Introduction

This manual is written for institutions eligible for and receiving funds on behalf of eligible students in the Minnesota Indian Scholarship Program (MISP) and is subject to all subsequent changes in both federal and Minnesota state laws and regulations governing the MISP. This manual is updated on a regular basis. Institutions are required to read all e-mail and written correspondence from the Office of Higher Education (Office) to keep informed of any changes in policy or guidance. Changes announced during the interim have the full force and effect of the State Financial Aid Manual. All participating institutions are responsible for designating a MISP contact on campus and notifying the Office about changes to the institutional contact information; including name, e-mail address, and phone number.

Program Objective

The objective of the program is to provide postsecondary financial assistance to eligible Minnesota resident students who are of enrolled citizens or members of federally recognized tribes or Canadian First Nations or possess one-fourth or more American Indian ancestry and demonstrate financial need for an award.

Definitions

Academic Year

An academic year is the period of time in which a full-time student is expected to complete the equivalent of at least two semesters, two trimesters or three quarters; or at least 30 semester hours or 45 quarter hours; or at least 900 clock hours. See the ‘Common Definitions’ chapter of this manual for more details.

Award Year

An award year is the period of time between July 1 to June 30. It can also be referred to as the state fiscal year.

Eligibility

Postsecondary Institutions

Students must be enrolled in an eligible Minnesota postsecondary institution or program. Which include:

- All public postsecondary institutions eligible to participate under Minnesota Statutes 136A.101, Subd. 4 and Agency Rules 4830.0300;
• All accredited private postsecondary institutions eligible to participate under Minnesota Statutes 136A.101, Subd. 4 and Agency Rules 4830.0300;

• All postsecondary institutions eligible to participate under Minnesota Statutes 136A.101, Subd. 4 and Agency Rules 4830.0300 that are in candidacy status for obtaining full accreditation and eligible for and receiving federal financial aid programs; and

• All accredited or non-accredited postsecondary institutions eligible to participate under Minnesota Statutes 136A.101, Subd. 4 and Agency Rules 4830.0300 and student is enrolled in a joint program with another higher education institution that is accredited.

**Students**

**General Eligibility Requirements**

• Minnesota Resident Student as defined in the ‘Common Definitions’ chapter of this manual;

• Possess one-fourth or more American Indian ancestry or be an enrolled member or citizen of a federally-recognized American Indian tribe or Canadian First Nation;

• Meet Satisfactory Academic Progress (SAP) as defined in the ‘Common Definitions’ chapter of this manual;

• Enrolled in an education program leading to a certificate, diploma, or degree at an eligible institution (for definition of a “Certificate Program,” see the ‘Common Definitions’ chapter of this manual).

• Must not be in default on a federal or state student loan or, if in default, has regained eligibility for federal or state student aid; and

• Has completed the FAFSA and applied for other state and federal scholarship and grant programs;
  
  o If an undergraduate student is unwilling or unable to provide transcripts or other required documentation in order to complete the State Grant Program application, the student is not eligible to receive MISP funding unless the institution has determined the student would not qualify for a state grant award based on EFC at any enrollment level.

**Financial Need Requirements**

**Undergraduate students** must be eligible or would be eligible, as defined below, to receive the Federal Pell Grant or Minnesota State Grant based on the federal needs analysis and have unmet financial need after the Federal Expected Family Contribution (EFC) and all forms of gift aid are subtracted from the Title IV Cost of Attendance.

To demonstrate eligibility to receive either Federal Pell Grant or Minnesota State Grant a student must:

• Receive either a disbursement of Federal Pell Grant or Minnesota State Grant during at least one term of the budget period; or

• Be otherwise eligible to receive a disbursement of at least the minimum amount of either a Federal Pell Grant or a Minnesota State grant during at least one term of the budget period but who will not receive the disbursement because of one or more of the following:
o has earned a baccalaureate degree (must not have exceeded maximum number of years of MISP awards);

o has met or exceeded the Federal Pell Grant Maximum Lifetime Eligibility, has met or exceeded the Minnesota State Grant Limit on Postsecondary Attendance;

o has a Child Support Hold listed on the State Grant On-Line Hold Report; or

o has not met or exceeded the Federal Pell Grant Maximum Lifetime Eligibility but has declined Pell Grant in order to preserve eligibility for future use (student must have provided the required documentation to the institution according to federal guidelines).

EXAMPLE: If a student is otherwise eligible for a State Grant and not Pell Grant, based on EFC, but the amount of the calculated award is zero at the student’s enrollment level for each of the terms in the enrollment period, then the student is not eligible for MISP.

Institutions with students who will not receive Federal Pell Grant or Minnesota State Grant during at least one term of the budget period but would otherwise be eligible, should notify the Office in order to have the student’s record accurately identified in the online database.

Graduate students must have unmet financial need after the Federal Expected Family Contribution (EFC) and all forms of gift aid are subtracted from the Title IV Cost of Attendance.

Eligible Enrollment

Undergraduate students must be enrolled at least three-quarter time (generally 9 credits).

- The number of credits per term used for MISP is calculated in the same way the enrollment level is calculated for the Minnesota State Grant Program (See ‘Enrollment Status at Eligible Institution’ in the State Grant chapter of this manual).

Graduate students must be enrolled at least half time, as defined by the institution.

Limit on Number of Annual Awards

In general, an annual award equals an award received by the student in 2 semesters, 3 quarters, or the equivalent.

Undergraduate students enrolled in programs below a bachelor’s degree (certificate, diploma, and associate degree) must not have previously received three or more annual awards.

Undergraduate students enrolled in bachelor’s degree programs must not have previously received five or more annual awards.

Graduate students must not have previously received five annual awards at the graduate level or ten annual awards at any academic level.
All students must not have previously received 10 annual awards and may only receive awards to complete one academic program per level and one terminal degree program.

Application Process

Complete Application

A complete application must be on file in order for student to be eligible for an award and to receive funds. A complete application includes all of the following:

- Student application;
- School Budget Sheet; and
- Verification of the student’s eligibility based on American Indian ancestry.

Student Application

Online application available on the Office’s website.

Paper Application (See appendix):

- If a student submits a paper application to an institution or Minnesota tribal scholarship office officials, it may be submitted via the online institution/tribal official database access on behalf of a student. The paper form contains the release for institutions and tribal scholarship office to be able to submit application information on a web based application system on behalf of the student.
- If student submits paper application to the Office it will be entered into the application database as of the date it is received.

School Budget Sheet

School budget sheets may be submitted online via the online institutional official database access or in paper form (See Appendix).

- If institution submits paper budget sheet to MISP it will be entered into the database as of the date it is received.

Institutions should not submit a School Budget Sheet if a student has not completed the financial aid process at the institution.

- This includes students who have not yet submitted a FAFSA or have outstanding verification or conflicting information documentation to submit.
Institutions **should** submit a School Budget Sheet if a student has completed all of the necessary steps at the institution to receive financial aid regardless of whether or not the college has:

- Established tuition and fees for the upcoming year;
- The ability to provide a complete and final budget sheet; or
- Can issue an award letter.

Some estimated information may be submitted on initial School Budget Sheets if the institution is unable to obtain the actual information.

- For example, if the institution has not established tuition and fees or Cost of Attendance for the upcoming year, an estimated amount can be used but must be updated with accurate information as soon as possible to ensure awards are calculated accurately for eligible students.

Institutions are **required** to review and update the School Budget Sheet for **awarded** students:

- Before approving the award disbursement on the award roster;
- At the time of disbursement; and
- After disbursement to ensure students continue to demonstrate financial need.

Institutions may include **summer or “crossover” terms** on budget sheets. Any amount of Pell Grant, State Grant, or other aid included must be the **actual** amount awarded, even if it is awarded from a different award/fiscal year.

**Verification of American Indian ancestry**

Documentation verifying a student meets the American Indian ancestry eligibility requirement must be on file with the Office.

Student can submit a tribal ID, one or more Certificates of Indian Blood, or other documentation the student meets the American Indian ancestry eligibility requirement.

- Must be official documentation issued by a tribe, band, tribal government, the United States federal government, or Government of Canada.
- Must include the student’s name, date of birth.
- Must include the student’s blood quantum or degree of ancestry **or** verify the student is an enrolled member or citizen of a federally-recognized American Indian tribe or Canadian First Nation.

Verification may also be furnished by the tribal enrollment book for Minnesota Chippewa Tribe held by the Office.

Verification may also be provided by tribal offices to the Office.
Incomplete Application

Incomplete applications are held pending receipt of additional documentation.

Follow-up notifications (email or postal mail) are sent to applicants requiring additional documentation.

Institutions are able to view a list of incomplete applications via the online database.

Periodically, institutions will receive a reminder from the Office if there are incomplete applications for the institution with missing School Budget Sheets.

Award Process

Complete applications are ranked in order of completion date.

Completion date is the date all documentation needed for a complete application has been submitted to the Office.

- If there are multiple applications with identical completion dates, those applications are further sorted by student application receipt date.

Awards are made until all available program funding has been awarded.

- Over-awarding of the program appropriation is allowed due to the historical rate of future award cancellations and refunds returned for recipients who do not enroll or who are not eligible.
- Once funds are initially exhausted, remaining applicants are placed on a waiting list in order of completion date.
- If funds become available, awards will be made to student on the waiting list.

Award Amount Calculation

Award amounts are determined based on the following calculation:

<table>
<thead>
<tr>
<th>Student’s Total Cost of Attendance Used for Federal Financial Aid Programs minus</th>
</tr>
</thead>
<tbody>
<tr>
<td>Expected Family Contribution (from the FAFSA or Minnesota Dream Act Application)</td>
</tr>
<tr>
<td>Federal Pell Grant</td>
</tr>
<tr>
<td>Federal SEOG</td>
</tr>
</tbody>
</table>
Student’s Total Cost of Attendance Used for Federal Financial Aid Programs minus

<table>
<thead>
<tr>
<th>Minnesota State Grant</th>
</tr>
</thead>
<tbody>
<tr>
<td>All other grant, scholarship, and gift aid (including tribal scholarships)</td>
</tr>
</tbody>
</table>

equals Remaining Need and Award Amount (based on award amount guidelines)

Student’s total Cost of Attendance is the federal Title IV Cost of Attendance used for federal financial aid programs and includes tuition, fees, books, supplies, transportation, room and board, and miscellaneous expenses.

Other grant, scholarship, and gift aid in the calculation includes, but is not limited to:

- Federal TEACH Grant
- Minnesota Postsecondary Child Care Grant
- Minnesota GI Bill
- Tribal Scholarships
- Institutional Scholarships or Grants
- All other scholarships or grants
- Tuition waivers

Federal or Minnesota work study funds should not be included in the calculation unless institution has first consulted with the Office and the Office has indicated it can be included.

Federal, state, or private student loans are excluded from the calculation.

Federal Veterans Education Benefits excluded from Estimated Financial Assistance for the purposes of awarding federal financial aid are also excluded from gift aid for the purposes of awarding MISP funds.

Award Amount Guidelines

Each term the student is eligible for an award, the term remaining need from the award calculation is the term award amount based on the following guidelines:

Annual Award Maximums:

Undergraduate Students: $4,000 per academic year
Graduate Students: $6,000 per academic year

Students may receive awards in up to 3 semesters, 4 quarters, or the equivalent during an award year.
Generally, annual awards are scheduled over a nine-month academic year and divided into two semester or three quarter installments.

Awards for students with eligible enrollment for less than an academic year will be prorated based on the number of eligible terms of enrollment. For example, a student in a semester-based program with eligible enrollment in a fall semester only, will be awarded their fall semester remaining need or $2,000, whichever is less. Similarly, a student in a quarter-based program, with eligible enrollment in a fall quarter only, will be awarded their fall quarter remaining need or $1,333, whichever is less.

**Additional, Summer, Crossover, and Non-standard Term Awards**

Students may receive additional awards for one semester, one quarter, or the equivalent in the same award year. Students must:

- Continue to meet all eligibility requirements; and
- Not have reached the limit on number of annual awards for their program level.

The fourth quarter or third semester, will often times take place in the summer and overlap fiscal years. Such terms are also referred to as “crossover” terms or payment periods.

Eligibility and enrollment status for these terms are determined in the same manner as any other term. There are no adjustments or exceptions to minimum enrollment requirements or other eligibility requirements.

**Award Rosters**

Institutions must use the award roster search tool in the MISP online database to view a listing of awards.

The Award Roster tool provides a list of all current awards meeting the search parameters. The Office may add or remove awards at any time. As a result, it is important for institutions to regularly review the award roster.

The Office will send periodic notices to institutions with pending awards. Institutions are encouraged to approve awards for disbursement within 30 days of the beginning of the term or within 30 days from the date the award was issued.

For each term a student is awarded, institutions must verify the student’s eligibility status on the Award Roster before a payment is requested to the institution for eligible students.

- Institutions must review for accuracy and update, if needed, the current budget information for each student on the award roster before they verify a student is eligible on the award roster. This is to ensure the student’s award amount is accurate before funds are disbursed.
- Institutions are able to provide the term eligibility status up to 45 days in advance of the term start date indicated on the budget sheet.
- For students who are not eligible for a term award, institution must indicate reason for ineligibility.
Disbursement Process

Payment Rosters

The Office schedules payment dates for each award indicated as eligible by the institution on the Award Roster. Awards with scheduled payment dates are available to view on payment rosters via the online database using the Payment Roster search tool.

In general, institutions should expect to receive the funds associated with each payment within 1 week of the payment date listed on the payment roster. Funds are transferred to the institution via EFT. Institutions can view and print the payment rosters providing supporting documentation for payment amounts to individual student accounts.

Disbursements to Student Accounts

Disbursements must be based on the student’s status as of the date of disbursement or the institution’s add/drop date for the semester or term, whichever is later.

If a student withdraws or drops below three-quarter time for undergraduate students or half time for graduate students or fails to meet another program eligibility requirement prior to disbursement, the student may not receive funding for that term.

Institutions may use institutional funds to disburse scholarship awards to student accounts before receiving funds from the Office. However, institutions are encouraged to do this after the student’s eligibility for the award has been verified on the Award Roster.

Institutions may not make a payment to a student for a payment period or term until the student has registered for classes during that payment period or term.

Institutions are liable for all funds that disbursed to a registered student prior to the start of the enrollment period if that student fails to begin the enrollment period.

Institutions must reimburse program funds disbursed to a student prior to the start of the enrollment period if the institution cannot document the student began attending classes.

All other related disbursement guidelines used for the State Grant program apply to the Minnesota Indian Scholarship including determination of disbursement date, acceptable methods of disbursement, student authorization for EFT transactions, student account balance requirements and other applicable guidelines described in the ‘Disbursement Process’ section of the State Grant chapter in the Financial Aid Manual.
Refund Process

If a recipient fails to enroll or meet a program eligibility requirement, the entire scholarship must be returned to the Office within 30 days of the receipt of funds at the institution or when the recipient’s ineligibility is determined whichever is later.

Institutions are required to review and make any necessary updates to the School Budget Sheet throughout the award year for all recipients.

- Within 30 days of any changes to the school budget sheet, institution **must** make any necessary refunds or contact the Office to determine if funds from one term can be transferred to another term or if a refund is necessary.

Institution may retain funds for more than 30 days if the institution has proof that they have contacted the student and that the student will start the applicable term at a later date but must inform the Office if this occurs.

If a recipient withdraws or reduces enrollment below three-quarter time for undergraduate students or half time for graduate students:

- **Before** the disbursement and **before** the end of the drop/add period, then the entire scholarship must be returned to the office;
- **After** the disbursement but **before** the end of the drop/add period, then the entire scholarship must be returned to the Office;
- **After** the disbursement and **after** the end of the drop/add period; no refund is required unless student fully withdraws and was attending at least three-quarter time for undergraduate students or half-time for graduate students on the date of disbursement.

If a student withdraws from a modular or non-term based credit hour program the point of withdrawal will determine when and if a refund must be made.

- If student begins a term and the institution expects the student to be enrolled at least three-quarter time for undergraduate students or half time for graduate students, the school can disburse the scholarship to the student account.
- If student withdraws **before** beginning the ninth credit to be considered three-quarter time for undergraduate students or **before** being enrolled half time as a graduate student, the entire scholarship must be returned to the Office within 30 days.
- Once student is considered three-quarter time for undergraduate students or half time for graduate students, the entire scholarship may be retained unless the student fully withdraws.
  - If student fully withdraws after disbursement and after having begun the 9th credit for undergraduate students or after being considered enrolled half time for a graduate student, the Office of Higher Education refund calculation must be used to determine the refund to be returned to the state.
If the student fully withdraws after the disbursement of the funds, the Office of Higher Education refund calculation must be used to determine the refund to be returned to the state.

Refunds must be returned with written documentation that, at a minimum, indicates the individual student for which the refund is being made, the amount of the refund, the aid year and term for which the refund should be applied and the reason for refund.

- Institutions may choose to use the Refund Return Form provided by the Office (Appendix 2).

Refunded money is available for awards to other eligible students on the waiting list, if applicable.

**Tribal Scholarship Office Access to MISP Database**

Tribal scholarship and education offices of Minnesota Tribal Nations are able to access the MISP online database. Offices that request access are only able to view data if the student listed the tribe or band on the application or if the Office has verified tribal affiliation with that Minnesota Tribal Nation. The viewable application information includes:

- Student application, biographic, and school budget information
- Award and payment info

Tribal offices also have the ability to submit tribal scholarship award information and any comments related to the award. This information is displayed on the school budget form however it is for informational purposes only. Institutions are still required to include tribal scholarship awards on school budget forms.

**State Audit Requirements**

**Records Available for Auditors**

State auditors will periodically visit institutions receiving MISP funds to perform an audit.

The institution also has the option of hiring an outside auditing firm to conduct its state audits in conjunction with its audits of federal aid programs. (See ‘Audits’ under ‘Common Definitions’ chapter of the Financial Aid Manual for further information.)

Each participating institution must establish a procedure by which an audit can be conducted by going to no more than three administrative offices within the institution. In most cases, these will be the Financial Aid Office, the Business Office and the Registrar’s Office, but that choice is made by the institution.

Each institution must maintain and make available to auditors, individual student financial aid files for MISP recipients.
Historical records and documentation must be kept on file for three years after the last day of the fiscal year or until all audit exceptions for the period are resolved.

**Documentation of Student Eligibility**

The institution must have written documentation to support the student’s eligibility including, but not limited to, the following:

- The student’s enrollment level in an eligible program at the time of the award disbursement. The actual documentation, such as a fee statement or transcript, need not be kept at the audit location but must be readily available at the Registrar’s Office or other responsible department within the institution; and
- The student met the other program eligibility requirements described in the ‘Eligibility’ section of this chapter with the exception of proof of American Indian ancestry, which is maintained by the Office.

**Documentation of Refunds**

Written documentation supporting individual student refunds to the MISP must be retained at the institution (i.e., a copy of the calculation worksheet used to calculate the refund and the OHE Refund Return Form available in the Appendix).

**Return of Funds**

MISP funds not issued to students must be returned to the Office within 30 days of the beginning of the academic term or 30 days from the receipt of the funds at the institution, whichever is later.

- With consent from OHE, institutions may retain funds for more than 30 days if the institution has proof they have contacted the student and the student will start an applicable term at a later date.

Funds must be returned with the required written documentation indicated in the ‘Refund Process’ section of this manual.

- Documentation of such refunds must be retained at the institution.

Institutions must be able to identify the date on which the funds were disbursed to the student and the corresponding dollar amount.

Amounts returned to the program must also be documented for individual students (copy of the payment roster with refunds indicated).

**Reconciliation**

At a minimum, at the end of each fiscal year, the financial aid office must reconcile its record of MISP disbursements with:
• Offices’ records of MISP disbursements, and
• Institution’s business office records of MISP disbursements.

The Office strongly encourages institutions reconcile its record of MISP disbursements with the Office and institutional business office records monthly and at the end of each term in order to make available any refunded funds for awards to other eligible students on the waiting list, if applicable.
Appendices
Appendix A: Minnesota Statutes Governing Minnesota Indian Scholarship Program

136A.126 INDIAN SCHOLARSHIPS.

Subd. 1. Student eligibility. The commissioner shall establish procedures for the distribution of scholarships to a Minnesota resident student as defined under section 136A.101, subdivision 8, who:

(1) is of one-fourth or more Indian ancestry or is an enrolled member or citizen of a federally recognized American Indian or Canadian First Nations tribe;

(2) has applied for other existing state and federal scholarship and grant programs;

(3) is meeting satisfactory academic progress as defined under section 136A.101, subdivision 10;

(4) is not in default, as defined by the office, of a federal or state student educational loan;

(5) if enrolled in an undergraduate program, is eligible or would be eligible to receive a federal Pell Grant or a state grant based on the federal needs analysis and is enrolled for nine semester credits per term or more, or the equivalent; and

(6) if enrolled in a graduate program, demonstrates a remaining financial need in the award amount calculation and is enrolled, per term, on a half-time basis or more as defined by the postsecondary institution.

Subd. 2. Eligible programs. Scholarships must be for enrollment at an eligible institution that is accredited. Scholarships may also be given to students attending eligible institutions that are in candidacy status for obtaining full accreditation, and are eligible for and receiving federal financial aid programs. Students are also eligible for scholarships when enrolled in eligible institutions that have joint programs with other accredited higher education institutions.

Subd. 3. Cost of attendance. The total cost of attendance shall include tuition and required fees charged by the institution and the campus-based budget used for federal financial aid for food, housing, books, supplies, transportation, and miscellaneous expenses.

Subd. 4. Award amount. (a) Each student shall be awarded a scholarship based on the federal need analysis. Applicants are encouraged to apply for all other sources of financial aid. The amount of the award must not exceed the applicant's cost of attendance, as defined in subdivision 3, after deducting:

(1) the expected family contribution as calculated by the federal need analysis;

(2) the amount of a federal Pell Grant award for which the applicant is eligible;

(3) the amount of the state grant;

(4) the federal Supplemental Educational Opportunity Grant;
(5) the sum of all institutional grants, scholarships, tuition waivers, and tuition remission amounts;

(6) the sum of all Tribal scholarships;

(7) the amount of any other state and federal gift aid; and

(8) the amount of any private grants or scholarships.

(b) The award shall be paid directly to the postsecondary institution where the student receives federal financial aid.

(c) Awards are limited as follows:

(1) the maximum award for an undergraduate is $4,000 per academic year;
(2) the maximum award for a graduate student is $6,000 per academic year; and
(3) the minimum award for all students is $100 per academic year.

(d) Scholarships may not be given to any Indian student for more than three years of study for a two-year degree, certificate, or diploma program or five years of study for a four-year degree program at the undergraduate level and for more than five years at the graduate level. Students may acquire only one degree per level and one terminal graduate degree. Scholarships may not be given to any student for more than ten years including five years of undergraduate study and five years of graduate study.

(e) Scholarships may be given to an eligible student for four quarters, three semesters, or the equivalent during the course of a single fiscal year. In calculating the award amount, the office must use the same calculation it would for any other term.

Subd. 5. Awarding procedure. (a) Awards must be made on a first-come, first-served basis in the order complete applications are received. If there are multiple applications with identical completion dates, those applications are further sorted by application receipt date.

(b) Awards are made to eligible students until the appropriation is expended.

(c) Applicants not receiving a grant and for whom the office has received a completed application are placed on a waiting list in order of application completion date.

Complete Application Checklist
In order for your application to be considered complete, your application must include the following:
☐ Student Section completed with all the required information and is signed and dated
  ☐ If a new applicant, also submit American Indian ancestry documentation
  ☐ Completed Free Application for Federal Student Aid (FAFSA) or Minnesota Dream Act application and applied for all
    available state and federal aid
☐ College or University Section completed by an authorized representative (usually someone in the financial aid office) at
  the college or university you attend or plan to attend that includes all of the required information

Program Information
The Minnesota Indian Scholarship Program (MISP) provides postsecondary financial assistance to eligible American Indian Minnesota Resident Students. Undergraduate students may receive up to 5 annual awards (limited to 3 annual awards for students in less than 4-year programs) and graduate students may receive up to an additional 5 annual awards. Students may receive the scholarship for 1 degree per undergraduate educational level and 1 terminal graduate degree. The annual award is up to $4,000 per academic year for undergraduate students and up to $6,000 per academic year for graduate students. Eligible students may receive awards in up to 3 semesters, 4 quarters, or the equivalent during an award year.

Eligibility
To be eligible, students must:
- Possess one-quarter or more American Indian ancestry or be an enrolled member or citizen of a federally-recognized American Indian tribe or Canadian First Nation;
- Be enrolled in an accredited postsecondary institution in Minnesota;
- Complete the FAFSA or Minnesota Dream Act Application to apply for other state and federal financial aid;
- Be an undergraduate student enrolled at least 3/4 time or a graduate student enrolled at least 1/2-time;
- Be meeting Satisfactory Academic Progress (SAP) requirements as defined by the institution;
- Not be in default on a state or federal student loan; and
- Demonstrate financial need.

The Priority Deadline is July 1st. Eligible students who have complete applications on file by this date, will receive award notices by early August. All eligible students will be notified of their awards as soon as possible provided funds are available.

Notice to Applicants
Section 7(b) of the Federal Privacy Act of 1974 (5 U.S.C. 552a) requires that when any federal, state, or local government agency asks you to disclose your Social Security Account Number, you must be advised whether that disclosure is mandatory or voluntary, by what statutory or other authority the number is solicited, and what uses will be made of it. Accordingly, you are being advised that disclosure of your Social Security number is voluntary. The Social Security number will be used to verify your identity, and as an identifier of your file in order to record necessary data accurately. As an identifier, the Social Security number is used in this program for such purposes as processing the application form, program evaluation, and reporting and notification of program eligibility and award amount to your postsecondary institution. Pursuant to Minnesota Statutes, Sec. 13.04, subd. 2 (2004), you are hereby informed that the information supplied in this application may be used as follows: (1) in the processing and verification of the data supplied to determine your eligibility for this program; (2) for compilation and analysis of summary data relative to this program; and (3) for dissemination of information to the school.
