificates, diplomas, and degrees. While institutions in this group offer mostly programs that can be completed in two years or less, some institutions offer limited career specific bachelor's degrees, and/or graduate programs in addition to their shorter programs.

Programs are offered predominantly in the following fields of study:

- Allied Health and Health Services
- Business, Management and Marketing
- Communication and Communication Technologies
- Computer and Information Sciences
- Design and Applied Arts
- Legal Support Services
- Personal and Culinary Services
- Transportation, Vehicle Maintenance and Repair Services

**Private Colleges and Universities** — are predominately not-for-profit four-year liberal arts or religious institutions. In addition to providing

undergraduate education, some private colleges offer professional education and graduate degree programs in certain fields.

***Private Graduate and Professional Schools*** — institutions predominately offering specialized graduate or first professional programs. In some cases, limited undergraduate programs may also be offered. These may be for-profit or not-for-profit institutions. A first professional program requires completion of a program that is necessary to practice in the profession; at least two years of college work prior to entering the program; and a total of at least six academic years of college work to complete the program. First professional degrees may be awarded in the following 10 fields:

- Chiropractic
- Dentistry
- Law
- Medicine
- Optometry
- Osteopathic Medicine
- Pharmacy
- Podiatry
- Theology
- Veterinary Medicine

***Racial/Ethnic Background*** — reported by the student. This is the group with which the student identifies. The reporting options are: American Indian or Alaskan Native; Asian; Hawaiian Native or Other Pacific Islander; Black or African American; Two or More Races; White; or unavailable.

***Residence*** — the place the student identifies as his or her address at the time of application for admission to the postsecondary institution.

***Secondary Student*** — a student who is concurrently enrolled in high school and a postsecondary institution. Students are usually enrolled through the Postsecondary Enrollment Options Program (PSEO) or the College in the Schools Program.

***State Colleges*** — 25 public two-year community, technical and comprehensive institutions that are part of the Minnesota State Colleges and Universities System located in 47 communities. These colleges offer general education, associate degrees and shorter programs leading to occupationally specific diplomas or certificates.

***State Universities*** — seven public four-year comprehensive institutions that are part of the Minnesota State Colleges and Universities System. The state universities offer bachelor, master's degrees and other advanced degrees.

***Unclassified Graduate Student*** — a student enrolled for graduate credit whose status as a graduate student has not been specified.

***Unclassified Undergraduate*** — a student enrolled for undergraduate credit whose specific class level cannot be specified. Examples include students who are not seeking a degree such as high school students concurrently enrolled, or students enrolled in specialized career schools where traditional grade level classifications are not relevant.

***University of Minnesota*** — comprises five campuses. The Twin Cities campus is the state's land-grant research university, offering bachelor's degrees, professional education, and graduate education through the doctorate. The Morris campus offers an undergraduate liberal arts curriculum. The Crookston campus focuses on career and technology based undergraduate programs. The Duluth campus offers a broad undergraduate and graduate curriculum. The Rochester campus specializes in health professions.

# Part 1. Five-year Summaries

---

Part one summarizes headcount enrollments at Minnesota postsecondary institutions during the fall term over the past five years:

- ***Five-year Summary of Total Enrollment*** presents the total number of individuals enrolled for fall terms 2010 through 2014. The percent change columns compare fall 2014 enrollment to fall 2010 and fall 2013. Enrollment includes both undergraduate and graduate students.
- ***Five-year Summary of Full-time and Part-time Enrollment*** presents the distribution of total headcount by enrollment status. The table also displays each institution's full-time/part-time percentages for 2010 and 2014. A full-time student is registered for credit hours, course load, or other required activity amounting to at least 75 percent of the normal full-time load during an academic term. Part-time students are registered for less than 75 percent of

the normal full-time load. Enrollment includes both undergraduate and graduate students.

- ***Five-year Summary of Enrollment by Gender*** presents the distribution of men and women for each institution from 2010 through 2014. Students whose gender was not known are not included. Enrollment includes both undergraduate and graduate students.
- ***Five-year Summary of New Entering Students*** presents new entering student enrollments from 2010 through 2014. A new entering student is enrolled at a postsecondary institution for the first time and has not been enrolled at another postsecondary institution, except as a secondary student. New entering students are undergraduates. This category includes students who entered with advanced standing, through college credits earned before graduation from high school, performance on Advanced Placement or International Baccalaureate exams, or other measures.

## Part 2. Residence

---

Part two summarizes student residence by type of postsecondary institution attended. The residence is the place the student identified as his or her residence at the time of admission to the postsecondary institution.

For each type of postsecondary institution, residence is tabulated in two different ways:

- **County of Residence** tables present Minnesota county, gender, and full-time or part-time enrollment status only for new entering students who are Minnesota residents.
- **Students by Place of Residence** tables present state residence by level of study for all students. For new entering students, gender and their full-time or part-time enrollment status are also presented.

Note: The “**Total Undergraduate Students**” column includes new entering students. A **new entering student** is enrolled at a postsecondary institution for the first time and has not been enrolled at another postsecondary institution, except as a secondary student. This category includes students who entered with advanced standing, through college credits earned before graduation from high school, performance on Advanced Placement or International Baccalaureate exams, or other measures.

## Part 3. Year of High School Graduation

---

Part three summarizes the distribution of year of high school graduation for Minnesota resident new entering students. Students who graduated from high school in 2014 through 2010 are listed separately. High school graduates from 2010 and earlier years are combined into one category.

These tables include only Minnesota residents who were reported as new entering students in fall 2014. New entering students who did not report their year of high school graduation are not included.

A **new entering student** is enrolled at a postsecondary institution for the first time and has not been enrolled at another postsecondary institution, except as a secondary student. This category includes students who entered with advanced standing, through college credits earned before graduation from high school, performance on Advanced Placement or International Baccalaureate exams, or other measures.

# Part 4. Institution Enrollment

---

Part four summarizes the number of students enrolled by level of study, gender, and full-time or part-time attendance at each institution in fall 2014.

## Level of Study

The levels of study are defined by the level of instruction and program of enrollment.

For undergraduate students the levels are:

- **Freshman**—for baccalaureate institutions, a student at the freshman level as defined by the institution. For subbaccalaureate institutions, a student in the first year of a sub-baccalaureate program.
- **Sophomore**—for baccalaureate institutions, a student at the sophomore level as defined by the institution. For subbaccalaureate institutions, a student in the second year of a sub-baccalaureate program.
- **Junior**—for baccalaureate institutions, a student at the junior level as defined by your institution.
- **Senior**—for baccalaureate institutions, a student at the senior level as defined by your institution.
- **Unclassified undergraduate**—a student enrolled for undergraduate credit who cannot be defined by the above classification.
- **Secondary**—a student taking postsecondary level courses who is concurrently enrolled in high school. They may be participating in the “post-secondary option program” offered to high school juniors and seniors.

For graduate students the levels are:

- **Graduate**—a student enrolled in a program of studies culminating in the attainment of a master’s degree, specialist, post-master’s certificate, doctor’s degree, or other graduate level program of studies. Includes both a student who is enrolled in a research-based graduate program or a professional program. Professional graduate programs of study include: chiropractic, dentistry, law, medicine, theology and veterinary medicine.
- **Unclassified graduate**—a student enrolled in a graduate level program of study who cannot be defined.

## Total New Entering Students

Total New Entering Students for each institution appear after the *Grand Total*. Any undergraduate students listed in the preceding student levels who are also reported as new entering students are included. New entering students would normally be classified at the freshman level.

A new entering student is enrolled at a postsecondary institution for the first time and has not been enrolled at another postsecondary institution, except as a secondary student. This category includes students who entered with advanced standing, through college credits earned before graduation from high school, performance on Advanced Placement or International Baccalaureate exams, or other measure.

## **Racial/Ethnic Background**

The race/ethnicity for undergraduate and graduate students are included if the student was a United States citizen, permanent United States resident, or was **not** residing in Canada or another foreign country. The racial/ethnic reporting options are *American Indian, Asian, Black, Hispanic, Native Hawaiian or Other Pacific Islander, Two or More Races, White* or *Race Not Reported*.

*International students* are identified separately. Their race/ethnic background is not reported. International students either are nonresident, non-United States citizens (temporary residents), or were reported as residing in Canada or another foreign country.
